### RCMP GIVES BUSINESSES TIPS FOR ATM SECURITY

Submitted by Alberta RCMP

This month, Alberta RCMP is providing businesses with

tips for preventing Break and Enters with a focus on ATM thefts. Although there has not been a significant increase or decrease of ATM

thefts, the Alberta RCMP would like to see the numbers decrease by next year.

### RCMP SEEK ASSISTANCE IN STOLEN HOT TUB INCIDENT

Submitted by Thorsby RCMP

The RCMP are investigating the theft of seven Arctic Spas Hot tubs from a manufacturing site in Thorsby. Public assistance is being

sought from anyone who has information, either about the stolen spas or the truck involved.

On Sept. 2 at 9:00 a.m., a transport truck with a false name loaded the seven spas without legal authority. The

truck was identified by the driver as: 10036218 Canada Inc. Transport Pascal Charland out of Chateauguay, QC.

### THE RCMP WANTS TO HEAR FROM YOUTH

Submitted by Royal Canadian Mounted Police

To best support young people, we need to listen to them. That's exactly why the RCMP has a National Youth Advisory Committee (NYAC).

Help us find the young

leaders who will make up the 2020-2021 NYAC! Applicants must be:

- Canadian residents
- Between the ages of 13 and 21
- Ready to engage for two to four hours per month on an online forum, from October to June

The deadline to submit an application is September 11, 2020.

What's in it for them? There are many reasons youth should get involved, including:

- Help shape RCMP youth programs and strategies

# LEDUC RCMP ARREST TWO FEMALES FOLLOWING CAR JACKING - UPDATE

**Submitted by Leduc RCMP**

Leduc, Alta. – Leduc RCMP General Investigation Section identified the other two persons involved.

Trisha Simon (27) of Maskwacis was arrested and charged with:

- Robbery with a weapon
- Theft of motor vehicle
- Assault with a weapon X2
- Theft under \$5000.

Simon was released from custody and is scheduled to appear in Leduc Provincial Court on October 1, 2020.

Qunechra Okeynan-Louis (18) of Maskwacis was arrested and charged with:

- Robbery with a weapon
- Theft of motor vehicle
- Assault with a weapon X2
- Theft under \$5000.

Okeynan-Louis was re-

leased from custody and is scheduled to appear in Leduc Provincial Court on October 1, 2020.

Leduc RCMP would like to remind the public when parking in their vehicles to park in a well lit public place, keep doors locked and be aware of your surroundings.

### BACKGROUND

Leduc, Alta. – On Aug. 3, 2020, Leduc RCMP arrested two females following a car jacking on Grant Macewan Blvd. near Township 500.

At 10:50 p.m., Leduc RCMP were dispatched to a car jacking. A male and female were parked on the gravel road when they were approached by a female in a passing vehicle. The female suspect sprayed both occupants with bear spray. Three

other suspects approached and the male brandished an axe while demanding money and the keys to the vehicle. Both victims exited the vehicle and a female suspect assaulted the male victim with a sword. Two female suspects fled in the victim's car.

The stolen vehicle was observed a short time later by Edmonton Police Services Air 1. Police attended the area and a tire deflation device was unsuccessfully deployed, however the vehicle became stuck in the ditch in the area of Highway 623 and Range Road 235

Leduc RCMP with the assistance of Edmonton police arrested two females.

Junelle Desjarlais (36) of Wetaskiwin was charged with:

- Dangerous operation
- Robbery with a weapon
- Assault with a weapon X2
- Theft of motor vehicle
- Obstruction
- Theft under \$5000.

Desjarlais was held in custody after a Judicial Interim Release hearing to appear in Leduc court on Aug. 6, 2020.

Jessica Wildcat (30) of Maskwacis was charged with:

- Theft of motor vehicle
- Robbery with a weapon
- Assault with a weapon X2
- Theft under \$5000.

Wildcat was released on bail to appear in Leduc court on Aug. 27, 2020.

The victims of the car jacking were transported to hospital where they were treated and released.

# BUSINESS CREDIT AVAILABILITY PROGRAM (BCAP)

Submitted by Gerald Soroka, MP for Yellowhead

OTTAWA: Gerald Soroka, Member of Parliament for Yellowhead, would like to inform constituents that

the Government of Canada has announced that the Business Credit Availability Program (BCAP) is extended to June 2021 to support the flow of additional credit that businesses need to

maintain operations and keep employees on the payroll.

Export Development Canada (EDC) and the Business Development Bank of Canada (BDC) will continue to

work with lenders to support access to capital for Canadian businesses of all sizes in all sectors and regions.

# CANADA EMERGENCY BUSINESS ACCOUNT DEADLINE EXTENDED

Submitted by Gerald Soroka, MP for Yellowhead

OTTAWA: Gerald Soroka, Member of Parliament for Yellowhead, would like to inform constituents that the Government of Canada has

announced that the application deadline for CEBA has been extended from August 31 to October 31, 2020, and will also make the CEBA program available to those with qualifying payroll or non-deferrable ex-

penses that were unable to apply due to not operating from a business banking account.

# INFRASTRUCTURE CANADA GRANT AWARDED TO NEW AQUATIC FACILITY PROJECT IN DRAYTON VALLEY

Submitted by Gerald Soroka, MP for Yellowhead

EDSON, AB: Member of Parliament for Yellowhead, Gerald Soroka is pleased

to inform constituents that he attended a federal funding announcement to build a new Aquatic Facility in Drayton Valley. Minister of Infrastructure, the Honour-

able Catherine McKenna was virtually in attendance. Physically present were: His Worship Michael Doerksen, Mayor of the Town of Drayton Valley, Alberta Minister of Infrastructure Prasad Panda, Mark Smith, MLA for Drayton Valley-Devon and Reeve Bart Guyon of Brazeau County. Member of Parliament Gerald Soroka thanks all representatives that were in attendance for this announcement.

Just over \$7.5 million in federal funding will be used to build a new Net-Zero

Aquatic Facility, including a six-lane pool, 25-metre lap pool, leisure pool, and lazy river. It will also have a steam room, hot tub, multi-purpose room, and change rooms. In addition to providing residents with a new hub for fun and fitness, the facility will be heated with waste heat recovered from a nearby hockey arena, giving it a net-zero energy balance. This use of renewable energy will cause no harmful emissions while also significantly reducing long-term operating costs.

# RCMP Gives Businesses Tips for ATM Security

*Continued from Page 1*

Quick Facts (2019 Alberta RCMP jurisdiction):

- There were over 5,500 Break and Enters to businesses last year.
- The three highest months for Break and Enters to businesses were:
  - August (over 600)
  - September (almost 550)
  - July (over 500)
- There were close to 40 ATM thefts and over 40 ATM theft attempts last year.
- Last September there were 6 ATM thefts and 6 ATM theft attempts.
- The three highest months for ATM thefts occurred between September and November.

So far in 2020, from January to July, there have been over 2,800 Break and Enters to businesses.

Crime Prevention Through Environmental Design (CPTED) can help prevent Break and Enters, and it can also help to reduce ATM thefts. Here are

some tips to consider if you have an ATM in your business:

- Keep the ATM in an area of away from the front of the store (to deter vehicle ramming), but in an area where staff can see all activity around it.
- Ensure ATM is fastened to make it more difficult to remove.
- Have appropriate signage around the ATM stating that it is being monitored by video surveillance.

• Ensure ATM has a GPS tracking device and familiarize yourself with the system.

• Install an alarm system on the ATM.

• Install bollards in front of business to prevent vehicle ramming.

For the month of September, Alberta RCMP will be using #SaferBusiness to provide more information about how to keep businesses and ATMs safe. Check out our Facebook

(@RCMPinAlberta) and Twitter (@RCMPAlberta) feeds for additional safety tips

If you see something suspicious, report it to your local police service. If you see a crime in progress, call 911. If you wish to remain anonymous, you can contact Crime Stoppers at 1-800-222-8477, online at [www.P3Tips.com](http://www.P3Tips.com) or by using the "P3 Tips" app available through the Apple App or Google Play Store.

# A MESSAGE FROM MLA MARK SMITH

**Submitted by MLA Mark Smith | Drayton Valley – Devon Constituency**

In the 2019 Provincial Election the United Conservative Party ran on a platform of reducing government spending by trying to find about 3 cents of savings for every dollar spent by the government. The debt under the previous government had grown to close to \$63 billion

dollars, the economy was in a recession and who ever was elected was going to have to start to address the debt and government spending. Between finding efficiencies and growing the economy the UCP government believed it could eventually have a balanced budget and then begin looking at how best to reduce the debt that the government had accrued. Alberta has been hit espe-

cially hard by the effects of the COVID-19 pandemic, the oil price crash and an already weakened economy. On August 27, 2020 the Minister of Finance presented Albertans with a provincial update and the fiscal reality that Albertans must now face is serious indeed. Here are some of the numbers you need to know:  
 Revenue is down  
 • Resource revenue has dropped drastically to

\$1.2 billion a \$3.9 billion decrease.  
 • Bitumen royalties of \$686 million are forecast, \$2.5 billion lower.  
 • Personal income tax revenue is forecast at \$10.7 billion a \$1.9 billion decrease.  
 • Corporate income tax is forecast at \$2.1 billion which is \$2.4 billion lower.  
 • Total Revenue is projected to be \$38.4 billion a decline of \$11.5 billion or 23% from Budget 2020.

The Deficit and Debt are up  
 • The yearly deficit now sits at \$24.2 billion – \$16.8 billion higher than estimated in Budget 2020.  
 • Alberta now faces a debt burden of \$99.6 billion, or \$22,400 per Albertan.  
 • Interest payments on the debt have increased by \$21 million and is a net \$154 million higher.

The Economy is struggling  
 • Manufacturing shipments and goods exports are down 20%.  
 • Non-Energy exports are down more than 10%.  
 • Drilling rig activity is down nearly 80% on a year to year basis.

• Investment in oil and gas extraction is forecast to fall by over \$8 billion or more than 30%.

When the Premier told Albertans that a time of economic reckoning was coming he was not exaggerating. Albertans have not faced these kinds of economic times since the “Great Depression”. But we are not without hope! Albertans are a hard-working, entrepreneurial people who are prepared to pull together, address the problems set before them and work to overcome our challenges. That was the message of the Finance Minister in his update to Albertans. We will face the challenges, we will work towards living within our means and we will work hard to grow the economy and provide a pathway of hope for all Albertans.

# *fall* HOME RENO GUIDE

SEPTEMBER 2020

# Fall HOME RENO GUIDE

## TYPES OF HOME INSULATION AND WHERE TO INSTALL THEM

When thinking about renovating their homes, homeowners may imagine changing wall colors, expanding room sizes or upgrading appliances and fixtures. However, unless people take inventory of the less glamorous components of the home, such as structure, plumbing, heating and cooling, and insulation, other improvements may be for naught.

A home insulation project certainly doesn't offer the wow factor of a kitchen remodel, but insulation serves a vital function in the house that helps keep people comfortable and reduces energy consumption. Insulation is typically placed in areas where air escapes, such as between the stud cavities inside the walls and in the attic, and serves to slow and reduce

heat transfer.

The U.S. Department of Energy says between 50 and 70 percent of the energy used in homes is for heating and cooling. By improving home insulation, homeowners can make their homes more comfortable, consistent and efficient. In fact, the ENERGY STAR program overseen by the U.S. Environmental Protection Agency says homeowners stand to save an average of 15 percent on heating and cooling costs by adding proper insulation. To do so, homeowners can take a crash course in home insulation and find the products that fit their needs.

Blanket batts and rolls

Blanket batts and rolls typically are constructed with fiberglass, so proper safety gear,

such as a mask and gloves, is needed when handling them. Installing this type of insulation is relatively easy since the materials are designed to fit the standard width between studs, rafters and floor joists.

Loose fill

Loose fill is usually made of fiberglass or cellulose (recycled paper fiber). It is blown or sprayed into place with pneumatic equipment, according to The Home Depot. Loose fill can be ideal for hard-to-reach areas in attics or inside wall cavities. It's good for adding insulation to irregularly shaped areas. Since it requires special equipment, this is a job best left to professionals.

Sprayed foam

Sprayed foam is just as the name implies, a foam made

from polyurethane, polyisocyanurate, cementitious, or other materials that are applied by a spray container. DIYers who need only small applications can use canned products. Large quantities are pressure-sprayed by professionals.

Foam board/rigid foam panels  
Ideal for unfinished walls, such as basement or foundation walls, floors and ceilings, these are boards of polyurethane or polystyrene. Foam boards tend to reduce energy consumption more effectively than other types of insulation.

Homeowners considering upgrading their insulation or amending existing insulation should do their homework on the type of insulation that will be most effective for their homes.

# fall HOME RENO GUIDE

## 5 TIPS TO PREPARE FOR WINDOW REPLACEMENT

Winter is coming, and for millions of people who reside in areas of the country that see the mercury drop considerably between December and March, that means prioritizing staying warm. Inefficient or aging housing materials may compromise your ability to do just that.

Drafts from doors, poorly protected attics and basements and aging windows may force heating systems to work extra hard to maintain interior temperatures.

Replacing old windows can make a home quieter by blocking out exterior noises. Consumer Reports also notes that new windows are often easier to clean and maintain than older varieties.

Many homeowners are interested in replacing their win-

dows, but may not know where to start. These guidelines can help the process along.

1. Get several estimates. Ask for recommendations from neighbors or other people in your area on which companies they used to install their replacement windows. When you interview the prospects, ask several questions about how they go about installing the windows. Questions can include:

- How long will the project take?
- Will I need to remain home during the process?
- Do you discard of old debris?
- What is the protocol for installation during inclement weather?

2. Research permits. Most home renovation projects need

to be approved by the local municipality. Go to the permit office and find out the requirements. Some window contractors will include securing permits in the cost of the project. After the project is completed, an inspector will come by and ensure the work was done according to code.

3. Change up the appearance. Look at the type of hardware you have around the home and other fixtures. Choose windows that have locks or latches that can match those features for continuity of style. Think about choosing a different style or frame color of the window, or a different type of window to improve efficiency and function.

4. Research top window manufacturers. It's tempting to purchase windows based on price

alone, but replacement windows are often a decision that only has to be made once or twice for the life of the home. Invest in durable windows that will have staying power. Consumer Reports offers unbiased reviews on various window brands and can help homeowners make sound decisions.

5. Prepare for installation. Clear pathways, remove window treatments and disconnect window alarm systems. Plan for one to two days of installation, advises Andersen Windows and Doors. Keep pets and children away from work areas.

Replacement windows can be a smart investment. New windows can improve the look of a home, reduce heating costs and can keep interior spaces comfortable.

# LEDUC RCMP INVESTIGATE MISCHIEF IN LRC PARKING LOT

**Submitted by Leduc RCMP**

On Aug. 29, 2020 at 3:30 a.m., Leduc RCMP were patrolling in the area of the LRC when they noticed significant damage to the van and bus belonging to the

Leduc Boys and Girls Club. Leduc RCMP made patrols in the area, but did not locate anyone. No other vehicles were parked at the LRC at the time.

This is the second incident in the last two months where vehicles have been

damaged while parked at the LRC. On June 26, a personally owned vehicle and another vehicle owned by the Leduc Boys and Girls Club were damaged.

Leduc RCMP take these offenses very seriously and the investigations are on-

going. If you have information regarding this or any other crime or suspicious activity, please contact Leduc RCMP at 780-980-7267 or your local police.

**Submitted by Leduc RCMP**

On Aug. 10, 2020 at approximately 11:30 p.m., Leduc RCMP responded to a complaint of a laser being pointed at an aircraft.

An air traffic controller reported that a commercially operated aircraft was preparing to land at approximately 500 feet above ground when a laser was directed at the aircraft.

Leduc RCMP made patrols of the area, but were

unable to locate the person involved.

Laser strikes on an aircraft are a serious concern as they can cause momentary blindness to the pilot. Especially at night, laser strikes can lead to a possible loss of control of aircraft, posing a danger to people on the aircraft and the general public," says Constable Cheri-Lee Smith.

Should you have any information on this incident, please call the Leduc RCMP at 780-980-7267.

# SUDOKU of the week

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

# CHOICE IN ALBERTA'S EDUCATION SYSTEM

**Submitted by MLA Mark Smith | Drayton Valley – Devon Constituency**

Aug. 27, 2020

One of the mandates that Albertans, and especially my constituents, called for prior to the 2019 Provincial Election was the need for greater choice in our children's education systems and further protection for the current schooling options available in Alberta. As a former educator who understands the benefits of having options when it comes to our children's education, I have continued to advocate on behalf of parents and was incredibly proud to have played a part in the passing of Bill 15 "Protecting Choice in Education" during this summer session.

Our government understands that parents should play the most essential role in the raising of their children and that the right to decide for themselves where and how their child learns should never be taken away from them. The establishment of Bill 15, passed in the most recent sitting of the Provincial Legislature, ensures that there continues to be choice in our education system by amending the preamble of the Education Act to include recognition of Section 26.3 from the Universal Declaration of Human Rights. This internationally recognized document states that "parents have a prior right to choose the kind of education that shall be given to their children." Under Bill 15 we will ensure the creation of new charter schools, the creation of vocation-focused charter schools, protection for the status and funding of independent schools across our province, while also providing new options for parents who would like to home-school their children. Bill 15, which comes into force on Sept. 1, will ensure our province maintains

its status as a world leader in high quality education and has already been acknowledged and praised by members of the Association of Independent Schools and Colleges in Alberta and The Association of Alberta Public Charter Schools.

Francophone schools, charter schools, independent schools, home education and

early childhood education all have an important part to play in the education system and our government has worked hard to affirm this through legislative policy. The implementation of Bill 15 will not only strengthen our current school system but allow for new developments that will benefit our younger generations for years to

come. Campaign promise made and campaign promise kept.

For more information on what is happening in education at the provincial level or questions regarding back to school procedure this fall and what that means for the future of our kids feel free to call our office at 780-542-3355.

# MALE ARRESTED FOR SEXUAL ASSAULT

**Submitted by Leduc RCMP**

On January 12, 2020, Leduc RCMP were alerted to a sexual assault that occurred in the City of Leduc.

Leduc RCMP launched an investigation and learned that earlier that day, a female re-

quested a ride to Edmonton through Snapchat. A newly added friend agreed to give her a ride and picked her up. The male suspect and the female drove to the area of 50 Street and Black Gold Drive and parked. The male sexually assaulted the female inside his vehicle. The male then drove

the female into Edmonton where she got out of the vehicle and called police.

This was a complex investigation which included a production order and DNA warrant. As a result of this investigation, Leduc General Investigation Section arrested and charged Hamza Zahid (19) of Edmonton

with sexual assault.

Zahid was released from custody to appear in Leduc Provincial Court on October 22, 2020.

This was a meeting through social media. Police remind the public to take precautions when meeting people through social media
