NEW AMENDMENTS TO IMPROVE SAFETY AT GRADE CROSSINGS

Submitted by MP Gerald Soroka

Gerald Soroka, Member of Parliament for Yellowhead, wishes to advise that Transport Canada has announced new amendments to Grade Crossings Regulations.

Amendments to the Regulations will preserve the core safety objectives while providing financial relief to

public and private authorities during the COVID-19 pandemic by extending compliance deadlines and ensuring that low-risk grade crossings are not subject to an undue burden. This includes:

- a one-year extension for existing public grade crossings which present a higher risk;
- a three-year ex-

tension for all remaining public and all private grade crossings; and

- an exclusion from the construction and maintenance requirements for

very low-risk grade crossings (such as field-to-field crossings with minimal train traffic).

TIGHTENING RULES ON PHOTO RADAR

Submitted by Government of Alberta

Alberta's government is restricting the use of automated traffic enforcement (ATE), putting the onus on municipalities to justify each location where photo radar is deployed.

Changes will start in April 2022 to enhance accountability and transparency, ensuring that photo radar technology is used primarily for traffic safety, not for revenue.

"We are taking action to tighten up the rules around photo radar. These changes respond to public concerns requesting the elimination of 'fishing holes' or speed traps while maintaining high levels of safety standards. Municipalities will be required to collect and provide data to support current and future site selection for photo radar. This is all about enhancing

safety on our roads." Rajan Sawhney, Minister of Transportation

"Photo radar should only be used for traffic safety – not as a cash cow to squeeze extra money from Albertans. Our government has worked with police services and municipalities to implement changes that will ensure photo radar technology is used only to ensure our roads remain safe." Kaycee Madu, Minister of Justice and Solicitor General

Changes coming into effect in 2022 that will help everyday Albertans include:

- restrictions on photo radar use in transition zones and on residential roads with less than 50 km/h speed limits
 - o restrictions do not apply to school, playground or construction zones
- eliminating double ticketing within five minutes

- mandating all photo radar enforcement vehicles be clearly visible

- requiring rationale and data for sites to justify the use of photo radar

Alberta Transportation and Alberta Justice and Solicitor General will work directly with municipalities and law enforcement agencies on new requirements. Municipalities have approximately one year to enact these changes, including those that have budgetary implications. The freeze on automated traffic enforcement instituted Dec. 1, 2019, will be extended until Dec. 1, 2022, to allow municipalities to implement the new guidelines.

"As rural municipalities manage significant road networks, the need for sound data to support optimal site location and use of automated traffic enforcement is essential. The Rural Municipalities of Alberta (RMA) supports efforts to enhance traffic safety on Alberta's roadways to protect Albertans." Paul McLauchlin, president, Rural Municipalities of Alberta, and reeve of Ponoka County

Alberta's Recovery Plan is a plan to breathe new life into Alberta's economy and create new opportunities for every Albertan. It's a plan to build, to diversify and to create jobs.

Quick facts

- In November 2019, following an engagement with stakeholders, a temporary freeze on new and expanded photo radar was announced. The freeze prohibits municipalities from:

- o installing new photo radar equipment
- o upgrading existing photo radar devices
- o adding new photo radar locations

- The freeze will be extended until Dec. 1, 2022.

- The engagement included an online survey and an in-person workshop that was open to the municipalities and police agencies that were using photo radar in 2019.

- ATE generated \$203 million in the 2019-2020 fiscal year, which includes the surcharge for the Victim's of Crime Safety Fund.

- Municipalities retain the right to employ conventional speed enforcement throughout their boundaries.

- Alberta Transportation's role is to set traffic laws and support the Ministry of Justice and Solicitor General in establishing appropriate fines and enforcing the laws to improve Alberta's transportation safety.

- Twenty-six municipalities in Alberta use photo radar.

- Photo radar was introduced in Alberta in 1987.

ALBERTA AND CANADA SIGN CHILD-CARE AGREEMENT

Submitted by Government of Alberta

A made-in-Alberta child-care deal gives the province the flexibility to meet the unique needs of Alberta families, helps drive economic recovery and supports working parents by lowering child-care fees.

The Government of Alberta has negotiated an agreement with the federal government that will ensure \$3.8 billion committed by the federal government goes toward the expansion of accessible, affordable and high-quality early learning and child care that gives Alberta families the choice and quality they deserve. This plan will reduce fees for parents of children aged 0-kindergarten by half in early 2022 and provide an average of \$10 per day child care by 2026.

"Today is a good day for parents and families in Alberta. We've listened to families, child-care operators and business leaders to develop an agreement that gives us flexibility to truly meet the needs of, and make life a little easier for, even more families in Alberta." Rebecca Schulz, Minister of Children's Services

"Rural Alberta agrees that child care is important for our economic development and

recovery. This made-in-Alberta plan provides families across the province with access to affordable child care while giving them the opportunity to return to the workforce." Nate Horner, Minister of Agriculture, Forestry and Rural Economic Development

"The YMCA believes that high-quality, accessible, affordable care is essential for the development of children, the participation of families in Alberta's workforce and our healthy post-COVID future. We're so excited for what Alberta's plan means for our province." Shannon Doram, president and CEO, YMCA Calgary

"We are thrilled that this plan to increase affordability and accessibility of high-quality child care will expand prospects for women in Alberta to gain economic prosperity. As non-profit organizations alone cannot immediately scale up and deliver all the new, affordable spaces envisioned, we support Alberta's plan to include a full spectrum of licensed providers, understanding that there will be policy levers in place to ensure an equitable playing field for providers across the province." Sue Tomney, CEO, YWCA Calgary

"The YWCA believes that this historic plan will create

better access to more affordable, high-quality child care in every corner of our province, which is necessary for the economic prosperity of all Albertans but particularly women and young families." Katherine O'Neill, CEO, YWCA Edmonton

"We opened our child care program to feed our families and provide support for our neighbours. We're grateful that in the Early Learning and Child Care plan, the Alberta government ensured private operators like us were also included." Khurshid Ashraf and Kim Sachdeva, Monkey Ville Childcare

"Access and affordability are important, but flexibility to support shift-working parents is an essential, game-changing, vital piece of this plan and we're happy the Government of Alberta has heard the perspective of these parents." Dianna de Sousa, executive director, Fort McMurray Chamber of Commerce.

"I've worked in child care for over 10 years, and I know first-hand how impactful this investment will be for kids and families across Alberta. As a private licensed provider, I also know that parents make child care choices for a variety of reasons. This is just one reason that it's critical to include us in this plan, and I'm grate-

ful that the provincial and federal governments have done so." Anita Turna, executive director, Alberta Association of Child Care Operators

The province will reduce fees by an average of 50 per cent in early 2022 and further reduce fees to an average of \$10 per day for children aged 0-kindergarten over the next five years. All while supporting parents and families who need it most in licensed child care, such as preschools, day-care and licensed family day homes, in order to best meet the needs of working parents.

In addition to private spaces, the agreement includes a plan to add at least 42,500 new licensed non-profit and day home child-care spaces over the next five years. This will support Alberta's economic recovery. There are also dollars dedicated to increase spaces to support children with specific learning, linguistic, cultural and other needs, as well as overnight child care.

Alberta's government knows that quality care starts with quality educators, which is why it negotiated \$300 million in funding for professional development, training and improved certification levels of the early childhood educator workforce.

EDSON RCMP ARREST AND CHARGE FEMALE WITH MISCHIEF, POSSESSION OF DRUGS, AND RESISTING PEACE OFFICER

Submitted by Edson RCMP

On Nov. 25, 2021, at approximately 9:50 p.m., Edson RCMP received a call from a citizen advising of two people possibly stealing from vehicles in the area of 3 Avenue and 53 street in Edson.

Edson RCMP attended the

location and arrested Christine Hennessy (34) from Edson, and as a result of further investigation she is charged with:

- Mischief under \$5,000
- Resisting a peace officer
- Possession of illegal

substances (x2)

Following a judicial hearing, Hennessy was released from custody and is scheduled to appear in Edson Provincial Court on Jan. 18, 2022.

"The Edson RCMP would like to thank the public for reporting crime in progress," says S/Sgt Christian Delisle,

Detachment Commander of the Edson RCMP Detachment. "We would also like to remind everyone the importance to making sure their vehicles are locked and no valuables are left inside."

PREVAIL

CELLULAR HOMEOSTASIS FORMULA

MAX

A NUTRITIONAL BREAKTHROUGH THAT SUPPORTS YOU ...RIGHT DOWN TO THE LAST CELL!

How do you want your BLOOD to look?

Before PrevailMAX:	After PrevailMAX:
poor circulation	better circulation
low energy	more vitality
brain fog	mental clarity
dehydration	cellular movement
decreased nutrients	nutrient assimilation
pH imbalance	balanced pH
poor endurance	optimal endurance

PrevailMAX™ is a nutritional breakthrough that delivers a rapid increase of internal blood cell pressure to speed absorption, enabling the body to take maximum advantage of the nutrients in foods and supplements. The electrolytes are small enough to penetrate your cell membranes, to bind with your cells, and to be carried wherever they are needed in the body.

At the microscopic level of human cells, **PrevailMAX™** supports healthy cell performance – a nutritional breakthrough for your cells.

When you use **PrevailMAX™**, you will feel more energy and an ability to focus like never before. Take a few sprays today and see just how good you can feel!

PREVAIL MAX
CELLULAR HOMEOSTASIS FORMULA
DIETARY SUPPLEMENT

Net Wt. 4.0oz (113g)

Ingredients:
Active Ingredient: Performance Spray
Sodium, Potassium, Chromium, Zinc, Magnesium

These 10 micron molecularly sized particles are positively charged cells as a result of inducing internal blood cell pressure and homeostasis.

These sprays are evaluated by the Administration. This product is not a diagnostic tool for any disease.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

We now carry Manuli! They are a European manufacturer and they engineer it all in Europe. All of their product is produced in their own factory, no outsource. Adding this in we have been able to gain access to many of the European fittings that have become much more common in North America.

BSPB, Metric Din, Metic cone, JIS.

These fittings are clear across all brands John Deere, Case, New Holland, JCB, Fendt, Massey Ferguson. Many of the implements that have been sold in the last few years have also used these predominantly European fittings.

We offer these services

- CVIP Inspections
- Hydraulic hose crimping and thousands of adapters in stock.
- A/C Repair
- Espar and Webasto Repair, Installation.
- Engine Repair and Rebuilding.
- Power train/Driveline repair and service.
- Suspension and frame repair.
- Two Fully equipped service trucks for mobile needs.

WE STOCK PARTS FOR ALL MAKES AND MODELS OF TRUCKS, DRIVELINE & ENGINES.
