The final goal of this forum is for students to develop and act on a project that helps address climate and/or sustainability issues in their communities.

Grade 9 students at Niton Central School are leading a fundraiser for a sustainability and environment project. The Apple-Dumpling Gang,

with support from Mr. Black and Mrs. Maskell, developed a proposal to fundraise for apple trees for the Niton Central School property.

Niton Bottle Depot has graciously agreed to house a change jar for the Niton community to donate to the project. Please help support this wonderful initiative by making a small donation!

RCMP PROCESSED 121 IMPAIRED DRIVERS OVER VICTORIA DAY LONG WEEKEND

Submitted by Alberta RCMP

This Victoria Day long weekend, from May 21 - 24, Alberta RCMP removed 121

impaired drivers from our provincial roadways. In participation of National Impaired Driving Enforcement Day on Saturday, RCMP were out patrolling the highways

and apprehending motorists under the influence of drugs or alcohol.

Sixty-one motorists received Immediate Roadside Sanction (IRS) FAILs for

driving with blood alcohol concentrations of .08 or greater. It was the second or even third FAIL occurrence for six of these individuals. Twenty-five drivers received IRS WARNs with blood alcohol concentrations of 0.05 to 0.079. As well, 23 motorists holding GDL licences were issued suspensions and vehicle seizures due to having blood alcohol concentrations greater than zero.

Albertans made several 911 calls to the RCMP to report possible impaired driving. Nine of these calls resulted in the drivers being processed for impaired driving. One call resulted in officers calling for an ambulance, as the motorist was not impaired but rather having a medical episode.

For more traffic safety information, follow us on Facebook @RCMPinAlberta and Twitter @RCMPAlberta.

Please visit the Division's website at www.gypsd.ca under **For Parents/Student Transportation** and enter your home address on the link *What is My Designated School?*

Why does Transportation Services Charge Fees for Some Services?

Fees are established to support transportation services for the jurisdiction's families who request them and to ensure classroom dollars are not being used to address transportation service funding gaps.

User fees are charged to parents of students who access transportation services as a way to recover the unfunded costs. GYPSPD service fees are amongst the lowest in the province.

How is Eligibility for Transportation Determined?

- Alberta Education provides funding to eligible riders only.
- The distance of 2.4 kms for busing to the student's designated school is set by Alberta Education.
- The government sets eligibility based on the student's primary residence address and distance from home to designated school.

GOVERNMENT OF CANADA TO REIMBURSE SELF-EMPLOYED WORKERS WHO REPAID THE CERB

Submitted by Canada Revenue Agency

Over the course of the COVID-19 pandemic, the Government of Canada has introduced historic measures to support Canadians, including the Canada Emergency Response Benefit (CERB). The CERB helped more than 8 million Canadians pay for things like food and rent when we first asked people to stay home and flatten the curve.

The CERB's eligibility criteria were made as broad and inclusive as possible so that workers who needed support could get it; especially for the self-employed whose income takes different forms.

As announced in February,

self-employed workers who applied for the CERB and would have qualified based on their gross income are not required to repay the benefit, provided they also met all other eligibility criteria. Today, the Government of Canada announced further details on how this approach will be applied.

Self-employed workers whose net self-employment income was less than \$5,000 and who applied for the CERB will not be required to repay the CERB, as long as:

- They have filed their 2019 and 2020 income tax returns by December 31, 2022;
- Their gross self-employment income was \$5,000 or more in 2019 or in the 12

months prior to their initial application; and

- They met all other CERB eligibility criteria.

The CRA will review the 2019 and 2020 income tax returns of workers in this situation to verify that these conditions are met.

Starting on May 27, 2021, self-employed workers who meet the remission order criteria and who had voluntarily repaid all or part of the CERB to the CRA or Service Canada can request a reimbursement of their payments only from the CRA. These workers can do so by completing the CRA's CERB Reimbursement Application for Self-Employed Individuals form and submitting it to the CRA electronically

ly or by mail.

The CRA will begin processing applications after June 15, 2021. Eligible Canadians who repaid the CERB can expect reimbursements within approximately 90 days of submitting their applications to the CRA.

Quick Facts

- The Canada Emergency Response Benefit and Employment Insurance Emergency Response Benefit Remission Order grants relief of the collection of certain overpayments and certain payments of the CERB for self-employed individuals who applied for the CERB and would have qualified based on their gross income. The remission order was approved by the Administrator in Council on the recommendation of the Minister of Employment and Social Development Canada and Treasury Board on April 30, 2021.

- The remission order for self-employed individuals is published in the Canada Gazette.

- Individuals who have not made a repayment to the CRA or Service Canada and meet the eligibility criteria for the remission order do not need to contact the CRA or Service Canada to confirm that they will not have to repay the CERB.

- The CRA may reassess 2020 income tax returns for individuals who are reimbursed CERB repayments, to reflect the CERB as appropriate. If necessary, the T4A slip or RL-1 slip will be amended to include the full CERB amount received in 2020 and the income tax return adjusted accordingly. Workers who received the CERB from Service Canada will receive an amended T4E slip, if necessary.

- The application period for the CERB closed on December 2, 2020. Individuals can only be reimbursed for periods that they repaid. Individuals cannot apply for the CERB retroactively.

Golfer's **GUIDE**

TIPS FOR NEWCOMERS TO THE GAME OF GOLF

Few hobbies can be as enjoyable one moment and as frustrating the next as golf. Golfers know a great putt can be quickly followed by a bad tee shot, and maintaining their composure through the highs and lows of the game is a key to success on the links.

Maintaining that composure isn't always easy, even for the professionals. It's even more difficult for beginners, who quickly learn the game of golf involves more than just spending sunny weekend afternoons on pristine golf courses. In fact, golf can be quite demanding, and beginners would be wise to heed a few tips before hitting the course.

* Don't commit to an expensive set of clubs right off the bat. Golf clubs can be very expensive, so beginners should buy an affordable secondhand set of clubs so they can get the hang of what they like before spending a lot of money. Visit a pro shop and explain that you are just a beginner. The shop will likely make some valuable suggestions and might even let you try out a pair of clubs. In addition, many driving ranges allow customers to rent clubs, and this can be a great and inexpensive way to find the right clubs for you.

* Take lessons. Even the very best at self-teaching might find it extremely difficult to become a self-taught golfer. When first trying your hand

at golf, take some lessons and don't expect to be playing 18 holes any time soon. Before hitting the course, where you might be discouraged and you might frustrate those golfing behind you, learn the fundamentals by taking a few lessons at the driving range. Learn from a professional, who won't offer you any hidden secrets to golfing glory (there aren't any) but will offer sound advice on the game's fundamentals.

* Take the game home with you. Beginners can even take advantage of golf's vast popularity by taking the

game home with them. This doesn't mean building a putting green in your backyard. Rather, purchase some instructional DVDs to learn the game during your down time throughout the week. Many golfers don't have time to hit the links during the week, but they do have time to watch some DVDs when they get home from work. Such instructional DVDs can help you master your grip and stance, which you can then take with you to the course over the weekend.

* Have fun. Golf is a fun game; it just takes time to hone your

skills. But even if you aren't ready for the professional tour after your first few rounds, you can still have fun. Don't let some beginner's frustration, which every golfer experiences, ruin the fun of the game. Take note of your surroundings when you hit the links, and appreciate the time you're spending with your group. If the game becomes more a source of frustration than fun, then take a break and put in some more work away from the course, be it at the driving range or studying at home.

THE MAVERICK PARTY: HOW THE WEST CAN BE ONE!

Submitted by Amber Gosselin

The Maverick Party will be running a candidate in the Sturgeon River-Parkland riding in the next federal election. Just as the West was won by adventurers, the party is looking for innovative risk-takers who are willing to stand up for Western Canadians in Ottawa. Former MP Jay Hill is leading the charge, running candidates only in the four Western provinces (Alberta, Saskatchewan, British Columbia and Manitoba). The party is taking a hard stance: Western Canada will no longer appease the wants and needs of Ontario and Quebec. The system is broken and the Maverick Party is determined to get Western Canada a fair deal.

When asked about why we need a "Maverick" in

Sturgeon River-Parkland, Ed Toupin, President of the Maverick Party's Electoral District Association, doesn't hold back: "Our constituency has been hit hard by job losses in the energy sector, caused by Justin Trudeau and his anti-Alberta policies, and area families are suffering. Through equalization payments and other forms of taxation, there is a significant wealth transfer from West to East. And unfortunately, the deck is stacked against us with unequal representation in the House of Commons, the Senate and the Canadian Supreme Court."

Toupin also indicates Trudeau is killing the economic advantage of the West: "Capital investment in Western Canada has dried up and there is a significant "brain drain" leaving the West. We've had enough!"

The Maverick Party's twin-track approach includes gunning for constitutional amendments to level the playing field for Western Canada within confederation. The "Save Canada" approach includes seeking constitutional amendments to market access, provincial rights, property rights, provincial self-governance, and fair representation. In the absence of securing these amendments, the Maverick Party will work to lay the foundation for an independent Western Nation.

Due to Ottawa's draconian policies targeting the West, the Maverick Party advocates scrapping the existing Equalization Formula and repealing Bill C-48 (North Pacific tanker ban), Bill C-69 (No-new pipelines), and the carbon tax. The Maverick Party also supports cancel-

ling the Liberal gun grab and defunding the CBC. For more information on the Maverick Party's platform please visit maverickparty.ca/policy-platform.

When asked why Sturgeon River-Parkland constituents should vote for the Maverick Party, and not the Conservative Party of Canada (CPC), Toupin has this to say: "Even with (Erin) O'Toole's carbon tax flip flop and now his support for Quebec unilaterally changing the constitution, the Western Canadian CPC MPs are unwilling or unable to go against party lines. The Maverick Party is the answer for fair and accountable representation for the West in Ottawa and - if staying is unattainable - we will walk away from confederation and build a better future for our children and grandchildren."

Toupin optimistically notes that the West already has what it takes to get 'er done: "I have great faith in the work ethic and can-do attitude of Western Canadians. Their unwavering determination will always drive the Maverick spirit here in the West."

The Sturgeon River-Parkland riding includes the City of Spruce Grove, towns of Stony Plain, Spring Lake, Onoway, Morinville, Legal, Bon Accord, Gibbons and Redwater, portions of Parkland, Sturgeon and Lac Ste Anne counties, and the Alexander and Enoch First Nations. The riding is located on Treaty 6 Territory and Zone 4 of the Alberta Metis Territory. Please visit the Maverick Party website at www.maverickparty.ca, or find us on on Twitter at @maverick_party, or on Facebook at facebook.com/MaverickPartySturgeonRiverParkland/. If you want to make a change, please purchase your membership today on the website for \$10 for the year, or \$25 for three years.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
