OLD AGE SECURITY UPDATE

Submitted by Gerald Soroka, MP for Yellowhead

Gerald Soroka, Member of Parliament for Yellowhead, wishes to advise that in July 2021, OAS benefits will automatically increase 1.3%, bringing the maximum monthly OAS pension amount to \$626.49, up from \$618.45. The Guaranteed Income Supple-

ment (GIS) and the Allowances will also be adjusted for inflation. Also, the \$500 one-time payment to older seniors, will be delivered during the week of August 16, 2021.

A permanent increase of 10% to the OAS pension, will be implemented in July 2022 for seniors aged 75 and over. This will provide an additional \$766 to full pensioners over the first

year. It builds on measures to support all seniors, which include restoring the age of eligibility for the OAS pension and the GIS to 65 from 67, strengthening the Canada Pension Plan for future retirees, increasing the GIS for single seniors, raising the GIS earnings exemption and reducing income taxes for all Canadians.

Submitted by Rural Roots Farmer Showcase committee

The Rural Roots Farmer Showcase Committee has been hard at work organizing a one-of-a-kind event that highlights local food, the farmers who produce it, and local music as well. DATE ANNOUNCED FOR \$500 ONE-TIME PAYMENT, AND OLD AGE SECURITY TO BE AUTOMATICALLY INCREASED BY ALMOST \$100 OVER THE COMING YEAR

Submitted by Employment and Social Development Canada

July 7, 2021 - The Old Age Security (OAS) pension provides retirement income security for

seniors because it maintains its value over time, even as prices increase.

Today, Canada's Minister of Seniors, Deb Schulte, announced the highest quarterly adjustment to existing OAS

payments since July 2014. She also confirmed that the Government of Canada will deliver the \$500 one-time payment to older seniors, announced in Budget 2021, during the week of August 16, 2021.

This summer's one-time payment of \$500 will support older seniors' higher expenses, and will apply to 3.3 million seniors who are eligible for the OAS pension in June 2021 and were born on or before June 30, 1947. No action is required by seniors, who will automatically receive the payment if they are eligible.

In July 2021, OAS benefits will automatically increase 1.3%, bringing the maximum monthly OAS pension amount to \$626.49, up from \$618.45. Over the coming year, the increase is worth up to \$96.48. The Guaranteed Income Supplement (GIS) and the Allowances will also be adjusted for inflation.

Budget 2021 also included a permanent increase of 10% to the OAS pension, to be implemented in July 2022 for seniors aged 75 and over. This will provide an additional \$766 to full pensioners over the first year, and will be the first permanent increase to the OAS pension since 1973, other than adjustments due to inflation. It builds on measures to support all seniors, which include restoring the age of eligibility for the OAS pension and the GIS to 65 from 67, strengthening the Canada Pension Plan for future retirees, increasing the GIS for single seniors, raising the GIS earnings exemption and reducing income taxes for all Canadians.

"Canada's pension system is designed to provide benefits that reflect changes in the cost of living, with payments only ever increasing or staying the same. They will never go down. This helps seniors enjoy the financially secure and dignified retirement they deserve." - Stéphane Lauzon, Parliamentary Secretary to the Minister of Seniors

Golfer's **GUIDE**

POPULAR GOLF COURSES AROUND THE WORLD

The Masters Tournament is the first of golf's four major championships in the calendar year. Competitors tee off at the Augusta National Golf Club in Augusta, GA, in April 2020. Americans Tiger Woods and Patrick Reed are the two most recent Masters champions, and fans are already eager to see who earns the fabled green jacket this year.

Televised golf competitions often inspire people to hit the links. People with a passion for golf may want to check out some of the top courses in the world, as ranked by leading golf resources and experts.

Ballybunion: This Irish course was touted as "nothing less than the finest seaside course" by famed golf writer Herbert Warren Wind. The course hosted the 2000 Irish Open, but lack of other tournaments can be attributed to its remote, albeit beautiful, location

Cypress Point: This club sits at the foothills of the Santa Lucia Mountains at the tip of the Monterey Peninsula in California. Located in coastal dunes and on rocky coastlines, Cypress Point is often noted for its

dramatic holes along the Pacific Ocean.

Pine Valley: Located in Pine Valley, NJ, this course, which is more than 100 years old, boasts some formidable hazards with sophisticated green expanses.

St. Andrew's: This historic course in Scotland has hosted the Open Championship (once known as The British Open) a record 29 times. Historians believe golf originated in Scotland,

and people have been playing on this course since the 15th century. Massive greens, cavernous bunkers and a brilliant layout contribute to its distinguished history.

Shinnecock Hills: This course in Southampton, NY, is a very old club built in the tradition of Scottish courses. This was likely the inaugural American golf course design, and the Shinnecock Hills Golf Club was one of the five found-

ing members of the United States Golf Association.

Augusta National: Home to the Masters, Augusta is considered a golf paradise by many. The sheer beauty of Augusta has made it a staple on many golfers' bucket lists, even if only a few may get to walk its fairways with club in hand.

Golf has a storied history, and that history is on display at various jaw-dropping courses across the globe.

Date Announced For \$500 One-Time Payment, and Old Age Security To Be Automatically Increased By Almost \$100 Over The Coming Year

Continued from Page 6

Quick Facts

Seniors are the fastest-growing demographic age group in Canada. By 2030, the number of seniors is expected to reach 9.4 million, representing close to

one quarter of Canada's population.

In 2020 and 2021, the Government is providing \$5.5 billion in additional direct financial support to seniors, through a \$1.3 billion one-time GST credit in April 2020, \$2.5 billion for a one-time

OAS/GIS payment in July 2020 and \$1.7 billion for the one-time payment to older seniors in August 2021.

Older seniors face higher costs. As seniors age, their health and home care costs rise, all while they are more likely to have disabilities,

be widowed or be unable to work.

Most seniors have low and modest incomes. About 84% of OAS pensioners have individual incomes below \$50,000.

The objective of the Old Age Security program is to ensure a minimum income for seniors and help reduce the incidence of low income among Canada's seniors. The OAS benefits include: the OAS pension; which is paid to all individuals aged 65 and older who meet the residence requirements; the GIS for low-income seniors; and the Allowances for low-income Canadians aged 60 to 64 who are the spouses or common-law partners of GIS recipients, or who are widowed or widowers.

The maximum OAS pension is payable to seniors aged 65 and over who lived in Canada for at least 40 years after age 18. Partial pensions are payable if they lived in Canada for at least 10 years or qualified under International Social Security Agreements.

All OAS benefits (the OAS pension, the GIS and the Allowances) are indexed on a quarterly basis in January, April, July and October so benefits don't lose value over time. Increases to OAS benefits are calculated using the Consumer Price Index, which measures changes in prices paid by Canadian consumers for goods and services, and is the most widely used indicator of price changes in Canada. If the cost of goods and services goes down, OAS benefits do not decrease. OAS payment amounts will only increase or stay the same. Historical values are available on the Open Data portal.

As a result of automatic indexation, the annual value of the monthly OAS pension has increased to \$7,516 per year from \$6,404 per year over the past decade.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
