EVACUATION ORDER LIFTED

Submitted by Parkland County

The Director of Emergency Management, Brian Cornforth, of Parkland County has been advised that the imminent danger from the wildfire to life and property present in the area between Highway 22 and Range Road 63 and between Township Road 510 and 524 has diminished at this time.

The Evacuation ORDER to evacuate these areas has been rescinded and replaced with an Evacuation ALERT.

In the event that conditions change an Evacuation ORDER may be re-issued and the evacuation process will re-commence.

The re-entry route to follow is your normal route of travel to your residence.

Additional information and updates can be accessed at www.parkland-county.com, or on our Facebook and Twitter pages.

INFORMATION FOR RETURNING RESIDENTS:

For residents returning to their homes, please be cautious of fire crews working.

If there is an active fire close to your home, call 911, and let them know you are in the fire zone. A fire crew will be sent to your location.

- If utilities are out, call your utility company.

- If possible, please wait until the fire is declared contained before moving livestock.

- If you have fire damage, track all expenses.

- If you need access to non-urgent help, please call the reception centre at 780-203-3258.

DRAYTON VALLEY WARNS RESIDENTS ABOUT THE GRANDPARENTS SCAM

Submitted by Drayton Valley RCMP

Drayton Valley RCMP warns the public about the grandparents scam that has been circulating in the area.

Grandparent scams are common scams that target seniors and usually involve a phone call from someone

who pretends to be a grandchild. If you get a call like this, be prepared: the scammer may already know your grandchild's name and what your grandchild calls you (for example, a nickname like Nona or Grampy).

Acting as your grandchild, the scammer claims to be in trouble and asks for your

help. The scammer may try to convince you that your grandchild was in a car accident or has been arrested and needs bail money. You may be asked to wire money, buy gift cards or bitcoin right away, without telling anyone.

NOVA GAS TRANSMISSION LTD. NORTH CORRIDOR SYSTEM EXPANSION PROJECT APPROVED WITH 37 CONDITIONS

Gerald Soroka, Member of Parliament for Yellowhead, wishes to advise that the Minister of Natural Resources has announced approval of the NOVA Gas Transmission Ltd. (NGTL) North Corridor System Expansion Project with 37 conditions related to safety, environmental and wildlife protection, Indigenous engagement, and protection of Indigenous rights and interests.

As part of these conditions NGTL will be required to establish an Indigenous Working Group for the Red Earth and Chinchaga Caribou Ranges. This will ensure Indigenous involvement in the efforts to create new caribou habitat, given the importance of caribou

to their culture, traditional land and resource use, and intergenerational transfer of knowledge.

This \$632-million project is of significant importance to workers in Alberta. The project will create \$307 million in labour income, and the anticipated direct employment will be the equivalent of 1,740 full-time jobs during construction and contribute about \$425 million to Alberta's GDP. The North Corridor Project provides natural gas producers better access to markets for their products and contributes toward the phase-out of coal-fired electricity by 2030.

The NGTL North Corridor Expansion Project will add 81 kilometres of new pipe-

line to the existing NOVA Gas Transmission system in three different sections and associated facilities in northwestern Alberta.

The Canada Energy Regulator will continue to engage Indigenous groups throughout the project's lifecycle and is committed to reconciliation with Indigenous Peoples by building relationships based on the recognition of rights, respect, cooperation and partnership. The CER has established an Indigenous Advisory Committee with members representing First Nations, Inuit, and Métis, to advise the Board of Directors on the involvement of Indigenous Peoples in CER activities.

JOKE of the week

A lawyer was on his deathbed in his bedroom, and he called to his wife. She rushed in and said, "What is it, honey?" He told her to run and get the bible as soon as possible. Being a religious woman, she thought this was a good idea. She ran and got it, prepared to read him his favorite verse or something of the sort. He snatched it from her and began quickly scanning pages, his eyes darting right and left. The wife was curious, so she asked, "What are you doing, honey?"

"I'm looking for loopholes!" he shouted.

YOUTH EMPLOYMENT AND SKILLS PROGRAM (YESP) FUNDING

Submitted by Gerald Soroka, MP for Yellowhead

Gerald Soroka, Member of Parliament for Yellowhead, is pleased to advise that the Department of Agriculture and Agri-Food has announced an investment of up to \$21.4 million to enhance the Youth Employ-

ment and Skills Program (YESP) and fund about 2,000 jobs for youth in the agriculture sector.

YESP aims to support agri-food employers and provide young Canadians between the ages of 15 and 30 with job experience in agriculture that could lead to a career working in the

sector.

Eligible applicants include producers, agri-businesses, industry associations, provincial and territorial governments, Indigenous organizations, and research facilities. Projects can start retroactively as early as April 15, 2021 to March 31, 2022.

Applications for the YESP are now being accepted and forms are available at either:

Youth Employment and Skills Program - Agriculture and Agri-Food Canada (AAFC)

Via email: aafc.yesp-pecj.aac@canada.ca, or by calling: 1-866-452-5558.

Drayton Valley Warns Residents About the Grandparents Scam

Continued from Page 1

They pull at your heartstrings so they can trick you into sending money before you realize it is a scam. To make the story seem more credible, the caller might also put another person on the phone to act like a police officer or lawyer.

Fortunately there are a

few simple steps that you can take to avoid falling victim to this scam:

- Resist the urge to act immediately – no matter how dramatic the story is.

- Ask the caller a few personal questions that a real grandchild could answer but a scammer could not.

- After you hang up, verify the story by calling the par-

ents or other relatives of the “grandchild”.

- Never wire money, sent gifts or bitcoin to someone under uncertain conditions. It is nearly impossible to recover or trace money that has been wired.

- Remember police officers will not request anyone to send money for anything.

For more information on

scams contact the Canadian Anti-Fraud Centre online at www.antifraudcentre-centreantifraude.ca or toll free at 1-888-495-8501. If you believe you may be the victim of fraud or have given personal or financial information unwittingly, contact your local police detachment.

A MESSAGE FROM MLA MARK SMITH

Submitted by Mark Smith, MLA for Drayton Valley – Devon

The COVID-19 pandemic is the greatest challenge many of us have seen in a lifetime. For Albertans, and people in jurisdictions everywhere, vaccines are the ticket past these dark times and into brighter days.

When COVID-19 vaccines

first became available, Alberta's government prioritized getting doses into the arms of those most at risk of severe health outcomes. First and foremost, seniors and Albertans with pre-existing health conditions were vaccinated to save lives and mitigate the impact of the virus on families, grandparents, friends and loved ones.

More than 1.66 million doses have been administered across the province and now Alberta's government is expanding the vaccine rollout to the general population. Specifically, Alberta's government is opening vaccinations up to those 12 years of age and older. By opening bookings to everybody over 12, we are taking a huge step towards stop-

ping the spike of COVID cases and hopefully putting this pandemic behind us for good.

Alberta's government is ahead of schedule and delivering on our promise to offer every Albertan over 18 their first dose by June 30. This is testament to the efficiency of our vaccine administration program and our determination to increase rates of vaccination as we receive vaccine supply from the federal government.

Despite the setbacks we have faced as a result of Ottawa's failure to secure an early supply of vaccines, dedicated Albertans in healthcare, pharmacies, support roles and our Vaccine Task Force have worked together to develop and implement an efficient model to rapidly distribute vaccines. Their efforts are protecting Albertans, but the time is now for all of us to work together, protect each other, get vaccinated and ensure we can have the summer we deserve.

We have come a long way, but we have a bit further to go. Every Albertan can help drive cases down by following the public health rules in their community and getting vaccinated. The end is in-sight and we are all grateful for the patience Albertans have shown throughout this pandemic and through this final push.

All eligible Albertans can book their vaccine appointments through Alberta.ca/vaccines or through 811. Albertans can also book an appointment for these vaccines through participating pharmacies. To find the closest location to you with an earliest available booking date, check the list on Ab.bluecross.ca.

Golfer's **GUIDE**

9 WAYS TO IMPROVE YOUR GOLF GAME

Warmer weather sends scores of golfers to their favorite courses each and every day. Golf is a challenging pastime, but a few pointers can help golfers hone their short games, long games and everything in between.

• Choose the right clubs. There is more to selecting clubs than pulling any old iron out of your golf bag and whacking away. Wind, hazards and obstructions in landing areas should influence your decision of which club to use. Novice golfers may want to rely on their caddies to make club recommendations, and as they become more confident in their abilities they can start to make their own choices.

• Anchor your feet. Anchor your foot behind the ball to drive the ball further. Right-handed players will keep the right foot anchored, and lefties will do the opposite. Do not lift your foot prematurely; otherwise, you can lose power and distance.

• Identify your weaknesses. As with any hobby, identifying those areas that need the most work can help you be-

come a better golfer. Keep track of each shot you take, and then look at the results to see which areas of your game need the most work.

• Fix your alignment. Align your shots by assessing the target from behind the ball. Then set the clubface behind the golf ball and align it with the target before you enter your stance.

• Use your torso for power. The torso is essential to a solid swing. Prac-

tice rotating from your core to control your backswing and then maintain the same spine angle and posture on the downswing.

• Use the wind. Not every golf game will be played in perfect weather. A good player knows how to make adjustments for the wind depending on the shot. Use the wind to your advantage when you can, and adjust your swing when hitting into the wind.

• Become a better chipper. Many players put so much emphasis on their backswings and putt shots that they fail to devote any practice to chips. All shots are important for golfers trying to shed strokes off of their scores.

• Keep fit. Maintaining or improving your physical strength and overall health can help your golf game. Exercise and eat right, and you will have more endurance on the links.

SUMMER 2021

Lawn & Garden

The Businesses in the following Guide can be your One Stop Solution to all your Lawn & Garden Needs!

Lawn & Garden

TECHNIQUES TO REVITALIZE A LAWN

Pristine, snow-covered landscapes can be wonders to behold. While that blanket of white is idyllic, a lawn's delicate blades may be paying a hefty price beneath the cold, heavy piles of snow.

Snow plows push salt and sand up on the grass while subterranean animals like mice and moles dig burrows beneath piles of snow as they try to find food and stay warm. Such conditions are not favorable for thriving landscapes. When the spring thaw arrives, lawns may be in dire need of some TLC. The following techniques can mitigate winter-related lawn damage.

• Clear out debris. Remove any scattered leaves,

branches and other debris that has been strewn across the property due to storms or snow-laden trees. This will give you a clean canvas to work on.

• Dry out snow mold. The Family Handyman says snow mold is a cold-season fungus that causes gray-colored circles or patches on the lawn where there has been snow. To alleviate snow mold, rake the lawn to loosen matted grass and facilitate the drying-out process.

• De-thatch the lawn. Heavy snow can compress the grass and cause some of it to die off. De-thatching helps to remove dead grass blades and separate any matting. This enables

water, nutrients and air to reach the lawn's roots more effectively. Thinning out old organic matter also helps encourage new growth.

• Aerate the soil. Coupled with dethatching, aeration involves loosening the soil or poking holes to allow nutrients to move freely to the roots.

• Kill weeds before they spread. Weeds may be the first to start growing when the weather begins to warm. Address them promptly by manually pulling them or applying an herbicide.

• Overseed the lawn. Chances are there are some bare spots that have formed over the winter. Overseeding can help to fill in the lawn. Make sure that frosts

are largely a thing of the past and soil temperature is around 50 F to 60 F before seeding. Water daily until grass fills in.

• Apply nutrients. Fertilizer and compost can restore nutrients to the lawn that may have been used up over winter. A soil test at a nearby horticultural center can tell you which nutrients are needed, according to the Chemistry Cachet, a guide to using chemistry secrets for healthy living, beauty, cleaning, and gardening.

Lawns can be restored to their pre-winter glory after some sweat equity and about five to six weeks of consistent sunshine and warm weather.

DEVON RCMP ARREST MALE EMPLOYEE FOR FRAUD AND THEFT

Submitted by Devon RCMP

Devon RCMP began an investigation in March 2021 into allegations that an employee

was stealing money from the Devon Golf and County Club in Devon, Alta.

The offence occurred between April 2020 and March 2021 while he was employed

as the General Manager of the Devon Golf and County Club.

Scott Borsa (35) of Devon, Alta. has been charged with fraud over \$5000 and theft under \$5000.

Borsa has been released from custody and is scheduled to appear in Leduc Provincial Court on June 17, 2021.

CALL FOR INNOVATIVE CONCEPTS TO PREVENT AND ELIMINATE HOMELESSNESS LAUNCHED

Gerald Soroka, Member of Parliament for Yellowhead, is pleased to advise that the De-

partment of Families, Children and Social Development, has launched a call for concepts

for innovative projects to prevent and eliminate homelessness under the Community Ca-

capacity and Innovation stream of Reaching Home: Canada's Homelessness Strategy.

Approximately \$6 million over three years will be provided starting in 2021-22, for scalable projects that will test and develop new and innovative approaches to addressing homelessness in communities across the country.

Project concepts must address at least one of the following three priorities:

- Testing or developing interventions for specific populations, such as Indigenous people, youth, seniors, LGBTQ2, women fleeing violence, veterans, or Black and racialized Canadians.

- Developing strategic partnerships that contribute to community collaboration, increase capacity building within the homeless-serving sector, or build connections between sectors or different levels of government.

- Developing effective practices or innovative techniques to measure the scope of homelessness or address data gaps related to homelessness, including hidden homelessness.

Priority consideration will be given to large-scale multi-year projects, projects serving Indigenous communities and projects addressing homelessness in the territories.

Concepts can be submitted by completing a concept application form and submitting it via email to: -dcj@hrsdc-rhd-cc.gc.ca by June 11, 2021.

Concepts will be evaluated by a review committee, and selected applicants will be invited to submit full proposals for consideration in the summer.

KEY MESSAGES FROM GYPSD'S MAY PUBLIC BOARD MEETING

Submitted by GYPSD

District Priority 1: Student Learning

The Board received a report from Managing Director of Learning Services Carra Aschenmeier, describing the Division's working and advisory groups – teams of volunteer teachers and principals – who take the lead on a variety of student learning initiatives, from curriculum review and implementation, to assessment and reporting practices, in support of student growth and achievement throughout GYPSD.

Summer School 2021 is taking registrations and provides a great opportunity for secondary students to free up room in their timetables for other courses during the school year!

Preparation for the 2021-2022 is underway. Families have received their returning student verification notices. CAMPUS GYPSD offers flexible and personalized distance learning in the new H para Online Learning platform. GYPSD is proud to be an official provincial provider of Home Education and specialized options – such as the Christian Learning program pilot.

District Priority 2: Teaching and Leadership Excellence

Board Chair Rosadiuk acknowledged Education Week and the great programming and learning experiences provided throughout GYPSD, applauding the “incredible teachers in our Division who step up and say, “YES TO KIDS!”

Highlights from Superintendent Lewis' Report include:

- Meeting with teachers in the Teacher Advisory Group (TAG);
- Planning and Prep for Central Office and District PD;
- Interviews and Hiring of Staff: Director of Inclusive Learning, École Pine Grove Middle School, Parkland Composition High School;
- Meetings with representatives from Alberta Education

and the College of Alberta School Superintendents;

- Preparation of the 2021-2022 Division Budget, one-on-one principal meetings, Anti-bullying and Mental Health support;
- Preparation for Alberta Education's Assurance Report;
- Attendance at the Rural Caucus of Alberta School Boards' Annual Spring Meeting;
- Policy Committee Meeting;
- Review of the Draft K-6 Curriculum.

District Priority 3: Community Engagement

Board Chair Rosadiuk, Vice Chair Zaporosky, Trustees Fate, Karpluk, Aust, Caputo and Fowler are committed to leading advocacy for strong public education, building col-

laborative relationships and developing solution-focused partnerships to ensure success for GYPSD students and community.

Highlights include:

- Board Chair Rosadiuk acknowledged the Board's deep appreciation for the Division's bus drivers and their role in ensuring safe, caring, welcoming and respectful environments on the bus while also transporting students safely to school and back, May 3rd being Bus Driver Appreciation Day. She also acknowledged the importance of reaching out for support and stamping out stigma highlighted during Mental Health Awareness Week.
- Attendance at the Rural Caucus of Alberta School

Boards' Annual Spring Meeting.

Board Chair Rosadiuk shared correspondence from:

- St Albert Public Schools
- Minister LaGrange re: access to vaccinations for Education staff
- The Alberta School Boards Association (ASBA)

The Board of Trustees passed motions to:

- Approve the Division's 2021-2022 Budget Allocation Method
- Approve the new location of the Grande Cache TLC
- Approve a FAQ on the modernization process at Grand Trunk in Evansburg as approved by Alberta Infrastructure

PURE HEMP PRODUCTS

AGING IS INEVITABLE - LOOKING AND FEELING OLD ISN'T!

A Health and Beauty Breakthrough!

Cannabidiol, is one of over 80 active cannabinoid chemicals in the hemp plant. Unlike, THC, it does not produce euphoria or intoxication. It targets specific receptors in the cells of your brain & body. There are many physical and mental benefits to using these products for both treatment and prevention of numerous ailments.

Therapeutic Uses For Pure Hemp

Supports healthy blood sugar levels, promotes healthy energy levels, relieves anxiety, aids in digestion, supports optimal immune function and the regeneration of healthy cells, and promotes a sense of serenity and overall well-being.

Anti-Aging Uses For Pure Hemp

Promotes more youthful skin, provides hydration, enhances radiance, lessens age lines as well as the appearance of dark spots.

KEY BENEFITS

PAIN RELIEF: Known to reduce vomiting & nausea; suppress muscle spasms; reduce seizures & convulsions.

PROMOTES HEALTH: Helps to promote relaxation and overall health.

WELL-BEING: Helps to relieve anxiety, aid in digestion, supports optimal immune function and the regeneration of healthy cells.

PET PRODUCTS

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

ANSWER:

6	8	3	9	1	2	4	5	7
7	1	9	4	5	8	3	6	2
