## WILDFIRE GETS EXTREMELY CLOSE TO HAMLET AND RURAL HOMES:

Quick reactions and smart thinking from first responders help get residents out of harm's way for Marlboro Fire.

Submitted by Yellowhead County

Yellowhead County received the first call regarding an out of control fire at 4:23 PM MST on Sunday, May 19, 2019.

The fire (Fire Number EWF-

033) originated south of Highway 16 near Range Road 195A and moved north to Highway 16 where it jumped the highway. The fire was about 800-900 metres away from the Hamlet of Marlboro boundaries.

The manager of the garden centre overhears one of his nurserymen talking to a customer. 'No, we haven't had any of that in ages,' says the nurseryman. 'And I don't know when we'll be getting any more.' The customer leaves and the manager walks over to give him a telling off. 'Never tell a customer we can't get them something,' he says. 'Whatever they want we can always get it on order and deliver it. D'you understand?' The nurseryman nods. 'So what did he want?' asks the manager. 'Rain,' replies the nurseryman.

# Stony Plain/Spruce Grove/Enoch RCMP Now Parkland RCMP Following Name Change

Continued from Page 1

“We are looking forward to the move.” says Insp. Mike Lokken, Officer in Charge, Parkland RCMP, “The consolidation of members and resources into one

Parkland RCMP detachment office will enable us to serve these communities more effectively.”

The new Parkland RCMP detachment building will house the existing complement of uniformed and plain clothes mem-

bers from the current Stony Plain and Spruce Grove detachments along with Traffic Services, currently located in Edmonton.

The building construction is still underway and will be followed by a risk assessment and

finishing touches before it is ready for the move. It is anticipated the detachment will be complete early this fall at which time the detachment intends to welcome community members with a ribbon cutting ceremony.

# WAVES to Host Music Festival in Wabamun

Continued from Page 1

Friday evening will end with the annual TransAlta sponsored Fireworks display. On Saturday there are lots of things happening in the Village of Wabamun all day long, including WAVES Music Festival, Beer Garden & family activities at the Wabamun Waterfront Park. We will be having 7 bands starting at 1pm

and going until 9pm. The Music Festival is open to everyone FREE of charge. We are also offering family activities including a 52foot inflatable obstacle course, a small inflatable course for the 2-5 year olds, Face painting, Twisty Balloons & Glitter Tattoos which will be a \$2 ticket, with proceeds from the tickets going to the Wabamun School

Student Leadership.

Over the past 3 months we have been accepting sponsorship for our WAVES Waterfront Park Entertainment, which will permit us to have profit for our Youth Skate Park Project.

We are very excited to receive substantial donations from Empire Ironworks and Hometown Handyman, and also have more

than 20 other businesses offer sponsorship for this year’s event. Come on out & join in the fun in Wabamun on June 21 & 22!

WAVES is a non-profit group who hosts events and activities for Wabamun & surrounding community, and are currently fundraising for a Youth Skate Park Project for the children in our community.

# Wildfire Gets Extremely Close to Hamlet and Rural Homes:

Continued from Page 1

Residents in the area were evacuated quickly as a precautionary measure. The evacuation areas included the Hamlet of Marlboro, Miller Lake east and west subdivisions, and Range Road 195A. Approximately 130 homes were part of the evacuation zone where Yellowhead County protective services officers and RCMP did a door-to-door evacuation sweep. Evacuees were requested to register at the recep-

tion centre in Edson or call the evacuee information phone line to register.

Yellowhead County declared a Local State of Emergency at 18:54 MST for the Millers Lake and Marlboro area.

Highway 16 and the CN rail line was shut down. Alberta Wildfire firefighters and crews and Yellowhead County firefighters worked to control the fire. A fire dozer guard was set up at Marlboro while Yellowhead County fire protection units and

fire trucks were deployed to the hamlet so they were ready for use when needed.

Yellowhead County Fire Department (YCFD) firefighting crews worked to control the fire with provincial wildfire firefighting air and ground crews.

Highway 16 was opened to traffic at just after midnight on Monday morning when the firefighting staging area moved off the highway and closer to the hamlet, and the highway was deemed safe for traffic. The evacuation order remained in effect overnight. Enforcement and protective services remained in the evacuation zones overnight.

At 9:00 AM, Yellowhead County rescinded the evacuation order. Residents were allowed back into the area but remained on evacuation alert notice in case there was a need to evacuate again if the fire situation changed. This allowed residents to return to their residences to access medications and other essential belongings.

Checkpoints remained in place as only residents were allowed into these areas. Residents were advised that evacuated livestock should not return to the evacuation zones.

Following a further assessment from AB Wildfire, residents had the option to stay in the hamlet and other nearby areas overnight but remained on evacuation alert notice during this time.

Although winds remained and temperatures and humidity levels did not change, the efforts of the firefighting crews dramatically reduced the intensity of the fire, allowing residents to continue to stay at their properties again on Monday night.

On Tuesday morning, the status of the wildfire was downgraded from 'Out of Control' to 'Being Held,' and the Yellowhead County Local State of Emergency was rescinded at 9:30 AM, Tuesday, May 21, 2019.

Residents should have a 72-hour emergency preparation kit ready at all times. For a list of items that should be gathered for evacuation preparation, go to [www.yellowheadcounty.ab.ca/evacprep](http://www.yellowheadcounty.ab.ca/evacprep)

# FIRE BAN AND OHV RESTRICTION IN EFFECT AS OF 2:00 PM MAY 22, 2019, FOR YELLOWHEAD COUNTY

## Submitted by Yellowhead County

Fire Ban for the Yellowhead County Fire Permit area and Edson Forest Area under Ministerial Orders.

This fire ban corresponds with current provincial fire ban for this area. Fire permit issuance is suspended until further notice and all current permitted burns must be extinguished.

Prohibits the use of each of the following:

- Wood fires in the backcountry;
- Wood fires in random camping areas;
- Wood fires in engineered facilities in campgrounds;
- Wood fires on residential properties;
- Fires using charcoal briquettes;
- Turkey fryers; and
- Tiki torches.

This order does not apply to:

- Portable propane fire pits, that are CSA approved or UL certified, within campgrounds, backcountry areas, random camping areas, and on private land;

- Gas or propane stoves and barbeques, that are CSA approved or UL certified and are designed for cooking or heating, within campgrounds, backcountry areas, random camping areas, and on private land;
- Catalytic or infrared style heaters within campgrounds, backcountry areas, random camping areas, and on private land; and

- Fires contained in industrial facilities or on industrial sites that have been approved by a forest officer.

OHV Restriction (Prohibition of Operation of OHV Vehicles)

This order prohibits the operation of any off-highway vehicle, for recreational purposes on public land within the area described above.

This Order does not apply to

the use of any off-highway vehicle for:

- Agricultural purposes;
- Commercial operations;
- on private lands; or
- by any individual when exercising a right recognized and affirmed under Part II of the Constitution Act, 1982 or a right under section 12 of the Natural

Resources Transfer Agreement or when travelling to a location to exercise such a right.

- BE ADVISED that even if this order does not apply to the above users, if the use of an OHV during a Fire Ban is deemed liable for the cause of a wildfire, the user will be held fully responsible. EXTREME CAU-

TION IS TO BE EXERCISED IF USING AN OHV UNDER THESE CONDITIONS.

- OHV Definition as per Alberta Traffic Safety Act, 2018 (Part 6 Section 117 Definition) <http://www.qp.alberta.ca/documents/Acts/T06.pdf>

# RIDING UPDATE – WEEK OF MAY 20, 2019

Submitted by Jim Eglinski, MP – Yellowhead

As mentioned in my Parliament Update for the week of May 13, I returned to the riding the evening of May 16th. The next morning, I drove to Rocky Mountain House where I met with constituents.

On Saturday, I attended the Big Horn Rodeo Parade in Caroline and later the Thorsby Parade where I attended a fundraising BBQ with

graduates. Had fun in Caroline and Jasper even though it was very cold, -5. OUCH!

On Monday, May 20th, being Victoria Day, I enjoyed my time with friends and family.

On Tuesday, I met with Social 9 classes at Holy Redeemer High School. Our discussions were about current issues such as climate change, the economy, and the proposed pipeline, while other questions focused on my current role as

an MP. The students also wished me well as I prepare to retire from federal politics in the next few months. If my calendar permits, I would be honoured to speak at your school. Call my Edson office to arrange a day and time.

On Wednesday, I flew back to Ottawa to attend the Annual Commemoration to Remember those who Served Canada and their families at the RCMP National Memorial Cemetery at Beechwood Cem-

etry on Thursday morning. At the commemoration, Senator Vernon White and I laid a wreath on behalf of the Government of Canada. I was proud to be there. Later that evening, I flew back to the riding. Upon arriving in Edmonton that evening, I noticed I had a flat tire. Not happy.

On Saturday, I will be in Hinton attending the EDA Directors' Meeting and then on to Drayton Valley for the Air Cadets Annual Ceremonial Review dinner.

## YELLOWHEAD COUNTY ROAD PAVEMENT REHABILITATION FOR 2019:

Yellowhead County will be embarking on numerous road rehab projects this season to upgrade parts of Yellowhead County's 250 kilometres of paved road network system.

Submitted by Yellowhead County

Yellowhead County will be doing major pavement rehabilitation work on its roads this construction season. The work is scheduled to commence the week of May 21, 2019 and is planned to be completed by the end of this summer, weather depending.

The road rehabilitation work is being done by E Construction Ltd.

throughout the county and includes various sections of road, as well as the Wildwood truck fill and Wildwood Complex parking lot.

The work being done will help extend the life and usage of these areas and will result in a better road system and safety for traffic on these routes that give paved connectivity to subdivisions, local roads, industry, and highways.

Once construction begins, motorists are asked to please be aware of

work crews on the roadway.

Please slow down and allow them space to complete their work. Motorists are required to obey all posted construction signs.

Road Pavement Rehabilitation Locations:

- Rochfort Road
- Reno Road

# GOLFER'S GUIDE

## THESE GOLF TERMS ARE PAR FOR THE COURSE

Golf is a game of sport and skill that can be played at any age. Millions of people in North America participate in golf as a recreational endeavor or a professional pursuit. As of the spring 2016, 25.13 million people in the United States played golf over the previous 12 months, according to Statistica.

People may immediately think Canada's sports-based loyalty favors hockey. However, on the recreational side, golf is king in the country. Canada has the fourth most golf courses of any country in the world, says the National Golf Foundation. Plus, one out of every 10 Canadians

play golf - a participation rate that is more than double that of the United States.

**Storied golf history**  
Although golf can be traced back to the Netherlands during the Middle Ages, many people concur that the modern game of golf - played over 18 holes - is a Scottish invention.

The popularity of the sport began to spread throughout the world from Great Britain. The first permanent golf club in North America was founded in 1873 and was named Canada's Royal Montreal Club. The first 18-hole course in the United States was The Chicago Golf Club.

**Golf lingo**

Understanding the terminology is key to becoming a full-fledged golf fanatic. While golf lingo is extensive, here is a sampling of some of the more popular terms to get novices started, courtesy of the PGA.

**Approach:** A shot hit towards the green.

**Attack:** The relative angle at which the clubhead approaches the ball at impact.

**Backswing:** The motion that involves the club and every element of the body in taking the club away from the ball.

**Birdie:** A score of one under par on a hole.

**Bogey:** A score of one over par on a hole.

**Bunker:** A hollow comprised of sand or grass that serves as an obstacle.

**Carry:** The distance a ball will fly in the air.

**Chip:** A short approach with a low trajectory.

**Chunk:** A poor shot caused by hitting the turf.

**Divot:** The turf displaced when the club strikes the ball.

**Downswing:** The swing forward from the top of the backswing.

**Eagle:** A score of two under par on a hole.

**Golf range:** A facility where people can practice golf swings.

**Grip:** The positioning of hands on the club.

**Hole:** A round receptacle on the green that the ball is aimed into.

**Lie:** As it relates to the golf ball, the position when it has come to rest.

**Links:** Specific term for a course built on linksland, which is land reclaimed from the ocean.

**Mulligan:** An extra shot taken on a poor first shot.

**Par:** The score an accomplished player is expected to make on a hole, either a three, four or five.

**Putt:** A shot on the green.

**Stance:** The position of the feet.

Golf terms are as varied as the game itself. Knowing commonly used words and phrases makes for a more intimate understanding of the sport.

# PARLIAMENT UPDATE – WEEK OF MAY 13, 2019

Submitted by Jim Eglinski, MP – Yellowhead

The following was debated in the House:

- C-98 (Second Reading) -- An Act to amend the Royal Canadian Mounted Police Act and the Canada Border Services Agency Act and to make consequential amendments to other Acts
- C-266 (Second Reading) -- Respecting Families of Murdered and Brutalized Persons Act
- C-421 (Second Reading) -- An Act to amend the Citizenship Act (adequate knowledge of French in Quebec)
- C-447 (First Reading) -- An Act to amend the Criminal Code (aggravating circumstance — evacuation order or emergency)
- C-448 (First Reading) -- Excise Tax Act
- C-449 (First Reading) -- Old Age Security Act
- C-450 (First Reading) -- Canada Health Act
- C-451 (First Reading) -- Children's Health Commissioner of Canada Act
- S-6 (Third Reading) -- Canada–Madagascar Tax Convention Implementation Act, 2018
- S-243 (Second Reading) -- Fairness for All Canadian Taxpayers Act
- S-248 (second reading) -- National Physicians' Day
- NDP Opposition Motion -- Declaration of an environment and climate emergency
- Government Business No. 29 (amendment) -- National climate emergency

On Monday, in the Standing Committee on Public Safety and National Security (SECU), we heard from witnesses on the Annual Report of the National Security and Intelligence Committee of Parliamentarians and later, witnesses briefed us on the 2018 Public Report on the Terrorist Threat to Canada.

On Tuesday, I presented a petition requesting that the third day in May of each year be designated as Vyshyvanka Day throughout Canada. Later that day, the House resolved itself into a Committee of the Whole to study the Main Estimates for the Department of Justice with Minister Lametti.

You can read comments and questions from Debates on the House Publications page at [www.ourcommons.ca/en](http://www.ourcommons.ca/en)

On Wednesday, in the SECU Committee, we heard from witnesses on the Cybersecurity in the Financial Sector as a National Economic Security Issue. Later that day, the House resolved itself into a Committee of the Whole to study the Estimates for the Department of National Defence with Minister Sajjan.

For more information on these meetings, visit the SECU Committee website at: [www.ourcommons.ca/Committees/en/SECU](http://www.ourcommons.ca/Committees/en/SECU)

On Thursday, with some of my Conservative colleagues, we met with Mayor Shaigec, Deputy Mayor Phillis Kobasiuk and CAO Mike Heck from Parkland County who were in Ottawa to discuss the report from the Task Force on Just Transition for Canadian Coal Power Workers and Communities and the findings as they relate to their community. We also discussed infrastructure, trade corridors, Parkland Airport and rail safety. Later that afternoon, I met with Mayor Shaigec and a CN representative

to discuss the CN Rail project in Carvel.

On Friday, I will be in the south-east part of the riding and will be attending the Big Horn Rodeo Parade on Saturday, and hopefully later that day, if time permits, be able to make it to the Thorsby Parade.

This week, I attended nine meetings, four events and did two recordings. Thursday evening, I flew back to the riding as the House will be down next week. During my week in the riding I will be attending meetings and events.

## HOW LAWNS BENEFIT FROM AERATION

Compacted soil can have a dramatic effect on grass. Compacted soil blocks oxygen, water and nutrients from reaching the root systems of the turf. That creates a lawn with weak roots, which make grass more vulnerable to disease and compro-

ming its ability to withstand harsh weather, such as summer heat.

The buildup of thatch, which is a matted layer of grass clippings and other organic debris that collects on the top of the soil, is one indicator that a lawn could benefit

from aeration, a process in which the surface of the lawn is perforated to break up compacted soil and allow oxygen, water and nutrients to reach root systems. Other signs that aeration may be necessary include patches of thin grass, brown spots and a high concentration of clay in the soil.

When faced with a lawn that could benefit from aeration, homeowners may wonder if such a task lends itself to DIY or if it's best left to professional landscapers. Aerating a lawn is not always easy, and typically it involves the use of one of three types of aerators:

- Core aerator: A core aerator uses hollow tines to pull plugs of soil from the lawn. The plugs are left on the surface of the lawn. Homeowners can pick up the plugs or, according to the grass seed experts at Pennington, even leave them in the yard and allow them to break down.

- Spike aerator: The experts at Pennington note that spike aerators employ solid, spike-like tines to poke holes in the soil. These aerators leave the spikes in the soil. Some people wear spiked aeration shoes while walking around the yard to mimic the effects of spike aerators.

- Slicing aerator: According to Pennington, slicing aerators employ rotating blades that slice through thatch and down into the soil. These aerators leave the soil in the ground.

Aerators can be operated manually, though professionals tend to use motorized aerators. The machines are often heavy, so homeowners should consider their health and physical ability before deciding to aerate on their own. Hiring a professional landscaper who has experience aerating may be the quickest and most effective way to restore a lawn to full health.

## SIMPLE WAYS TO PREVENT DOG-RELATED LAWN DAMAGE

Dogs love spending time outdoors. Dog owners with yards know that dogs benefit greatly from some exercise in the backyard. While that time might be great for dogs, it can take its toll on lawns.

Dog urine and feces can adversely affect the look and health of a lush green lawn. Nitrogen is essential to healthy soil, but only at certain levels. When those levels are exceeded, the result can be lawn damage. According to The Spruce Pets, an advisory site that offers practical tips and training advices to pet owners, this is what happens when pets frequently urinate on grass. Urine is naturally high in nitrogen, so when pets urinate on lawns, the grass might turn yellow or brown due to the excess nitrogen content. Nitrogen also is present in lawn fertilizers, further exacerbating the problem for pet owners who fertilize their lawns.

In addition to urine damage, dogs can trample frosted grass, contributing to problems that may not become evident until spring, and get into areas like gardens where they wreak additional havoc.

Pet owners who want to let their dogs run free in the yard but don't want damaged grass may be tempted to put their pooches in diapers or confine them to crates when letting them outside. But such an approach isn't necessary. In fact, some simple strategies can be highly effective at preventing dog-related lawn

damage.

- Speak with a landscaper about planting new grass. Certain types of grass, such as Bermuda grass, can withstand dog damage better than others. Local climate will dictate which types of grass are likely to thrive in a given area, so speak with a professional landscaper about the viability of planting new grass.
- Install fencing. Pet owners with expansive yards can install fencing that allows dogs to spend time exercising outdoors without granting them access to the entire property. Large dogs will need more room than small ones, but try to build fenced-in areas that allow dogs to run freely and get the exercise they need to stay healthy.

- Work with a dog trainer. Dog trainers might be able to work with dogs so they only urinate in certain areas of the yard, greatly reducing the damage they can cause to a lawn. Trainers also might help curb digging and clawing behaviors that can damage lawns as well as gardens.
- Consider hardscaping. Hardscaping might be most effective for pet owners with small properties. Hardscaping does not include grass and can add visual appeal to a property while saving pet owners the headaches of dealing with dog-related lawn damage.

Dogs need time outdoors, and homeowners can take various steps to protect their lawns from dog-related damage.
