BEAVER TRAP ADVISORY

Exercise caution and keep dogs leashed in common trap areas.

Please note that the County's beaver abatement program is underway. This program includes setting beaver traps in problematic locations.

If you encounter a beaver

trap, do not go near or touch it; beaver traps are dangerous devices that are designed to kill instantly. Dog owners are strongly advised to leash their pets when in lesser-traveled marshy areas. Traps are placed in ditches

and ravines, and are kept away from public trails and off-leash areas for the protection of dogs, park users and other wildlife.

Visit LSAC.ca/beavers for details on the beaver abatement program.

NEW MOBILE APP TO HELP NOTIFY CANADIANS OF POTENTIAL COVID-19 EXPOSURE NOW AVAILABLE

Submitted by Prime Minister's Office

Over the past several months, Canadians have been following public health advice and doing their part to help prevent the spread of COVID-19. Now, as we take steps to ease restrictions and safely restart our economy, we need to continue to work together to contain the virus and keep Canadians safe and healthy.

The Prime Minister, Justin Trudeau, and the Premier of Ontario, Doug Ford, today announced that COVID Alert, a

new national mobile app, is now available to Canadians for free download. The app, first developed in Ontario, helps notify users if they may have been exposed to someone who has tested positive for COVID-19.

Use of COVID Alert is voluntary, and serves as another tool to help limit the spread of COVID-19. Once the app is fully functioning in their province or territory, users who test positive for COVID-19 will receive a one-time key from their health authority that they can enter into the app. When the

key is entered, COVID Alert will notify other users who may have come in close contact with that person for at least 15 minutes in the past 14 days, so they can contact their local public health authority for guidance.

To safeguard the confidentiality and privacy of all Canadians, the app uses strong measures to protect any data it collects, and does not track a user's location or collect personally identifiable information. The Privacy Commissioners of Canada and Ontario were consulted on the devel-

opment of COVID Alert, to ensure the highest level of privacy for Canadians using the app.

The Government of Canada has been working in close partnership with the Province of Ontario to launch the COVID Alert app. Health authorities in Ontario will be the first to begin distributing one-time keys. The Government of Canada is also working with the other provinces and territories to bring their jurisdictions on board in the coming weeks and months.

Canada Revenue Agency Update

Continued from Page 2

Penalties and interest will not be charged if payments

are made by the extended deadline of September 30, 2020. This includes the late-filing penalty if the return

is filed by September 30, 2020.

Interest on existing tax debts related to individual, corporate, and trust income tax returns from April 1, 2020, to September 30, 2020 and from April 1, 2020, to June 30, 2020, for goods and services tax/harmonized sales tax (GST/HST) returns will also be waived. While this measure for existing tax debts does not cancel penalties and interest already assessed on a taxpayer's account prior to this period, it ensures that a taxpayer's existing tax debt does not continue to grow through interest charges during this difficult time. This measure provides immediate relief to

impacted taxpayers.

The previously extended filing due dates for individual, corporate, and trust income tax returns remain unchanged. However, the CRA will not impose late-filing penalties where a current year individual, corporation, or trust return is filed late if it is filed by September 30, 2020.

Remember to file your individual, corporate and trust returns as soon as possible, even though payment deadlines are being extended. This is particularly important for individuals receiving credits and benefits, such as the Canada Child Benefit.

WHITECOURT TOWN COUNCIL UPDATE

Submitted by Town of Whitecourt

JULY 24, 2020

Signature Contractors Windsor, Inc. has been awarded the contract to construct Festival Way in Whitecourt's Rotary Park. Festival Way will be a serviced pedestrian pathway designed for hosting arts, culture and family events. Construction on the project is scheduled to start this August.

Whitecourt has been awarded a grant to replace the existing ice plant at the Scott Safety Centre with a low volume ammonia system that will provide environmental and safety benefits. It is anticipated that the new ice plant will be installed in the spring of 2021.

The Town of Whitecourt has prepared an overall drainage plan for the West Whitecourt Industrial Area to control and manage overland drainage. The plan provides a flexible phasing option which will be integrated into the municipality's 20 Year Capital Plan.

The 2020 Project List and Quarterly Financial Report have been adopted as information by Council. Both reports are available for viewing on Whitecourt's website at www.whitecourt.ca/Government/News-Events/Publications-Reports.

An update on the financial impact COVID-19 has had on Whitecourt was presented to Council at its July 20, 2020 meeting. It is estimated that the net financial impact for the pandemic to the Town of Whitecourt

to the end of 2020 will be a deficit of \$405,165. The impact of COVID-19 will continue to be monitored and an update will be brought back for Council in the fall of 2020. For information on facility closures and service changes resulting from the current public health situation, please visit www.whitecourt.ca/COVID-19.

Land Use Bylaw 1506 has been amended to add "Funeral Home" as a Discretionary Use in the Business Industrial Land Use District.

A Special Meeting of Council was held July 22, 2020 to discuss the Regional Business Park Feasibility Study Phase 2 Update. The project, which is a partnership endeavor with Woodlands County, will help to determine the current and future demands to remain viable as well as promote responsible and sustainable industrial development.

In response to community demand, the Town of Whitecourt has created a new graphic for community

organizations and businesses to use on promotional products and merchandise. Graphic files and details can be found on our website at www.whitecourt.ca/Business/Community-Graphic.

The Anthony Gordon Memorial Golf Classic will be held on Monday, August 24 at the Whitecourt Golf & Country Club. All proceeds from the event will be donated to Eagle Tower Victim Services. To register, contact 780-779-5924.

GOLFER'S GUIDE

SIX GOLF PERSONALITIES THAT WILL MAKE OR BREAK YOUR GAME

(NC) From the rules drill sergeant, to the etiquette obsessed, no one likes to be on the course with that person. Here are a few of the personalities you should be keenly aware of when creating the perfect 18-hole pairing.

The Natural – They've had no lessons, no warm-up, old clubs but can consistently hit

them long and straight every day.

Play with this person if... you crave a smooth, competitive game.

The Iceman – never phased by a shot that's off or a disgruntled competitor, the Iceman always keeps everyone's emotions in check.

Play with this person if... you want to cool down fired up players.

The Socialite – forget the game, this person is out for a good time. With positive vibes, and stories for days, this person is only interested in one hole: the 19th.

Play with this person if... your scorecard is the last thing on your mind.

The Personal Trainer – will gladly walk the length of the course with a 50 pound golf

bag in tow. The PT prefers post-game chicken breasts over hot dogs, and comes equipped with a crisp low calorie light beer, such as Molson Canadian 67.

Play with this person if... you're an active calorie calculator who wants to tone up while having a good time on the greens.

The Chauffeur – likes driving the cart more than swinging the club and is happy to drop you off at every hole.

Play with this person if...the Personal Trainer has worn you out.

The Slicer – no matter how many lessons he's taken or how new his clubs are, he consistently hits his shots in the woods.

Play with this person if... you want to win!

New Mobile App To Help Notify Canadians Of Potential COVID-19 Exposure Now Available

Continued from Page 4

An expert Advisory Council will ensure the app meets the highest standards in public health outcomes, privacy, and technology. The members of the Council reflect Canada's regional and cultural diversity, and cover a wide range of expertise, including health, privacy, data governance, science, and innovation. Their advice will inform the implementation and rollout phases of the app.

The new COVID Alert app is just one example of how the Government of Canada is working with the provinces, territories, and other partners to protect the health of all Canadians, and support efforts to restart the economy gradually and safely.

Quick Facts

- COVID Alert is now available for Canadians as a free download from the App Store or the Google Play Store. The app assigns a random code to a user's device that pings other users of the app via Bluetooth when they are within a range of approximately two metres. If they test positive for the virus, users can choose to upload their random codes to a central server located in Canada. Once uploaded, the random codes are stored on the server for 15 days, after which they are automatically deleted.

- The COVID-19 Exposure Notification App Advisory Council was named by the Government of Canada and its members are:

- Jean-François Gagné (co-chair)
- Carole Piovesan (co-chair)
- Simone Atungo
- Dr. Jonathan Dewar
- Dr. Bunmi Fatoye
- Éloïse Gratton
- Andrew Harrison
- Brenda McPhail
- Dr. Derek Ruths
- Dr. Margo Seltzer
- Dr. Gaynor Watson-Creed

- The app has undergone a security assessment by BlackBerry and the Canadian Centre for Cyber Security. All data provided to the app will be securely stored and protected.

- The Government of Canada

has taken extensive steps to ensure that citizens' privacy and data are protected. Given the importance the government assigns to these issues, the Office of the Privacy Commissioner has been consulted on this initiative.

- COVID Alert is a collaboration between Health Canada, the Canadian Digital Service, the Province of Ontario, and Innovation, Science and Eco-

nomie Development Canada. It builds upon an exposure notification solution developed by Shopify volunteers in coordination with the non-profit Linux Foundation Public Health. It is also the work of a team of developers from across the country.

- Canadians who want to know more about COVID Alert can call 1-833-784-4397.

- As part of our commitment

to open and transparent government, the Canadian Digital Service is making its work on the app's development and testing available on Github.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
