ART WALL BURSTING WITH COLOUR

Submitted by Alberta Beach Library

The Alberta Beach library art wall is bursting with colour. The Heine's artist group has graciously loaned the library a large collection of watercolour paintings. The Heine's art group consists of Deb Achtymichuk, Harry Abbink, Brenda Heine and Tina Muller who gather every week

to paint under the mentorship of Jerry Heine.

Jerry Heine is an accomplished watercolourist and teacher who has mentored numerous Alberta artists through his work at the University of Alberta, Faculty of Extension Art Diploma Program. Jerry provides the group with valuable guidance and many stories.

The artists say they come from

different backgrounds and variable skills, but they have formed a tight group through their love of watercolour, and they hope our community enjoys their efforts. Their beautiful efforts will be on display and for sale at the library until the end of June, so stop in and have a chat with the library staff while you admire the striking visual exhibition provided by the Heine's artist group.

Onoway Golden Club Celebrates Senior's Week

Continued from Page 1

Guests over 90 years of age will be treated to a complimentary meal. Dinner will be served at 5:00pm, however cards and games will be held at the hall in the afternoon starting at 1:00pm. FCSS funding for this event will be used to help to provide the complimentary meal for those over 90. At 102, our very own member, Flora Weiss will be joining us as she approaches her

103 birthday later in June.

To reserve your dinner tickets, please call Donna Baldwin at 780-967-2082 before May 31st. Tickets for members with a 2019 membership will be \$15.00. Non members will be \$20.00. However, if you have not renewed your 2019 membership (\$10.00) and wish to renew it, the cost will be \$15.00. Please give this your consideration because we would be grateful to have more members and we welcome all

those 55 and over. Younger spouses may also become members. If you have any questions, please feel free to contact our president June Schneider or drop in to the Center at 5023-49th Ave.

Heritage Days is fast approaching and the Golden Club will be offering hot dogs, hamburgers and fresh homemade pies in the afternoon. Watch for us in the parade as well!

Some of our members will be entering quilts in the Quilt Show at the Community Hall during Heritage Days.

Cards, games, crafts, horseshoes and pool are activities available every Tuesday afternoon and all are welcome to drop in.

Thanks to an Equis grant, the Golden Club has hosted an intergenerational program for Grade 5 students over the past two years.

Beltone Hearing comes to the Center on the fourth Thursday of the month from 10:00 am to 1:00pm.

Please be sure to pre register for the Senior's Dinner and we hope to see you all there.

JOKE OF THE WEEK

Four high school boys afflicted with spring fever skipped morning classes. After lunch they reported to the teacher that they had a flat tire. Much to their relief she smiled and said, "Well, you missed a test today so take seats apart from one another and take out a piece of paper." Still smiling, she waited for them to sit down. Then she said: "First Question: Which tire was flat?"

PARLIAMENT UPDATE – WEEK OF APRIL 29, 2019

WHITECOURT TOWN COUNCIL UPDATE

Submitted by Tara Gallant, Legislative Manager | Town of Whitecourt

APRIL 13, 2019

Whitecourt Town Council approved the 2019 final budget at the April 8 Regular Meeting of Council. For details on the budget please refer to the separate press release dated April 13, 2019 that can be found on the Town's website at www.whitecourt.ca. The Tax Rate Bylaw will be reviewed by Council at the April 22, 2019 Regular Meeting of Council.

Town Council received an overview of 2018 assessment figures by the municipal assessor. The valuation date for 2019 taxation of properties is July 1, 2018.

- Assessment values for single family homes have decreased approximately 2.8% in the valley area, and 2.5% in the hilltop area. The average house value in Whitecourt is \$340,000.

- Property owners can view the assessment report for their property online. Visit the Whitecourt website at www.whitecourt.ca/Services/Taxes-Assessment and follow the link and instructions to view assessment reports.

- Property owners will receive a combined assessment and tax notice in mid-May.

The design-build contract for the Scott Safety Centre Expansion project has been awarded to Brenex Building Corporate Ltd. The project involves an extension to the facility to provide an

exclusive dressing room area for the Whitecourt Wolverines Junior A Hockey Club, and to free up much needed dressing room space for other facility user groups and Town operations. The project is a partnership endeavor with the Stark Sports Society, and is valued at \$800,000. Details on the construction schedule will be released when confirmed.

The Town of Whitecourt annually prepares a Collision Report that assists in identifying traffic trends and areas that require attention in order to enhance public and traffic safety. Overall, there were 232 reported collisions in 2018, compared to 209 in 2017. Collision trends have stayed the same over the years, with the majority of collisions occurring in private parking lots

and along local public streets. The Town of Whitecourt will continue to monitor collision data to ensure the safe flow of pedestrian and vehicle traffic. Council has forwarded the report to the Protective Services Committee for review, as well as Alberta Transportation as information.

Council has awarded Community Clean Up Program funds to five local non-profit groups, sports and community organizations for cleaning up roadsides, playgrounds, and sports fields. The program provides each group with \$1,000 for 100 hours of clean up undertaken. The following groups have been approved for funding:

- 2019 Relay for Life Anchor 5;
- ECHO Society;

- Saint Patrick's Anglican Church;
- Colour Me Worthy Wellness Foundation;
- 2716 Royal Canadian Army Cadet Corps.

Does your non-profit group want to earn some cash for your cause or an upcoming event? There are still spots available for groups looking to raise funds while performing a valuable service! Smaller groups are encouraged to partner to complete the 100 volunteer hours and split the \$1,000 payment. Please visit www.whitecourt.ca for information on how to apply.

To assist you in cleaning your residence, the Town of Whitecourt will be providing additional refuse pickups from May 13 to 16.

Letter to the EDITOR

MUNICIPALLY CONTROLLED CORPORATIONS

The County is proposing to create 2 M.C.C.s (Municipally Controlled Corporations), One to finance a new \$1 million clinic to replace the existing one and other to “develop” anything that Council “deems” to be to the benefit of the County and the

taxpayers, but the people paying the bills won't get a chance to object.

The fact that the present clinic – which was started with taxpayers money – finally made a “small profit” does NOT mean that a new (#1 million) building

will. But it's amazing how confident people become in their entrepreneurial skills when they're using other people's money. There are two fairly new buildings on main street Onaway that are partially empty (use those first to see what demand there is for additional services and build a business case to justify it). Council has so far refused to release any information regarding the location or constructions of the building and are rushing to get the project underway before taxpayers have time to even think about the consequences.

According to Municipal Affairs, the M.C.C.'s proposed by the Council will be legally independent corporations with the ability to borrow as much money as they please (subject to someone being willing to lend it) and

the taxpayers have no recourse, no way to stop that, and, because they are owned by the County, will have to pay any debts if they don't cover their own costs.

Council has arranged a public meeting for May 1st – AFTER the deadline for a petition to be presented – all of fifteen minutes for public input on each of the two M.C.C. proposals but have released so little information that it would be almost impossible for most of us to ask relevant questions.

If this feels like the new Council (who said they would be better) is acting like the last council, just remember that four of the present Councilors are hold-overs from the last Council and Administration is (basically) the same as well.

GOLFER'S GUIDE

TIPS FOR NEWCOMERS TO THE GAME OF GOLF

Few hobbies can be as enjoyable one moment and as frustrating the next as golf. Golfers know a great putt can be quickly followed by a bad tee shot, and maintaining their composure through the highs and lows of the game is a key to success on the links.

Maintaining that composure isn't always easy, even for the professionals. It's even more difficult for beginners, who quickly learn the game of golf involves more than just spending sunny week-end afternoons on pristine golf courses. In fact, golf can be quite demanding, and beginners would be wise to heed a few tips before hitting the course.

* Don't commit to an expensive set of clubs right off the bat. Golf clubs can be very expensive, so

beginners should buy an affordable secondhand set of clubs so they can get the hang of what they like before spending a lot of money. Visit a pro shop and explain that you are just a beginner. The shop will likely make some valuable suggestions and might even let you try out a pair of clubs. In addition, many driving ranges allow customers to rent clubs, and this can be a great and inexpensive way to find the right clubs for you.

* Take lessons. Even the very best at self-teaching might find it extremely difficult to become a self-taught golfer. When first trying your hand at golf, take some lessons and don't expect to be playing 18 holes any time soon. Before hitting the course, where you might be discouraged and

you might frustrate those golfing behind you, learn the fundamentals by taking a few lessons at the driving range. Learn from a professional, who won't offer you any hidden secrets to golfing glory (there aren't any) but will offer sound advice on the game's fundamentals.

* Take the game home with you. Beginners can even take advantage of golf's vast popularity by taking the game home with them. This doesn't mean building a putting green in your backyard. Rather, purchase some instructional DVDs to learn the game during your down time throughout the week. Many golfers don't have time to hit the links during the week, but they do have time to watch some DVDs when they get

home from work. Such instructional DVDs can help you master your grip and stance, which you can then take with you to the course over the weekend.

* Have fun. Golf is a fun game; it just takes time to hone your skills. But even if you aren't ready for the professional tour after your first few rounds, you can still have fun. Don't let some beginner's frustration, which every golfer experiences, ruin the fun of the game. Take note of your surroundings when you hit the links, and appreciate the time you're spending with your group. If the game becomes more a source of frustration than fun, then take a break and put in some more work away from the course, be it at the driving range or studying at home.

HOW TO BRING BENEFICIAL BEES BACK

Bees, birds and butterflies play integral roles in pollinating many of the crops humans rely on for sustenance. The National Pollinator Garden Network, through the National Wildlife Federation, recently launched the Million Pollinator Garden Challenge, an effort to increase the amount of nectar and pollen food sources as the organization aims to reverse the alarming decline of pollinators such as honey bees, native bees and monarch butterflies.

Many people are afraid of bees because of their propensity to sting. Unlike their wasp and yellow-jacket cousins, honeybees and bumble-

bees are much more docile and content to hop from bloom to bloom without paying humans any mind. The only time such bees may resort to stinging is if someone inadvertently steps on them.

Bees are beneficial for yards. Gardener's Supply Company says one out of every three bites of food humans take depends on a pollinator. That's because about 150 crops grown in the United States depend on pollinators. Even though there are 4,000 species of native or wild bees in the continental United States, many populations are in decline. According to the Pollinator Partnership, various areas of North

America have lost more than 50 percent of their managed honeybee colonies in the past 10 years.

Bringing these important pollinators back will take a little work, but it is possible.

- Plants that offer cover can be attractive to bees that desire a respite from the sun and heat. Coleus and other ground cover offerings can be handy.

- Offer water in shallow dishes, as even bees need a cool drink to stay hydrated.

- Bees like various plants, so plant more than one species. Some plants that bees tend to like include alysium, aster, geranium, bee balm, poppies, and clover.

- When planting, include some native species.

- Brush piles, dry grasses and dead woods offer nesting areas for bees.

- The Gardener's Supply Company also says that bees find blue, purple and yellow flowers most appealing. Opt for more of these hues when planning gardens.

- Above all, avoid using pesticides in the yard. Even organic ones can be toxic to bees and other pollinators, and they may contribute to colony collapse disorder.

With these techniques in mind, homeowners can attract more bees to their yards and gardens, which can benefit bees and humans alike.

Lawn & Garden

HOW COLOR CAN AFFECT YOUR GARDEN

Flower gardens can add color and awe-inspiring appeal to a property. The National Gardening Association notes that gardeners can find nearly every color of the spectrum in flowering perennials. So whether you prefer soft pink, are partial to bright red or want to relax in a garden and gaze at something deep blue, chances are you'll find a perennial to tickle your fancy.

The NGA offers the following breakdown of colors to help gardeners learn how their gardens can set the mood they're looking for.

Bright colors

A garden full of bright colors like red, orange, magenta, and yellow can provide

a landscape with vigor and energy. The NGA notes that brightly colored flowers can withstand especially bright sunshine, meaning gardeners can marvel at their appearance even when the sun might be adversely affecting other plants and flowers.

Pastel colors

Pastels, which include soft pink, powder blue, lavender, and peach, create a tranquil feeling in a garden. This makes pastel perfect for those who want their gardens to be a relaxing, peaceful respite from the hustle and bustle of everyday life. The NGA notes that pastels may look washed out in the midday sun, so they might be best enjoyed

early in the morning or late in the afternoon.

Complementary colors

Complementary colors are those that are opposite one another on the color wheel. Orange and blue are examples of complementary colors. According to the NGA, complementary colors can add creative energy and vitality to a garden.

Harmonious colors

These colors are those that are next to each other on the color wheel, such as orange and red. The NGA recommends harmonious colors for gardeners looking to create a unifying feel in their gardens without resorting to a monochromatic color scheme. Har-

monious colors give off a gentle feeling that can make for a relaxing garden atmosphere.

Monochromatic colors

Monochromatic gardens can be awe-inspiring even though they stick to a single color and don't provide an array of awe-inspiring colors. The NGA notes that gardeners with monochromatic gardens make them interesting by using plants of various sizes and shapes.

When planting a garden, gardeners can choose whichever color scheme they prefer. To learn more about the effects of color on a garden, visit the National Gardening Association website at www.garden.org.

Whitecourt Town Council Update

Continued from Page 5

Visit www.whitecourt.ca to find out what is accepted, and to find out what date collection will be for your area.

New for 2019, the Town of Whitecourt organized a Take It or Leave It May 10 through 12. Take It or Leave It is like a community wide garage sale – without the sale. Throughout the three-day period, individuals marked unwanted but reusable items with the word FREE, and placed them at their front curb. Residents from across the community were then welcome to take these items to reuse – for free! Details on the initiative can be found on www.whitecourt.ca.

Lemonade Day is coming to Whitecourt on June 22! Whitecourt youth will have the opportunity to experience entrepreneurship by setting up their own business during the com-

munity-wide Lemonade Day. For details on the program, and to register, visit www.lemonade-day.org/northernalberta.

Whitecourt has entered into a service agreement with NorQuest College to utilize Whitecourt Fire Department instructors, facilities and equipment for the Professional Fire-fighter training program offered to Living Waters Catholic School Division high school students. The program is unique in the fact that students will be eligible to receive high school work experience credits towards their graduation in addition to internationally recognized certifications with the National Fire Protection Association. The program is a pilot project that will run until September 30, 2019, and will be evaluated to review if it should be considered for formal establishment in the fall of 2019.
