**JOKE OF THE WEEK**

For her summer job, my 18-year-old daughter arranged interviews at several day-care centers. At one meeting, she sat down on one of the kiddie seats, no simple task for most people. The interview went well, and at the end, the day-care center director asked the standard question, "Can you give me one good reason we should hire you?" "Because I fit in the chairs." She got the job.

# TRUDEAU LIBERALS FAIL TO SET CONSTRUCTION DATE FOR TRANS MOUNTAIN EXPANSION

Submitted by Jim Eglinski, MP – Yellowhead

June 19, 2019

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, today highlighted Justin Trudeau's failure to get the Trans Mountain Expansion built.

After pressure from Canada's Conservatives, Premiers, Mayors, job-creators, and Canadians, Justin Trudeau finally did the right thing and approved the Trans Mountain Expansion.

However, what the Liberals failed to do is commit to a construction date for this vital pipeline project.

"Thousands of Canadian oil and gas workers have been patiently waiting for this project to start. It is unacceptable that the Trudeau Liberals failed once again to put forward a comprehensive construction plan. This pipeline project has been approved three times, yet not a single inch of new pipeline has been laid," said MP Eglinski.

Canadians are rightly con-

cerned and want to know how this time will be any different. The Trudeau Liberals must answer these vital questions:

- Will construction of the pipeline begin in Burnaby this summer?
  - When will the pipeline be in service?
  - Who will own and operate the pipeline?
  - How will the Trudeau Liberals handle new court challenges?
  - How much have the Liberal delays cost taxpayers?
- "Justin Trudeau has said he

wants to "phase out" Canada's oil and gas sector. Energy workers and their families deserve a government that champions energy projects, instead of killing them with last minute rule changes. We Conservatives under Andrew Scheer, have a plan to unite Canadians, get Canada's energy sector back to work, and make life more affordable for Canadian families," concluded MP Eglinski.

tigation and the RCMP are not seeking any suspects.

The names of the two people will not be released as per the Federal Privacy Act. No further information will be provided.

# CANADA REVENUE AGENCY -- ACTION PLAN FOR SMALL AND MEDIUM SIZED BUSINESSES

**Submitted by Jim Eglinski, MP – Yellowhead**

OTTAWA: Jim Eglinski, Member of Parliament for Yellowhead, wishes to inform small and medium sized businesses in the Yellowhead, that the Canada Revenue Agency (CRA), after consultations with businesses, accountants, industry associations, and CRA employees, has released a report outlining an action plan to deliver service and program improvements for

small and medium sized businesses through 2021.

Some improvements include:

- Businesses will be able to sign up to receive an email confirmation when the CRA receives a document or a payment.

- Businesses will be able to upload up to ten documents at once in the Submit documents online service.

- A new "Pay" button in the online portals will allow businesses to pay outstanding balances with the click of a button.

- The Liaison Officer Service is being expanded to include incorporated businesses.

- The Dedicated Telephone Service for tax preparers is becoming a permanent program.

- More CRA correspondence will be available in the online portals.

The CRA is also working to ensure that businesses and accountants know when these improvements are available.

Businesses can receive a CRA security code by email, request

a Liaison Officer visit, and provide their employees T4 slips in electronic format.

"I encourage all small and medium sized businesses in the Yellowhead to take a few minutes and go over the CRA Action Plan to see how it may improve your delivery service and your business", concluded MP Eglinski.

# DEADLINE EXTENDED FOR FARM AND SCHOOL DRIVERS

**Submitted by Government of Alberta**

Alberta is extending the deadline for farmers and school bus drivers to meet training requirements as new commercial drivers.

Farmers and farm workers can apply for an extension to meet the training and testing requirements for a Class 1 driver's licence before March 1, 2021. New school bus drivers will have until July 31, 2020 to meet the requirements for a Class 2

"The school bus driver and farming industries are highly flexible, seasonal industries that indicated they need more time to adjust to the MELT requirements. Our government is committed to taking steps to work with farmers and school bus drivers to ensure we have a robust driver training system in place that works for industry, without compromising safety. This extension ensures these key industries can continue their work without disruption, particularly during the busy back-to-school and harvest seasons."

# GOLFER'S GUIDE

## HELP KIDS LEARN THE GAME OF GOLF

Adults who play golf know just how fun and frustrating the game can be. Whether you're a veteran golfer or someone just learning the links, golf can be challenging.

But as exacting as the game can be, it also can be just as rewarding, even for kids. Children who embrace the game of golf will learn a host of lessons they can apply in all facets of life. A humbling game even for professional golfers, golf can teach kids lessons in humility and the value of persistence even when things aren't going your way.

Golf is also a great way for parents to get kids off the couch and outdoors for some fun in the sun. Instead of spending summer afternoons in front of the television, kids who play golf are out patrolling pristine golf courses while getting some cardiovascular exercise along the way. Golf can also strengthen a child's hand-eye coordination, which can help them in other activities, including many different sports.

Though many people do not begin playing golf until they've reached adulthood, it's never too early for boys and girls to start learning the game of golf. Parents of preschoolers can start their kids off with a toddler play set. Though it's just a toy, a play set can help lay a solid foundation for future golfers. Kids who have watched Mom and Dad play golf or practice their swing can develop their own swings on their play set.

As kids approach school age, don't overlook the nearby putt-putt or miniature golf range as a valuable teaching tool. Miniature golf clubs are small enough for many children to use comfortably, and kids can use miniature golf courses as a place to put any lessons or advice on putting to good use. What's more, a miniature golf course is more than just golf, with creative courses and other fun activities, so kids won't feel overwhelmed with golf.

When kids move on from preschool to elementary school, some might want to tag along with Mom or Dad to the driving range. You should try to avoid overwhelming

kids with too much instruction or information. Instead, keep things as simple as possible, teaching them the basic swing and encouraging them no matter how quickly they adapt.

As kids enter middle school and approach high school, those who are enjoying the game of golf can take advantage of the driving range if they haven't already begun to. A driving range typically has markers that indicate the distance of a regular hole, regardless of which tee you will play from on an actual golf course. Kids can aim for holes at shorter distances to learn how far their drives are going. You can then adjust the lessons you teach

your children based on how far youngsters can drive the ball.

As a child gets closer to high school, you might want to buy the child his or her own set of clubs. Look for inexpensive clubs (oftentimes, thrift stores or other secondhand retailers have clubs for sale) because growing children will eventually grow out of their first set of clubs. When your child finds a set of clubs that suits him or her, teach the proper way to swing and consider signing up your son or daughter for lessons. Those first few lessons can prove invaluable, turning a pastime into a passion kids will carry with them throughout their lives.

# PROVINCIAL PARKS DAY-USE LIQUOR SITES SELECTED

As of June 28 Albertans can enjoy liquor in select provincial parks' day-use area picnic sites.

**Submitted by Government of Alberta**

As part of government's commitment to relax liquor consumption in Alberta parks 14 of the province's day-use area picnic sites will permit liquor consumption with food.

"Another promise made and another promise delivered as our government continues to reduce red tape and end unnecessary prohibition-era liquor constraints." - Jason Kenney, Premier

The select sites feature about 200 picnic tables between them, and are located in all regions of the province. All approved day-use area picnic sites will include signage indicating permitted liquor consumption from 11 a.m. to 9 p.m.

"We've committed to ending the war on fun in Alberta's provincial parks. The vast majority of park users enjoy our natural spaces responsibly and our government believes in allowing adults to be adults. Happy Canada Day and, as always, please enjoy the province's parks responsibly." - Jason Nixon, Minister of Environment and Parks

Recently, in addition to ending the provincial parks' liquor ban, government announced that regulations and policies have been clarified to ease approvals and support for event organizers hosting festivals in municipalities and provincial parks.

Relaxing liquor constraints supports government efforts to reduce red tape and ensure that regulations are rooted in sensible, evidence-based approaches.

# SUDOKU OF THE WEEK

## Fun By The Numbers

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**ANSWER:**

3	9	4	7	2	8	6	5	1
5	6	2	3	9	1	4	8	7
1	8	7	5	8	4	3	2	9
2	4	8	9	3	7	1	6	5
6	7	3	1	5	2	9	4	8
9	5	1	8	4	6	7	3	2
4	2	5	6	1	9	8	7	3
7	1	6	2	8	3	5	9	4
8	3	9	4	7	5	2	1	6

				2		6	5	
5	6					4	8	
		7		6				
	4		9			1		
		3		5		9		
9			8					2
4				1				
	1				3		9	4
8	3	9	4	7		2		6

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
