ADULT EDUCATION IN YOUR COMMUNITY

Submitted by Lobstick Literacy & Learning Society

Make 2020 your year to learn and connect with Lobstick Literacy & Learning Society! We are a community adult learning program, which offers all sorts of learning opportunities in the eastern region of Yel-

lowhead County and the western portion of Parkland County. What can we do for you? We offer one-on-one tutoring and courses in computer skills, English as an additional language, improving reading and writing skills, resume writing, budgeting, basic math, seniors' fitness and a host of personal development opportuni-

ties. How can you find out more? A course booklet was not printed this year, but you can check our website www.lcls.ca, find us on Face Book (Lobstick Literacy & Learning Society) or contact us at lobsticklls@gmail.com or 780-727-4077. If you prefer, we can mail, fax or email you course information!

MOVE OVER AND STOP FOR EMERGENCY RESPONDERS

Submitted by Parkland RCMP

Parkland RCMP would like to remind the public of the importance of pulling over and stopping for flashing emergency lights and sirens. The Alberta Traffic Safety Act states: when an emergency vehicle (ambulance, fire, police or peace officers) is approaching you from any direction and is sounding a siren, you must yield the right-of-way.

If you hear a siren or see flashing emergency lights:

- Clear the intersection.
- If you are driving on a road with one or two lanes, pull over on the right side of the road.
- Remember to use your signal.
- If you are driving on a road with three or more lanes, clear the intersection and move your vehicle to the nearest side of the road.
- If you are in the centre lane, pull your vehicle over to the right side of the road, come to a complete stop and wait for the emergency vehicle to pass you.

- Move right or left to the nearest curb on 1-way streets.
- Emergency vehicles have the right-of-way and take precedence over all other traffic. Keep to the side of the street until they have safely passed and watch closely for additional emergency vehicles approaching from behind.
- Don't enter an intersection until the emergency vehicle is completely through it, even if you have a green light.

Move Over and Stop For Emergency Responders

Continued from Page 1

The only exception to this rule is when a peace officer gives you other directions.

- Remember, you must not follow within 150 m of any emergency vehicle that has its siren or lights operating

- Be considerate of other drivers that have pulled over in front of you.

- If you are passing an emergency vehicle parked on the side of the road, remember, any road with a posted speed limit as 80 km/h or upwards means you must slow down to 60 km/h, whereas a road with a posted speed limit of 79 km/h or lower requires you to slow down to 40 km/h.

- Failing to slow down puts emergency workers, including tow truck drivers and other motorists at risk of serious injury or even death.

If you fail to slow down for emergency vehicles or

tow trucks parked road side with emergency lights flashing, fines for speeding are double. If you fail to yield to emergency vehicles with emergency lights and sirens engaged, you could receive a fine and demerits.

By remembering these rules of the road, you will help emergency responders get to the scene as quickly as possible and keep emergency personnel safe who are assisting road side.

If you observe drivers who are putting emergency responders at risk, please contact the Parkland RCMP at 825-220-7267 or your nearest police department. If you wish to remain anonymous, you can contact Crime Stoppers at 1-800-222-8477 (TIPS), online at www.P3Tips.com or by using the "P3 Tips" app available through the Apple App or Google Play Store.

JOKE OF THE WEEK

A Bulgarian tourist visiting America was interested in all types of American games. When he returned home, his friends asked him to describe the things he saw. "One interesting game I witnessed", he said, " was one called 'Oh shit', where one fellow calls out things like G4, I9, etc. After a while someone in the audience calls out 'Bingo!' and the crowd yells 'Oh shit!!'"

TECHNOLOGY AND DIVERSIFICATION IN DRAYTON VALLEY-DEVON

Submitted by MLA Mark Smith | Drayton Valley – Devon Constituency

January 7, 2020

Can you believe we made it all the way into 2020 already? I hope everyone had the opportunity to rest up this holiday season and enjoy the wonderful new year's celebrations.

As the holidays come to an end, I want to discuss a topic that I have found myself continuously championing over the last few years; technological advancements and resource production in the constituency of Drayton Valley-Devon.

As an MLA in a resource rich constituency, I am asked time and time again what our government is doing to diversify the provincial economy and create future jobs. My answer and the solution to many questions regarding our resource industries is the application of technology.

As we know, Alberta is home to a world class oil and gas sector and as a result, host to some of the most rapidly developing technological industries and products in the world. Throughout the history of our province, we have seen highly advanced technology continue to grow and adjust in step with the needs of our economy and resources. In just the past 15 years we have witnessed a 25% reduction in carbon produced in Fort McMurray as Alberta engineers continue to make advances in the area of carbon capture. A new development by Safe Seal 360, a company based out of Drayton Valley, has created a valve that self-greases and has a fail-safe leak stopper for use in pipeline production. A second company, Cerulean Carbon Corp., has created a product that could completely change the way we respond to an oil spill.

This product is called HYDRO-C6H6 and is a combination of Synthetic Rubber and other ingredients that form a powder that absorbs oil. These components are essentially non-toxic, making them a safer and more affordable product for use in nature. Currently, it can cost multiple millions of dollars and an extended amount

of time to clean up an oil spill. I visited an oil spill clean-up this past summer which cost over 3 million dollars for a relatively small spill that was discovered shortly after a pipe ruptured. This new technology, could have been applied to spill I visited and absorbed and eliminated the oil spill and its affects almost immediately. The long chain hydrocarbon molecules that make up Hydro-C surround and then encapsulate the undesired oil, making complete removal efficient and effective,

even in water.

While many argue that we must immediately shut down natural resource production across our country to prevent damage to ecosystems and climate, I would contest that the changes needed to address many environmental concerns are already very much available or in development. New technologies and advancing science are demonstrating to us every single day that there are often modern solutions for the modern problems we face today.

We produce in Alberta world class engineers out of the University of Alberta, who continue to apply their world class engineering skills and knowledge to the problems faced in our 21st Century Alberta economy. Alberta is currently home to hundreds of new and emerging technologies that will only help to advance our economic place in the world. So as we proceed into a new decade this knowledge reassures me that we can and should have hope in the economic future of Alberta.

YCFD MEMBERS HONOURED WITH LIFESAVING AWARD

Submitted by Yellow-head County

On Sunday, November 17,

YCFD crews responded to an early morning collision on Highway 16. In the process of tending to their duties, the emergency responders and several civilians would see their safety threatened by yet another crash.

Lt. Curtis Robinson and Fire Fighter (FF) James (Jim) Akers were tending to a Motor Vehicle Collision (MVC) on an extremely icy section of Highway 16 when an out-of-control tractor trailer veered off the highway and struck a Ledcor pickup-truck as well as a firetruck. The tractor trailer flipped and landed on the Ledcor pickup truck, which then burst into flames.

Thanks to the quick reaction of Lt. Robinson and FF Akers, the civilian driver of the original MVC and a Ledcor employee were able to get out of the out-of-control tractor's way. Lt. Robinson, along with an RCMP member, then retrieved the tractor's driver as the trailer was ablaze.

Lt. Robinson and FF Akers directed all individuals to move to a safe area off of the icy highway. Once more units arrived on scene, Lt. Robinson and FF Akers proceeded to assist in the efforts to control and extinguish the Ledcor pick-up truck and tractor trailer fire.

For their courageous efforts under duress, both men were awarded the Lifesaving Award. This award is presented to firefighters for performing acts in the line of duty, through prompt and alert action and at great personal risk, which specifically result in saving a human life.

CANADIANS WILL HAVE MORE PROTECTION AGAINST NUISANCE CALLS

Submitted by **Gerald Soroka, MP for Yellowhead**

Gerald Soroka, Member of Parliament for Yellowhead, is pleased to inform constituents that the Canadian Radio-television and Tele-

communications Commission (CRTC) has required all telecom service providers to implement a call-blocking system that will better protect Canadians against illegitimate and unsolicited calls.

These systems must be

implemented within their networks by December 19, 2019. The implementation of this system will mean that calls that do not come from a number that can be dialed or exceed 15 digits will be blocked before reaching the subscriber.

For more information, see: <https://www.canada.ca/en/radio-television-telecommunications/news/2019/12/call-blocking-comes-into-force-canadians-to-have-more-protection-against-nuisance-calls.html>

WE NEED YOU TO JOIN PEMBINA LOBSTICK HISTORICAL SOCIETY!

Submitted by **Melissa Killick, Tipple Park Museum**

Being part of the community means trying to help out and bettering the place where you live. There are a lot of organizations that bring new innovative ideas to the town of Evansburg, and we should be thankful for each and every one of them.

Did you know Tipple Park

Museum is run by the Pembina Lobstick Historical Society? We are a great society that supports exhibits, events, programs and educational experiences for the community. It has been a great year for the Museum. New community events have been introduced, and went exceptionally well. We would like to continue on this road.

In the New Year we are looking for community

members that can bring new ideas along with supporting the Manger in the never-ending growth of Tipple Park Museum. We are looking for people to fill various positions on the board. You do not have to live in Evansburg to join. We are looking for all surrounding community members.

If you, your friend or someone you know would be a great asset to our team please

join us at our: Wednesday, February 5, 7pm at Tipple Park Museum. If you just want to attend the first meeting to get a feel of what we do and offer, please do so.

We encourage any adult to join that would like to make a great impact on the community. If you have questions about joining the society please phone 780-727-2240 or email tippelparkmuseum@gmail.com.

LOBSTICK 4-H CLUB DIVERSIFYING

Submitted by Wyatt Bahrynowski, Lobstick 4-H club reporter

2019/2020 Lobstick 4-H Clubs year has begun !! We started with the annual weigh in at the beginning of November . This year saw 7 steers and 4 heifers projects weighed in But this year

our club has diversified and our weigh in included a bunny and even a puppy !

This year is an exciting one for the beef members of the club as it was approved to have a 2 day show and sale this year. Day 1 will include the heifers and cow/calf projects. Day 2 will feature the steer show followed by

the sale. As the show and sale days get closer in May , I will update everyone with the details.

Jan 4 was the day some of our members look forward to , but it was also the day some dread Communication Day , the day members get to speak in front of an audience . After a lot

of practice and preparation all our members did a great job on their presentations. Moving on to compete at districts are Seniors, Garyn Willett and Brody Laackman with their presentation on Archery Success. Intermediate - 1st place - Elizabeth Riehl with her demonstration of a melted crayon craft and 2nd place- Cordell Laackman and Aiden Brown with their presentation on Minecraft . Junior winner was Paisley Fontaine , who showed us how to make a real cool bracelet . Our club would like to thank AltaLink for sponsoring our communications day and special thanks to all our volunteer judges and timekeepers.

Good Luck to all our members who have qualified to compete on Feb 9 at District Communications.

It's been a great start to our 2019/2020 year , I will keep you all updated on all of our upcoming events.

CANADA LAUNCHES STRATEGIC ASSESMENT OF THERMAL COAL MINING – COALSPUR VISTA COAL MINE PHASE II PROJECT IN HINTON NOT DESIGNATED FOR FEDERAL REVIEW

Submitted by Gerald Soroka, MP for Yellowhead

Gerald Soroka, Member of Parliament for Yellowhead, would like to inform constituents that the Federal government is launching a strategic

assessment to guide how projects will be assessed under the Impact Assessment Act.

The Coalspur Vista Mine Phase II Project located in Hinton will not be designated for federal review as it will be covered under the provincial environmental assessment

process, which is currently underway. Should the project proceed, it will be subject to federal regulations.

More information is available at <https://www.canada.ca/en/environment-climate-change/news/2019/12/canada-launches-strategic-assess->

[ment-of-thermal-coal-mining.html](https://www.canada.ca/en/environment-climate-change/news/2019/12/canada-launches-strategic-assessment-of-thermal-coal-mining.html)

For details on the Impact Assessment Process see: <https://www.canada.ca/en/impact-assessment-agency/services/policy-guidance/impact-assessment-process-overview.html>

PARKLAND RCMP REQUEST ASSISTANCE TO IDENTIFY KNIFE WIELDING SUSPECT

Submitted by Parkland RCMP

On Dec. 2, 2019 at 7:12 p.m., Parkland RCMP responded to the Canadian Tire in Spruce Grove. An unidentified male was observed attempting to steal items from the store. The items were subsequently recovered by the Loss Prevention Officer outside the door. During this exchange, the suspect pulled out a knife and threatened the Loss Prevention Officer and a bystander who was assisting. The suspect then fled on foot.

The suspect is described as:

- Caucasian male
- 28 - 35 years' old
- Brown hair, short crew cut
- 5'9" tall
- 140 - 150 lbs
- Black jacket
- Blue jeans
- Red shirt
- Dark running shoes with white trim

Parkland RCMP are seeking to identify the suspect male. If you have any information, please contact the Parkland RCMP at 825-220-7267.

SUDOKU OF THE WEEK

Fun By The Numbers

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

ANSWER:

PREVAIL

CELLULAR HOMEOSTASIS FORMULA

MAX

A NUTRITIONAL BREAKTHROUGH THAT SUPPORTS YOU
...RIGHT DOWN TO THE LAST CELL!

How do you want your
BLOOD to look?

Before PrevailMAX:

- poor circulation
- low energy
- brain fog
- dehydration
- decreased nutrients
- pH imbalance
- poor endurance

After PrevailMAX:

- better circulation
- more vitality
- mental clarity
- cellular movement
- nutrient assimilation
- balanced pH
- optimal endurance

PrevailMAX™ is a nutritional breakthrough that delivers a rapid increase of internal blood cell pressure to speed absorption, enabling the body to take maximum advantage of the nutrients in foods and supplements. The electrolytes are small enough to penetrate your cell membranes, to bind with your cells, and to be carried wherever they are needed in the body.

At the microscopic level of human cells, **PrevailMAX™** supports healthy cell performance – a nutritional breakthrough for your cells.

When you use **PrevailMAX™**, you will feel more energy and an ability to focus like never before. Take a few sprays today and see just how good you can feel!
