## INVESTIGATION LEADS TO SIGNIFICANT DRUG SEIZURE

**Submitted by Parkland RCMP**

The Parkland RCMP Drug Unit and Crime Reduction Unit have executed four search warrants and arrested three males following a lengthy investigation.

On April 10, 2021 Parkland RCMP executed four separate search warrants at residences in Edmonton and Spruce Grove and two storage lockers in Stony Plain, Alta.

During the search warrants, several items were seized including what is believed to be:

- 11 kg of cocaine

- 2.5 kg of fentanyl
- 8700 Etizolam (sedative) capsules

## YOUTH EMPLOYMENT & SKILLS PROGRAM (YESP) FUNDING

**Submitted by Gerald Soroka, MP for Yellowhead**

Gerald Soroka, Member of Parliament for Yellowhead, is pleased to advise that the Department of Agriculture and Agri-Food has announced an investment of up to \$21.4 million to enhance the Youth Employment and Skills Program (YESP) and fund about 2,000 jobs for youth in the

agriculture sector.

YESP aims to support agri-food employers and provide young Canadians between the ages of 15 and 30 with job experience in agriculture that could lead to a career working in the sector.

Eligible applicants include producers, agri-businesses, industry associations, provincial and territorial governments, Indigenous organizations, and research

facilities. Projects can start retroactively as early as April 15, 2021 to March 31, 2022.

Applications for the YESP are now being accepted and forms are available at either: Youth Employment and Skills Program - Agriculture and Agri-Food Canada (AAFC),

Via email: [aafc.yesp-pecj.aac@canada.ca](mailto:aafc.yesp-pecj.aac@canada.ca), or by calling: 1-866-452-5558.

# NOVA GAS TRANSMISSION LTD. NORTH CORRIDOR SYSTEM EXPANSION PROJECT APPROVED WITH 37 CONDITIONS

Gerald Soroka, Member of Parliament for Yellowhead, wishes to advise that the Minister of Natural Resources has announced approval of the NOVA Gas Transmission Ltd. (NGTL) North Corridor System Expansion Project with 37 conditions related to safety, environmental and wildlife protection, Indigenous engagement, and protection of Indigenous rights and interests.

As part of these conditions NGTL will be required to establish an Indigenous Working Group for the Red Earth and

Chinchaga Caribou Ranges. This will ensure Indigenous involvement in the efforts to create new caribou habitat, given the importance of caribou to their culture, traditional land and resource use, and intergenerational transfer of knowledge.

This \$632-million project is of significant importance to workers in Alberta. The project will create \$307 million in labour income, and the anticipated direct employment will be the equivalent of 1,740 full-time jobs during construction and contribute about \$425 million to Alberta's GDP. The North Corridor Project provides natural gas producers better access to markets for their products and contributes toward the phase-out of coal-fired electricity by 2030.

The NGTL North Corridor Expansion Project will add 81 kilometres of new pipeline to the existing NOVA Gas Transmission system in three different sections and associated facilities in northwestern Alberta.

The Canada Energy Regulator will continue to engage Indigenous groups throughout the project's lifecycle and is committed to reconciliation with Indigenous Peoples by building relationships based on the recognition of rights, respect, cooperation and partnership. The CER has established an Indigenous Advisory Committee with members representing First Nations, Inuit, and Métis, to advise the Board of Directors on the involvement of Indigenous Peoples in CER activities.

## JOKE of the week

A lawyer was on his deathbed in his bedroom, and he called to his wife. She rushed in and said, "What is it, honey?" He told her to run and get the bible as soon as possible. Being a religious woman, she thought this was a good idea. She ran and got it, prepared to read him his favorite verse or something of the sort. He snatched it from her and began quickly scanning pages, his eyes darting right and left. The wife was curious, so she asked, "What are you doing, honey?"

"I'm looking for loopholes!" he shouted.

# COVID-19 UPDATE FOR WHITECOURT

## Submitted by Town of Whitecourt

Case numbers for Whitecourt (as of May 6, 2021) are as follows:

- Active case rate per 100,000 population: 814

- Active Cases: 116

This is the highest active case number Whitecourt has experienced throughout the COVID-19 pandemic, and the community must remain vigilant in following public health restrictions and preventative practices. Simple steps can

slow the spread of COVID-19: wash your hands, physically distance, wear a mask and, if you're even slightly showing symptoms, stay home and get tested.

Changes to Town Facility Operations

The Government of Alberta has clarified guidelines regarding indoor recreation, and as a result the Allan & Jean Millar Centre is closed until further notice due to provincial public health restrictions. The Allan & Jean Millar Centre will continue to offer programming through the Members Only Facebook Group, as well as wellness and health tips and virtual programs for people of all ages via social media platforms. Facility staff look forward to welcoming members back once provincial health guidelines allow.

Open spaces, parks, playgrounds, trails and pathways remain open so that individuals and families can remain active; however, residents are reminded to follow physical distancing practices recommended by the Government of Alberta.

The Forest Interpretive Centre, RCMP Detachment, Whitecourt Fire Hall and Whitecourt Public Works Shop remain closed to the public. The Town Office continues to be open regular office hours; however, occupancy in the building is limited.

Alberta Vaccination Program

As of May 10, all Albertans ages 12 and up can get vaccinated. For more information, and to book an appointment, visit [www.alberta.ca/covid19-vaccine.aspx](http://www.alberta.ca/covid19-vaccine.aspx).

Until most Albertans are protected, fully vaccinated people must still follow all health measures: no indoor gatherings, keep 2 metres apart, wear a mask in public, and stay home when sick.

COVID-19 information and updates are publicly available on the Alberta Health and Alberta Health Services websites:

- [www.alberta.ca/covid19](http://www.alberta.ca/covid19)
- [www.ahs.ca/covid](http://www.ahs.ca/covid)

# Golfer's **GUIDE**

## 9 WAYS TO IMPROVE YOUR GOLF GAME

Warmer weather sends scores of golfers to their favorite courses each and every day. Golf is a challenging pastime, but a few pointers can help golfers hone their short games, long games and everything in between.

- Choose the right clubs. There is more to selecting clubs than pulling any old iron out of your golf bag and whacking away. Wind, hazards and obstructions in landing areas should influence your decision of which club to use. Novice golfers may want to rely on their caddies to make club recommendations, and as they become more confident in their abilities they can start to make their own choices.

- Anchor your feet. Anchor your foot behind the ball to drive the ball further. Right-handed players will keep the right foot anchored, and lefties will do the opposite. Do not lift your foot prematurely; otherwise, you can lose power and distance.

- Identify your weaknesses. As with any hobby, identifying those areas that need the most work can help you become a

better golfer. Keep track of each shot you take, and then look at the results to see which areas of your game need the most work.

- Fix your alignment. Align your shots by assessing the target from behind the ball. Then set the clubface behind the golf ball and align it with the target before you enter your stance.

- Use your torso for power. The torso is essential to a solid swing. Practice

rotating from your core to control your backswing and then maintain the same spine angle and posture on the downswing.

- Use the wind. Not every golf game will be played in perfect weather. A good player knows how to make adjustments for the wind depending on the shot. Use the wind to your advantage when you can, and adjust your swing when hitting into the wind.

- Become a better chipper. Many players put so much emphasis on their backswings and putt shots that they fail to devote any practice to chips. All shots are important for golfers trying to shed strokes off of their scores.

- Keep fit. Maintaining or improving your physical strength and overall health can help your golf game. Exercise and eat right, and you will have more endurance on the links.

# Investigation Leads to Significant Drug Seizure

*Continued from Page 1*

- 15 litres of liquid cocaine
- 100 kg of buff (cutting agent)

Police also located drug paraphernalia, a firearm, over \$2000 in Canadian currency and items consistent with drug trafficking.

"This is one of the most significant drug seizures we've seen in Parkland",

said Insp. Mike Lokken, Officer in Charge of Parkland RCMP. "This seizure will undoubtedly have a major impact on the organized crime and illicit drug trade in our area."

Three males from Spruce Grove have been arrested in relation to the investigation. All three have been released from custody and are scheduled to appear

in Stony Plain Provincial Court on June 9, 2021.

Parkland RCMP are not able to provide a full list of charges at this time due to forensic work still being conducted on the suspected drugs. Parkland RCMP will provide an update in the future.

If you have information about this incident or any other illegal activity, please

call the Parkland RCMP at 825-220-2000 or call your local police. If you wish to remain anonymous, you can contact Crime Stoppers at 1-800-222-8477 (TIPS), online at [www.P3Tips.com](http://www.P3Tips.com) (<http://www.p3tips.com/>) or by using the "P3 Tips" app available through the Apple App or Google Play Store.

## County News Highlights

### SQUEAL ON PIGS

#### Controlling invasive wild boar populations

Feral pigs, also known as wild boar at large, are one of the most damaging invasive species in North America.

Hunting is not an effective control option. We ask that you report signs or sightings by contacting the Ag Services Department at 780.785.3411 or [AgServices@LSAC.ca](mailto:AgServices@LSAC.ca).

For more information, please visit [abinvasives.ca](http://abinvasives.ca).

### COUNTY ADMINISTRATION OFFICE TO CLOSE MAY 10

#### New COVID-19 restrictions

The Lac Ste. Anne County Administration Office is closing to the public in response to new provincewide COVID-19 restrictions.

However, we're here to serve you in a variety of ways:

- By phone at 780.785.3411 (toll-free 1.866.880.5722)
- By email at [LSAC@LSAC.ca](mailto:LSAC@LSAC.ca)
- In-person by appointment only

The public is thanked for their understanding and support as the County responds to these new provincial public health restrictions.

Visit [LSAC.ca/news](http://LSAC.ca/news) for the latest updates as they happen.

### COUNCIL MEETINGS WILL BE HOSTED VIA ZOOM

#### Council and MPC Meetings held remotely due to COVID-19

County Council meetings will be hosted via Zoom to facilitate remote attendance and presentation.

Please visit [LSAC.ca/council](http://LSAC.ca/council) for more information on remote viewing and participation options for these meetings. Any new meeting protocols and accesses will be posted to the County's website and social channels.

### PLANNING & DEVELOPMENT

#### NOTICE OF DEVELOPMENT PERMIT APPROVALS

The following Development Permits have been approved or conditionally approved under the provisions of the Land Use Bylaw. This list does not include Permitted Uses. Interested parties are encouraged to contact the Planning and Development department at 1-866-880-5722 or [devassistant@LSAC.ca](mailto:devassistant@LSAC.ca), Monday to Friday 8:30am to 4:30pm to request additional information on a permit.

PERMIT #	LEGAL LAND DESCRIPTION	DESCRIPTION	APPEAL DEADLINE
21-D0089	Lot 15, Block 3, Plan 966MC, Jones Beach within SE 27-53-06 W5M 321, 53414 RGE RD 62	Addition 20.0' x 30.0' (600.0 sq. ft.) 9.0' walls and Deck 8.0' x 10.0' (80.0 sq. ft.) with Side Yard Variance Request, Regulation: 6.0 m, Requested: 1.8 m, Variance: 4.2 m	May 24, 2021

*Anyone who claims to be affected, and who wishes to lodge an appeal against any of the above developments, must do so in writing on the applicable form on or before 4:30pm on the above noted date(s). Secretary of the Subdivision and Development Appeal Board, c/o Lac Ste. Anne County, Planning & Development department, Box 219, Sangudo, Alberta, T0E 2A0.*

PLEASE NOTE: Lac Ste. Anne County requires that a non-refundable fee of \$250.00 be paid for every appeal served on the Subdivision and Development Appeal Board. Fees may be paid by Cheque, Visa, MasterCard, Interac or Cash.

# Lawn & Garden

## TECHNIQUES TO REVITALIZE A LAWN

Pristine, snow-covered landscapes can be wonders to behold. While that blanket of white is idyllic, a lawn's delicate blades may be paying a hefty price beneath the cold, heavy piles of snow.

Snow plows push salt and sand up on the grass while subterranean animals like mice and moles dig burrows beneath piles of snow as they try to find food and stay warm. Such conditions are not favorable for thriving landscapes. When the spring thaw arrives, lawns may be in dire need of some TLC. The following techniques can mitigate winter-related lawn damage.

- Clear out debris. Remove any scattered leaves,

branches and other debris that has been strewn across the property due to storms or snow-laden trees. This will give you a clean canvas to work on.

- Dry out snow mold. The Family Handyman says snow mold is a cold-season fungus that causes gray-colored circles or patches on the lawn where there has been snow. To alleviate snow mold, rake the lawn to loosen matted grass and facilitate the drying-out process.

- De-thatch the lawn. Heavy snow can compress the grass and cause some of it to die off. De-thatching helps to remove dead grass blades and separate any matting. This enables

water, nutrients and air to reach the lawn's roots more effectively. Thinning out old organic matter also helps encourage new growth.

- Aerate the soil. Coupled with dethatching, aeration involves loosening the soil or poking holes to allow nutrients to move freely to the roots.

- Kill weeds before they spread. Weeds may be the first to start growing when the weather begins to warm. Address them promptly by manually pulling them or applying an herbicide.

- Overseed the lawn. Chances are there are some bare spots that have formed over the winter. Overseeding can help to fill in the lawn. Make sure that frosts

are largely a thing of the past and soil temperature is around 50 F to 60 F before seeding. Water daily until grass fills in.

- Apply nutrients. Fertilizer and compost can restore nutrients to the lawn that may have been used up over winter. A soil test at a nearby horticultural center can tell you which nutrients are needed, according to the Chemistry Cachet, a guide to using chemistry secrets for healthy living, beauty, cleaning, and gardening.

Lawns can be restored to their pre-winter glory after some sweat equity and about five to six weeks of consistent sunshine and warm weather.

# RCMP ASSIST ST. ALBERT FIRE SERVICES WITH STRUCTURE FIRE AT CITADEL MEWS

**Submitted by St. Albert RCMP**

On May 6, 2021, at approximately 8:00 p.m. St. Albert RCMP received a call to assist

St. Albert Fire Services with a structure fire at the Citadel Mews. Members responded and assisted with evacuating residents and blocking off road ways.

Buses & Handy Buses from St. Albert and Edmonton assisted with transporting residents to the muster point in the Costco parking lot. St. Albert Alliance Church opened

up its doors to the displaced residents until alternate arrangements can be made.

# INSURERS URGE ALBERTANS TO PREPARE FOR THE 2021 HAIL SEASON

**Submitted by Insurance Bureau of Canada**

June to September is hail season in Alberta. Homes are being damaged more frequently not only by hail, but also by heavy rainfall and strong winds. In preparation of this year's hail season, Insurance Bureau of Canada (IBC) is sharing tips and information to help consumers protect themselves and their property.

Be prepared

- Keep a current, detailed inventory of your home's contents.

- Assemble an emergency supply kit.

- Create an emergency preparedness plan for your household.

- Monitor the local weather forecasts and Alberta Emergency Alerts for watches and warnings for thunderstorms (which often include hail).

- Know your risks and review

your insurance policy with your insurance representative.

How to get ready for severe weather

- Secure barbecues, and secure or store patio furniture indoors when severe weather is in the forecast.

- Park your vehicle in a covered area.

- Ensure proper grading around your home.

- Have someone check your property if you are away.

- Install a sump pump, and a sewer backup or backflow valve.

- Consider resilient building materials when completing repairs.

How to protect yourself before and during a storm

- Stay away from windows, doors and skylights during a storm.

- Do not drive through flooded intersections or large puddles.

- Watch for flooded areas.

Excessive hail combined with heavy rain can plug storm drains and create local flooding.

- If driving, find a place to safely pull off roadways and protect yourself from shattered glass by facing away from all windows.

- If you are caught outdoors with no immediately available shelter, crouch down, face away from the wind and protect your head and neck with your hands.

If you need to make a claim, here's how to start the process

- When safe to do so, assess, photograph and document the damage.

- Call your insurance representative or company to report the damage or losses.

- Be as detailed as possible when providing information of the damage to your property.

- Water damage to vehicles is usually covered under comprehensive or all-perils auto insurance policies. Contact your

insurance representative for details.

- If you need help getting in touch with your insurer, phone IBC's Consumer Information Centre at 1-844-2ask-IBC (1-844-227-5422) or email askibcwest@ibc.ca.

This decade, Alberta has experienced more severe weather events than any other region in Canada. Taxpayers and insurers share the cost for severe weather damage. For every dollar paid in insurance claims for damaged homes and businesses, all levels of government and taxpayers pay much more to repair public infrastructure. Yet Canada still lacks a national climate adaptation strategy with measurable targets and the accompanying investments needed to protect Canadian homes and businesses from natural disasters.

Visit IBC's website at ibc.ca for information on ways to prepare for a hailstorm.

## PURE HEMP PRODUCTS

AGING IS INEVITABLE - LOOKING AND FEELING OLD ISN'T!

### A Health and Beauty Breakthrough!

Cannabidiol, is one of over 80 active cannabinoid chemicals in the hemp plant. Unlike, THC, it does not produce euphoria or intoxication. It targets specific receptors in the cells of your brain & body. There are many physical and mental benefits to using these products for both treatment and prevention of numerous ailments.

#### Therapeutic Uses For Pure Hemp

Supports healthy blood sugar levels, promotes healthy energy levels, relieves anxiety, aids in digestion, supports optimal immune function and the regeneration of healthy cells, and promotes a sense of serenity and overall well-being.

#### Anti-Aging Uses For Pure Hemp

Promotes more youthful skin, provides hydration, enhances radiance, lessens age lines as well as the appearance of dark spots.

### KEY BENEFITS

**PAIN RELIEF:** Known to reduce vomiting & nausea; suppress muscle spasms; reduce seizures & convulsions.

**PROMOTES HEALTH:** Helps to promote relaxation and overall health.

**WELL-BEING:** Helps to relieve anxiety, aid in digestion, supports optimal immune function and the regeneration of healthy cells.

## PET PRODUCTS

### PET CHEW TREATS

#### KEY BENEFITS

**SYNERGISTIC BENEFITS:** Can be used in conjunction with regular medications with no side effects.

**NO SIDE EFFECTS:** Does not damage the liver, kidney or GI Tract like OTC medication.

**DIETARY SUPPLEMENT:** Can be administered daily as part of your pet's diet.

### ORAL SPRAYS & DROPS

#### KEY BENEFITS

**MANAGES PAIN:** Helps to treat inflammation, arthritis and joint pain.

**TREATS DIGESTIONAL ISSUES:** Helps with loss of appetite, nausea, IBS and gastrointestinal swelling.

**GENERAL HEALTH:** Helps to manage mood, anxiety and general joint pain. For healthy, happy pets.

**CONVENIENT:** Can be sprayed into pet's mouth or on food.

## For more information, Call (780) 907-8642

# SUDOKU

of the week

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

## ANSWER:

6	8	3	9	1	2	4	5	7
7	1	9	4	5	8	3	6	2
2	5	4	3	7	6	9	8	1
