The Museum Doors are Open!

Continued from Page 1

Among the new displays is one of phones going back to

the huge wooden wall-hung model (as well as the switch-board used to put the call through) right to the early cell phones before they became an automatic part of a person's clothing.

The museum inherited many plaques listing the students who got honors in their grades. Come and look for your name or someone you know. There are plaques from 1979-80 to 2012-2013 (some years missing).

Exhibits of cameras, lamps and lanterns, radios – the list goes on. Look for the sewing machine used to cobble

shoes.

The exhibit of Indigenous leatherwork is especially meaningful locally. Mary Gray was a local Métis lady who lived east of Onoway but eventually moved to Onoway to the property where the stone barn once stood. The museum also proudly displays a cupboard made by her husband Ambrose Gray circa 1930.

And watch for the dining room table that was brought to Onoway by the Beauré family pre-1912 on a Red River cart. Can you imagine hauling this piece of furniture across the country on a horse-drawn cart?! How important it must have been!

Onoway Museum is open Monday through Friday from 10:00 to 3:00. Put a visit on your to-do list (and remember to wear a mask). A visit opens the doors to many memories and stories to share between generations.

ONOWAY LEGION NEWS

Submitted by Richard Moses

The Onoway Legion is re-opening on Friday, June 18 for drinks, games and companionship only, subject to Covid restrictions – a maximum of 35 people. It will also be open the following Wednesdays for social gatherings, with the same

restrictions.

First Dinner on June 25
The Legion's first dinner will be served on Friday, June 25, but again only for 35 diners. That means reservations are necessary – text or call Scott at 780-991-6777. The menu is still to be determined, so watch this paper and social networks for details.

Garage Sale Planned

An outdoor garage sale is planned for Saturday, June 26 from 9 am to 4 pm at the Legion to raise funds for the Lest We Forget concert in November. Donations of garage sale items will be welcome. Contact Joanne or Neil at 587-785-3080 if you have something to contribute, but be sure to

check for "treasures to you" on June 26.

Memberships Available

Because the legion has been closed, it has been difficult for members to renew their memberships. Those memberships will be available at the bar when the legion re-opens, and memberships will also be sold at the Garage Sale on June 26.

ling, completed roads and other road maintenance details.

COUNTY ADMIN OFFICE POTENTIAL REOPENING

Planning for a safe return.

County staff are eager to return to in-person service delivery and business as usual. Please note that the County Administration Office reopening hinges on Stage 2 targets of the Province's Open for Summer Plan being met. The threshold for Stage 2 requires 60 per cent of those aged 12 or older receiving their first

vaccine dose and fewer than 500 people in hospital with COVID-19-related illness.

If Stage 2 comes into effect on June 10 as expected, the County Administration Office and other County-managed facilities will reopen to the public on Monday, June 14. Please note that this date is subject to change in response to Alberta's announcements related to easing restrictions.

Updates will be provided via the County's web and social channels.

JOKE of the week

One Father's Day, a father tells his ten year old son, "Sprinkle a pinch of gunpowder on your cereal every morning and you will have a very long life".

His son followed his father's advice every morning without missing a day until he died at the age of 186 leaving behind 28 children, 67 grandchildren, 148 great grandchildren...

And a 7 foot crater where the crematory used to be.

MALE INJURED IN SHOOTING

Submitted by Parkland RCMP

At approximately 11:30 pm June 12, 2021, Parkland RCMP responded to a report of a shooting that occurred in the 800 block of Mcleod Avenue in Spruce

Grove.

A 20-year-old man was found to have sustained a gunshot wound and was transported to hospital with injuries that are not believed to be life threatening. The investigation is ongoing and it is believed

that this was not a random act and that the suspect or suspects fled the scene in a what is described as a smaller grey SUV.

Parkland RCMP are asking for anyone with information on this shooting to call the Parkland detachment at

825-220-7267. If you want to remain anonymous, you can contact Crime Stoppers at 1-800-222-8477 (TIPS), online at www.P3Tips.com or by using the "P3 Tips" app available through the Apple App or Google Play Store.

SUPPORTING THE TRANSITION OF CANADA'S ECONOMY TO A LOW-CARBON FUTURE

Submitted by Gerald Soroka, MP for Yellowhead

Gerald Soroka, Member of Parliament for Yellowhead, wishes to advise that on June 9th the Minister of Innovation, Science and Industry, the Premier of Alberta, and the Mayor of Edmonton, announced their governments are working closely with Air Products Canada Ltd. to advance clean energy in Canada and jointly pursue a transformative \$1.3 billion net-zero hydrogen production investment. The clean hydrogen facility would be operational by 2024, a first-mover anchor to secure Canada's early foothold in the global hydrogen market, pending further discussions and a final scope decision from the company.

The Government of Canada and Invest Alberta have each signed a memorandum of understanding (MOU) with the company on potentially supporting the expansion of its hydrogen network and the transition to clean energy. This would involve the company building a new world-scale facility in the Edmonton region to produce clean hydrogen. This project would enable Air Products Canada Ltd. to produce hydrogen-fuelled electricity and provide liquid hydrogen for the growing transportation market, as well as other key industrial sectors.

Open for Summer Lottery for First Doses

Continued from Page 1

"This lottery will help us cross that 70 per cent threshold so we can reopen and stay open. Albertans have already responded in such a big way to our vaccine program and we've been able to lift many health restrictions because of their efforts. We just need one final push so we can

lift them all and get back to normal. If you've been waiting to book or you've been looking for a reason to get the shot, here it is." - Jason Kenney, Premier

More than 68.5 per cent of eligible Albertans have received their first dose, including 19.2 per cent who are fully vaccinated with two doses.

As of June 12, there are

64,535 appointments booked over the next seven days for first doses. Currently, Alberta is projected to hit the 70 per cent milestone and start the two-week countdown to Stage 3 of Alberta's Open for Summer Plan on June 18.

"The arrival and uptake of the COVID-19 vaccines in our province have accomplished extraordinary

things. It's only fitting that we respond in kind with a once-in-a-lifetime event in Alberta. This lottery is an investment in Albertans and our province's economic future. I am confident that we will see that final upswing in vaccinations to take us across that finish line to widespread immunity." - Tyler Shandro, Minister of Health

Get your shot

To book your COVID-19 vaccine, visit alberta.ca/vaccine to find available appointments with AHS or participating pharmacies across the province. Select locations are offering walk-in clinics for first doses.

Alberta's government is responding to the COVID-19 pandemic by protecting lives and livelihoods with precise measures to bend the curve, sustain small businesses and protect Alberta's health-care system.

Quick facts

- Alberta's Open for Summer Plan safely eases restrictions in three stages as vaccination targets are reached and hospitalizations decline.

- Stage 3 will occur two weeks after 70 per cent of eligible Albertans have received at least one dose of vaccine.

- To be eligible for the lottery, you must:

- Reside in Alberta at the time of the draw.

- Be 18 years of age and older.

- Be able to provide proof of receiving your dose of an approved vaccine for the draw.

- Anyone who has already received one dose is eligible to enter the lottery.

- Any Albertan 18 or older who received vaccines out of province is also eligible, provided they have submitted proof of vaccination to AHS and meet all other eligibility criteria.

FAREWELL AND BEST WISHES

Submitted by OJSH Assistant Principal Mrs Villneff

OJSH staff and students want to take this opportunity to wish a fond farewell and all the best to five staff members who are retiring this year.

Mrs. Barr-Stierman, Mrs. Wallace, Mr. Frederick, Mrs. Walker, and Mr. Lobo have all spent enough years as educators to earn their coming retirements. We asked each to say something about OJSH and their future endeavours and here's what they said:

Mrs. Barr-Stierman said what she will miss about being at OJSH is that, "It was a new adventure every day - sometimes more adventurous than others, and I had an amazing group of caring people to share these with!"

Mrs. Walker had this to say: "Most of the things that I love about OJSH can be connected to the warm atmosphere in this school. Our 'large side of small' size gives us excellent programming and friendly relationships at the same time. I love coming into the building knowing I am going to see not just colleagues and teammates, but friends. When the students arrive you can say good morning to almost all of them by name. This makes OJSH special. Staff can really get to know each other and their students, making collaboration more meaningful for everyone."

Mrs. Wallace said, "I have loved working with amazing students and staff inside and outside of the classroom. However, I am looking forward to no bells or schedules. Freedom has a new meaning."

Mr. Frederick had this to say about his retirement:

"While I have wonderful moments in my 32 years of teaching, I am looking forward to simply starting a new chapter. I guess I'm interested in looking forward instead of looking back. It doesn't mean OJSH wasn't a fine place to end my career, simply... it's just time to move on."

Mr. Lobo says he is looking forward to a slower

pace! He has spent 29 years in Education: 15 in the classroom mainly at Sangugo Jr/Sr high, 14 in administration (Division office 5 yrs, OJSH Assistant Principal 3 yrs and OJSH Principal 6 years), which he says, "... has been rewarding and challenging. My career highlight has to be shepherding and opening the new OJSH building that will serve the commu-

nity for decades to come!"

We certainly wish our retirees all the very best in whatever their futures may hold. We hope they will come back for a visit from time to time, and we will be forever grateful for the wisdom, laughs, lessons, and memories you have provided so many of us here at OJSH. Congratulations and best wishes!

HISTORY BOOK FOR SALE

Submitted by Linda Sydor

Here Yee, here yee!!!

Are you a proud resident of Alberta Beach? Or are you curious about the people

who have frequented this area over the last century?

There is no better way to get this type of information than by word of mouth. So that's exactly why we set out collecting stories covering the last 100 years.

We thought it was information worth preserving. It was a lengthy task but we met our goal and the book was released in time for the Village's Centennial Birthday...

This rendition is very unique to say the least. It

contains memories that may have been lost forever if not in print.

For more information or to reserve a copy, contact Sylvia @ 780-924-2140 or send us an email albertabeachmuseum@gmail.com

Golfer's GUIDE

ADJUSTING GOLF SWING GETS EASIER

Golfers rejoice! Those dreaded slices or hooks could become a thing of the distant past thanks to adjustable clubs and drivers. In addition to helping improve accuracy, adjustable clubs also lighten the load in your golf bag.

With a few twists of a wrench or even turning the shaft of the driver itself, golfers can adjust the face angle, loft and lie angle of the driver to hit the ball farther and straighter. Golfers can make small adjustments to create the right loft and improve distance without having to purchase a new club or visit a club fitter.

Many club manufacturers now offer adjustable drivers and other clubs. According to an informal poll on Golf.com, 34 percent of the 2,337 respondents owned an adjustable driver by the end of 2011. The ability to upgrade shafts has also become popular as golfers respond to what the pros are doing.

Adjustable golf clubs enable golfers to walk out onto the course with one driver and a few different shafts. With a couple of clicks from a wrench, a person can have an en-

tirely new driver. That cuts down on the equipment that needs to be carried and can fine tune a golfer's accuracy. These high-tech clubs are corresponding to changes being made to golf balls. Engineers have reduced the spin on golf balls to help the balls travel farther. To do so, golf experts advise that the ball needs to be hit higher into the air. Adjustable drivers can give players the edge they need to produce the right height and trajectory.

According to data from

golf club manufacturer TaylorMade, 70 percent of consumers who use the company's adjustable drivers adjust their club at least once to get the desired shot. Afterward, 10 to 15 percent of adjustable driver users report further adjustments as they become comfortable with the features.

Although golfers can now put adjustments into their own hands, it is still advisable to get a professional fitting regardless of which clubs are chosen. A certi-

fied club fitter can help a person sort through the myriad options available and make recommendations based on various factors, including the golf ball used.

Those who are not fans of adjustable drivers say that the adjustment mechanisms add weight to the drivers, which can compromise efficiency. However, that isn't stopping larger numbers of golf fans from taking adjustable drivers for a trial run in an effort to improve their game.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
