COUNTY RESPONDS TO RISING WATER LEVELS

Submitted by Lac Ste. Anne County

Sangudo, Alberta, Saturday, May 23, 2020 – Lac Ste. Anne County continues to closely monitor water levels and weigh options to mitigate flooding events wherever practical. Primary areas of concern include

farmland, lakefront properties and County infrastructure. All rural tributaries to Lac Ste. Anne are full – if not overflowing. Where feasible for the County and its ratepayers, the County is working to retain flow until other water levels subside.

“Factors such as a heavy winter snowpack, steady

spring precipitation and saturated feeder tributaries have resulted in higher-than-average water table levels and overland flooding events,” stated Joe Blakeman, Reeve of Lac Ste. Anne County.

WHITECOURT RCMP MAKE ARRESTS IN TWO SEPARATE FIREARMS OFFENCES

Submitted by Whitecourt RCMP

Whitecourt, Alta. - On May 15, 2020 at 2:30 p.m. Whitecourt RCMP responded to a report of shots fired in the Woodlands County area. The report was false but a male was located on the roof of the house with a loaded rifle. The male was cooperative and was arrested without incident.

Jesse Caithness-McGregor (27) of Woodlands

County, Alta. was arrested for an outstanding warrant and charged with:

- Unauthorized possession of a firearm

- Careless use of a firearm

Jesse Caithness-McGregor was held for a judicial hearing. He was released and will be appearing in Whitecourt Provincial Court at 10:00 a.m. on July 28th, 2020.

While Whitecourt RCMP were in attendance at the first call, a second high pri-

ority call came in involving shots fired in the area of Woodlands County. Investigation revealed that a shot had been fired into the air. No one was injured. The 58-year-old male suspect was arrested without incident. He was released with conditions and is scheduled to appear in Whitecourt Provincial Court at 10:00 a.m. on July 28th, 2020. His name will not be released as his documents are waiting for judicial authorization.

County Responds to Rising Water Levels

Continued from Page 1

"This is the fourth consecutive year that the County has experienced an unprecedented amount of rainfall resulting in extensive flooding – including in areas where flooding has not historically been an issue."

At this time it has been determined that the weir managed by Alberta Environment (at the mouth of Sturgeon River on the east end of Lac Ste. Anne) is not a primary cause of high-water levels in the County.

It has also been determined that beaver dams and vegetation blockages are not core contributors to high-water levels. The County has an inventory of beaver dams for which it has obtained clearance from the Department of Fisheries and Oceans to remove at its discretion. Due to the present level of Lac Ste. Anne, the County is reluctant to displace natural mechanisms such as beaver dams.

However, the County will employ the measures required to protect residences, agricultural land and County infrastructure while remaining mindful of any secondary impacts these measures may have on adjacent communities downstream including Parkland County, Sturgeon County, and the City of St. Albert.

The County will continue to work with Alberta Environment and affected landowners to determine appropriate actions. In all cases, the County shall be considerate of all stakeholders involved when making these types of critical decisions.

Working in Collaboration with Adjacent Municipalities

When making decisions to lower the lake level to a reasonable degree, the County must consider neighbouring municipalities. St. Albert, Sturgeon County and Parkland County are dealing with similar issues regarding the safety of their citizens and the secondary impacts of their water

mitigation activities. Lakes, conveyance ditches, destination areas and other systems in neighbouring regions are at or near capacity due to water levels not seen in decades.

Adjacent municipalities have reached out to the County to offer assistance by way of tiger dams, sump pumps and other mitigation tools for those with critical infrastructure at risk, with the understanding that its systems are also at or near capacity. Similarly, the County will continue to work with its neighbours, and with Alberta Environment, to manage water levels and mitigate further damage to infrastructure and private property. The collective goal is to find practical, equitable solutions that protect the safety, infrastructure and assets of all involved to the greatest extent possible.

Affected landowners are thanked for their patience and understanding as the County continues to work to find solutions that are equitable for all parties involved.

JOKE of the week

A new business was opening and one of the owner's friends wanted to send him flowers for the occasion. The flowers arrived at the new business site and the owner read the card: "Rest in Peace." The owner was annoyed, and called to complain. "Sir, I'm really sorry for the mistake, and sorry you were offended," said the florist. "But even worse, somewhere there is a funeral taking place today, and they have flowers with a note saying, "Congratulations on your new location."

Address: _____

Phone: _____

Date: _____

Signature: _____

I, _____ being a current member of Ste. Anne Natural Gas Co-op Ltd. and an adult member in good standing accept the nomination and permit my name to stand for election as Director for Ste. Anne Natural Gas Co-op Ltd.

Address: _____

Phone: _____

Date: _____

Signature: _____

****Please attach a summary of your qualifications, skills and experience to effectively fulfill the responsibilities of Director.****

TEAR OUT

CORONAVIRUS (COVID-19) UPDATE FOR WHITECOURT

Submitted by Town of Whitecourt

The Town of Whitecourt continues to monitor the COVID-19 health emergency across Alberta. Here are some reminders surrounding closures, gatherings and travel for the community.

Whitecourt's Reopening Strategy

With the guidance and recommendation from the Government of Alberta, Whitecourt will be following a phased in approach to reopen public facilities and amenities. Community members are asked to follow the Whitecourt Facebook page and website as updates on the reopening of facilities will be posted when available.

The following outdoor areas and amenities remain open for public use in Whitecourt:

- Parks and Open Spaces (including baseball diamonds, soccer fields) for spontaneous use and unorganized sports only;
- Off Leash Dog Park;
- Trails;
- Riverboat Park Boat Launch;
- Neighbourhood courts (basketball, tennis) for spontaneous, non-contact, unorganized sport only.

Per the current public health guidelines, the following recreational amenities remain closed for public use:

- Playground structures in Town-owned parks;
- Skate Park;

• Whitecourt River Slides and Splash Park: Per the Province's guidelines, the Whitecourt River Slides and Splashpark will remain closed. Both water features are considered pools and are required to remain closed as any potential reopening is included in stage 3 of Alberta's Relaunch Strategy.

The Town anticipates a reopening decision for playground structures may be

made within the next two weeks, once the Province releases operating guidelines that allow the Town to establish appropriate safe use measures that are consistent with their recommendations.

Campfires

There is currently no fire ban within the Town of Whitecourt. Fires are allowed in permitted fire pits. If you are travelling outside of Whitecourt, please visit

www.albertafirebans.ca for information on fire restrictions and bans in other jurisdictions.

Garage/Yard Sales

It is strongly recommended that garage/yard sales not be held at this time due to the current provincial restrictions on gatherings and the recommendation for all Albertans to practice physical distancing.

LA LAW

LARRY D. AYERS, B.Sc, LL.B.

Email: larry@ayerslawco.com

Dear Clients:

Greetings from LA LAW.

We are taking this moment to send a contact note to all our clients to inform you that even through the uncertain events we are all facing, our office is remaining open to assist you with your needs on a pre-booked appointment basis.

We are available during usual office hours (after hours when urgently required). As designated essential service providers we know of the continued requirement of our clients to keep their affairs moving along in an orderly manner.

Whether a move is in the near future or there is concern brought on by the current health uncertainties requiring updating of Estate Planning documents, or should you have other legal matters, we remain at the ready for you.

If Estate Planning update is on your mind this might be a good time to attend to it particularly if the work slow-down has sent you home with time on your hands. Your telephone call, fax or e-mail will receive our prompt attention. As you will understand, during this worldwide crisis the bulk of our contact must be by means of telephone and electronic communication but when it comes time for document signing, cautionary measures will be made to ensure a safe outcome. Since everyone is feeling the pinch of our stalled economy, please ask about our reduced fee rates in several key areas.

RCMP REQUEST PUBLIC'S ASSISTANCE TO IDENTIFY PERSON OF INTEREST

Submitted by Parkland RCMP

On April 27, 2020 at approximately 8:45 p.m., Parkland RCMP and the Parkland Fire Department were dispatched to a structure fire in the area of Township 540 and Range Road 280, the Oakwood Estates subdivision. The structure was a new home that was under construction. The cause of the fire is under investigation and is considered to be suspicious.

On the same date at approximately 8:00 p.m., video surveillance showed an unknown

Caucasian male, believed to have a shaved or brush-cut hairstyle, arrive at the location. The male was driving what appears to be a 2000-2003 dark-colored single cab GMC Sierra 2500 4X4 with a push bumper, a chrome headache rack, a black ladder rack at the rear of the bed and toolboxes inside the truck bed.

The Parkland RCMP would like to speak to the driver of the truck. If you recognize the driver and /or the vehicle please contact the Parkland RCMP at 825-220-7267 or call your local police.

GOLFER'S GUIDE

POPULAR GOLF COURSES AROUND THE WORLD

The Masters Tournament is the first of golf's four major championships in the calendar year. Competitors tee off at the Augusta National Golf Club in Augusta, GA, in April 2020. Americans Tiger Woods and Patrick Reed are the two most recent Masters champions, and fans are already eager to see who earns the fabled green jacket this year.

Televised golf competitions often inspire people to hit the links. People with a passion for golf may want to check out some of the top courses in the world, as ranked by leading golf resources and experts.

• Ballybunion: This Irish course was touted as "nothing less than the finest seaside course" by famed golf writer Herbert Warren Wind. The course hosted the 2000 Irish Open, but lack of other tournaments can be attributed to its remote, albeit beautiful, location

• Cypress Point: This club sits at the foothills of the Santa Lucia Mountains at the tip of the Monterey Peninsula in California. Located in coastal dunes and on rocky coastlines, Cypress Point is often noted for its dramatic holes along the Pacific Ocean.

• Pine Valley: Located in Pine Valley, NJ, this course, which is more than 100 years old, boasts some formidable hazards with sophisticated green expanses.

• St. Andrew's: This historic course in Scotland has hosted the Open Championship (once known as The British Open) a record 29 times. Historians believe golf originated in Scotland,

and people have been playing on this course since the 15th century. Massive greens, cavernous bunkers and a brilliant layout contribute to its distinguished history.

• Shinnecock Hills: This course in Southampton, NY, is a very old club built in the tradition of Scottish courses. This was likely the inaugural American golf course design, and the Shinnecock Hills Golf Club was one of the five founding members of the United States Golf Association.

• Augusta National: Home to the Masters, Augusta is considered a golf paradise by many. The sheer beauty of Augusta has made it a staple on many golfers' bucket lists, even if only a few may get to walk its fairways with club in hand.

Golf has a storied history, and that history is on display at various jaw-dropping courses across the globe.

RCMP REQUEST PUBLIC ASSISTANCE TO LOCATE MISSING MALE

Submitted by Parkland RCMP

Parkland RCMP are asking for the public's assistance to locate a missing 37-year-old male.

Sean Kirkland was last seen

on April 27, 2020 in Spruce Grove. RCMP are concerned for his safety and would like to speak with him.

Sean Kirkland is described as:

- 6'
- 200 lbs
- Salt and pepper colored hair

- Blue eyes

If you have any information in relation to Sean Kirkland's whereabouts, or have been in contact with him, please contact the Parkland RCMP at 825-220-7267 or your local police.

MESSAGE TO MY CONSTITUENTS

Submitted by Gerald Soroka, MP for Yellowhead

Provinces are slowly easing health restrictions after being shut down for weeks. While we

are not out of the woods yet, there is reason for cautious optimism here in Yellowhead and across the country.

However, the Trudeau government has been slow to react from the very beginning of this

crisis, and their failures have cost Canadians.

They spent the cupboards bare in the good times and were unprepared when the pandemic hit. Their failure to close our borders allowed the virus to spread. Their inability to maintain Canada's national stockpile of personal protective equipment meant there weren't enough medical supplies when our doctors and nurses needed them most. Their failure to get federal COVID aid programs right the first time has allowed businesses and workers to fall through the cracks.

We cannot afford to have Liberal failures derail provincial efforts to get our country back on track. But that is precisely what federal programs are threatening to do.

For example, for those Canadians who want to work but who lost their jobs due to the pandemic, the Canada Emergency Response Benefit (CERB) and the Canada Emergency Student Benefit (CESB) both prevent you from earning more than \$1,000 per month. As businesses open and have shifts to fill, their employees will be penalized for returning to work under the Liberals' program. That's wrong.

Conservatives are calling on the Trudeau government to make programs like the CERB more generous and more flexible so that no one is worse off going back to work or picking up a shift.

Liberal failures must be fixed before it's too late.

Access the new digital self-assessment tool to find existing and new federal benefits and programs by following these steps:

1. Access the [Canada.ca](https://www.canada.ca) website and select your language preference
2. Select *Get The Support You Need*
3. At the bottom of the Support for individuals section, click on *Answer a few questions to get a list of benefits and support tailored to you.*
4. Click on *Start now*

LAC STE ANNE COUNTY NEWS HIGHLIGHTS

Submitted by Lac Ste. Anne County

COUNCIL DECLARES SENIORS WEEK JUNE 1 - 7

Acknowledging the many contributions of our senior community members in the honour of past, present and future contributions of seniors of this community and throughout Alberta, County Council declared June 1-8,

2020 to be Seniors' Week. INFORMATION UPDATE: BRIDGE COLLAPSE

County provides details on the May 20 bridge collapse

On Tuesday, May 12, 2020, a bridge (BF09350) located on Range Road 81 roughly 600 metres north of Township Road 574 collapsed, resulting in a hazardous materials release into the Little Paddle River.

Upon notification of the collapse, the County's Fire Services and Enforcement Services teams responded and controlled the scene.

First and foremost, the County is thankful that no injuries resulted from this incident.

Following the incident, and over subsequent days, clean-up and investigative services have been deployed from the following provincial and municipal departments:

unicipal departments:

- Lac Ste. Anne County Fire Services
- Lac Ste. Anne County CPO services
- Alberta Environment
- Alberta Transportation
- Lac Ste. Anne County Public Works and Infrastructure

Cleanup of the site continues, and Alberta Transportation has launched an investigation into the BF09350 incident.

The bridge under investigation had warning signs in place that warned traffic of the maximum allowable weight restrictions. The site signage showed varying allowable axle configurations of 12t, 14t and 22t.

Investigators are reviewing the above weight restrictions and comparing them against the incident vehicles gross weight and width dimensions. These are being considered major possible contributing factors to the failure of the bridge.

About the bridge

Built in 1910, BF09350 is part of the ongoing Alberta Transportation Inspection Program. The bridge has undergone numerous inspections, upgrades, parts replacements and service work dating from the beginning of the County record until present day. In September of 2000, BF09350 underwent refurbishment work. As a result, it was taken out of Alberta Transportation's 3-year inspection rotation program and placed in a longer cycle (meaning the refurbished bridge qualified for a longer time period between Alberta Transportation inspections).

Alberta Transportation inspected BF09350 as in 2005, 2012, 2015 and 2019. Upon recommendation from a 2014 report, the County installed posted loading signs.

About the County's bridge management program

The County is home to more than two hundred bridges of various size and structure. Maintenance of these structures falls under the purview

PREVAIL

CELLULAR HOMEOSTASIS FORMULA

MAX

A NUTRITIONAL BREAKTHROUGH THAT SUPPORTS YOU ...RIGHT DOWN TO THE LAST CELL!

How do you want your BLOOD to look?

Before PrevailMAX:	After PrevailMAX:
poor circulation	better circulation
low energy	more vitality
brain fog	mental clarity
dehydration	cellular movement
decreased nutrients	nutrient assimilation
pH imbalance	balanced pH
poor endurance	optimal endurance

PrevailMAX™ is a nutritional breakthrough that delivers a rapid increase of internal blood cell pressure to speed absorption, enabling the body to take maximum advantage of the nutrients in foods and supplements. The electrolytes are small enough to penetrate your cell membranes, to bind with your cells, and to be carried wherever they are needed in the body.

At the microscopic level of human cells, **PrevailMAX™** supports healthy cell performance – a nutritional breakthrough for your cells.

When you use **PrevailMAX™**, you will feel more energy and an ability to focus like never before. Take a few sprays today and see just how good you can feel!

PEDESTRIAN STRUCK BY TRAIN

Submitted by Parkland RCMP

On May 13, 2020 at 8:26

p.m. Parkland RCMP were dispatched to a report of a pedestrian being struck by a train. The pedestrian did

not survive. As a result, three train crossings were blocked within Stony Plain. The crossings opened at ap-

proximately midnight. The investigation is closed and no further information will be provided.

Lac Ste Anne County News Highlights

of the Public Works Department in accordance with the Municipal Government and Public Highways Acts The County's Annual Bridge Replacement Program includes upgrades, improvements and, where required, replacement to select bridge structures in the County.

Until 2012, the County received significant provincial grants to support the ongoing capital maintenance of its bridge infrastructure. Between 2012 and 2017, however, the County was given no provincial funding to support its bridge maintenance program.

Regardless of provincial funding, the County proceeds with bridge infrastructure rehabilitation projects each year.

In the absence of provincial funding, these projects are funded by tax dollars. As provincial funding is made available, these funds offset bridge maintenance projects to varying degrees.

The County is proud of its resourceful and proactive approach to bridge management. The County has made great strides – often with little or no provincial funding – to keep its bridge program current. All 2019 bridge rehabilitation projects have been completed.

INFORMATION UPDATE: ADMINISTRATION OFFICE

County launches lawsuit over administration building

Lac Ste. Anne County has taken measures to address the challenges associated with the

ongoing administration building issues. The County Manager is leading a team which is developing and assessing solutions for the problems associated with the Building. The goal of the County in addressing solutions is to ensure that the interests of the County residents and ratepayers are addressed, and that they have a quality Building to support the important services the County delivers.

To protect the County's interests, the County has initiated a lawsuit against the parties involved in the project execution, design, and construction of the Administration Building. This lawsuit is progressing; however, the public is reminded that, based on advice from

the County's Legal Counsel handling the lawsuit, limited information can be shared until the lawsuit is concluded.

County Council and Administration sincerely thank ratepayers for their continued understanding and cooperation as they work to bring this matter to conclusion. Updates on this matter on the County's website and social media channels.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

MAY 2020

Lawn & Garden

The Businesses in the following Guide can be your One Stop Solution to all your Lawn & Garden Needs!

3 PERENNIAL GARDENING POINTERS

Gardening is an engaging hobby that can provide a host of benefits, some of which may surprise even the most devoted gardeners. For example, the Harvard Medical School notes that just 30 minutes of gardening activities burns 135 calories, making gardening a fun and simple way to incorporate more exercise into your daily routine. In addition, scientists have long proven that gardening releases the hormones serotonin and dopa-

mine in the brain, each of which are associated with improved mood.

Perennial gardens can be especially attractive to seasoned gardeners and novices. Perennials are plants that come back year after year, and committing to a perennial garden can ensure people stick with gardening for the long haul, reaping all of the rewards that come with making such a commitment.

Before planting a perennial garden, those new to gardening may

want to consider these three tips.

1. Make a plan.

A perennial garden comes back year after year, which means any mistakes you make when planting are likely to haunt you year after year as well. Factors like space and location must be considered before planting. Many gardeners utilize garden planning applications like GrowVeg to make the process of planning a garden simpler and more organized. Such applications can be especially useful for novices.

2. Consider aesthetics.

Gardens can be awe-inspiring, especially when gardeners consider aesthetics prior to planting. The DIY Network advises gardeners to consider scale before choosing which perennials to plant. Tall plants and wide beds tend to look best outside large

homes, while short plants in small beds tend to look better outside small homes.

3. Work with a professional.

Local garden centers can be excellent resources when planning perennial gardens. Representatives at such businesses can offer tips on native plants, which will be more likely to thrive year after year than non-natives. Such representatives also can help you choose the right plants based on the amount of sunlight the plants will likely get after being planted. Each of these factors can be easily overlooked by people without much gardening experience.

Perennial gardens can provide years of joy and inspiration, especially when gardeners give ample attention to certain details prior to planting.

Obituaries

On Thursday May 21, 2020, Andrew De Zaeyer of Lac La Nonne AB passed away in Keir Care Barrhead, AB at the age 93. Andrew was predeceased by his loving wife, Eileen; last month only 44 days earlier, after 65 years of marriage. Dad will be remembered in many different ways, he worked

hard and enjoyed mixed farming for most of his life until retiring. He also worked at the Barrhead Co-op for many years to help supplement the farm. His memory was excellent right up to his dying day; he could tell/direct us with ease and perfection where to find anything in his garage or farm. He took pride in everything he did, enjoyed challenges, was knowledgeable, he always said "if you don't try, how will you know you can do it or not". There was nothing he could not do on their farm. The history of his lifetime surrounding area" he knew very well, we were astounded with the details he remembered, especially after all those years ago. That knowledge made him very interesting to listen too. One of his favorite pastimes was visiting... he could visit with anyone, any age, young

children and babies adored dad. He could be a trickster at times to... when he caught someone, he would get that big smile on his face, clap his hands, stomp his foot with joy. Andrew is survived by his five children, Andy (Marlene), Marilyn (Gerry), Judy(Alvin), Loreen (Paul) and Dianna (David); eleven grandchildren and 17 great-grandchildren; sister-in-law Carol. At the very end he had a few people who made sure to contact him often. Those phone calls and visits when mom was in Keir Care helped pass his very lonely days. Gary, Stephen and Vic were names dad mentioned proudly. He was the last surviving of 13 children born to his parents Guillaume and Mary (nee Borle) who immigrated from Belgium in the early 1900's. Dad will be greatly missed. A family interment will be held for both Dad and Mom at a later date. (1) 26-05

Dog Caretaker

Alberta Beach & Surrounding Areas, thinking of a Winter Getaway? Worried about leaving your dog in a kennel? Don't worry anymore, you can leave your pet with me! PURE HEMP CBD PRODUCTS

AGING IS INEVITABLE - LOOKING AND FEELING OLD ISN'T!

WHAT IS CBD?

A Health and Beauty Breakthrough!

Cannabidiol, CBD, is one of over 80 active cannabinoid chemicals in the hemp plant. CBD, unlike, THC, does not produce euphoria or intoxication. CBD targets specific receptors in the cells of your brain & body. There are many physical and mental benefits to using CBD products for both treatment and prevention of numerous ailments.

Therapeutic Uses For Pure Hemp CBD

Supports healthy blood sugar levels, promotes healthy energy levels, relieves anxiety, aids in digestion, supports optimal immune function and the regeneration of healthy cells, and promotes a sense of serenity and overall well-being.

Anti-Aging Uses For Pure Hemp CBD

Promotes more youthful skin, provides hydration, enhances radiance, lessens age lines as well as the appearance of dark spots.

KEY BENEFITS

PAIN RELIEF: Known to reduce vomiting & nausea; suppress muscle spasms; reduce seizures & convulsions.

PROMOTES HEALTH: Helps to promote relaxation and overall health.

WELL-BEING: Helps to relieve anxiety, aid in digestion, supports optimal immune function and the regeneration of healthy cells.

CBD PET PRODUCTS

PET CHEW TREATS

KEY BENEFITS

SYNERGISTIC BENEFITS: Can be used in conjunction with regular medications with no side effects.

NO SIDE EFFECTS: Does not damage the liver, kidney or GI Tract like OTC medication.

DIETARY SUPPLEMENT: Can be administered daily as part of your pet's diet.

ORAL SPRAYS & DROPS

KEY BENEFITS

MANAGES PAIN: Helps to treat inflammation, arthritis and joint pain.

TREATS DIGESTIONAL ISSUES: Helps with loss of appetite, nausea, IBS and gastrointestinal swelling.

GENERAL HEALTH: Helps to manage mood, anxiety and general joint pain. For healthy, happy pets.

CONVENIENT: Can be sprayed into pet's mouth or on food.
