# THREE CHARGED IN AN INTERNATIONAL LUXURY VEHICLE EXPORT FRAUD

**Submitted by Alberta RCMP**

Alberta RCMP's Federal Serious and Organized Crime (FSOC) section have charged three individuals in a multi-million-dollar luxury vehicle export scheme where several Canadians were defrauded in the purchase amount of the vehicles as a result of an investigation.

Those charged are Duy (pronounced "U-we") Hung Nguyen (38), Quyen Hong Tran (61) and Thi Kim Hoang Quan (29).

On June 9, 2020, Duy Hung Nguyen was arrested in Burnaby, B.C. and charged with the following Criminal Code offences:

- Fraud over \$5,000
- Make forged documents
- Utter forged documents
- Cause forged documents to be used
- Money Laundering
- Trafficking in proceeds of crime, and
- Utter threats to cause death or bodily harm.

On June 9, 2020, Quyen Hong Tran was arrested in Edmonton and charged with the following Criminal Code offences:

- Fraud Over \$5,000
- Money laundering, and
- Trafficking in proceeds of crime.

On June 11, 2020, Thi Kim Hoang Quan was arrested in Leduc County and charged for the following Criminal Code offences:

- Fraud over \$5,000
- Make forged documents
- Utter forged documents
- Money laundering, and
- Trafficking in proceeds of crime.

This investigation was supported by The Financial Transactions and Reports Analysis Centre of Canada, Alberta Gaming Liquor & Cannabis, Canada Revenue Agency, Alberta Motor Vehicle Industry Council, Canada Border Services Agency, Insurance Bureau of Canada, Edmonton Police Service, Ontario Provincial Police, Saskatoon Po-

lice Service in addition to numerous Financial Institutions, Vehicle Dealerships, Vehicle Crating Companies and freight forwarding companies.

After analyzing data obtained through these partnerships and various investigative techniques, the Alberta RCMP FSOC investigation determined that in a period of a year, Nguyen was using multiple Straw Buyers and associates in order to fraudulently purchase vehicles and export them to Vietnam for their resale.

This investigation linked Nguyen to the purchase and exportation of 43 luxury vehicles. Those funds were then filtered back to Nguyen in Canada, and not the Straw Buyers. The financing associated to the vehicles defaulted, resulting in the loss of over \$2.6 million to various financial institutions and ruined the credit of the Straw Buyers for defaulting on their loans. The approximate value of the 43 vehicles sold in Vietnam would be \$10 Million

Canadian.

"The victims of this scheme have suffered considerable loss, including bankruptcy, financial ruin and mental and emotional stress," said Cst. Phil Pinon, FSOC. "If you do not need to purchase a vehicle for yourself, do not purchase a vehicle at all. You will be held solely responsible for the payments and the effect it will have on your financial status."

It is believed that that Nguyen has conducted the same fraud in other jurisdictions across Canada and has used the following aliases: Ken, Mike, Hung, Tomy and Ryan. If you have been victimized by Nguyen, you are asked to contact Edmonton FSOC at 780-412-5530 or KSOCEdmon-ton@rcmp-grc.gc.ca.

Albertans are reminded that they are responsible for any asset purchase or loan they obtain in your name. If you allow someone else to use your name or your credit, you are responsible and you are legally accountable for that purchase.

# TAKEOUT STILL CRUCIAL TO RESTAURANT SURVIVAL AMID RE-OPENINGS: ORDER WINGS ON THE NEXT #TAKEOUTDAY

**Submitted by Canada Takeout**

Thousands of pounds of wings are expected to fly out of restaurants across the country in a show of support as Canadians order takeout or delivery on #TakeoutDay: Wing Edition on Wednesday,

June 17.

Wing fans can look forward to unique wing flavours and styles as diverse as the country itself. For Caribbean cravings, Crazy Jerk, a family-owned hot spot in Calgary is serving up their famous jerk and barbecue-fried wings. The Beer Hunter Bar & Grill in

Spruce Grove has 20+ feature flavours.

Throughout the current pandemic, #TakeoutDay has become a mainstream movement, with Canadians ordering takeout or delivery on Wednesdays to support local restaurants. This has made a powerful impact on keep-

ing restaurants in business, and according to Restaurants Canada, 95 per cent of revenue from restaurants go directly back into the economy, which means that when you treat yourself to wings this Wednesday, you'll be treating the country too.

# ONLINE CONSULTATIONS LAUNCHED ON PMPRB REGULATORY CHANGES

**Submitted by Gerald Soroka, MP for Yellowhead**

Gerald Soroka, Member of Parliament for Yellowhead, is pleased to inform constituents that Conservatives were successful in pressuring the federal government to delay the planned implementation of the Patented Medicine Prices Review Board (PMPRB) regulatory changes.

The changes that were scheduled to come into effect on July 1 have been postponed until January 1, 2021.

"These delays will allow us to gather additional feedback from patients, stakeholder groups, and concerned Canadians. Many constituents reached out to me expressing concern that their regulatory changes would limit access to life-saving medications for Canadian patients."

Conservatives have launched online consultations to gather feedback from Canadians on the government's Patented Medicine Prices Review Board (PMPRB) regulatory changes.

"This is an opportunity to ensure that the PMPRB regulatory changes accurately reflect patients' needs and will not deter new medications from being introduced to the Canadian market."

Those wishing to give feedback can visit [www.pmprbconsult.ca](http://www.pmprbconsult.ca) and fill out the feedback form, which will be available until September 4, 2020.

# A MESSAGE FROM MLA MARK SMITH

**Submitted by MLA Mark Smith | Drayton Valley – Devon Constituency**

I hope that you have all been able to enjoy the warmer weather and spend some time outdoors. At long last, playgrounds and parks across our community are reopening. I encourage you to explore these local places – while maintaining physical distancing, of course!

This week, our government continued its work to make life better for Albertans. New pieces of legislation were introduced to help tackle the issues that matter to our community, including creating an Alberta Parole Board, addressing the health harms of smoking and vaping in youth, and freeing up police and courts to make Alberta safer. All of these proposed laws live up to our promises to Albertans.

I am happy to share that our government is reducing

red tape for Alberta businesses. These businesses can now incorporate and get their federal business number and federal tax program account number in one easy step, and it will be easier to access services at different levels of government. In addition to streamlining the incorporation application process, the federal business number enables Alberta businesses and non-profits to identify themselves by using a single identifier, instead of different registration numbers. By reducing red tape, our government is saving businesses and non-profit organizations valuable time and resources that have previously been spent on needless bureaucracy.

This week, our government introduced new legislation to help restore capacity in the justice system and make our roads safer. Bill 21, or the Provincial Administra-

tive Penalties Act, proposes a simplified, accessible and swift system for resolving matters involving impaired driving, traffic tickets and other traffic safety offences. By removing these matters from the court system, our province will save thousands of hours of police and court time per year, ensuring Alberta's prosecutors and courts are able to focus on the most serious justice matters. The bill would also introduce a new Immediate Roadside Sanction program in late 2020, which would keep our roads safer by providing serious, immediate and escalating consequences for all impaired drivers. This new legislation will help take pressure off the legal system and ensure that impaired driving is taken seriously in our province.

Our government has also announced that it is investing \$5 million to help build school playgrounds across

the province. This funding will support 18 school divisions to build playgrounds, supplementing their fundraising efforts that are already taking place. Funding for playgrounds will address playgrounds at schools that were replaced on the same site as their original building, as well as new school projects announced between April and December 2013 where the playground has not been built. Playgrounds are a fundamental part of any school community, and our government is helping ensure that these important spaces are open to children across Alberta.

I am happy to see all of the hard work that members of our community are doing to help prevent the spread of COVID-19, even as our province reopens. For further information on how to protect yourself and your loved ones from COVID-19, visit [alberta.ca/covid19](http://alberta.ca/covid19).

# MP SOROKA CO-HOSTS VIRTUAL TOWN HALL ON FIREARMS BAN

Submitted by Gerald Soroka, MP for Yellowhead

OTTAWA: Gerald Soroka, Member of Parliament for Yellowhead, would like to thank everyone who responded to his post on Facebook and participated in the virtual town hall he co-hosted with Dane Lloyd, MP on the government's firearms ban.

Many constituents raised concerns over the new gun regulations, which in many cases arbitrarily ban certain firearms and noted that this does little to combat illegal guns, most of which are smuggled in from the US.

MP Soroka stated, "Many police chiefs are coming out and saying that this ban is

not going to do anything to combat gun crime. Unfortunately, the Liberals don't want to listen to anyone whose views don't fit their narrative."

"The fact of the matter is that the vast majority of illegal guns are smuggled in from the US. These changes do nothing to address that. Once again, we have a case of the Liberals punishing honest, hard-working Canadians to make a symbolic gesture that does nothing to affect the underlying issue."

"The money the government is spending on this, which could be up to a few billion dollars, would be better spent keeping guns out of the hands of criminals".

# CITY OF LEDUC PREPARES FOR STAGE TWO OF RELAUNCH

**Submitted by City Of Leduc**

The Government of Alberta announced stage two of their relaunch strategy yesterday with the notable lifting of restrictions on more businesses, sport and recreation services and gathering capacities starting June 12. With the announcement, the City of Leduc is assessing and determining feasible timelines and conditions for the reopening of city-owned facilities such as the Leduc Recreation Centre, Alexandra Outdoor Pool, Maclab Centre for the Performing Arts and Leduc Spray Park. Additional details and opening dates for these facilities will be announced as soon as plans are finalized to ensure public safety in each space. The city will continue to work with business owners to help meet provincial requirements for reopening.

“There is light at the end of

the tunnel with stage two of Alberta’s relaunch strategy moving forward, says Leduc Mayor Bob Young. “There are still a lot of complexities to the reopening of these facilities and we appreciate the continued patience and understanding of our residents as we work to bring these amenities back to you.”

As permitted by the provincial government, the following can open with restrictions:

- K-12 schools, for requested diploma exams and summer school, following guidance
- libraries
- more surgeries
- wellness services such as massage, acupuncture and reflexology
- personal services (esthetics, cosmetics skin and body treatments, manicures, pedicures, waxing, facial treatments, artificial tanning)
- movie theatres and theatres

- community halls
- team sports

## SUDOKU of the week

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

# LEDUC TAKES STEPS TO LIGHTEN FINANCIAL PRESSURES ON TAXPAYERS

**Submitted by City Of Leduc**

Recognizing these unprecedented times under a global pandemic, Leduc City Council and administration have identified financial strategies to help alleviate pressures felt by taxpayers,

which include:

- No tax revenue increase to both residential and non-residential ratepayers
- Moving the tax deadline from June 30 to Aug. 31
- Allowing businesses to defer, upon request, the payment of taxes until Dec. 31, 2020

- Waiving penalties on taxes for the remainder of the year

“Our current state is unparalleled and something many of us never thought we’d see in our lifetime, yet our role as community leaders is to not only acknowledge these unique hard-

ships, but do all that we can to help ease the burden on taxpayers,” says Leduc Mayor Bob Young. “We know city administration has placed a concerted effort to identify savings to cover forecasted revenue loss through a number of areas, including staffing savings, reductions in contracted services, and materials and supplies; knowing we’re not looking to increase taxes on residential and non-residential property owners.”

Since the start of the COVID-19 pandemic, the City of Leduc has also tapped into its emergency fund, Mill Rate Stabilization Fund, to help alleviate operating pressures and continues to explore other means to help find cost savings while maintaining service levels.

What’s proposed overall would see an annual tax decrease of an average of \$260 per household (based on an assessment of \$325,000), and \$1,050 for non-residential ratepayers (for every \$1 million in assessed value). This was achieved through no tax revenue increase and up to a 2.75 per cent reduction relating to the Provincial Education Tax for 2020. In 2019, the city made an estimate relating to the education tax in anticipation of the provincial budget, which was released after the city’s fiscal budget year. As a result, there is a small savings in 2020 due to the city’s conservative estimate.

The 2020 Property Tax By-law will go before council for second and third read on Monday, June 22, 2020. Visit <https://www.leduc.ca/city-council/council-meetings-minutes> to watch council meetings live online.
