## NGPS AWARDED MENTAL HEALTH CAPACITY BUILDING FUNDING FOR NEW SUPPORT TEAM IN ONOWAY SCHOOLS!

**Submitted by Lisa Bakos, Communications Officer | Northern Gateway Public Schools**

In-house mental health and wellness supports for students, staff and families important part of NGPS vision

Funded by Alberta Health Services, and coordinated by Northern Gateway Public Schools (NGPS), the Mental Health Ca-

capacity Building in Schools initiative uses schools as hubs to provide promotion, prevention and early intervention services across the mental health continuum through collaborative networks with schools, communities and health providers.

“The work these teams do in schools is invaluable and we are excited to be one of the 18 Alberta school jurisdictions awarded a contract and funding

this year,” shared NGPS Superintendent, Kevin Andrea. “From classroom presentations, clubs and one-on-one programming, to connecting learners and families with community professionals and services, Mental Health Capacity Building teams support all learners and make a difference in our school communities every day.

## MADE-IN-ALBERTA UPGRADER MOVES AHEAD

**Submitted by Oneil Carlier, MLA for Whitecourt-Ste. Anne**

These past months we’ve seen major movement on refining more of our oil and gas here in Alberta with this week’s announced petrochemical processing facility to be built in Sturgeon County by Canada Kuwait Petrochemical Corporation (CKPC), which includes Calgary-based Pembina Pipeline

Corp. During the announcement, Premier Rachel Notley stressed that this project will be “led by thousands of Alberta workers and a Calgary-based company, this project is truly Made-in-Alberta. By adding value to resources owned by all Albertans, we’re putting economic diversification first and seizing opportunities to upgrade more resources right here in this province.”

While I cannot stress enough

the importance of getting our products to tide water and holding Trudeau’s feet to the fire on the Trans Mountain pipeline, we have known for decades more refining, upgrading and value-added processing needs to be done here at home. Our Made-In-Alberta plan has made this project possible. It will create jobs and help us keep diversifying and growing the economy.

# RCMP WARN RESIDENTS ABOUT ONGOING SCAM

Submitted by Spruce Grove RCMP

Spruce Grove, Alberta - Spruce Grove RCMP are reminding the public about an ongoing scam in which taxpayers across the country receive phone calls or emails from individuals impersonating CRA employees. These people are scammers. A local resident recently fell victim to

this scam and RCMP are once again educating the public on this issue.

An individual received a call from the Canada Revenue Agency indicating that she owed taxes following an audit. The caller demanded that she pay the amount owing by purchasing iTunes cards and providing the activation codes to the caller.

The phone scammers typically

threaten individuals with arrest, imminent legal action, a warrant for arrest, or deportation if their demands are not met. No legitimate government agency or business will demand payment in gift cards or prepaid credit cards. These methods are used by criminals in order to hide their activities from police.

To learn how to protect yourself from frauds and scams check out The Little Black Book of Scams: <https://www.competitionbureau.gc.ca/eic/site/cb-bc.nsf/eng/04333.html>

## JOKE OF THE WEEK

A lawyer's wife dies. At the cemetery, people are appalled to see that the tombstone reads, "Here lies Phyllis, wife of Murray, L. L. D., Wills, Divorce, Malpractice."

Suddenly, Murray bursts into tears. His brother says, "You should cry, pulling a stunt like this!" Through his tears, Murray croaks, "You don't understand! They left out the phone number!"

# ONOWAY AND DISTRICT HISTORICAL GUILD

## Annual General Meeting March 20, 2019 8:00 pm

Regular meeting commences 7:00 pm  
Onoway Heritage Centre – Room 3

The Historical Guild was established on December 17, 2003 with the goal of creating a museum that would showcase the history of Onoway and surrounding area. When the new elementary school was built in 2007, the Guild members were delighted – the Old Brick School would be the ideal museum! Over time, the Guild took responsibility for the entire building, creating the Onoway Heritage Centre which today is the home of numerous community clubs, organizations and activities including the public library, pre-school as well as a venue for meetings and events including birthday parties and funerals! Who would have thought that back in 2006 when the Onoway Museum opened in the old Anglican Church (now gone) that the Guild's dream is a thriving building which welcomed 62,880 people through its doors in 2018.

*Help us keep the dreams alive! Dream big dreams!*

- Agenda:**
- Election of Executive & Board of Directors
  - Audited Financial Statement
  - Review of 2018 operation

# Made-in-Alberta Upgrader Moves Ahead

Continued from Page 1

The complex will process approx. 23,000 barrels per day of Alberta propane into polypropylene, a high-value plastic used internationally to make products such as food packaging, auto parts and electronics. At the peak of construction, more than 3,000 workers will be on site, with the project expected to create over 200 full-time operations and head office jobs upon completion. There will also be huge benefits to subcontractors all across the province. Construction is expected to start in 2019, with the complex fully operational by mid-2023. The project will receive royalty credits after the facility has been constructed and is in operation so there is no risk to Alberta taxpayers.

According to Mick Dilger, President and CEO of Pembina Pipeline Corp, our Petrochemical Diversification Program has provided "the incentive and vision that has helped make this investment a reality."

Another project, Inter Pipeline's \$3.5-billion Heartland Petrochemical Complex, is already under construction near Fort Saskatchewan as a result of this program. The complex is a similar gas-to-plastics operation, employing about 2,300 people during construction with 180 full-time jobs upon completion.

This program, like several others we've spearheaded to diversify the economy have created, and will continue to create, tens of thousands of jobs for Albertans. Let's keep investing in our future.

# NGPS Awarded Mental Health Capacity Building Funding For New Support Team In Onoway Schools!

Continued from Page 1

We look forward to developing this team in Onoway, and to their contribution to these school communities in the coming year.”

NGPS has two Mental Health Capacity Building teams already, operating the CHAMP Team (Choosing Healthy Attitudes through Modeling Pals) in Fox Creek and the TEAM for Success in Whitecourt. The yet to be named Onoway team will be the third mental health support team in the division and will increase and enhance these types of support for students in the east end of the division.

Teams work with students of all ages to promote positive mental health and to help nurture and develop the skills required to be emotionally and mentally prepared and successful. Based on research and best practice that demonstrates that mental and

emotional well-being can be developed, nurtured and supported through promotion and prevention efforts, these teams:

- deliver mental health promotion and prevention programming including presentations to students, staff, parents and other community members that increase well-being, resilience, self-esteem, protective factors, promote early identification of issues and address risk factors;
- build capacity in others who work with children, youth and families, to deliver wellness presentations and programming;
- organize and facilitate school and community-wide Mental Health events and awareness campaigns (i.e. Pink Shirt Day, Hats on for Mental Health);
- facilitate access for students to community supports and services
- examples of supports include in-school clubs and workshops like Mental Health First Aid,

Family Games Night, Mindful Walking, Community Gardens, Yoga for Anxiety and Chicks in Charge.

Check out the CHAMP Team Fox Creek and the Team for Success Whitecourt Facebook pages to learn more, and stay tuned for more information in the coming year!

## 2019 WORLD DAY OF PRAYER

**Submitted by Glenda Foster**

"Come to the table—everything is ready" is the theme of this year's World Day of Prayer service to be hosted at the Onoway Baptist Church (5036-48 Ave.) on Friday, March 1st at 7

p.m.

The program for this service focuses on the Eastern European nation of Slovenia. Formally part of the USSR, Slovenia has been an independent country since 1991. But as one of the smallest countries in Europe, it continues to suffer both phys-

ically and spiritually from the many years of communist control. Slovenians are asking fellow Christians in 170 countries around the world to unite in prayer for those whose lives are touched by ongoing injustice, especially for the women and children.

All are welcome to join in with this World Day of Prayer service which is organized in our community by Onoway Baptist Church, St. John's Anglican Church, St. Rose of Lima Catholic Church, and the Onoway Seventh Day Adventist Church.

## AIRSOFT RIFLE WARNING

**Submitted by St. Albert RCMP**

St. Albert RCMP were called to a report of two suspicious males with a rifle in a wooded section of the Grandin neighbourhood of St. Albert at approximately 10:45 a.m. on Saturday, January 26, 2019. RCMP responded and

were able to locate two youth with an airsoft gun playing "war games".

While no charges were pursued in this incident, the youth and their parents were educated about the 2017 Protection of Persons and Property By-Law that defines a firearm as any device from which any shot, bullet, or

other projectile capable of causing bodily injury or death can be discharged including but not limited to air guns, BB guns, sling shots, bows and arrows, and gas powered guns. The By-Law further states that no person shall use or discharge any firearm within the St. Albert city limits.

The youth and their parents

were also educated about the fact that police will respond to firearms calls prepared to protect the public from someone with a weapon. This could mean that officers may have their firearms drawn as they search for the person with a weapon, as the safety of everyone is of upmost importance to the RCMP.

## RCMP INVESTIGATE THEFT OF TRAILERS

**Submitted by Stony Plain/Spruce Grove/Enoch RCMP**

On Feb. 8, 2019 RCMP were advised that two trailers had been stolen. The trailers were parked on the side of road as the truck broke down and the trailers were disabled. The trailers were

parked off the westbound lane of Hwy 16, one mile west of Hwy 43.

The trailers are black Tycrop End Dump B Trains that had 24-foot silver tubs attached that were approximately six feet tall. The trailers were loaded with approximately 40 tons of grain and were

covered with black tarps. The license plates are from British Columbia – 80457U and 80456U.

The trailers went missing sometime between 5:00 P.M. on Feb. 7, 2019 and 2:00 P.M. on Feb. 8, 2019.

If you have any information regarding this incident, please

contact the Stony Plain RCMP at 780-968-7267 or call your local police. If you wish to remain anonymous, you can contact Crime Stoppers at 1-800-222-8477 (TIPS), online at [www.P3Tips.com](http://www.P3Tips.com) or by using the "P3 Tips" app available through the Apple App or Google Play Store.

# RCMP MEMBER CHARGED FOLLOWING ASIRT INVESTIGATION

**Submitted by Alberta Serious Incident Response Team**

January 24, 2019

On Nov. 15, 2017, the Alberta Serious Incident Response Team (ASIRT) was directed to investigate the circumstances surrounding the arrest of a 26-year-old man by members of the RCMP that occurred in Nisku, Alberta.

On that same day, the subject officer entered a gas station where a confrontation occurred when the officer placed the man under arrest for possession of stolen property. During the arrest, the officer is alleged to have used both physical force and a pair of handcuffs to strike the man. Following the arrest, it was determined that the man had sustained serious injury, including an orbital floor facial fracture.

ASIRT conducted a thorough and independent investigation into the circumstances surrounding the incident. Upon review, it was determined that the evidence raised reasonable grounds to believe that an offence or offences had been committed. As required under the Police Act, the complete investigative file was

forwarded to the Alberta Crown Prosecution Service (ACPS) for a determination on whether it met the standard for prosecution. Having been advised by ACPS that the case meets the Crown standard for prosecution, and having carefully reviewed the investigation, and there being reasonable grounds to believe that offences were committed, ASIRT executive director, Ms. Susan D. Hughson, Q.C., made

the determination that the involved officer should be charged accordingly.

Today, Cpl. Peter MacMillan, a member of the RCMP, has been charged with one count of assault causing bodily harm and one count of assault with a weapon, to wit: handcuffs.

Cpl. MacMillan was served with an appearance notice, and is required to appear in Leduc Provincial Court on Thursday,

Feb. 28, 2019.

As these matters are now before the courts, ASIRT will not provide any further information in relation to these incidents.

ASIRT's mandate is to effectively, independently and objectively investigate incidents involving Alberta's police that have resulted in serious injury or death to any person, as well as serious or sensitive allegations of police misconduct.

Submitted by **Katrina Lingrell, Communications Advisor | Covenant Health**

The Misericordia Community Hospital will open five Compassion Rooms on February 19, 2019 to enhance care for patients who would benefit from having loved ones nearby continuously during their hospital stay.

“Compassion Rooms allow us to ensure that our patients can be with

The private rooms have special comforts that allow patients and loved ones to stay together 24 hours a day, including pull-out beds or fold-down chairs, coffee makers and refrigerators. Patients and loved ones may also order food from the Misericordia’s made-to-order food service and enjoy meals together in the Compassion Rooms.

“Caring for our patients includes supporting their families and loved

The Associates of Caritas provided \$160,000 to fund the Compassion Rooms. The organization operates businesses in Edmonton Covenant Health sites and donates profits back to the hospitals to enhance patient care and comfort.

# MAN FACES CHARGES OF CRUELTY TO ANIMAL

**Submitted by St Albert RCMP**

St. Albert, Alta - At approximately 7:30 p.m. on Tuesday, February 5, 2019, St. Albert RCMP received a report of animal cruelty towards a dog. The animal was in critical condition and was being taken to the 24

hour Veterinarian Hospital in Edmonton, where it was not known if it would survive.

The RCMP investigation found that the dog is alleged to have been kicked more than once by a 27 year old man residing in the same home as the animal. This investigation is continuing and charges will be pending against

the man.

Under the Criminal Code, animal cruelty is defined as wilfully causing unnecessary suffering, pain or injury to an animal or a bird, and convictions under this section would result in a criminal record, a fine or even a term of imprisonment. As animals cannot speak for them-

selves, there is a responsibility for people to help watch out for their safety. To report cruelty or neglect to an animal, please call the St. Albert RCMP or St. Albert Municipal Enforcement Services at 780-458-7700.

# EX-RCMP MEMBER ARRESTED BY ASIRT

**Submitted by Alberta Serious Incident Response Team**

On Sept. 28, 2018, as a result of ASIRT investigations and a subsequent prosecution, Aaron Lee Sayler, a former member of the RCMP, was convicted of multiple criminal offences.

That same date, Mr. Sayler was released pending sentencing on his own recognizance on multiple conditions including that he surrender his passport to the court, which he did.

On Feb. 7, 2019, Aaron Sayler was arrested pursuant to the provisions of S. 524 (2) of the Criminal Code on the basis that there were reasonable grounds to believe that the accused was about to contravene his bail conditions. The matter was brought back before the court to seek bail revocation.

Subsequent investigation provided reasonable grounds to believe that Mr. Sayler had committed additional criminal offences and, as a result, on Feb. 11, 2019, in consultation with the Alberta Crown Prosecution Service, four additional charges were laid. Mr. Sayler has been charged with criminal offences of making a false statement to procure a passport, fraud under \$5000, obstruction of justice and failure to comply with a condition of a recognizance.

As these new charges are now before the court and the proceedings in relation to Mr. Sayler's bail are the subject of a publication ban pursuant to S.517 of the Criminal Code, no further information will be released at this time.

ASIRT's mandate is to effectively, independently and ob-

jectively investigate incidents involving police that have re-

sulted in serious injury or death to any person, as well as serious

or sensitive allegations of police misconduct.

## GET THE MOST OUT OF BRIDAL SHOWS AND WEDDING EVENTS

Recently engaged couples may be excited to get a jump on wedding planning. Bridal shows can be a great way for couples to meet and familiarize themselves with local wedding professionals, all the while introducing themselves to the terminology of wedding planning.

Though they're a great source of information, contacts and samples, bridal shows also can be a bit overwhelming. Learning how to maximize time spent at shows can help couples plan their weddings as efficiently as possible.

- Start small. If the idea of large crowds is unappealing, attend the more intimate, boutique shows that are often held at local reception halls and restaurants instead of the larger installations at convention centers and hotels.

- Scout out vendors. Check the bridal show's website for lists of exhibitors and see if your desired vendors are on the list. But even if they're not, keep an open mind and use the show as a chance to compare offerings. If an event map is available, marking off must-visit booths can help save time.

- Pre-register. Pre-registering for bridal events saves time at check-in, and doing so may make you eligible for discounted tickets.

- Come prepared. Chances are each vendor is going to ask couples for information so that they can follow up with a phone call or email with more detailed offerings and estimates. Couples attending the show can expediate the process by coming equipped with labels that feature their names, contact information and wedding date. They can then stick the labels on sign-in sheets or use them like business cards.

- Dress comfortably. Bridal expos involve a lot of walking and roaming around. Wear comfortable clothing and shoes. Consider a backpack or hands-free bag so you are not weighed down when collecting the swag

and other handouts throughout the day.

- Ask questions. When face-to-face with vendors, rely on their expertise but don't hesitate to ask questions concerning themes, colors, recommendations for honeymoon locations,

invitation paper suggestions, and much more.

- Stay for the fashion show. Many shows will offer a runway experience to present the latest gown and tuxedo offerings. This can be an entertaining way for couples to formulate their

wedding styles.

Wedding shows introduce couples to vendors and set them on the path to making decisions regarding the planning of their weddings.

# THINGS TO CONSIDER WHEN CHOOSING A WEDDING PARTY

Making the important decision to get married can fill couples with joy and excitement as they imagine spending the rest of their lives together. Naturally, brides- and grooms-to-be are anxious to share the good news with others and include family and friends in the festivities. One way couples exemplify inclusion is by asking their closest acquaintances to be part of their wedding parties.

Being asked to serve as a bridesmaid or groomsman is an honor. Some couples may be tempted to ask every friend, sibling or cousin they have to be in their wedding parties, and some do. In fact, ancient Roman law required 10 witnesses to be part of the wedding ceremony. However, the

larger the wedding party, the more people couples have to coordinate and the more personalities they must manage.

While large wedding parties are in style, there isn't any one-size-fits-all formula to decide which size party is right for a particular situation. Trends vary based on geography and culture. These tips can help couples decide on the size of their wedding parties.

• Match it to scope and style. Wedding planners may use a standard ratio for a proportion of guests to wedding party members. That ratio is one pair of wedding attendants for every 50 guests. This creates a balanced feel where the more people in attendance, the

larger the wedding party and vice versa.

• Consider your expenses. Wedding party members may be asked to spend considerable amounts of money to be in the wedding, but the couple will have certain expenses tied to the wedding party as well. These can include limousines to ferry people between the ceremony and reception, photography costs to arrange and photograph large wedding parties, the cost of boutonnieres and bouquets, attendants' gifts, as well as extra mouths to feed at the rehearsal dinner. Small wedding parties can be easier on couples' budgets.

• Know your expecta-

tions. Couples should discuss what they expect from their wedding parties. Do couples want their loved ones to be very hands-on or waiting in the wings? For those who want a lot of input from their wedding parties, asking distant friends or family to be included may be impractical.

• Select reliable, easy-going people. Wedding party members should be people couples can rely on, and it only helps if wedding party members are not prone to overreacting. Choose a wedding party that can be trusted and people with whom you get along.

Wedding party sizes are up to the couple, but bigger isn't always better.

## ALTERNATIVES TO ENGAGEMENT RINGS

Engagement rings are often sizable investments. Money magazine reports the average engagement ring costs around \$5,800. An engagement ring symbolizes the start of a life-long commitment and may even set the tone for a couple's wedding day.

Jewelry styles are personal, and grooms-to-be should carefully research their significant others' preferences in terms of precious metals, colors and gemstones. Even though tradition holds that a diamond gemstone is classic for engagement rings, these precious stones are not the only options. In fact, before World War II, just 10 percent of proposals involved diamond engagement rings. That number jumped to 80 percent by 1990. However, many modern couples now lean toward other offerings not only for the uniqueness they provide, but also for the potential cost savings.

Those seeking something unique can embrace these engagement ring options.

- **Amethyst:** This vibrant, lavender-hued stone can be breathtaking when cut the correct way. Purple shades have long been associated with royalty, making an amethyst fitting for such an occasion as special as an engagement. Because amethysts, which are less expensive than diamonds, are a seven on the Mohs scale for gemstone hardness, they can be very durable.

- **Knot rings:** These rings do not have a center stone. Rather, they're designed to be a tied knot or infinity symbol. These rings can be particularly sentimental as they represent true, unbroken love.

- **Opal:** Gemstones, like flowers, have been assigned certain meanings. Tying the engagement ring to one of them can infuse more symbolism into the relationship. Opal, for example, represents love, passion, creativity, spontaneity, and inspiration. Those traits

seem tailor-made for surprise proposals.

- **Sapphire:** While sapphire stones often are blue, they can also be yellow, green, pink, and white. Sapphires are the third hardest mineral. A white sapphire can be the perfect diamond replacement.

- **Garnet or ruby:** Red

is the definitive color of love. A Valentine's Day proposal can be made even more special by presenting an engagement ring with a red gemstone.

- **Moissanite:** The jewelry source Brilliant Earth says moissanite is a gemstone first discovered in 1893 by Henri Moissan in a meteorite that fell

to earth. It is remarkably similar to a diamond in appearance and strength. Moissanite also has heightened brilliance, with a refractive index higher than that of a diamond.

Couples have many beautiful alternatives to diamonds that they can explore when shopping for engagement rings.

# TYPES OF WEDDING OFFICIANTS

Many people play a role in a wedding. The bride and groom, bridesmaids, groomsmen, ring bearers, and flower girls are front and center on the day a couple ties the knot.

Another central, and very important, figure on a couple's wedding day is the officiant. Officiants perform the wedding ceremony and are the first to introduce the newlyweds to their guests as an officially married couple.

Various types of officiants can officiate a wedding, and understanding each type can help couples find the right one for them.

### Religious officiant

Couples who want traditional religious ceremonies often choose a religious officiant, such as a parish priest or rabbi, with whom they're familiar. For example, couples who grew up attending

a particular church might choose the priest who's been preaching to them since they were children, while others might choose the priest at their current place of worship.

Religious officiants may be governed by certain rules that restrict them to performing ceremonies in a house of worship, which might rule them out for couples who want outdoor or destination weddings. Couples should inquire about such restrictions as early as possible in the planning process so they aren't caught off guard.

### Civil officiant

Civil officiants are officers of the court, such as a judge or justice of the peace. Many couples who are planning destination weddings abroad still choose to have a civil officiant perform

a wedding ceremony at home. This is because some overseas officiants may not be authorized to marry couples in their home countries, meaning their marriages won't be recognized once they return home. Civil officiants make sure marriages are legal, and they also make great options for couples who just want to get hitched without a grand ceremony.

### Professional officiant

Professional officiants are not affiliated with a particular religious organization. That makes them great choices for couples who aren't religious as well as those who come from different religious backgrounds and won't be converting to the same faith. Professional officiants typically meet with a couple once or twice to get to know them before writ-

ing the speech they will give during the ceremony. Many will share the speech with the couple in advance of the big day, and some even allow couples to write the speech.

### Loved ones

Many couples ask a friend or family member to officiate their weddings, which can add a fun and very personal component to the ceremony. Couples who want to take this route should research local laws to determine the steps loved ones must take to become ordained ministers who will be recognized by the state or country where the ceremony will take place.

Officiants play a significant role during a wedding, and couples can choose one who best fits their personalities and ceremony preferences.

# PROVINCIAL FUNDING ANNOUNCED FOR WOODLANDS COUNTY AND WHITECOURT INTERMUNICIPAL COLLABORATION PROJECT

Submitted by Town of Whitecourt & Woodlands County

February 13, 2019  
Woodlands County has received \$50,000 from the Alberta Commu-

nity Partnership program to manage and complete the Intermunicipal Framework Negotiations project.

The Municipal Government Act requires all municipalities prepare Intermunicipal Collaboration Frameworks (ICF). The framework

will formalize how municipalities that share borders will manage growth, coordinate service delivery, and optimize resources for citizens.

Woodlands County and Whitecourt have respected history of partnership projects and initiatives.

This project will further build on agreements currently formalized and under negotiation; and provide continuous, seamless and enhanced services to residents of both communities.

# CONSULTATIONS ON AIR PASSENGER PROTECTION REGULATIONS

Submitted by Jim Eglinski, MP – Yellowhead

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, is pleased to advise that the Canadian Transportation Agency's proposed air passenger protection regulations will be published in the Canada Gazette Part I for public comment this weekend.

The Transportation Modernization Act mandated the Agency to develop regulations for air travellers that would be clear, consistent, transparent and fair. After months of public

and stakeholder consultations, Canadians will have 60 days to comment.

Air passengers who are bumped from overbooked flights or forced to sit through long delays could receive up to \$2,400 in compensation -- under proposed regulations for the government's long-promised Passenger Bill of Rights.

Draft regulations, which will apply to all flights to and from Canada, and those within Canada include:

•Airlines would be required to provide passengers with food, drink and free Wi-Fi after delays of two

hours, and accommodation if the delay stretches overnight.

•Compensation of up to \$1,000 for lengthy flight delays and cancellations. This will vary depending on the length of delay and the cause and whether it was in the airline's control.

•Compensation of up to \$2,400 if a passenger is denied boarding and is delayed reaching their destination because an airline overbooked the flight.

The final regulations will be published in Part II of the Canada Gazette. Regulations are expected to

come into force next summer.

Comments can be submitted to: [consultations@otc-cta.gc.ca](mailto:consultations@otc-cta.gc.ca) until February 20, 2019. For further information on the proposed passenger regulations go to: <https://otc-cta.gc.ca/eng/consultation/air-passenger-protection-regulations>.
