Four men are in the hospital waiting room because their wives are having babies. A nurse goes up to the first guy and says, "Congratulations! You're the father of twins." "That's odd," answers the man. "I work for the Minnesota Twins!"

A nurse says to the second guy, "Congratulations! You're the father of triplets!" "That's weird," he answers. "I work for the 3M company!"

A nurse tells the third man, "Congratulations! You're the father of quadruplets!" "That's strange," he answers. "I work for the Four Seasons hotel!"

The last man is groaning and banging his head against the wall. "What's wrong?" the others ask. "I work for 7 Up!"

# EDMONTON INTERNATIONAL AIRPORT RCMP INVESTIGATING SECURITY BREACH

Submitted by Edmonton International Airport RCMP

Edmonton - RCMP at the Edmonton International Airport are investigating a security breach where a male passenger did not

wait for authorization to board his flight, and instead ran down the boarding ramp and on to the plane.

The plane was not occupied by any passengers at the time, and the flight crew was onboard in

the process of completing their pre-flight briefings. The male uttered threats to the crew and, fearing for their safety, the flight crew safely removed themselves from the plane. The male then caused damage to a door on the

aircraft before police arrived and took the male into custody without further incident.

A 41-year-old male is presently in police custody and charges are pending.

## A MESSAGE FROM MLA MARK SMITH: PROMISE MADE – PROMISE KEPT

Submitted by MLA Mark Smith | Drayton Valley – Devon Constituency

The election is over and the new government has now been sworn into office, the Speech from the Throne has been delivered by the Honourable Lieutenant-Governor Lois Mitchel

and we are now just into the very early days of the Legislature. The various ministry offices are now up and running and legislation is starting to be introduced into the Legislature.

The United Conservative Party ran on a platform of killing the Carbon Tax and Bill 1: An Act to Repeal the Carbon Tax was

introduced into the Legislature. This act will repeal the Climate Leadership Act eliminating the Alberta carbon tax effective 12:01 on May 30th, 2019.

Bill 2: The Open for Business Act will address some of the policies passed by the previous NDP government that have had the effect of killing jobs in Alberta. It will maintain new rules for compassionate leave and restore mandatory secret ballots for union certification votes. It will also end the practice of forcing employers to pay holiday pay to employees who are not working and give employees more freedom and flexibility to bank overtime hours.

One of the problems identified by businesses across Alberta has been the raising of the minimum wage law. I have met with local employers who are very concerned with the impacts that the minimum wage has had on their

business. Across Alberta we have seen the average number of employees in the restaurant industry drop from 13 to 11.7 employees between 2015-2018. We have record high youth unemployment at 11.6%. It is critical that youth have the opportunity to gather the needed experience and knowledge that a first job creates. At \$15 dollars/hour businesses had to adjust by laying off youth who did not have the necessary skill and experience of an older worker. Bill 2 will create more opportunities for young people to gain necessary skills and experience by encouraging businesses to hire youth at a lower hourly rate.

During the election the United Conservative Party campaigned on rebuilding the economy. Jobs, pipelines and the economy would be the priority of this government. Bill 3: The Job Creation Tax Cut will move Alberta forward on this promise by lowering corporate tax rates over a period of years from 12% to 8%. This will entice capital back in to Alberta and will, according to economist Jack Mintz, create 55,000 jobs over the next few years. By 2022 Alberta's combined federal-provincial business tax rate will lower than that of 44 U.S. states and will be one piece of the economic puzzle that will result in a competitive Alberta economy capable of affording the social programs that all Albertans desire.

These are just the first three bills before the Legislature, they all address key 2019 platform promises made to the people of Alberta. Promise made – promise kept.

# ALBERTA RCMP REITERATES WILDFIRE SAFETY MESSAGING

Submitted by Alberta RCMP

Edmonton – While various wildfires across Alberta continue to challenge firefighters, our po-

lice operations continue to be focused on keeping Albertans safe. Due to worsening wildfire con-

ditions, RCMP reminds motorists across Alberta to turn your headlights on, obey posted road signs and follow instructions provided by local authorities and emergency personnel.

The RCMP is ensuring the safety and security of people and property on the ground by controlling access points on the highways leading into the communities affected by wildfires and putting in place the resources necessary to mitigate criminal activities such as looting.

Anyone who chooses to ignore evacuation notices is potentially putting not only themselves in danger, but also is placing First Responders in harm's way.

The patience and cooperation of affected people has been appreciated. During times like this, it is extremely important that residents follow instructions provided by emergency personnel.

# MAGNOLIA JOY OF GARDENING CLUB CONSERVES CANADIAN HISTORY

**Submitted by Magnolia Joy of Gardening Club**

In 1927, to celebrate Canada’s Diamond Jubilee of Confederation and a Royal visit, Edward, Prince of Wales (later King Edward VII) arranged for every incorporated city, town and village to receive a gift in the form of a peony root. Seba Beach, which was incorporated in 1920, received a root, which was planted by Mrs. Perly Cull, who maintained it for over four de-

cadec. In 1970, she bequeathed ownership to Mrs. Ivy May of Seba Beach. No other peonies were grown by either gardener.

In 2010, Ivy May entrusted the Price of Wales peony (determined to be a Festiva Maxima) and its provenance to the Campbell family. In 2017, the Magnolia Joy of Gardening Club was approached to conserve this nearly century old sliver of Canadian history, the result of which is shown below. The Gardening Club appreciates gift

of this peony from the Campbell family and thanks Eugene and Rose for bringing the beautiful peony and its history to be enjoyed by our community.

The Magnolia Joy of Gardening Club meets monthly at the Magnolia Community Hall and has built and maintains the flower and shrub beds on the south side of the hall. The Club is delighted to be entrusted with the care of this beautiful flower! You can call Debbie at 780-727-2831 for further information.

# A MESSAGE FROM MLA MARK SMITH: FILIBUSTER

**Submitted by MLA Mark Smith | Drayton Valley – Devon Constituency**

Good Morning,

It is 9:30 am on Thursday June 6 and the Legislature is in the middle of a filibuster on Bill 2: The Open for Business Act and Youth Minimum Wage. The debate on Bill 2 resumed 2nd reading after the Question Period around 3:00 pm on Wednesday, June 5th and is continuing as I write.

In our Parliamentary system of democracy it is said that the Government decides when the Legislature will sit but the Opposition decides when the debate in Legislature will end.

The same holds true when de-

bating a bill. A filibuster occurs when the Opposition uses the rule of the legislature to draw out debate on any particular bill.

In this case the Opposition is placing amendments before the Legislature extending the debate on Bill 2.

Why filibuster?

There is no way the Opposition, no matter how long they string out the debate has the capacity to outvote the government and defeat Bill 2.

Filibusters are often used to try and draw to the attention of Albertans to an issue of political importance to the Opposition and they hope to average Albertans.

It can be used to send a message to the government that there

is another point of view the government needs to consider by drawing out the debate and to slow down the passage of a piece of legislation.

Filibusters can sometimes get a little goofy as members engage in the long time tradition of heckling each other in the Legislative chamber.

During my first filibuster, as a member of the Opposition, I was addressing the legislature in the early morning hours and heard one of the younger members from the government benches yell out something like: “Your looking a little tired there old fellow. Don’t you think it’s time to go to bed?” To which I replied, “Do you have your parent’s per-

mission to be up this late?”

I have been writing this off and on over the last several hours, it is now 11:00 am and if we are still filibustering around 6:00 pm we might very well break the record for the longest filibuster in Alberta Legislative history.

By the time this is printed in the papers this unique part of the parliamentary process will be completed, Bill 2 will have passed second reading and I will hopefully have caught up on some lost sleep.

P.S. The filibuster finally ended Thursday night and yes a record was made as it was the longest filibuster to date in the Alberta Legislature.

This is the second year for the SYC, under the leadership of Carolyn Lewis, Superintendent of Schools.

The 2018 - 2019 SYC included student and teacher members from each of five high schools and The Learning Connection. There were

both new and returning members chosen from those who demonstrate a diverse range of interests, identities and perspectives, are passionate about and willing to share experience knowledge and skills, and are interested in leadership opportunities both at the division and school level.

This year's members had the opportunity to participate in three meetings with Superintendent Lewis. Agendas included a literacy activity, budgeting and planning information, an opportunity to provide student feedback on the pilot calendar and other education initiatives, facilitation skills practice, and the Making of a Leader activities. Teacher advisor, Jan Wiens shared that, "being able to ask their

Superintendent questions and have Ms. Lewis value student-input, motivates students to be change-agents and continue to lead their school communities forward in the best interests of ALL students."

Student and teacher members expertly facilitated the Community Engagement Sessions in Evansburg, Edson, Hinton, Jasper, and Grande Cache and proposed Health and Wellness initiatives for their schools.

Selected members also participated in leadership opportunities outside of the school division including both the Fall and Spring Public School Board Association Student Voice Conferences in Edmonton and Red Deer, a week-long conference in Ottawa with En-

counters with Canada at the Terry Fox Centre, and the first ever Provincial Youth Mental Health Summit In Red Deer.

Dana Labiuk, a student member, expressed her "appreciation in the emphasis put on mental health, and excitement to learn more about how she can make a difference in our community".

The GYPSD Superintendent's Youth Council engages students as leaders for change within their communities and Grande Yellowhead Public School Division. Superintendent Lewis remarked how much she "values the input of our students. Their voice makes a significant difference and truly informs my decision making."

# GOLFER'S GUIDE

## HELP KIDS LEARN THE GAME OF GOLF

Adults who play golf know just how fun and frustrating the game can be. Whether you're a veteran golfer or someone just learning the links, golf can be challenging.

But as exacting as the game can be, it also can be just as rewarding, even for kids. Children who embrace the game of golf will learn a host of lessons they can apply in all facets of life. A humbling game even for professional golfers, golf can teach kids lessons in humility and the value of persistence even when things aren't going your way.

Golf is also a great way for parents to get kids off the couch and outdoors for some fun in the sun. Instead of spending summer afternoons in front of the television, kids who play golf are out patrolling pristine golf courses while getting some cardiovascular exercise along the way. Golf can also strengthen a child's hand-eye coordination, which can help them in other activities, including many different sports.

Though many people do not begin playing golf until they've reached adulthood, it's never too early for boys and girls to start learning the game of golf. Parents of preschoolers can start their kids off with a toddler play set. Though it's just a toy, a play set can help lay a solid foundation for future golfers. Kids who have watched Mom and Dad play golf or practice their swing can develop their own swings on their play set.

As kids approach school age, don't overlook the nearby putt-putt or miniature golf range as a valuable teaching tool. Miniature golf clubs are small enough for many children to use comfortably, and kids can use miniature golf courses as a place to put any lessons or advice on putting to good use. What's more, a miniature golf course is more than just golf, with creative courses and other fun activities, so kids won't feel overwhelmed with golf.

When kids move on from preschool to elementary school, some might want to tag along with Mom or Dad to the driving range. You should try to avoid overwhelming

kids with too much instruction or information. Instead, keep things as simple as possible, teaching them the basic swing and encouraging them no matter how quickly they adapt.

As kids enter middle school and approach high school, those who are enjoying the game of golf can take advantage of the driving range if they haven't already begun to. A driving range typically has markers that indicate the distance of a regular hole, regardless of which tee you will play from on an actual golf course. Kids can aim for holes at shorter distances to learn how far their drives are going. You can then adjust the lessons you teach

your children based on how far youngsters can drive the ball.

As a child gets closer to high school, you might want to buy the child his or her own set of clubs. Look for inexpensive clubs (oftentimes, thrift stores or other secondhand retailers have clubs for sale) because growing children will eventually grow out of their first set of clubs. When your child finds a set of clubs that suits him or her, teach the proper way to swing and consider signing up your son or daughter for lessons. Those first few lessons can prove invaluable, turning a pastime into a passion kids will carry with them throughout their lives.

# SUDOKU OF THE WEEK

## Fun By The Numbers

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**ANSWER:**

9	2	8	1	4	7	5	6	3
3	7	4	6	8	5	2	9	1
6	1	5	3	9	2	4	7	8

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
