## AHS EXPANDING DIALYSIS CARE AT DRAYTON VALLEY HOSPITAL

**Submitted by Alberta Health Services**

More patients with chronic kidney disease can now access dialysis at the Drayton Valley Hospital and Care Centre, as the dialy-

sis unit expanded its hours earlier this month to offer additional appointment times.

Dialysis provided through the Alberta Kidney Care - North is now offered in the afternoon on Tuesday,

Thursday and Saturday. The extra service hours will provide space for four additional patients to receive this treatment without leaving the community.

## DRAYTON VALLEY RCMP PAROLEE CHECK LEADS TO FURTHER CHARGES

**Submitted by Drayton Valley RCMP**

Drayton Valley, Alta.—On June 8, 2021, members of the Drayton Valley RCMP attended a local address in Drayton Valley looking for a male on an outstanding Canada-Wide arrest warrant for parole violation.

The wanted male was arrested and after further investigation, police located a quantity of illegal drugs. Police executed a search warrant at the residence and located further evi-

dence of drug trafficking.

Mark Louis Pratt (48) from the Red Deer area was arrested for his outstanding warrant and is facing new charges:

- Possession of a controlled substance for the purpose of trafficking - Fentanyl

- Possession of a controlled substance for the purpose of trafficking - Cocaine

- Possession of a controlled substance for the purpose of trafficking - Methamphetamine

- Possession of a controlled substance for the purpose of trafficking - Psilocybin (Magic Mushrooms)

- Possession of a weapon for a dangerous purpose

- Possession of a weapon contrary to prohibition order

Following a judicial hearing, Pratt was remanded into custody and is scheduled to appear in Drayton Valley Provincial Court on July 6, 2021.

# EDSON MAINLINE EXPANSION PROJECT APPROVED WITH 25 CONDITIONS

Gerald Soroka, Member of Parliament for Yellowhead, is pleased to advise that Natural Resources Canada has announced approval of the NOVA Gas Transmission Ltd. (NGTL) Edson Mainline Expansion Project with 25 conditions. This decision was based on facts, science, Indig-

enous knowledge, the public interest and careful consideration of the concerns of potentially impacted Indigenous communities.

In addition to the 24 conditions recommended by the Commission of the Canada Energy Regulator (CER), the Government of Canada has

added a new condition in direct response to concerns raised by Indigenous groups. The proponent is required to provide funding to Indigenous groups to support their active participation in the ongoing regulatory process and to report on its engagement with Indigenous groups. In total, the proponent must comply with 25 binding conditions related to safety, environmental and wildlife protection, and protection of Indigenous rights and interests. With the implementation of NGTL's environmental protection procedures, mitigation measures and conditions, the project is unlikely to cause adverse environmental effects.

This \$509-million project will create up to 1,470 jobs during construction and contribute approximately \$285 million to Alberta's GDP.

## JOKE of the week

A famous art collector is walking through the city when he notices a mangy cat lapping milk from a saucer in the doorway of a store and he does a double take. He knows that the saucer is extremely old and very valuable, so he walks casually into the store and offers to buy the cat for two dollars. The store owner replies, "I'm sorry, but the cat isn't for sale. The collector says, "Please, I need a hungry cat around the house to catch mice. I'll pay you twenty dollars for that cat." And the owner says "Sold," and hands over the cat. The collector continues, "Hey, for the twenty bucks I wonder if you could throw in that old saucer. The cat's used to it and it'll save me from having to get a dish." To which the owner says, "Sorry buddy, but that's my lucky saucer. So far this week I've sold sixty-eight cats

# PROPOSED AMENDMENTS TO GRADE CROSSINGS REGULATIONS

**Submitted by Gerald Soroka, MP for Yellowhead**

Gerald Soroka, Member of Parliament for Yellowhead, is pleased to advise that

Transport Canada has announced the publication of proposed amendments to Grade Crossings Regulations in the Canada Gazette, Part I, for a 30-day public comment period.

The proposed amendments establish new compliance deadlines to meet the requirements of the Regulations based on the various levels of risks posed by grade crossings. This includes:

- a one-year extension for existing public grade crossings which present a higher risk;
- a three-year extension for all remaining public and all private grade crossings; and

• an exclusion from the construction and maintenance requirements for very low-risk grade crossings (such as field-to-field crossings with minimal train traf-

fic).

These proposed amendments will ensure that the Grade Crossings Regulations are more effective in focusing the efforts of

railway companies, public road authorities and private crossing owners on grade crossings that present the greatest risks to community safety.

# AHS Expanding Dialysis Care at Drayton Valley Hospital

*Continued from Page 1*

"I'm grateful our local care teams have found a way to expand dialysis services in the community," says Mark Smith, MLA for Drayton Valley-Devon. "It's good to know more local residents who require multiple dialysis treatments every week can undergo the procedure right here in Drayton Valley rather than needing to travel outside the community."

The unit's new hours of operation will be 6 a.m. to 6:15 p.m. Monday to Saturday. As a result, all patients who have been on the waitlist to receive dialysis treatment in Drayton Valley will be able to do so without travel to a nearby site.

For patients such as Pat Koronko, the expansion is welcome news.

"The problem with driving

farther for dialysis is that after your appointment, you're exhausted," says Koronko, a 64-year-old resident of Buck Lake, who has dialysis three days a week in Drayton Valley. "The first thing I do when I get home is lay down and sleep. It's hard on you. I'm glad there are now four more patients coming in who won't have to travel to Rocky Mountain House or Red Deer or Edmonton."

Hemodialysis is the process of cleansing the blood of toxins and excess fluid when normal kidney function is reduced. A patient's blood is filtered through a dialyzer and returned to the body. Treatment, which can take four hours, is often required three times a week.

"We are continually monitoring and assessing the needs of dialysis patients across Alberta, including in the Drayton Valley area, and

we understand the importance of receiving care and treatment as close to home and to loved ones as possible," says Janice Stewart, Chief Zone Officer, AHS Central Zone. "We are pleased to be opening these additional spaces in Drayton Valley and providing enhanced care and comfort for our patients."

Alberta Kidney Care - North is also expanding dialysis services in Wetaskiwin at the Wetaskiwin Hospital and Care Centre next month in order to provide care for nine additional patients.

There are currently more than 1,200 patients on hemodialysis within Alberta Kidney Care - North, a geographical area that includes central and northern Alberta. An aging population, rising diabetes rates leading to renal failure, and patients living longer on dialysis due to medical advancements are

all factors contributing to increased demand for dialysis.

Drumheller, Olds, Stettler, Vegreville and Lloydminster are other communities within AHS Central Zone that offer dialysis.

Home dialysis is also an option for patients who qualify for the service and Alberta Kidney Care works closely with patients to raise awareness about this care option.

Visit the AHS Alberta Kidney Care webpage for more information about dialysis services.

Alberta Health Services is the provincial health authority responsible for planning and delivering health supports and services for more than four million adults and children living in Alberta. Its mission is to provide a patient-focused, quality health system that is accessible and sustainable for all Albertans.

## GYPSD Transportation Services FAQ and Information Guide

### What Transportation Services are Offered through GYPSD?

GYPSD strives to offer a range of services that are fair and equitable. Board Policy 17 is aligned with the province's *Education Act* and the *Student Transportation Regulation*. Services are available for:

- **Eligible:** Students who live more than 2.4 km away from their designated school
- **Ineligible:** Students who live less than 2.4 km away from their designated school
- **School of Choice:** Students who chose to attend a school other than their designated school
- **Transportation Out of District:** Students who chose to attend a different school jurisdiction
- **Alternate Second Seat:** Students who require a reserved second seat on a different bus to an alternate address

### What Transportation Services are School Jurisdictions Funded to Provide?

Alberta Education Transportation Funding is for:

- Students residing more than 2.4 km away from their designated school
- Students with special needs who require specialized transportation

Under the School Transportation Regulation, school divisions are not required to transport students beyond their designated school.

### How Do I Determine my Child's Designated School?

Please visit the Division's website at [www.gypsd.ca](http://www.gypsd.ca) under **For Parents/Student Transportation** and enter your home address on the link *What is My Designated School?*

### Why does Transportation Services Charge Fees for Some Services?

Fees are established to support transportation services for the jurisdiction's families who request them and to ensure classroom dollars are not being used to address transportation service funding gaps.

User fees are charged to parents of students who access transportation services as a way to recover the unfunded costs. GYPSD service fees are amongst the lowest in the province.

### How is Eligibility for Transportation Determined?

- Alberta Education provides funding to eligible riders only.
- The distance of 2.4 kms for busing to the student's designated school is set by Alberta Education.
- The government sets eligibility based on the student's primary residence address and distance from home to designated school.

### Do I Need to Register for the Bus?

**NEW** for the 2021/2022 School Year: All **new** and **returning** students requiring transportation services must register. Registration is now open.

### How Do I Register for the Bus?

Registration for transportation services is at [www.gypsd.ca](http://www.gypsd.ca) under **For Parents/Student Transportation**. Only eligible riders are guaranteed a seat each year. All other riders are subject to seat availability.

### Need more information or assistance?

- Please call Transportation Services at 780-723-4471
- Send your email to [transportation@gypsd.ca](mailto:transportation@gypsd.ca)
- Visit our website to access Board Policy 17, Appendix A Transportation Fees & Appendix B Occasional Rider Request Form

# SUMMERS ARE BUSY AT TIPPLE PARK MUSEUM!

Submitted by Tipple Park Museum

We've been planning summer activities for children and teens - So if you're looking to learn some local history, feel free to stop by the museum to take look at our exhibits, or you can sign up with our 'Homesteading with Mel' program, occurring on July 8th and 22nd from 1:30-2:30,

where we'll teach attendants how to make butter, biscuits, and even candles like the early settlers in the area would have. If you're perhaps a little more interested in the cultures that make Canada a celebrated mosaic of different people, we are also offering a Ukrainian and French-Canadian Summer Camp! The Ukrainian Summer Camp starts July 14th and runs from 1:00pm-2:30pm

every day through to the 17th of July, and will teach participants a Ukrainian dance, involve a lesson on how to bake a traditional potato pancakes, and help students design and make their very own Pysanka Egg! Our French-Canadian Program follows directly after, from July 18th to the 21st, with attendants staying from 1:00pm-2:30pm. For this program, we'll be teaching a little bit about the different French cultures that exist within Canada, make some traditional fudge, and learn a bit about the somewhat unconventional music instrument known as 'Musical Spoons'!

Please note that 'Homesteading with Mel,' the 'Ukrainian Summer Camp,' and the 'French Canadian Summer Camp' do have a fee of 10\$ per attendant and is targeted for ages 8-13.

That's not where our activities end either; Melissa is also hosting a 'Wildflower Explorers' walk for kids interested in local

plant life in the area at 5\$ per student. Students will be given a small journal as well as times to meet at different locations in order to observe and learn about some of the cool botany Yellowhead County (and Alberta) has to offer as well as what exactly these plants can be used for. Finally, if arts and crafts are more your thing, we are also hosting a class on July 30th from 1:00pm-3:00pm for children ages 8-14 to come and build their own thrifty train set while learning all about Canadian Railway History. This program is running at 3\$ per child and will be taught in the old Caboose sitting out front of the museum for a more hands on look.

If you're interested, call the Museum at (780) 727-2240 or e-mail us as [tippelparkmuseum@gmail.com](mailto:tippelparkmuseum@gmail.com) for more information or to sign up for our programs which do have limited spaces as per Covid restrictions.

# A MESSAGE FROM MLA MARK SMITH

**Submitted by MLA Mark Smith | Drayton Valley – Devon Constituency**

Alberta's United Conservative government just wrapped up another busy session of the Legislature, during which we passed many bills and motions important to Albertans. I wanted to take this opportunity to share some of those accomplishments with you.

To ensure we are enhancing public safety across the province, we passed Bill 61: the Vital Statistics Amendment Act. This bill will ban dangerous offenders from being able to change their names and hide in our communities (similar to legislation we passed last session banning sex offenders from doing the same thing). By closing this loophole, we are taking steps to protect Albertans, particularly children, from dangerous people.

We also passed Bill 18: the Corrections (Alberta Parole Board) Amendment Act, to create an Alberta Parole Board that will provide a fairer, faster and more responsible justice system and end the 'revolving door' that sees repeat offenders, particularly in rural areas, regularly come in and out of our communities. This follows a recommendation from the

Fair Deal Panel, which was tasked with consulting Albertans on strategies to secure a fair deal in the Canadian federation and advance our province's vital interests.

We passed Bill 52: the Recall Act, to give Albertans a way to remove elected officials they feel are not upholding their responsibilities, and Bill 51: the Citizen Initiative Act, to give Albertans a more direct role in the democratic system by enabling eligible voters to propose legislative, policy or constitutional action on issues that affect them.

And we passed Bill 21: the Municipal Government (Firearms) Amendment Act to act as a firewall against federal legislation that could have given municipalities the ability to create their own firearms laws – potentially leading to a confusing patchwork of firearms laws across the province. The vast majority of Alberta gun owners are responsible, trained and licenced. These folks are not the problem. This legislation will make it so firearms legislation is under the sole jurisdiction of the province.

Our government is done playing nice with politicians from other provinces who seek to block our energy products from getting to market. That's why we passed Bill 72: the Preserving Canada's Economic Prosperity Act. This legis-

lation gives our province the authority, if necessary, to restrict the export of crude oil and natural gas from Alberta. This has also come to be known as the 'turn off the taps' bill.

Albertans should get to decide who represents our province in the Senate. That is why we reinstated Bill 13: the Alberta Senate Election Act. Albertans by and large want and deserve to have a say on who represents them in the Senate. We are going to give them that opportunity in October. We also passed a motion asking Prime Minister Trudeau to delay filling two vacant Senate seats in Alberta until Albertans have had their democratic say in the fall. This was a prime opportunity for the Legislature to stand united, but the NDP voted against the motion. We also passed a motion establishing the question for the Equalization referendum this fall. The Notley NDP – who say they're "agnostic" on Equalization – voted against this motion as well.

We also established the Select Special Committee on Real Property Rights. This committee will be engaging Albertans across the province soon and submitting a report of recommended changes to the Alberta Legislature. Among other questions, the commit-

tee will be seeking to determine whether the legal remedies available to a real property owner who is deprived of the use of their real property are adequate. Whether the real property rights should be expanded, or in the case of an individual, constitutionally protected. And whether the law of adverse possession should be abolished.

These are just some of the highlights of this past session, but so many more good things are happening, including the full reopening of our economy as we get to the end of the COVID-19 pandemic.

It has been a long haul for Albertans but as the price for oil rises the economic forecasts show our province leading Canada in economic and job growth this year and next. The government continues to work hard to rebuild and diversify the Alberta economy. We continue to see investment in new areas of the economy with the recent announcement of a \$1.3 billion dollar hydrogen project that is going to provide 2,500 jobs and help to make Alberta one of the dominant international players in the hydrogen industry. Alberta is coming back stronger than ever.

## **TRUST IS EVERYTHING**

The roots of co-operative electricity run deep here. Rural Albertans built their distribution system over 70 years ago with the goal of providing reliable electricity for themselves and their neighbours.

With the **highest ratio of Powerline Technicians to members in our Service Area**, EQUS members can trust that they're getting the most reliable electric services possible.

For EQUS members Dave and Alyssa Pfaeffli, **EQUS' 99.9% system reliability rating** is vital to power both their family, and their innovative indoor cubic farming business, Swiss Leaf Farms.

Albertans trust the Pfaeffli family to provide fresh, local produce year-round, and **the Pfaeffli family trusts EQUS** to keep the lights on and the lettuce growing.

# WHEN THIS IS ALL BEHIND US

Submitted by Gerald Soroka, MP for Yellowhead

Recently I received a note from a fellow Yellowhead constituent. This note reflects the struggles we have all been facing during this COVID time. I have received many letters, emails and phone calls from concerned citizens that express the myriad range of opinions and frustrations we are dealing with.

I want to share Rob Duiker's message. Have a read and let's hope for better times ahead.

"Disagreement is not bad. There is a lot of disagreement these days regarding such things as masking, distancing, public health restrictions, and vaccines. A lot of friendships have been strained by our sometimes-heated conversations around these topics. I hope our friendships are stronger than our opinions. I hope our fellowship is strong enough to cause us to remain respectful and loving with those with whom we disagree.

I worry that the most profound consequence of this pandemic will be relationships that never recover. Will we find enough grace to overcome the name-calling and impassioned ranting from and toward people on all sides of these issues.

When, hopefully someday soon, restrictions are removed and legal barriers to fellowship have been set aside, will the sting of our discourse endure? Will our churches, workplaces, and homes continue to be marred by division rooted in Covid-19 matters? That is entirely up to us. Plan now to show grace to everyone. Plan now to put this behind us."

# SUDOKU

*of the week*

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
