SUMMER 2020 AT TIPPLE PARK MUSEUM

Museum

Tipple Park Museum is excited to announce our partial re-opening! We are offering summer programming for children of all ages. Little ones can enjoy

Submitted by Tipple Park our Half-pint Craft Hours on certain Fridays. Children aged 7-12 are invited to join our Pioneer, Nature, and Viking Day Camps! Pre-registration will be required for all programming at this time. On Fridays and Saturdays we will be open to

the public from 10-5:00 so don't forget to check out our "Entwistle: The Toughest Town on the Frontier" exhibit. For full details on our program offerings and our re-opening please visit: www.tippleparkmuseum. net

A 120 KM JOURNEY - 1 STEP AT A TIME

Submitted by Pembina Lobstick Historical Society

In mid-June, Jakob Kubke walked from Edmonton to Evansburg over three days, for a total of about 120km. When he was asked "Why?"

his response was the following.

"I like hiking, but I love distance walking.

You don't have to keep looking at your feet. In fact, you don't have to think about walking at all, so it

is very meditative. You are free to always look around. I like seeing a familiar area from a different perspective. It really makes one see how huge this country is.

CANADA INVESTS IN CLEAN TECHNOLOGY FOR ALBERTA'S NATURAL RESOURCES SECTORS

Submitted by Gerald Soroka, MP for Yellowhead

OTTAWA: Gerald Soroka, Member of Parliament for Yellowhead, and Deputy

Shadow Minister for Natural Resources (Forestry and Mining) is pleased to inform constituents that the government will be investing \$6 million in our Natural Resources sector.

The investment is being made as part of the Canadian Emissions Reduction Innovation Network (CERIN) initiative, which aims at accelerating the development of technologies that reduce methane emissions in the oil and gas sector.

These investments will inform protocols and standards for the detection and mitigation of methane emissions. This investment builds on private sector investments and innovations that have transformed Canada's oil and gas sector into one of the cleanest and most ethical in the world.

For more information on CERIN, please visit https:// bit.ly/CERIN-GS

A 120 km JOURNEY - 1 STEP AT A TIME

Continued from Page 1

It's an opportunity to simply get out and enjoy the outdoors, live in the moment, and reflect. And you barely have to spend a penny to do it.

My first three-day walk was in England; it was a bit of a "pilgrimage". My destination was a cathedral. A pilgrimage is simply a walk with a spiritual destination. But people usually discover that with pilgrimage the journey is more important than the destination. The adventure, the challenge, the patience, the build-up -- that's what makes the destination all that much better. Pilgrimage is a physical enactment of a journey happening inside of you. It represents the journey of life in condensed form, with its ups and downs. In my experience, it was a powerful symbol of the journey to heaven, and reaching the cathedral felt very much like heaven on

earth.

But people can undertake a pilgrimage even if they are non-religious. When walking for a long period, away from the distractions of everyday life, your mind is forced to work through questions and issues that you may be putting off with distractions. It can force you to face yourself, examine yourself, even if it is difficult. The Journey, both physically and inwardly, can be known by everyone. And, no offence to Evansburg, the destination doesn't actually have to be all that astounding.

Additionally, I usually undertake my walks with some historical thinking in mind. This time, I was sort of "re -enacting" the journey of Mr. Harry Evans, who made a journey from Edmonton to the Pembina River in 1907 in hopes of establishing a coal mine. I went on foot over three days. Apparently, it took him two days on horseback. My journey was 113 years after his. Day 1

I began at the Legislature building which would have been under construction in 1907. I had some family and a friend see me off which was great!

It took me about 3 hours to get out of Edmonton. I walked along highway 628 for 6 hours straight, which felt very long indeed. Dealing with traffic can be annoying, but for the most part it wasn't too bad.

My first destination was my parents' house near Stony Plain. It turned out to be 45km and it took 10 hours.

My father joined me for the final three hours, which was a big morale boost. Day 1 was not kind to my feet. I was wearing new shoes, and I got some pretty bad blisters.

Page 4 Community VOICE July 14, 2020 ALBERTA RECEIVES \$244 MILLION TO FUND PRESSING INFRASTRUCTURE NEEDS

Submitted by Gerald Soroka, MP for Yellowhead

Gerald Soroka, Member of Parliament for Yellowhead, would like to inform constituents that Alberta has received \$244 million through the federal Gas Tax Fund (GTF) for the 2020–21 fiscal

year to fund its most pressing infrastructure needs.

The GTF provides communities with stable and flexible funding for their infrastructure priorities across a wide range of categories.

The table below indicates the recipient and allocation 2020-21 (\$) distribution to the Yellowhead communities, excluding administrative funding.

Parkland County is reviewing their Land Use Bylaw 2017-18 to better accommodate holistic health and wellness opportunities and are looking for resident, business owner and potential business owner input!

How to participate:

- Visit the virtual open house (link) to find project information, like the draft Land Use Bylaw changes.
- Tour the virtual room and post your comments, concerns or questions on the feedback page.

Our project team will be online and available to chat on:

- Wednesday, July 15 from 1:00 p.m. 4:00 p.m.
- Thursday, July 16 from 4:00 p.m. 7:00 p.m.
- Missed chatting with the project team? Not to worry! You can leave your comments, questions or concerns on the feedback page at any time or email them directly.

If you are not able to attend the virtual open house or would like more information on the proposed amendments, please email Feinan Long, Long Range Planner, at feinan.long@parklandcounty.com

July 14, 2020 A 120 km JOURNEY - 1 STEP AT A TIME

Continued from Page 3

Day 2

I had a friend join me the first three hours. When I first started walking, I was basically limping. But as you get going, your body forgets the pain somehow, to an extent.

The countryside was quite pretty. I was never too far from the railroad this day. Mr. Evans perhaps travelled near the tracks which were being laid down right around this time.

My feet hurt pretty badly, so I had no idea how far I could make it. I told myself I would do 30km and have my mother pick me up at that point, which would be relatively close to Wabamun Provincial Park. My original destination was the village of Wabamun. Shortly after getting on the north-bound range road that would have the 30km mark, I saw the Yellowhead far off. As soon as I saw the highway, I got a burst of morale, and told myself that I would reach my destination that day, no matter what. I told myself, "If I'm not crawling, why would I ever stop?'

In the last few minutes while in the Provincial Park, it began to rain. Then it poured. My shoes got full of water. But then I managed to make it to the village, which felt pretty awesome.

Day 3

The final day was very beautiful, and much nicer on the feet. I followed the lakeshore road along Lake Wabamun for a good while. The train comes very close to the lake at certain times, which looked quite unique.

I managed to walk along a service road along the highway for a while. The whole trip, I only had to walk right on the highway for about 30 minutes, which was a blessing.

The Magnolia train bridge looked pretty cool on foot, even though I've seen it hundreds of times from the car. I eventually passed a sign designating the location of the old Magnolia school.

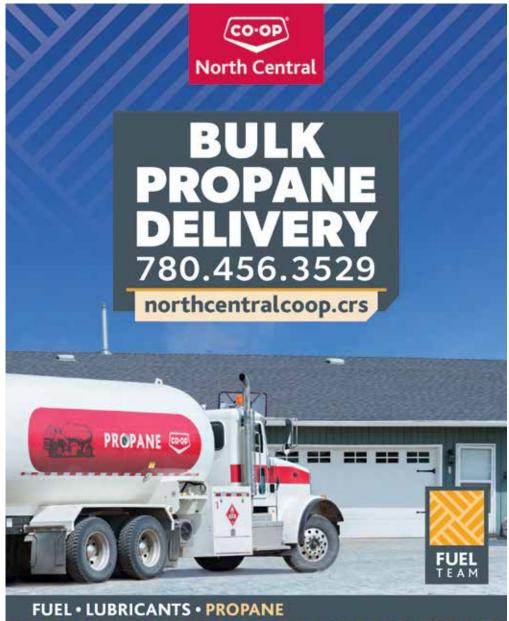

In 1863 a British Explorer named Lord Milton travelled across Canada. He crossed the Pembina river near what is now Entwistle on June 11, 1863. I crossed 157 years later. Some supporters welcomed me into town -- shoutout to Liz and Kim!

Realizing I came all this way just on foot felt pretty awesome. It definitely renewed my appreciation for the size of this great country!"

Jakob is currently working as the librarian at Entwistle Public Library. Over the past four summers Jakob has also been a staff member at Tipple Park Museum.

Page 6 Community VOICE July 14, 2020 MISERICORDIA COMMUNITY HOSPITAL NOW UNDER FULL FACILITY OUTBREAK

Submitted by Alberta Health Services

EDMONTON – The Misericordia Community Hospital is now under a full facility outbreak due to ongoing transmission of COVID-19.

No patients will be admitted to the hospital and day procedures and visits will be postponed or rescheduled at another Edmonton hospital.

In order to reduce the risk of further transmission of COVID-19, all services at the Misericordia are temporarily closed to incoming patients. Patients are being contacted and will be cared for and/or rescheduled at another Edmonton hospital. We appreciate your patience at this time.

The full facility outbreak extends to all adult and child services including the Emergency Department. Patients should not visit the Misericordia, and should instead visit one of the other hospitals within the Edmonton Zone or call 911 if needed.

This step is a necessary extension of the progressive outbreak restrictions put in place on July 6, with those restrictions now encompassing all patient services at the Misericordia.

Patients within the hospital will continue to receive the treatment, care and support they need. In order to keep everyone safe visitors will be restricted to end-of-life situations only.

Arrangements will be made for labouring mothers to deliver at Grey Nuns Community Hospital.

Alberta Health Services and Covenant Health continue to aggressively manage this outbreak.

"Activating the full facility outbreak is necessary at this time to protect patients, staff and physicians. We acknowledge the challenges these additional restrictions create for patients, families, staff and physicians," said Dr. David Zygun, Medical Director, AHS Edmonton Zone.

Ongoing transmission means that this is a necessary step to protect patients, staff and physicians and to ensure that the outbreak can be managed as efficiently and effectively as possible."

"The safety of our patients, staff, physicians and visitors remains our number one priority," said Dr. Owen Heisler, Chief Medical Officer, Covenant Health. "Covenant Health, Alberta Health Services and our teams continue to work tirelessly and collaboratively, taking every possible step to respond with compassion to this challenging situation and to ensure a safe environment for care." As of this morning, there are 20 patients at the hospital who have tested positive for COVID-19 in relation to this outbreak. In addition, 15 staff members have tested positive. Admitted patients who have tested positive for COVID-19 are being treated on two units within the hospital.

Sadly, three patients linked to this outbreak have passed away. Our thoughts are with the family members and loved ones of all three patients at this difficult time.

Alberta Health Services is the provincial health authority responsible for planning and delivering health supports and services for more than four million adults and children living in Alberta. Its mission is to provide a patient-focused, quality health system that is accessible and sustainable for all Albertans.

20 MILLION FREE MASKS AVAILABLE PROVINCEWIDE

Albertans have another chance to pick up free non-medical face masks at the counter or drive-thru of their local A&W, McDonald's Canada or Tim Hortons restaurant.

Submitted by Government of Alberta

Masks are now available at more than 700 partner restaurant locations, including those without drive-thru service, adding more than 100 new locations and expanding the availability of masks to Albertans. No purchase is necessary to pick up masks in restaurants, either at the counter or through drive-thrus.

A&W, McDonald's Canada, and Tim Hortons partner restaurants are handing out eight masks per person for this distribution. Albertans are encouraged to pick up masks for family and friends to reduce traffic at partner restaurant locations. Masks will be available at restaurants while supplies last.

"Albertans don't shy away from hard work when there is a job to do. Right now, it's our job to continue to do the work needed to prevent the spread of COVID-19 as our province relaunches. Washing your hands regularly, practising physical distancing, and wearing a mask when physical distancing isn't possible will help keep us all safe." - Jason Kenney, Premier

A larger number of long-term care and supportive living, seniors facilities, community groups, social service organizations, libraries, court houses and places of worship will be distributing masks to their residents, clients and members. Municipalities without easy access to a partner restaurant location are again being supplied with masks to distribute to their residents, as are First Nations communities and Metis Settlements.

Four million masks are being provided to 20 transit systems across Alberta, including Calgary and Edmonton, to be used by transit riders. 7-Eleven Canada has generously donated logistics support to ship and deliver these masks and distribution supplies from the government warehouse to each participating transit service.

Wearing a non-medical mask when it's difficult to maintain physical distancing of two metres is one way we can continue to limit the spread of COVID-19 as we relaunch our province. This initiative is a key part of Alberta's Relaunch Strategy to safely reopen our economy while protecting Albertans from COVID-19. "This is the only initiative of its kind in Canada and it's a key support to our safe relaunch. Like other provinces, we strongly recommend people follow public health advice on distancing, and wear a mask when that's not possible. And we're the only province in Canada that's backing up that advice with free masks to socialize their use. Thank you to our partners A&W, McDonald's Canada, and Tim Hortons for again stepping up to support us – and to 7-Eleven Canada for volunteering to ship masks to transit services. And, of course, thanks to municipalities, First Nations and Metis communities, places of worship, social services organizations, seniors facilities and others who are helping us get masks to as many Albertans as possible." - Tyler Shandro, Minister of Health

Begin your epic journey at www.bepic.com/elaine1!

Page 8 CommunityVOICE July 14, 2020

Submitted by MLA Mark Smith | Drayton Valley – Devon Constituency

As our province continues to see success in containing COVID-19 and reopening the economy, it is time to look to the future. On June 29, our government announced an ambitious Economic Recovery Plan. Focused on creating jobs, building up our province, and diversifying the economy for the future, this plan introduces new measures and investments that will help get Albertans back to work.

As part of Alberta's Economic Recovery Plan, our government is investing in infrastructure projects which will create tens of thousands of jobs in the near term, and fuel prosperity for years to come. In total, the Recovery Plan is expected to create 50,000 jobs, many of which will be related to the construction and maintenance of Alberta's critical infrastructure. Some of the projects included in the plan are gas line

NOTICE TO MEMBERS

extensions, twinning of highways, treatment facilities for Albertans recovering from addiction, and projects to support Alberta's agricultural industry. Our constituency specifically will benefit from work that will be taking place on two highway bridges that are part of Leduc County, both fall into our riding of Drayton Valley-Devon.

Alberta's recovery plan will also see the accelerated diversification of our economy. As part of this plan the corporate tax rate in Alberta

THE ANNUAL GENERAL MEETING OF WEST PARKLAND GAS CO-OP LTD THE ANNUAL GENERAL MEETING OF WEST PARKLAND GAS CO-OP LTD. HAS BEEN RESCHEDUALLED TO WEDNESDAY, AUGUST 12, 2020 7:00 P.M. AT THE CO-OP OFFICE/SHOP COMPLEX. DOORS WILL OPEN AT 6:30PM 52521 GLORY HILLS ROAD, STONY PLAIN, AB.

(1/2 Mile South of Highway 16A on Range Road 11)

Please accept this notice as your invitation to attend the Annual General Meeting of West Parkland Gas Co-op Ltd. This is an ideal opportunity for you to have input and learn more about your Co-op. There will be door prize draws during the meeting.

Three Director positions are up for election. If you would like more information, please contact:

or

Mr. Keith Bobey 780-963-5087 Mr. Mel Kause 780-963-4061

COVID-19 NOTICE:

Protocol will be in place which includes 6ft physical distancing, sanitizing stations and no food service. Masks will be available upon entry if requested.

has been reduced to 8 percent, making our province the most attractive place to do business in Canada. Other measures will support growth in high-opportunity sectors like petrochemical manufacturing, minerals, technology, finance, and more. The new Innovation Employment Grant will be aimed at creating jobs at smaller companies by providing a refundable tax credit to companies that invest in research and development. This recovery plan will support Alberta's oil and gas industry while boosting opportunities in other sectors.

This week, applications also opened for grants to support small businesses safely reopening in Alberta. From June 29 to August 31, smalland medium-sized businesses, co-ops, and non-profits with less than 500 employees can apply for up to \$5,000 of funding to help with their relaunch through the Small and Medium Enterprise Relaunch Grant program. This funding will help businesses who have lost a significant portion of their revenues reopen safely, and help get Albertans back to work. Please visit alberta.ca/sme-relaunchgrant.aspx for more details.

The Government of Alberta supported COVID-19 response efforts by offering to match donations up to \$2 million to eight designated Alberta-based registered charities made between April 15 and May 31. Albertans showed their love for community and giving spirit in this challenging pandemic and raised about \$7 million for those COVID-19 fund-raising campaigns. Those donations are helping to feed the hungry, care for seniors, support at-risk children, and keep Albertans employed. I want to give my own thankyou to the countless organizations that are supporting their communities during COVID-19 and to the Albertans who generously support them.

ALBERTA FISH & WILDLIFE AND PARKLAND RCMP PATROL LOCAL WATERWAYS

Submitted by RCMP Alberta

Stony Plain, Alta. - During the weekend of July 4 and 5, 2020, Parkland RCMP and local Alberta Fish and Wildlife officers teamed up to patrol the local waterways. The officers ran compliance checks, not only to educate but to ensure safety for boaters and fishermen.

On Saturday, July 4, 2020, 50 boats were checked. Officers wrote several inspection warnings and Alberta Fish and Wildlife laid nine charges.

On Sunday, July 5, 2020, at Wabamun Lake and Jackfish Lake, officers checked over 150 boats and spoke to numerous

shore fishermen. Warnings were given out, a few tickets were issued and one person was arrested for impaired operation. Alberta Fish & Wildlife and Parkland RCMP found that there was approximately a 90% compliancy rate, a significant change from two years ago when compliancy was at 50%.

RCMP and Alberta Fish & Wildlife would like to remind the public that the same laws regarding the impaired operation of a conveyance (which includes boats, watercrafts and motor vehicles) apply if you're on the water or the road.

If a person's blood alcohol level is between 0.05 to 0.08,

the first offence is a minimum \$1000 fine, immediate 3-day license suspension and 3-day vehicle seizure. The length of suspension and the number of days the vehicle is seized increases per offence.

If a person's blood alcohol is over 0.08, the first offence is a minimum \$1,000 fine, sustained license suspension, 3-day vehicle seizure, must complete the Government of Alberta's Planning Ahead course at a cost of \$275. The number of days the vehicle is seized and the cost of the impact course increase per offence.

Passengers (never the operator) on a boat are permitted

to consume alcohol if the boat meets certain criteria. To legally consume alcohol on a boat, it must be moored or anchored with permanent cooking and sleeping facilities, and a permanent bathroom. If the boat meets those requirements, the passengers are allowed to consume alcohol. Fishing boats and general pleasure-craft don't meet this criteria, but some house boats do.

Officers will remain visible on the lakes and rivers of the area for the remainder of this season and into the next to ensure the safety of all users. Remember, life jackets for everyone, enjoy your summer and stay safe.

PLEASE NOTE: Parkland County Offices and other buildings remain closed to the public at this time. If you have any questions regarding your tax payments, please call 780-968-8888 or email assessment&tax@parklandcounty.com

2020 PROPERTY TAX PAYMENT METHODS

Did you know Parkland County offers convenient options for you to pay your property taxes?

You can sign up for a Monthly Tax Payment Plan

- Pay via online banking or at your financial institution
- Send a cheque in the mail,
- Or even use our After Hours Drop-off slot (located at the south end of the main entrance).

Choose the option that works best for you!

Property taxes are due on June 30.

Penalties have been eliminated for July and August, so if you are unable to make the deadline due to COVID-19, not to worry. We do encourage those who are able to pay their taxes on time to do so.

> Avoid paying penalties by paying before August 31.

To learn more, please visit www.parklandcounty.com/paymentoptions

FIVE TOP GOLF TIPS TO HELP BOOST YOUR GAME

(NC) When it comes to golf, it's the little things that can have the biggest impact on your game. Whether it's your first attempt, or 10th season, golf expert Bob Weeks has got you covered at the links this summer with these five tips:

Choose the right clubs: Regardless of your experience or skill level, choosing the right equipment can be the difference between duffing it and striking the ball straight down the fairway. It's important to work with a professional to get the clubs best-suited to your game and then, to have them custom fit. You should be fit for the length, loft, lie angle, shaft flex and even the grip size. If your clubs aren't custom fit, it will be like walking around in shoes that are the wrong size.

Get on the ball: Choose the right kind of golf ball for your game. While golf balls all look the same, it's what's inside that determines if it's right for you. Colf balls fall into two categories: distance or control. Distance balls are generally two-piece balls with a large core and a cover. They are harder and better suited for higher handicappers or beginners. Control balls, usually three- or four-piece balls, are softer and spin more meaning they will land on the green and stop. More skillful players should use these.

Consider the elements: Weather is always a factor in golf and dealing with it must always be considered. For instance, in cold temperatures, the ball will travel shorter distances, so take more club. The opposite is true for warm-

er temperatures. If you're playing into the wind, swing easy as that will keep the ball from spinning too much and rising up into the breezes. And downwind, make sure to judge the intensity of the breezes so you can choose the proper club. Your ball will roll further than normal on a downwind shot so take that into account.

Putting and chipping is priority: Lots of players like to boom their drives and will spend a lot of time on the range hitting their drivers. But if you want to improve your scores, you should spend more time working on your putting and chipping. Since most average players miss a lot of greens, the best way to save strokes is by chipping it close and making more putts. Focus more on your short game than your drive and you will improve.

Play the 19th hole: Win or lose, there's no better way to celebrate than hitting the 19th hole. Less is often more in golf and the same applies when considering what to eat and drink after a round. Molson Canadian 67 for example is specially brewed with 67 calories and an ABV of 3% per 341ml, offering a light, refreshing alternative for active players.

PURE HEMP PRODUCTS

A Health and Beauty Breakthrough!

Cannabidiol, is one of over 80 active cannabinoid chemicals in the hemp plant. Unlike, THC, it does not produce euphoria or intoxication. It targets specific receptors in the cells of your brain & body. There are many physical and mental benefits to using these products for both treatment and prevention of numerous ailments.

Therapeutic Uses For Pure Hemp

Supports healthy blood sugar levels, promotes healthy energy levels, relieves anxiety, aids in digitation, supports optimal immune function and the regeneration of healthy cells, and promotes a sense of screnity and overall well-being.

Promotes more youthful skin, provides hydration, enhances radiance, lessens age lines as well as the appearance of dark spots.

KEY BENEFITS

reduce vomiting & nausea; suppress muscle spasms; reduce seizures & convulsions.

PROMOTES HEALTH: Helps to promote relaxation and overall health. WELL-BEING: Helps to relieve anxiety, aid in digestion, supports optimal immune function and the

regeneration of healthy cells.
