### CALMAR RESIDENT SEES DOUBLE WITH \$5 MILLION LOTTO 6/49 JACKPOT

Submitted by Western Canada Lottery Corporation

Calmar's Andrew Burke jokes that he's finally lived up to his father-in-law's expectations.

"On our wedding day, my father-in-law said 'I always wanted my daughter to marry a millionaire, but I got the next best thing - someone who spends money like a millionaire.' Well...

now..." Burke trailed off into laughter while claiming a \$5 million windfall from the September 16 LOTTO 6/49 draw.

### CONNECT CARE WAVE 2 LAUNCHES TO SUPPORT HEALTHCARE FRONTLINES

Submitted by Alberta Health Services

EDMONTON - On October 24, 2020, Alberta Health Services (AHS) will launch Connect Care Wave 2 at several suburban locations in the Edmonton Zone.

Wave 2 includes acute care, long-term care, hospice, post-acute units and the related suburban phar-

macies, diagnostic imaging and Alberta Precision Laboratory sites.

In addition to approximately 4,875 staff, and 1,100 physicians, nurse practitioners, physician assistants, and dentists, the following hospitals, sites and programs are part of the Wave 2 launch:

- Devon General Hospital;
- Fort Saskatchewan Com-

munity Hospital;

- Leduc Community Hospital;
- Redwater Health Centre (lab only);
- Strathcona Community Hospital (Sherwood Park);
- Sturgeon Community Hospital (St. Albert);
- WestView Health Centre (Stony Plain);

# Calmar Resident Sees Double With \$5 Million LOTTO 6/49 Jackpot

Continued from Page 1

Burke's claim was unusual – he would've taken home the same \$5 million prize regardless, but this time, he accidentally picked up two tickets for the same draw using the same series of numbers he's been playing for years. As a result, he shared the jackpot with himself – winning \$2.5 million on each ticket.

"The first line is always birthdays – just like everyone else in the world," he explained with a chuckle. "The others are just what I call 'hmm' numbers" –

after the sound he makes when he's picking them. Burke says that he'll play the same series of "hmm numbers" until he loses or wears out his last selection slip, and then picks new ones.

The last line of "hmm numbers" on both Burke's tickets matched the six LOTTO 6/49 main winning numbers drawn on September 16: 6, 12, 23, 29,

44, and 46.

Burke picked up both his tickets from Fas Gas Calmar Service, at 5001 50th Avenue in Calmar, where he's a regular. It's also where he found out about his win – to the excitement of the staff.

"The owner walked in and said 'what have you done

Andy, have you broken my machine?" he recalled. "The clerk then told me 'you've won \$2.5 million' – and I said she better check that other ticket, because it's the same numbers!"

Burke, who says he's now "on vacation" from his job until further notice, says the windfall probably means he's going to retire from playing the lottery.

"At \$5 million, I think I'll give someone else a chance," he laughed. He says he plans to use his windfall to do some renovations on his house, restore a vintage Land Rover he owns, and maybe take a trip back home to the United Kingdom when travel is safer.

"All I wanted out of the lottery was to be able to retire comfortably, keep up on the house, and have my Land Rover restored. I don't need anything else," he said. "I have everything I need."

# Connect Care Wave 2 Launches To Support Healthcare Frontlines

*Continued from Page 1*

- North East Community Health Centre (Edmonton);
- Continuing Care Access;
- Palliative Community Consult Team;
- Northern Alberta Renal Program.

The launch of Wave 2 comes a year after the successful launch of Wave 1, which saw Connect Care implemented at the Walter C Mackenzie Campus, East Edmonton Health Centre, Pharmacy and Diagnostic Imaging sites in the Edmonton Zone, Alberta Precision Labs sites in Edmonton and the North Zone, DynaLIFE sites across Alberta, labs at the Cross Cancer Institute, and hundreds of ambulatory clinics in the Edmonton Zone.

“Our patients have been our focus every step of the way. Connect Care will transform how patient information flows between patients and their healthcare providers, eventually creating a central access point for current and accurate patient information across AHS,” said Dr. Francois Belanger, Medical Director, AHS.

The full Connect Care launch will be deliberate and cautious, with nine implementation waves in total, happening between late 2019 and 2023. Patients, physicians, nurses, other frontline staff and technical teams have been instrumental in building the system and preparing for the launch.

The wave approach means we are able to fix issues as they appear, allowing us to learn and adapt the system before we roll it out in other areas.

We already know Connect Care adds value. As the COVID-19 pandemic demands increased, Wave 1 sites and programs were able to use Connect Care to support COVID-19 care.

Connect Care was adapted

to meet the needs of staff and patients, including adding information to the system for telephone and virtual visits to Connect Care, helping patients access virtual visits with their care providers, adding travel screening and COVID-19 diagnosis to patient charts, and other key elements to support the pan-

demic response.

“Ultimately, Connect Care will help us ensure high-quality care is being delivered in the same way no matter where you are in Alberta. It will let us record and share our patients’ health information with them and their healthcare teams,” said Dr. Belanger.

Alberta Health Services is the provincial health authority responsible for planning and delivering health supports and services for more than four million adults and children living in Alberta. Its mission is to provide a patient-focused, quality health system that is accessible and sustainable for all Albertans.

## NOW MORE THAN EVER, WE ALL NEED TO GET IMMUNIZED AGAINST INFLUENZA

### WE ARE ALL IN THIS TOGETHER.

AHS is offering influenza immunization to those under five years of age and their immediate families or household members only. There will be no drop-in immunizations at AHS locations.

If you meet the criteria above, you can visit [ahs.ca/flu](https://ahs.ca/flu) to book an appointment.

Albertans not in this age group are asked to call a pharmacy or doctor’s office to arrange a flu shot.

Immunization Clinics in Your Area:

Devon Public Health Centre  
Leduc Public Health Centre  
Thorsby Public Health Centre

# WEEKLY SUMMARY: OCTOBER 17-23

**Submitted by MLA Mark Smith | Drayton Valley – Devon Constituency**

Dear friends and neighbours,

Oil isn't just the driver of Alberta's economy, it's the largest single subsector of Canada's national economy. During previous times of economic uncertainty, it has been Alberta's oil sector that kept our economy afloat and guided us through the storm. While the roots of our economic challenges in 2020 differ greatly from what we faced in 2008, the fact re-

mains that a strong Canada requires a prosperous Alberta.

I am pleased to share with you that Alberta's government will stop setting monthly oil production limits to allow producers to utilize available pipeline capacity and create jobs. While our government will extend the regulatory authority to curtail oil production through December 2021, we do not plan on resuming production limits at a time when sources of crude oil production remain offline as a result of COVID-19.

This measured approach maintains the stability and predictability vital for investor confidence and allows our government to respond swiftly if there is a risk of storage reaching maximum capacity while enabling industry to produce as the free market intended.

The completion of long-awaited pipelines that we have fought tirelessly for – including Keystone XL, the Trans Mountain expansion and Enbridge Line 3 – will enhance Alberta's permanent ability to balance production and takeaway capacity, ensuring our resources are exported at full value.

Getting a driver's license is a significant milestone, critical to the lives and livelihoods of Albertans, and this shouldn't be challenged by limited road test availability. As a result of the NDP nationalizing road tests in March 2019, half of Alberta's driver examiners left the system and wait

times increased significantly. The damage was only compounded when COVID-19 resulted in even longer wait times and backlogs.

To provide Albertans with quicker access to road tests, our government has re-prioritized driver exams for class 4, 5 and 6 licenses.

Returning to a privately-run model will restore a system which Albertans used for years with confidence. Albertans will be able to book passenger vehicle road tests directly with local registry agents or through a new online system starting Dec. 1 for tests to be conducted after Jan. 5, 2021. Registry agents will be able to hire or contract driver examiners directly.

For the latest information on COVID-19, visit [alberta.ca/covid19](http://alberta.ca/covid19).

As always, it is my honour to serve as your MLA.

Sincerely,  
MLA Mark Smith

## ADDRESS WINDSHIELD DAMAGE PROMPTLY

Windshields are designed to protect drivers and their vehicles from wind and other natural elements while the cars are in motion.

Windshields are made from tempered glass, which is processed by controlled thermal or chemical treatments to increase its strength compared to normal glass. While relatively strong for a pieces of glass, windshields are not impervious to damage. All it takes is a single rock or piece of road debris to be kicked up from the roadway and hit the windshield to cause a problem.

Every day, motorists encounter pebbles or other small missiles that bounce up from the road and come in contact with their windshields. Many deflect with no problem, but under high speeds, debris can cause chips,

dings, and even cracks in the windshield.

Cracks easily spread from road vibration and heat and can compromise the integrity of the windshield. If your car's windshield is cracked and it shatters during a collision, you and your passengers are at great risk of injury. In addition, police officers can write tickets if windshields appear to be unsafe. So it's in drivers' best interests to repair damaged windshields promptly.

Drivers may be able to repair small dings themselves with a do-it-yourself windshield kit available at automotive retailers. If a crack is less than six to 12 inches long, it can probably be repaired as well. However, more significant damage will require that the entire windshield be replaced.

# A MESSAGE FROM MLA MARK SMITH

**Submitted by MLA Mark Smith | Drayton Valley – Devon Constituency**

Is it just me or does the perfect autumn weather never seem to last nearly long enough before the colourful leaves have fallen to the ground and the air has acquired a frosty nip. With the end of fall once again comes the opening of the Alberta Legislature and a reinvigorated effort to fulfill our platform commitments. Only a year and a half into our mandate, our government has accomplished 68% of our prior election commitments, meaning over two thirds of our policy platform undertakings have been met or are in process. With plenty more incredible policy suggestions on the docket, I thought I would review some of the bills and legislation we passed so far in 2020.

Back in May, which easily feels like it could have

been years ago now, session opened with Bill 1, the Critical Infrastructure Defence Act. This bill establishes harsher prosecution for individuals who choose to interfere with highways, railroads and other necessary public services and infrastructure while protesting. Bill 7, The Responsible Energy Development Act, builds on prior UCP campaign commitments to review the Alberta Energy Regulator, its unnecessary sector delays and the restoration of Alberta's reputation with investors as a leader in predictable and efficient regulation. Bill 8, the Protecting Survivors of Human Trafficking Act, extends the definition of sexual exploitation to persons of all ages, makes it easier for survivors to get protection orders, enables police to take quicker action to rescue survivors, and allows survivors to sue traffickers. Bill 8 also will help create a day of awareness to help ensure

more Albertans are aware of the growing issue that human trafficking poses in our province. One Bill that I was proud to have played a larger part in was Bill 15, the Choice in Education Act. The Government of Alberta will now officially recognize that public schools, separate schools, Francophone schools, private schools, charter schools, early childhood services programs and home education programs all play an integral role in ensuring choice in education to students and parents based on their varying needs.

The introduction of Bill 16, Victims of Crime Amendment Act, will help play an important part in promoting public safety measures, while better protecting and supporting victims through resources and service-based programs. An important issue was resolved with the passing of Bill 28, the Vital Statistics Act, ensuring greater protection

of children and vulnerable Albertans. Before the passing of Bill 28, sexual offenders could hide their past convictions from their community and intimate relationships by legally changing their name. Disallowing this process will allow for greater transparency and accountability while hopefully reducing future victimization.

Finally I wanted to mention Bill 32, Restoring Balance in Alberta's Workplace. The passing of this important bill will help save job creators upwards of \$100 million yearly by reducing red tape while also helping get Albertans back to work.

So far 2020 has been an incredibly busy year for legislation but as the fall session draws near, I am looking forward to the next round of important policy changes and decisions that need to happen to help keep Alberta on track during these difficult times.

# CHARGES LAID IN SUSPICIOUS DEATH INVESTIGATION

Submitted by Alberta RCMP

Following extensive investigation including a substan-

tial amount of interviews, the RCMP laid a charge of second degree murder in the June 18, 2020 homicide of Jacob Chitze.

On Oct. 25, 2020 the 17-year-old suspect, who cannot be named, was arrested by Edmonton Police Service on the outstanding warrant. The ac-

cused has been remanded in custody and is scheduled for a court appearance on Oct. 29, 2020 at 9:30 a.m. in Leduc Provincial Court.

# CEBA NOW OPEN TO BUSINESSES USING PERSONAL BANK ACCOUNTS

Submitted by Gerald Soroka, MP for Yellowhead

Gerald Soroka, Member of Parliament for Yellowhead, is pleased to inform constituents that the Canada Emergency Business

Account (CEBA) will be available to businesses that have been operating out of a non-business banking account. This change will greatly help farmers and smaller businesses that were not previously eligible.

To be eligible, businesses must:

- have been operating as a business as of March 1, 2020
- must successfully open a business account at a Canadian financial institution that is participating in

CEBA, and meet the other existing CEBA eligibility criteria.

The deadline to apply for CEBA is December 31, 2020.

For more information: <https://ceba-cuec.ca/>
