## MAYERTHORPE PUBLIC LIBRARY RELOCATION

**Submitted by Town of Mayerthorpe**

The Town of Mayerthorpe and the Town of Mayerthorpe Library Board are pleased to announce the relocation of the Mayerthorpe Public Library to the building located at the Fallen Four Memorial Park. The Town of Mayerthorpe Library Board has worked diligently

for many years to find solutions to enhance or build a new library. Council for the Town of Mayerthorpe committed an annual contribution to the Culture Reserve in 2015 to coordinate with Town of Mayerthorpe Library Board's vision. It is this funding that will enable the Town of Mayerthorpe to complete structural upgrades to the Fallen Four

building to provide for relocation of the library to a newer modernized space providing better accessibility, ample parking space, and greenspace for programs and services thus enhancing the library user experience. The Town of Mayerthorpe anticipates structural upgrades to be completed on or before October 31, 2020.

**Submitted by Spruce Grove Fire Services**

Spruce Grove Fire Services is teaming up with the National Fire Protection Association (NFPA) – the official sponsor of Fire Prevention Week for more than 90 years – to promote this year's Fire Prevention Week campaign, “Serve Up Fire Safety in the Kitchen!” The campaign works to educate everyone about simple but important actions they can take to keep themselves and those around them safe.

Cooking is the leading cause of home fires and home fire injuries in Canada. The majority of reported home fires started in the kitchen. Most home fires start with the ignition of food or other cooking materials.

“We know cooking fires can be prevented,” said Lorraine Carli, vice-president of outreach and advocacy at NFPA. “Staying in the kitchen while cooking, using a timer, and avoiding distractions such as electronics or TV are steps everyone can take to keep families safe in their homes.”

Spruce Grove Fire Services encourages all residents to embrace the 2020 Fire Prevention Week theme.

“The most important step you should take before making a meal is to Serve Up Fire Safety in the Kitchen!” said Fire Prevention Officer Ryan Harley. “A cooking fire can grow quickly. I have seen many homes damaged and people injured by fires that could easily have been prevented.”

# Fallen Four Memorial Society & Town of Mayerthorpe Agree to Transfer of Land and Assets

*Continued from Page 1*

Though divesting their role in operation and maintenance of the building and parking lots, the Fallen Four Memorial Society will continue to play an integral role in fundraising, maintaining, improving, and championing the legacy of the Fallen Four Memorial Park.

"On behalf of the Mayerthorpe Fallen Four Memorial Society I

would like to express our pleasure and gratitude to the Town of Mayerthorpe for assisting us in protecting the integrity and future of the Mayerthorpe Fallen Four Memorial Park for generations to come. The Mayerthorpe Fallen Four Memorial Society will continue to preserve and maintain the Memorial Park and Memorial Statues, but it is our wish that the Visitor Center become better utilized and provide

new opportunities for public use," stated President Thibault.

"There's been a lot of behind-the-scenes work undertaken by members of the Fallen Four Memorial Society and administration staff at the Town of Mayerthorpe. It's taken us a while to get to this point, but Council and I are thrilled to be able to collaborate with the Society to ensure the integrity of the park is maintained.

This beautiful park is woven into the fabric of our town and its meaning entwined in the hearts and minds of all who had a hand in seeing the facility to fruition. Stewardship of the building and lands is a responsibility the Town of Mayerthorpe gladly accepts to ensure the legacy of our Fallen Four and of all peace officers who made the ultimate sacrifice," added Mayor Jabush.

## Mayerthorpe Public Library Relocation

*Continued from Page 1*

"The Town of Mayerthorpe Library Board is very excited to move into our new space at the Mayerthorpe Fallen Four Memorial park. We look forward to enhancing services to our patrons by having a much more accessible building and plenty of greenspace for outdoor programming. We

are very grateful for all of the efforts of the Mayerthorpe Fallen Four Park Society and the Town of Mayerthorpe for this opportunity," stated Board Chair McDonald.

"It's long been a dream of the Library Board to have a more user-friendly space. It would have taken decades to grow the Town's Culture Reserve to a point where a new building

was possible, and with our library bursting at the seams and ease of accessibility challenges, different options had to be considered. The Fallen Four Memorial Society had a beautiful, new but under-utilized building and an idea was born. It will take some time to complete the necessary structural modifications, but Council's hope is that our library can

move into their new space late this fall. Soon, our community will have its library back and, once they're settled, we'll cut the ribbon to start an exciting, new chapter in the history of the Mayerthorpe Public Library. It's taken some time to dot the I's and cross the T's, but Council and I couldn't be happier with the outcome," added Mayor Jabush.

### JOKE of the week

A cop pulls a woman over and says, "Can I see your driver's licence?" The girl asks, "What's a driver's licence?" The cop says, "A little square thing with your picture on it." So she dug through her purse and found a little hand mirror, and looked in it. She said, "This has my picture on it." She handed it to the cop. He looks in it and says, "Why didn't you say you were a cop, I wouldn't have pulled you over?"

## As Fire Prevention Week™ approaches, Spruce Grove Fire Services reminds residents to “Serve Up Fire Safety in the Kitchen!™”

Continued from Page 2

Spruce Grove Fire Services wants to share safety tips to keep you from having a cooking fire.

- Never leave cooking food unattended. Stay in the kitchen while you are frying, grilling or broiling food. If you have to leave, even for a short time, turn off the stove.
- If you are simmering, baking, roasting, or boiling food, check it regularly. Remain in the home while food is cooking, and

use a timer to remind you that you're cooking.

- You have to be alert when cooking. You won't be alert if you are sleepy, have taken medicine or drugs, or have consumed alcohol that makes you drowsy.

- Always keep an oven mitt and pan lid nearby when you're cooking. If a small grease fire starts, slide the lid over the pan to smother the flame. Turn off the burner, and leave the pan covered until it is completely cool.

- Have a “kid-free zone” of at least 1 metre around the stove and areas where hot food or drink is prepared or carried.

For more information about Fire Prevention Week and cooking fire prevention, visit <https://www.nfpa.org/fpw>.

## DANGER! GASOLINE

Gasoline can be more dangerous than dynamite since it emits invisible, explosive vapours that ignite easily, even at low temperatures.

- Never store gasoline in basements, pits or other confined areas. Gasoline must be stored in areas that are well ventilated, free from ignition sources & in areas permitted by the National Fire Code of Canada.
- Never smoke while you are handling gasoline or other flammable liquids
- Never use gasoline to start your BBQ or as a cleaner or solvent.

# Thank You to the Stony Plain Fire Department for keeping Our Community Safe

## PREPARE

Install smoke alarms on every level of your home, as well as inside and outside every sleeping area.

Test smoke alarms monthly, and replace the batteries if needed.

Purchase and learn how to safely use a fire extinguisher.

Create a fire escape plan with your family, reviewing and practicing it twice a year.

Your fire escape plan should include two exit points from every room, as well as a designated outdoor meeting spot.

Make sure everyone in your family knows when and how to call 911 or the fire department.

## PREVENT

Turn off portable heaters whenever you leave a room or go to sleep.

Keep matches and lighters out of reach from children, and make sure they know never to play with these items.

Replace or repair loose plugs, exposed wiring or frayed extension cords, and avoid overloading outlets and extension cords.

Keep any items that can catch fire at least three feet away from cooking and heating devices.

Remain in the kitchen when frying, grilling or broiling food. Always turn off the stove if you leave the kitchen even for a brief period of time.

## STAY ALIVE

In the event of a fire, yell "Fire" repeatedly and evacuate immediately. Once outside, call 911 and never reenter a burning building for any reason.

If a door or door handle feels warm to the touch, do not open it. Use an alternate escape route.

If you must walk through smoke, get as close to the ground as possible to escape under the smoke, closing doors behind you.

If your clothing catches fire, always remember to stop, drop and roll, covering your face with your hands.

If you can't escape a room, close the door and cover vents and door cracks with a towel or cloth to keep out smoke. Signal for help at the window with a piece of cloth or a flashlight.

**Follow these fire safety tips,  
and review them with other  
members of your household,  
to protect yourself, your  
property, your community  
and your loved ones.**

# SUDOKU

of the week

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
