THRIVE COMMUNITY GARDEN GRAND OPENING

Evansburg's Thrive Community Garden continues to nourish local area residents' well-being.

Submitted by Yellowhead County

Yellowhead County Mayor Jim Eglinski and Councillor Cherniawsky-Voigt were on hand on July 10th to mark the 4th Grand Opening of

the Thrive Community Garden and to appreciate the fruit of local gardeners' labour.

The Thrive Community Garden was created by the Thrive Committee, an Evansburg Areabased

group who are working hard to deliver community-focused initiatives that improve locals' health outcomes.

Evansburg RCMP issue Public Safety Advisory – TUBING ON THE PEMBINA RIVER

Submitted by Evansburg RCMP

With the coming of fantastic weather and the August long weekend, the Evansburg RCMP are issuing a public safety warning about

tubing on the Pembina River. **DISEMBARK AT THE PROVINCIAL PARK!**

This past weekend saw the Evansburg Detachment respond to a couple of calls to service about overdue tubers who missed exiting the

river at the Provincial Park. A response by the RCMP to save stranded tubers ties up resources that may be needed for a high priority call elsewhere.

Thrive Community Garden Grand Opening

Continued from Page 1

With a grant in tow, the committee set its sights on developing a lot in Evansburg into a blossoming community garden and common social space. Since its inception in 2017, the lot has expanded from 6 to 19 plots, and includes a communal area with strawberry plants, raspberry bushes, and cherry trees.

The community garden has

been previously overseen by the Lobstick Literacy and Learning Society, but due to shifting mandates and capacity, Yellowhead County has taken over the day-to-day management of the garden for 2020.

Community gardens are important in that they can be financially accessible sources of fresh produce and encourage people to be involved in the production of their own food.

Researchers have also found that community gardens "...give rise to a range of social processes, including social connections, reciprocity, mutual trust, collective decision-making, civic engagement and community building." (E. Tieg et al, 2009).

Yellowhead County is proud to support this initiative meant to strengthen community bonds and individuals' health in Evansburg.

Tubing on the Pembina River

Continued from Page 1

The river does not run in a circle or loop back. If you're planning on tubing on the river, do not enter at the Provincial Park Campgrounds. The Park is where you MUST exit the river. If you float past the park, you will be stranded. You will not be able to exit until approximately reaching Sanguedo, which is an 8-hour float.

Visitors and residents of the area who are wishing to tube the Pembina River are reminded to take extra steps and be prepared for their journey as follows:

- Wear a life jacket
- Know the area, review maps and plan for the length of your journey
- Notify a responsible person where you are going, who you are with, and the route you

plan on taking

- Dress appropriately for the weather, including the use of a wet suit when necessary. Remember sunscreen, water supplies and bug spray
- Do not consume alcohol prior to, or during tubing
- Bring a charged cell phone and store it properly

We encourage people to enjoy the river, but ask that they do so responsibly.

JOKE of the week

Pete and Harry were talking one day.
"My wife asked me to buy ORGANIC vegetables from the market garden," said Pete.
"So were you able to find some?" Harry asked.
"Well when I got to the market, I asked the gardener, 'These vegetables are for my wife. Have they been sprayed with any poisonous chemicals?'"
"The gardener answered:
"No, you'll have to do that yourself."

“WHAT MATTERS TO YOU”: RETURN TO SCHOOLS

Submitted by Shane Getson, MLA Lac Ste. Anne-Parkland

The suspension of in-person schooling in March has been hard for many students and their families. Kindergarten to Grade 12 education changed significantly as a result of the COVID-19 pandemic, and I know that students, parents, teachers and school boards did their best to adapt to a different way of learning. However, we all know that students who attend schools learn best in the classroom with their teachers and peers, and our goal

is to get us back to normal learning as soon as possible. With back to school season approaching, many parents have been eagerly waiting to see what school will look like this upcoming year.

This week, Alberta's government announced that students will be returning to classrooms across the province at the beginning of the new school year. This is great news for families in our community. The decision to re-open schools has been made with the safety of students, teachers, and other staff members being the highest priority. For in-person learning to proceed,

health measures are being put in place for their safety. Each school will implement public health measures, including frequent cleaning of surfaces, introducing hand sanitizers to school and classroom entrances, grouping students in cohorts, and adjusting schedules to allow for greater physical distancing. While school may feel a little different at first, these changes will allow a safe, near-normal return to class.

In addition to these measures, \$15 million of capital spending is being moved up to replace old water fountains with water bottle refill stations, install automatic doors, automatic flush toilets, and other touchless technology to help limit the spread. Throughout the COVID-19 pandemic, keeping Albertans informed on new measures has been a key part of Alberta's response. To help prepare families, Alberta's government has developed a re-entry toolkit to help prepare parents and students for what to expect in the new school year. This toolkit

includes videos for students explaining some of the health measures, a guide for parents, frequently asked questions, school posters, a self-screening questionnaire in multiple languages, and links to health guidelines. The resources in the school re-entry toolkit will help families discuss changes with their children.

I know many school authorities are working to give parents as much choice as possible. Some divisions are working to allow for the choice to school from home with online/email assignment support. I thank those divisions that are working to provide as much choice as possible, and provide learning to those who may be immune compromised.

As Alberta's students, parents, and teachers prepare for back to school, the Minister of Education will continue to work closely with school boards, and Dr. Hinshaw the Chief Medical Officer of Health, to ensure that all schools are prepared to welcome students back.

The re-opening of our schools, and our entire economy, is a result of the hard work of Albertans to slow the spread of COVID-19. We have worked hard in our area to look after each other and keep the spread of this virus down, and our local numbers are very low as a result. I thank you all for doing your part. As we move forward, and students return to school, we must continue to be mindful of guidelines and keep the numbers down. This will ensure a safer return for both students and staff. Each of us has the tools to ensure that we can safely return to daily life, and make this successful.

Canada Emergency Wage Subsidy (CEWS)

Extended to December

DEC 2020

The new changes to the CEWS would also:

- Make the subsidy accessible to a broader range of employers by including employers with a revenue decline of less than 30% and providing a gradually decreasing base subsidy to all qualifying employers. This would help many struggling employers with less than a 30% revenue loss get support to keep and bring back workers, while also ensuring those who have previously benefited could still qualify, even if their revenues recover and no longer meet the 30% revenue decline threshold.
- Introduce a top-up subsidy of up to an additional 25% for employers that have been most adversely affected by the pandemic. This would be particularly helpful to employers in industries that are recovering more slowly.
- Provide certainty to employers that have already made business decisions for July and August by ensuring they would not receive a subsidy rate lower than they would have had under the previous rules.

A MESSAGE FROM MLA MARK SMITH

Submitted by MLA Mark Smith | Drayton Valley – Devon Constituency

Weekly Summary for July 21: This last week we received some great news! Edmonton has been chosen as one of the main NHL hub cities! This is a testament to our consistent progress forward as we combat Covid-19 and our world class infrastructure. As our province continues reopening, our government will ensure support is in place to help struggling Albertans and create good jobs. The overwhelming majority of Albertans are following instructions from public health officials and taking precautions to protect the most at-risk among us. The world is witnessing our success and there is no doubt this factored into the decision to make Edmonton an NHL hub city.

I am pleased to share that our Economic Recovery Plan includes \$25 million to support the construction of five life-changing recovery communities for the holistic treatment of mental health and addiction.

This will add 400 treatment beds to Alberta – a 30 per cent increase in capacity. Approximately 400 people will be employed during the construction of the five recovery communities, that will each employ 35-50 people once operational.

Our evidence-based approach to substance use recovery is already used in more than 65 countries around the world, including the highly regarded Portuguese model. These recovery communities will serve Albertans who require long-term stay to support their recovery from addiction.

Our government is also working to enhance financial literacy in classrooms through grant partnerships with Enriched Academy and Junior Achievement chapters in Alberta. Beginning in the 2020-21 school year, Enriched Academy will pilot an online financial education program for up to

4,000 students in grades 10-12. In the same school year, Junior Achievement's Southern and Northern Alberta chapters will collaborate on providing 4,500 students with hands-on, experiential financial literacy, work readiness and entrepreneurship education. Financial literacy is critical to the success of our children, the partnerships our government has established give school authorities and teachers more program options this fall to choose from to ensure students achieve essential learning outcomes.

First Nations must be a part of Alberta's economic recovery from the COVID recession, that's why our government is taking action to ensure Indigenous companies and communities benefit from participation in our \$1 billion Site Rehabilitation Program (SRP).

This includes appointing an Indigenous liaison to help facilitate Indigenous participation in the program, and establishing an ongoing working group with Indigenous communities and companies. Through the first round of the SRP, Back-

woods Energy, owned by the Alexis Nakota Sioux Nation, has been approved to conduct closure work on 55 sites on Enoch Cree Nation. Another Indigenous company, Western Petroleum Management, was approved to conduct work on 257 sites across the province.

The response we are hearing from Indigenous communities to this program is overwhelmingly positive and we are looking forward to providing the tools they need to become the economic powerhouses we all know they can be.

THE EXCITEMENT GROWS FOR EDMONTON AREA AIR TOUR

Submitted by Shane Getson, MLA Lac Ste. Anne-Parkland

On August 8, 2020 watch a Diverse group of Edmonton based Private & industry aircraft fly over eight different airports to celebrate the local aviation community!

While the tour itself is just

a group of enthusiasts out for a fun time, movers and shakers in the communities that they will visit are beginning to see the wonderful opportunity to showcase their airport facilities and local attractions that visiting pilots would enjoy and include in plans for future visits.

HERE IS WHAT WE HAVE SO FAR:

- Drayton Valley will be hosting a mini trade show as well as a welcome speech. Perhaps refreshments and opening the doors to their hangars to show off the local aircraft. They will be promoting it locally to the non-aviation community as

a way to get people excited about aviation.

- MLA Jackie Lovely will have a BIG announcement at the stop in Camrose.

- Lac Ste. Anne County will have a special ceremony renaming the Mayerthorpe airport "Peter Trynchy Airfield".

PARKLAND RCMP INVESTIGATE FATAL COLLISION ON HIGHWAY 43

Submitted by Parkland RCMP

On July 25, 2020 at approximately 2 a.m., Parkland RCMP along with Emergency Services responded to a single vehicle roll over on Highway 43 and Range Road 34.

A SUV was located but did not have any occupant(s) inside. A search was conducted in the area but no one was found.

Further investigation revealed that the vehicle was driven by a lone adult male occupant who had not been in contact with family since

the collision occurred. An additional search utilizing RCMP Air Services and RCMP Police Dog Services was conducted. This morning search and rescue was activated. Tragically, the missing 33-year-old male from Sangudo, Alta., was located deceased near Range

Road 35. An autopsy will be conducted this week at the Office of the Chief Medical Examiner in Edmonton.

The name of deceased will not be released and no further updates are anticipated.

STUDENTS RETURNING TO SCHOOL FOR 2020-21 SCHOOL YEAR

Submitted by Government of Alberta

Schools will be ready to welcome students under scenario 1, which is near-normal daily operations with health measures.

Alberta's government has developed a re-entry tool kit to prepare parents and students for what to expect in the new school year. The tool kit includes videos for students explaining some of the health measures, a guide for parents, frequently asked questions,

school posters, a self-screening questionnaire in multiple languages, and links to health guidelines.

"Alberta continues moving ahead with our recovery and relaunch plan. I'm proud of our comprehensive plan that supports the safe return to daily in-school learning. The return of more than 750,000 students to near-normal learning in the new school year is indicative of Alberta's continued recovery as we work to relaunch our economy and return to our regular everyday lives." - Ja-

son Kenney, Premier

"We are determined to do everything that we can to safely return our students, teachers and staff to school. I appreciate the input and support of school authorities across the province, as well as our education partners, in developing and refining our school re-entry plan. We are providing clear and detailed guidelines and a re-entry tool kit so everyone can do their part and prepare for a safe return to school." - Adriana LaGrange, Minister of Education

"We are committed to doing everything possible to protect the health and safety of students, staff and families during the upcoming school year. There is no risk-free approach to COVID-19 but there are also risks to children's overall health from school closures. We are continually refining our public health advice for schools based on best available evidence. We also have plans in place to respond quickly when cases are identified. Limiting the spread of the virus in schools will require the dedication and support of all Albertans when the school year begins this fall." - Dr. Deena Hinshaw, chief medical officer of health

Under scenario 1, schools will implement a number of public health measures, which include frequent cleaning of surfaces, placing hand sanitizers at school entrances and classrooms, grouping students in cohorts, and planning the school day to allow for physical distancing, which could include staggering start times for classes, recesses and lunches. Additional public health measures may be established prior to September on the advice of the chief medical officer of health in consultation with the education system.

In addition, students, staff, parents and school visitors will be expected to use a self-screening questionnaire daily to determine whether they can enter the school.

"The Alberta School Boards Association is pleased that this plan was released earlier than expected as it provides more time for finalizing school board plans. We appreciate the various experts, parents and community members that helped inform a plan that prioritizes the health and safety of students and staff. ASBA and all school boards will work diligently to implement this plan and look forward to continuing to work with the Minister of Education throughout the upcoming school year." - Lorrie Jess, president, Alberta School Boards Association

Students Returning To School For 2020-21 School Year

Continued from Page 8

“The College of Alberta School Superintendents appreciates the opportunity to work alongside government and education partners to develop a detailed re-entry plan. The CASS board of directors strongly believes that the re-entry plan offers the appropriate balance of guidance from the chief medical officer of health and the government while providing for the authority and autonomy for individual school divisions to assure their students, parents and staff that a successful return to school will be safe.” - Bev-

an Daverne, president, College of Alberta School Superintendents

“We value the government’s efforts to actively work with the education system, including independent schools, as they finalized details for the 2020-21 school year. Re-entry under scenario 1 gives us the information and confidence we need to prepare our schools for reopening. We appreciate the requirements set out by the government to ensure that student and staff safety remains the priority as we navigate through these times to safely move closer towards a sense of normalcy.” - Simon Williams,

president, Association of Independent Schools & Colleges in Alberta

“The health of students and staff is the priority. In our recent survey on re-entry, 86 per cent of parents that participated indicated they were in favour of a return to school plan for K-12 students. Community efforts are essential to ensure a safe learning environment for our children.” - Brandi Rai, president, Alberta School Councils’ Association

“The Association of Alberta Public Charter Schools is pleased the government invested the time to engage with the education system as

they pragmatically developed the 2020-21 school re-entry plan. This announcement provides Alberta’s public charter schools with the confidence and responsiveness they need to ensure a safe and successful return for the upcoming school year.” - Ron Koper, chair, The Association of Alberta Public Charter Schools

SUCCESSFUL TRANSITION TO SUMMER SCHOOL AND CHILD CARE

Alberta’s school re-entry plan works, and already has mitigated risks to students and teachers. Throughout the summer, the Calgary Catholic Separate School Division ran in-person summer school programming in accordance to the guidelines developed and issued by the province. These comprehensive guidelines have mitigated risk, resulting in no COVID-19 outbreaks among teachers or students participating in summer school.

Additionally, Alberta has seen a successful reopening of child care centres across the province. Children and staff have safely returned to these centres with no outbreaks occurring.

SCHOOL AUTHORITY FUNDING

School authorities have returned to full funding levels as of July 1, and every school authority in Alberta is receiving a funding increase for the 2020-21 school year – roughly \$120 million across the province. A list of funding for every school authority is available here.

In addition, the Minister of Education has approved the use of school board reserves, if needed, to help cover local COVID-19-related costs. The total amount of money sitting in school board reserves is \$363 million.

ACCELERATED CAPITAL SCHOOL FUNDING

The province has also provided school boards an additional \$250 million to support accelerated capital maintenance and renewal projects, as part of the more than \$10 billion infrastructure spending announced in the Alberta Recovery Plan.

This funding supports infrastructure enhancements that will help in a COVID-19 learning environment. Seventy-nine school projects totalling \$15 million are moving forward with this primary purpose, in-

Students Returning To School For 2020-21 School Year

cluding upgrades for enhanced hygiene such as hands-free sinks, automatic flush toilets, touchless soap and paper towel dispensers, automatic doors and water bottle filling stations to replace water fountains.

NEW ONLINE STUDENT LEARNING HUB

A new Student Learning Hub on new.learnalberta.ca is available for parents, students, and teachers to more easily access educational materials to support development of student literacy and numeracy, and provide health and wellness information.

The online hub is another resource to support Alberta's school re-entry plan, with recognition that more online learning resources may be needed during the upcoming school year. Additional resources will also be added throughout the school year.

EXPANDING DIPLOMA EXAMS

Diploma exams will be offered in every subject in the November and April exam sessions. Expanding the offerings of the diploma exams

will support school authorities who are shifting high school programming to a four-semester system as part of their COVID-19 re-entry plan. This shift allows for better cohorting by limiting the number of classes a student is in during a term without affecting total learning time over the course of a year.

PERSONAL PROTECTIVE EQUIPMENT

Students and staff may wear a mask if they choose to. However, practices such as physical distancing, cohorting, frequent handwashing, staying home when sick and increased cleaning of surfaces will continue to be the priority public health measures.

COVID-19 CASES AT SCHOOL

If a student or staff tests positive for COVID-19, a public health team will investigate to determine when symptoms developed and support the school to minimize transmission.

While each case will be addressed based on its unique circumstances, it is anticipated

that in most cases only the group of students and staff who came in close contact will likely be required to stay home for 14 days, and not the entire school population.

Parents will be notified if a case of COVID-19 is confirmed at school and public health officials will contact those who were in close contact with that person.

TRANSITIONING TO SCENARIO 2 OR SCENARIO 3

If there is an outbreak of COVID-19 in a community or

school, health officials will work with Alberta Education and impacted school authorities to make any decision to potentially transition to partial in-class learning or at-home learning. Decisions will be based on multiple factors including the number of cases in a community or school and the risk of ongoing transmission.

The health guidance for scenario 2 has been updated to allow for a maximum of 20 students per class.

SERENITY FAMILY SERVICE SOCIETY - YOUR NOT-FOR-PROFIT SOCIETY

SUDOKU of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

ANSWER:

7	2	8	4	9	5	6	1	3
4	6	5	2	1	3	7	8	9
9	3	1	6	7	8	4	5	2
3	5	7	9	4	6	8	2	1
2	4	9	8	3	1	5	7	6
1	8	6	7	5	2	9	3	4
5	9	4	1	2	7	3	6	8
6	7	2	3	8	9	1	4	5
8	1	3	5	6	4	2	9	7
