ELECTION AFTERMATH

Submitted by Member Elect Mark Smith

Well the election is over and Albertans have spoken!

Albertans voted in droves, the largest voter turnout since the 1930's.

Of the 37, 099 eligible voters in the Drayton Valley-Devon constituency 25,437 people voted, that was a 68.9% voter turnout.

The new Legislature will have two political parties. The United Conservative Party elected 63 MLA's to form a majority government and the NDP elected 24 MLA's making them the Official Opposition.

I am very humbled that the constituents of Drayton Valley-Devon elected myself as one of the 63 United Conservative

MLA's. Thank you!

Those are the results but I want to take the opportunity to thank all of the candidates that ran in the Drayton Valley-Devon constituency.

Elections can only happen when citizens put their names forward as candidates and commit to offering the people political choice.

Each one of the candidates should be congratulated for the efforts they put forward as they placed their vision of Alberta before the people.

I would also like to thank all of the constituents that exercised their franchise regardless of who they voted for.

Albertans clearly voted for change this election.

They voted for an Alberta where the primary objective of

the government must be to control government spending and rebuild the economy.

Jobs, Pipelines and the economy were the primary election issues for Albertans and as a member of the government I will do my best to ensure that we rebuild this economy, provide the jobs needed by Albertans and get our oil and gas to tidewater.

This will not be an easy!

Over the last four years the government raised taxes and still spent in such a way as to create a yearly deficit of \$8-10 Billion dollars.

We now have a \$60 billion dollar debt and 3 billion dollar yearly interest payments to go along with it.

Election Aftermath

Continued from Page 1

This will have to be addressed while at the same time we are going to have lower taxes and reduce regulatory red tape in order to attract the foreign capital needed to grow the economy.

During the election we pledged to move quickly should we be elected into government and that is exactly what we are going to do.

MLA's will be sworn in to office on May 21st and the Speech from the Throne will occur the

next day on May 22nd to start the newest session of the Legislature.

The election is over and it is now time to roll up our sleeves and start turning political vision into fiscal reality and start rebuilding the Alberta economy.

BULLYING

Tips for Dealing With Bullying

- 1) Take complaints of bullying seriously. Do not dismiss your child or expect your child to work through the situation alone.
- 2) Praise your child for reporting bullying situations to you and assure your child you will take action.
- 3) Talk to your child's teacher, counselor, or other caregiver about reports of bullying.
- 4) Work together to address the bullying situation. Don't confront the parents of the bully directly.
- 5) Ask your child specific questions about how your child is treated by peers, who he or she eats lunch with, and how other children are treated.
- 6) Teach your child to be assertive. Your child should be able to express feelings and needs clearly, without shouting or other aggressive behavior.

- 7) Provide opportunities for your child to make friends. Identify some of your child's interests and encourage your child to pursue them through sports, clubs, or other group activities.
- 8) Teach your child to identify bullying behaviors. These include hitting, damaging possessions, threatening, name calling, & excluding someone.

RURAL CRIME AWARENESS

Protect machinery from theft by leaving valuables locked in a shed or storage facility and by marking equipment with your drivers licence and province of issue (an engraver can be borrowed free of charge from most local police detachments).

Protect livestock by checking herds regularly and keeping accurate records of livestock born, sold or purchased.

"Grain Fette" or "Grain Guard" is a unique approach to identifying your crops. Small bits of paper, each one imprinted with your special code number, are mixed with grain as grain is being augered into the storage shed. This is approved by the Canadian Grain Commission. The paper used is also digestible in animal feed.

Utilize the Report-A-Poacher Program. Their toll free number is 1-800-642-3800.

Rural Crime Watch Members are concerned citizens who are watchful for unusual activity in their community. They record information on suspicious people and vehicles and pass it along to local police. Join together with your neighbours to install a crime watch program in your area. Do not approach suspicious individuals on your own.

AWARENESS TEAMWORK ACTION

That's what it takes to help prevent crime. During Crime Prevention Week, do what you can to keep your home, neighborhood and workplace safe.

When away from home for extended periods:

Install timers on a few inside and outside lights.

Hold mail and newspaper delivery or donate it to a school or hospital.

Have a trusted friend or neighbor look after your home.

Around the house:

Do not leave tools or ladders outside your home.

Make sure external doors and frames are sturdy. Steel or 1 3/8"-thick wood is preferable.

Installing a security system can add extra protection against crime, fire or accidents.

In the neighborhood:

Join a neighborhood watch committee, and ask local law enforcement for assistance.

Get to know your neighbors. It will instill a sense of community and help everyone feel safer.

Report any suspicious neighborhood activity to the police.

TIPS TO STOP SCHOOLYARD BULLYING

- Take it seriously. It's easy to say, "Kids will be kids" and assume it will pass. But if your child is coming home upset and is suddenly anxious about school because of the way a kid (or kids) are treating him, you should pay attention.
- Drop your kid off at school or stand on the sidelines during recess. Bullying tends to occur when adult supervision is lacking, so before school or on the playground at recess.
- Talk to other parents. Young kids are talkers. If you're friendly with a parent in your kid's class, ask them if their child has mentioned anything about kids being picked on at school.
- Tell the teacher. It's really important to let your child's teacher know what your kid is telling you -- especially if someone is getting hit.
- Empower your children. Let your kids know that it's not their fault that they are being bullied. Teach your kids to focus on their own behavior.

REAL ESTATE AND MORTGAGE FRAUD

Tips to Protect your Real Estate Investment Dollars

- * Consult public real estate websites to review property listings in the community where the property is located. Compare features, size & locations to establish if the asking price seems reasonable.
- * Get independent representation for your purchase. If the seller objects, consider it a red flag.
- * Check to make sure your representative is a licensed real estate agent. Contact your local Real Estate Board or the Real Estate Council of Alberta. Using a licensed real estate agent does not cost anything from a purchaser's standpoint. Usually all commissions are paid by the seller.
- * Beware of a real estate agent or mortgage broker who has a financial interest in the transaction.
- * Ask your independent representative to provide you with a comparative market analysis of the property.
- * Ask for a copy of the land title or go to a Registry office and ask them to do a historical title search.
- * Insist on a home inspection to guard against buying a home that has been cosmetically renovated.
- * When you make a deposit, ensure your money is protected by being held "in trust".

Red Flags to Watch for Mortgage Fraud

- * Someone offers you a fee to use your name and credit information to obtain a mortgage
- * You are encouraged to include false information to a loan application
- * You are asked to leave signature lines or other important areas on a loan application blank
- * The loan amount on the mortgage is significantly higher than the value of the property
- * The mortgage has been refinanced several times and each instance, the amount of the mortgage has increased
- * The seller or investment advisor discourages you from seeing or inspecting the property you are offering to purchase

CRIME PREVENTION

- Keep an eye out for strange vehicles parked in your area at odd hours or for long periods of time
- Make sure all young children know how to handle possible confrontations with strangers.

Use these helpful tips to help keep our community a safe, enjoyable place. Look around your home, school or office and see where you can make a difference.

- Start teaching children at an early age how to avoid drugs and alcohol.
- Get children involved in organized after-school programs.
- Start, join or reactivate a neighborhood watch program.
- Be aware of your surroundings, especially when walking alone at night.
- Participate in forums which involve local officials, such as city council meetings.
- Reach out to crime victims, their families or others in the community who need support.
- Get to know your neighbors - you may find others with an interest in safety, too.
- Be familiar with members of your local police and fire departments.
- Make sure all street lights in your area are in working order. Alert local officials if they are not.
- Set up buddy systems for teens going out after dark.
