## CANADA'S NETWORK OF WOMEN'S SHELTERS

**Submitted by Jim Eglinski, MP – Yellowhead**

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, wishes to inform constituents that the Department for Women and Gender Equality

has announced the investment of close to \$1.5 million in Women's Shelters Canada.

Women's Shelters Canada (formerly the Canadian Network of Women's Shelters and Transitional Houses) is a network of 14 provincial and territorial shelter

networks representing over 400 shelters across Canada. It works as a unified voice to collaborate, educate, and innovate for systemic change that ends violence against women.

## JOKE OF THE WEEK

Max was caught red handed by a police officer in the very act of burglarizing a store. He was quickly brought to trial. "How do you plead?" asked the judge. "Your honor," answered Max. "before I plead guilty or not guilty I ask that the court kindly appoint a lawyer to defend me." "Max you were caught in the actual commission of a crime. What could any lawyer possibly say in your defense?" That's exactly my point, your honor," said Max. "I'm curious also to hear what he could possibly say!"

# MESSAGE FROM PARKLAND COUNTY COUNCIL

**Submitted by Parkland County**

It's no secret Parkland County has been dealing with the impacts of the phase out of coal over the last two years. The financial implications on our County are significant. As your Council, we have been deliberate in our actions to mitigate the tax burden placed upon our residents.

We have been outspoken with the impacts our community is

facing, whether it be through our #KeepParklandGrowing campaign, meeting with provincial and federal representatives, engaging the media and discussing our community with the provincial and federal Coal Task Force. We have proactively lobbied for important infrastructure to be funded, such as Highway 628 and the overpass for the CN rail line at Highway 60.

We've made great progress, but we have a long way to go. Without coal, our assessment

base is shrinking. Further, there is less money available through grants from the provincial and federal governments; we anticipate further declines in grant funding in the future. While we have restricted surplus funds, these monies are set aside for existing assets. We must be diligent with our funds for both internal and external projects and services now and into the future.

A continuous source of tension for the County recently has been capital cost share requests. We

are aware the Town of Stony Plain is engaging our residents on the conceptual plan for a new recreation facility. At this point Parkland County Council has not been included in this process so we cannot speak to the viability of this facility, nor its effectiveness and ability to meet the needs of Parkland County residents.

As a large rural municipality, we share borders with ten municipalities and have cost share agreements in place with five of them. Further, we're in the process of developing a regional plan in collaboration with the City of Spruce Grove and the Town of Stony Plain for the Tri-Municipal Region. This plan will examine means of delivering more cost-effective and efficient services. We understand the value of partnering with our neighbours, however, we cannot realistically meet all the funding requests.

With multiple facilities being planned in neighbouring municipalities, there is a limited amount of money available from Parkland County. Every \$580,000 represents a 1% tax increase on our residents. Further, we are working on our own Capital Plan, detailing approximately \$50 million dollars of annual expenditures including roadways, buildings, and other infrastructure over the next 25 years.

We need to ensure we have all the information to ensure our tax dollars are funding projects that benefit our residents, which is why we approved a new Capital Cost Share Policy. This policy requires partners to engage with Parkland County early in the process when requesting a capital cost share exceeding \$250,000.

In our commitment to provide 'Responsible Leadership', one of the pillars in Council's Strategic Plan, and to maintain the public's trust through transparent and fair decision-making, we will continue to work diligently on your behalf and keep you informed.

Keep up to date with Council meetings by visiting [www.parklandcounty.com/meetings](http://www.parklandcounty.com/meetings).

## Canada's Network of Women's Shelters

Continued from Page 1

This announcement profiles two projects selected for federal funding, the first through the Capacity-building Fund, and the second from the Gender-based Violence Program:

1. Project title: Building Resilience and Increasing Impact in the VAW Shelter Sector. Funding amount: \$941,319

Women's Shelters Canada will use this investment to increase its capacity, resilience and the longevity of its 14 provincial and territorial shelter associations to advocate for the end of violence against women and address the needs of women fleeing violence. It will help them create sustainability plans and advocacy strategies to improve the way shelters operate across the country.

2. Project title: Community Safety Circles: Women-Led In-

teragency VAW Safety Support in Rural and Remote Communities. Funding amount: \$548,670

With this investment, Women's Shelters Canada will implement Circles of Safety, a trauma-informed and survivor-centered approach to safety planning that brings together survivors, service providers, and informal support networks to generate customized safety and support

plans. The organization will then examine this promising practice to provide greater safety to women living in rural, remote and northern communities throughout Canada who do not have access to an emergency shelter.

This funding will lead to enhanced services and supports for women fleeing violence," concluded MP Eglinski.

# TIPS TO STOP SCHOOLYARD BULLYING

- Take it seriously. It's easy to say, "Kids will be kids" and assume it will pass. But if your child is coming home upset and is suddenly anxious about school because of the way a kid (or kids) are treating him, you should pay attention.
- Drop your kid off at school or stand on the sidelines during recess. Bullying tends to occur when adult supervision is lacking, so before school or on the playground at recess.
- Talk to other parents. Young kids are talkers. If you're friendly with a parent in your kid's class, ask them if their child has mentioned anything about kids being picked on at school.
- Tell the teacher. It's really important to let your child's teacher know what your kid is telling you -- especially if someone is getting hit.
- Empower your children. Let your kids know that it's not their fault that they are being bullied. Teach your kids to focus on their own behavior.

# ABDUCTION IS NOT A GAME

## Tips about Strangers

A stranger is anyone you don't know. There is no way to tell by the way a person looks if they are dangerous or not. A dangerous person does not always look mean or scary, so judging by the way people look is a mistake. It's not so easy to tell who is okay and who is not. Just because someone looks nasty doesn't mean that they would hurt you and just because someone looks nice, doesn't mean that they are a nice person.

There is only one person that is with you all the time and can be responsible for keeping you safe at all times. **THAT PERSON IS YOU!** Safety rules need to apply **ALL THE TIME**, not just when someone who looks bad or scary is around. One of the most common ways that kids get hurt by strangers is when being friendly and helpful to adults who pretend to need help. When you are without your parents or other adult you know, it is your job to protect yourself. It is not your job to offer help to any adults, even if they ask! A grown-up who needs help should get help from another adult, not a child. So remember, looking out for yourself is your biggest job when you are not with your parents or another adult, so you have permission to ignore or refuse adult requests for help

## Stranger Tips:

- Walk and play with others and use the buddy system. If you walk somewhere, walk with other children.
- Adults do not usually ask children for directions or help, they should be asking other adults. If someone in a car should stop to ask for directions, you should not go near the car.
- Stay an arms reach or more away from strangers. Stand up, back up and run to someone who can help you if you feel afraid.
- If someone is following you on foot or in a car, go to a place where there are other people--to a neighbor's home or into a store, a police station or even a library for instance--and ask for help.

# ELECTION AFTERMATH

**Submitted by Member  
Elect Mark Smith**

Well the election is over and Albertans have spoken!

Albertans voted in droves, the largest voter turnout since the 1930's.

Of the 37, 099 eligible voters in the Drayton Valley-Devon constituency 25,437 people voted, that was a 68.9% voter turnout.

The new Legislature will have two political parties. The United Conservative Party elected 63 MLA's to form a majority government and the NDP elected 24 MLA's making them the Official Opposition.

I am very humbled that the constituents of Drayton Valley-Devon elected myself as one of the 63 United Conservative MLA's. Thank you!

Those are the results but I want to take the opportunity to thank all of the candidates that ran in the Drayton Valley-Devon constituency.

Elections can only happen when citizens put their names forward as candidates and commit to offering the people political choice.

Each one of the candidates should be congratulated for the efforts they put forward as they placed their vision of Alberta before the people.

I would also like to thank all of the constituents that exercised their franchise regardless of who they voted for.

Albertans clearly voted for change this election.

They voted for an Alberta where the primary objective of the government must be to control government spending and rebuild the economy.

Jobs, Pipelines and the economy were the primary election issues for Albertans and as a member of the government I will do my best to ensure that we rebuild this economy, provide the jobs

needed by Albertans and get our oil and gas to tidewater.

This will not be an easy!

Over the last four years the government raised taxes and still spent in such a way as to create a yearly deficit of \$8-10 Billion dollars.

We now have a \$60 billion dollar debt and 3 billion dollar yearly interest payments to go along with it.

This will have to be addressed while at the same time we are going to have lower taxes and reduce regulatory red tape in order to attract the foreign capital

needed to grow the economy.

During the election we pledged to move quickly should we be elected into government and that is exactly what we are going to do.

MLA's will be sworn in to office on May 21st and the Speech from the Throne will occur the next day on May 22nd to start the newest session of the Legislature.

The election is over and it is now time to roll up our sleeves and start turning political vision into fiscal reality and start rebuilding the Alberta economy.

## COMPOST IS PART OF THE CIRCLE OF LIFE IN GARDENS

The season for fresh fruits and vegetables grown right in the backyard is upon us. Warm weather breathes life into fresh berries, tomatoes, eggplant, cucumbers, and many other delectable fruits and vegetables.

Home gardens can be supplemented with delicious finds from the supermarket or farmer's market, including melons, corn and more.

The bounty of the garden can be made more abundant and fruitful with the addition of the right soil amendments. Compost is a key element of rich, nutritious soil. Scraps from items that have been grown in the garden can then be reused in the production of the compost that feeds

that same garden. It's a continuous circle of garden life.

Getting started with compost is relatively easy. Homeowners should choose an outdoor space near the garden but far away from the home so that it won't be disturbed by kids or animals. Some people opt for an open compost pile, while others choose closed bins to contain the possible smell and to camouflage the compost. A sunny spot will help the compost to develop faster, according to Good Housekeeping.

The next step is to start gathering the scraps and materials that will go into the compost. Better Homes and Gardens suggests keeping a bucket or bin in the

kitchen to accumulate kitchen scraps. Here are some kitchen-related items that can go into the compost material:

- Eggshells
- Fruit peels
- Vegetable peels and scraps
- Coffee grounds
- Shredded newspaper

In addition to these materials, grass and plant clippings, dry leaves, bark chips, straw, and sawdust from untreated wood can go into the pile. Avoid diseased plants, anything with animal fats, dairy products, and pet feces.

A low-maintenance pile has an equal amount of brown and green plant matter in the com-

post plus moisture to keep the bacteria growing and eating at the right rate. Aerating the compost occasionally, or turning the bin when possible, will allow the compost to blend and work together. Compost will take a few months to form completely, says the Planet Natural Research Center. The finished product will resemble a dark, crumbly soil that smells like fresh earth.

Compost will not only add nutrients to garden soil, but also it can help insulate plants and may prevent some weed growth. It is a good idea to start a compost pile as a free source of nutrition for plants and a method to reduce food waste in an environmentally sound way.

## HOW TO CONTROL CRABGRASS BEFORE IT APPEARS

Homeowners who enjoy tending to their lawns know that grass is vulnerable to a host of problems, many of which appear at a time of year when lawn enthusiasts want to showcase the fruits of their lawn-and-garden labors.

Crabgrass is a common problem that appears in summer. According to Lowes, crabgrass plants produce thousands of seeds between mid-summer and early fall. While the first frosts of late-fall or early winter kill the crabgrass plants, the seeds produced by the plants remain dormant throughout winter and then begin to grow as the ground temperature warms up with the spring and summer thaw. As a result, controlling germination, which is the development of a plant from a seed or spore after a period of dormancy, is the key to preventing crabgrass

from becoming an unsightly blemish that can harm your lawn in summer.

A proactive approach to crabgrass can save homeowners the headaches of dealing with this unwanted guest taking over their grass. The following tips, courtesy of Lowes, can help homeowners reduce the likelihood of their lawns being overcome by crabgrass as summer hits full swing.

- Recognize that routine lawn maintenance may not be enough. Even lawns that receive sufficient TLC can fall victim to crabgrass. A proactive, crabgrass-specific approach to lawn maintenance is the most effective way to control the problem before it pops up.

- Apply a pre-emergent herbicide. Pre-emergent herbicides kill crabgrass seedlings as they germinate. While these herbicides are highly effective, they must be applied at pre-

cisely the right time. The right time to apply them depends on weather patterns. For example, Lowes notes that homeowners who live in regions that might have experienced warmer than usual winters will probably need to apply the herbicides earlier than usual. While the manufacturer instructions should always be followed when applying herbicides, it's essential that homeowners take weather patterns into consideration as well.

- Wait until the ground temperature rises above 60 F. Applying herbicides when the ground temperature is below 60 F might render the products ineffective. Gauging soil temperature can be tricky, but Lowes advises monitoring shrubs and trees on the property. Once shrubs begin to bloom and trees bud, herbicide can be applied.

- Wait when treating newly seeded lawns. Pre-emergent herbicides might kill new grass seedlings, so homeowners with newly seeded lawns should wait until they have mowed their lawns three times before applying a herbicide.

- Emphasize uniform application. If a herbicide is not applied uniformly across the lawn, crabgrass can establish itself and ultimately spread to the rest of the lawn.

- Do not thatch or aerate after applying a herbicide. Thatching or aerating a lawn after applying a herbicide might break the product's chemical barrier, thereby rendering it ineffective.

Crabgrass can quickly spread on an untreated lawn. A proactive approach that prevents its growth can keep lawns looking great through summer.

# RCMP INVESTIGATE THEFT OF BOAT

**Submitted by Stony Plain/  
Spruce Grove/Enoch RCMP**

On April 23, 2019 at 8:36 a.m., the Stony Plain/Spruce Grove/Enoch RCMP received a report of a break and enter and theft of two skid steers and a powerboat and trailer.

The skid steers, boat and trailer were stolen sometime between

April 19, 2019 and April 23, 2019 from a business located in Acheson, Alberta.

The boat is described as grey, black and white. It is a 23-foot-long Super Air Nautique with G23 and geometric patterns on the side. It has a white ski tower and is covered by a black tarp. The trailer is a Boatmate G23 with Alberta license

plate 4ZS408. The boat should be very easy to recognize.

The RCMP are requesting the public's assistance. If you have information about this investigation, please call the Stony Plain RCMP at 780-968-7267, or call your local police detachment. If you want to remain anonymous, you can contact Crime Stoppers by phone at 1-800-

222-8477, by internet at [www.tip-submit.com](http://www.tip-submit.com), or by SMS.

## PARLIAMENT UPDATE – WEEK OF APRIL 29, 2019

**Submitted by Jim Eglinski,  
MP – Yellowhead**

The following was debated in the House:

- C-82 (Third Reading) — Multilateral Instrument in Respect of Tax Conventions Act

- C-91 (Third Reading) — Indigenous Languages Act

- C-92 (Second Reading) — An Act respecting First Nations, Inuit and Métis children, youth and families

- C-97 (Second Reading - amendment) — Budget Implementation Act, 2019, No. 1

- C-331 (Second Reading) — An Act to amend the Federal Courts

Act (international promotion and protection of human rights)

- C-415 (Second Reading) — Expungement of Certain Cannabis-related Convictions

- C-419 (Second Reading) — Credit Card Fairness Act

- C-443 (First Reading) — Indigenous Language Act

- C-444 (First Reading) — International Boundary Waters Treaty Act

- NDP Opposition Motion — Corporate influence over the government

- Conservative Opposition Day Motion — International Trade

- S-238 (Second Reading) — Ban on Shark Fin Importation and Exportation Act

- S-240 (Third Reading and Passed) — Criminal Code

On Monday, in the Standing Committee on Public Safety and National Security (SECU), we heard from Minister Ralph Goodale as well as several witnesses from the Department of Public Safety and Emergency Preparedness; the RCMP and the Parole Board of Canada on Bill C-93, An Act to provide no-cost, expedited record suspensions for simple possession of cannabis.

On Wednesday, the SECU Committee continued its study on Bill C-93. For more information on these meetings, visit the SECU Committee website at [www.ourcommons.ca/Committees/en/SECU](http://www.ourcommons.ca/Committees/en/SECU)

[ourcommons.ca/Committees/en/SECU](http://www.ourcommons.ca/Committees/en/SECU)

On Friday, I gave a statement in the House to recognize my friend and Yellowhead constituent, Robert (Bob) Wagner Dowling, a resident of Jasper who recently passed away at age 95.

You can read comments and questions from Debates on the House Publications page at [www.ourcommons.ca/en](http://www.ourcommons.ca/en)

This week, I attended eight meetings, two events, recorded one message and did a live chat with a local radio station. I will remain in Ottawa over the weekend. Look for my update next Friday on the happenings of Parliament.

# CHILDREN ON-LINE

## SOME TIPS FOR CHILDREN ON THE NET

1. Do not use login names or nicknames that will reveal age or gender.
2. Never give out personal identification including friends, addresses, school activities, passwords or real names
3. Everyone is a stranger. Identities can be hijacked or passwords compromised so even your "best friend" online might not be who they say they are.
4. Everyone lies. While this might not be true, it is easier to assume that it is true and to act accordingly.
5. The Internet is NOT secure. It is a shared resource. Email is about as secure as a postcard; Chat is about as private as having a phone call with your parents listening in on the other extension.
6. The people who would harm you have often had lots of time, experience and knowledge on how to trap you. You are an amateur compared to them. They will do everything they can to trick you into trusting them.
7. Do not agree to meet anyone offline.
8. If you are even a little bit suspicious, talk to your parents.

## SELF DEFENCE

1. Computers used by children should be placed in a supervised area with the screen facing outwards.
2. All computers that can connect to the Internet should have Anti-Virus Software installed and updated at least weekly, if not daily.
3. All computers that have a dedicated connection (cable/dsl) should also have a firewall device or firewall software installed to block intruders.
4. Never open attachments unless they have been scanned. If you do not know the sender, attachments should be deleted.
5. Use passwords to secure your computer even if you are the only user. If the computer equipment is stolen, all your information could be compromised. Change your password regularly.
6. Disconnect your network connection or turn off your computer when you are not using it.
7. Your computer needs regular maintenance, upkeep and periodic upgrades to keep it functioning well.
8. Always back up your data. Keep the data stored securely and separately from the computer.

# RURAL CRIME AWARENESS

Protect machinery from theft by leaving valuables locked in a shed or storage facility and by marking equipment with your drivers licence and province of issue (an engraver can be borrowed free of charge from most local police detachments).

Protect livestock by checking herds regularly and keeping accurate records of livestock born, sold or purchased.

"Grain Fette" or "Grain Guard" is a unique approach to identifying your crops. Small bits of paper, each one imprinted with your special code number, are mixed with grain as grain is being augered into the storage shed. This is approved by the Canadian Grain Commission. The paper used is also digestible in animal feed.

Utilize the Report-A-Poacher Program. Their toll free number is 1-800-642-3800.

Rural Crime Watch Members are concerned citizens who are watchful for unusual activity in their community. They record information on suspicious people and vehicles and pass it along to local police. Join together with your neighbours to install a crime watch program in your area. Do not approach suspicious individuals on your own.

THE ANTI-CRIME TEAM

## NEIGHBOURS HELPING NEIGHBOURS

Start, join or reactivate a neighborhood watch program today!

Remember if you see a situation that doesn't feel right, it's suspicious. Write down the description of any suspicious persons. Get the model, color and license numbers of strange vehicles. Call the police immediately. Don't assume someone else has called. If criminal activity has occurred let your Block Watch Captain and neighbors know but **CALL THE POLICE FIRST**

### SUSPICIOUS ACTIVITY THAT YOU SHOULD LOOK FOR:

- Someone screaming or shouting for help
- Unusual noises, sounds of breaking glass or shattering wood
- Beam from flashlight or light in neighbor's home
- Persons going door to door
- Someone looking into windows of parked cars
- Persons waiting in front of a home or loitering around the neighborhood
- A stranger in the back yard
- Property being taken out of houses where no one is at home or a business after it has closed
- Property being carried by persons on foot
- Property being loaded into a vehicle or being removed from a vehicle
- An opened or forced door or window
- Strange vehicles parked at your neighbor's house
- Slow moving vehicles cruising the block
- Someone being forced into a vehicle
- A stranger sitting in a car or stopping to talk to a child
- Abandoned cars

# BULLYING

## Tips for Dealing With Bullying

- 1) Take complaints of bullying seriously. Do not dismiss your child or expect your child to work through the situation alone.
- 2) Praise your child for reporting bullying situations to you and assure your child you will take action.
- 3) Talk to your child's teacher, counselor, or other caregiver about reports of bullying.
- 4) Work together to address the bullying situation. Don't confront the parents of the bully directly.
- 5) Ask your child specific questions about how your child is treated by peers, who he or she eats lunch with, and how other children are treated.
- 6) Teach your child to be assertive. Your child should be able to express feelings and needs clearly, without shouting or other aggressive behavior.

- 7) Provide opportunities for your child to make friends. Identify some of your child's interests and encourage your child to pursue them through sports, clubs, or other group activities.
- 8) Teach your child to identify bullying behaviors. These include hitting, damaging possessions, threatening, name calling, & excluding someone.
