### ONLINE SERVICES MAKE LIFE EASIER FOR ALBERTANS

Submitted by Government of Alberta

Alberta's government continues to reduce red tape by modernizing and streamlining services.

Since June 2020, when changes were introduced to make registry services more accessible, more than 350,000 transactions have

been completed online.

"We've been working hard with industry partners to make sure Albertans have options that are flexible, convenient and modern. The increased use in online services is an important milestone as we continue to reduce red tape and make services more accessible."

Nate Glubish, Minister of

Service Alberta

Services can be completed anytime, anywhere, and Albertans are increasingly looking to complete these transactions online. For example, new parents can register the birth of their child and order their child's first birth certificate before they leave the hospital, ...

### WHAT MATTER TO YOU -FREEDOM OF CHOICE & PRIVACY

Submitted by MLA Shane Getson

PART I Canadian Charter of Rights and Freedoms Whereas Canada is founded upon principles that recognize the supremacy of God and the rule of law:

Rights and freedoms in Canada 1 The Canadian Charter of Rights and Free-

doms guarantees the rights and freedoms set out in it subject only to such reasonable limits prescribed by law as can be demonstrably justified in a free and democratic society.

Fundamental freedoms 2 Everyone has the following fundamental freedoms: (a) freedom of conscience and religion; (b) freedom of

thought, belief, opinion, and expression, including freedom of the press and other media of communication; (c) freedom of peaceful assembly; and (d) freedom of association.

We are fortunate to have a very fulsome, yet simple charter of rights in our country, ...

# Online Services Make Life Easier For Albertans

*Continued from Page 1*

... or when they return home. Since changes were made, more than 83 per cent of all birth registrations and about 75 per cent of first birth certificate orders have been completed online.

The following registry services were brought online in 2020 and 2021:

- Birth registrations
- Birth certificate ordering

•Extra-provincial registration for corporations and limited partnerships across western Canada

•Name Search Report ordering

•Annual registration renewals for various vehicle types

•In-transit permit orders

•Specialty licence plate orders

•Standard and commercial driver's abstracts

•Vehicle information reports

•Duplicate vehicle registration certificates

MyAlberta Digital ID has been a key element for Alberta's government to bring more services online. A verified MyAlberta Digital ID account allows Albertans to sign in, verify their identities using their driver's licences or ID cards, and complete registry services without needing to visit a registry agent in person.

*Continued from Page 2*

.... to be used under the dir-  
ect circumstances...like well,  
a war or in the case of PM El-  
liot Trudeau when a domes-  
tic terrorist group, known as  
the FLQ kidnapped a foreign  
ambassador (James Cross),  
and murdered a Quebec  
cabinet minister (Pierre  
LaPorte). Some say that the  
circumstances there didn't  
even warrant the act being  
invoked, but it was limited  
in time, and location to end  
very quickly a violent situa-  
tion.

The preamble of the act be-  
low, the Coles notes version  
as it were, something that  
the current PM should have  
read states the purpose, and  
how in general terms the  
act should be used. Here is  
the link so you can read for  
yourself. (Emergencies Act  
(justice.gc.ca)).

WHEREAS the safety and

security of the individual,  
the protection of the values  
of the body politic and the  
preservation of the sover-  
eignty, security and territo-  
rial integrity of the state are  
fundamental obligations of  
government.

AND WHEREAS the ful-  
filment of those obligations  
in Canada may be serious-  
ly threatened by a national  
emergency and, to ensure  
safety and security during  
such an emergency, the  
Governor in Council should  
be authorized, subject to the  
supervision of Parliament,  
to take special temporary  
measures that may not  
be appropriate in normal  
times.

AND WHEREAS the Gov-  
ernor in Council, in taking  
such special temporary  
measures, would be subject  
to the Canadian Charter of  
Rights and Freedoms and  
the Canadian Bill of Rights

and must have regard to the  
International Covenant on  
Civil and Political Rights,  
particularly with respect to  
those fundamental rights  
that are not to be limited or  
abridged even in a national  
emergency.

So herein lies the rub. I  
honestly believe that neither  
the founding fathers of our  
country, nor those that cre-  
ate the laws, especially the  
constitution, the War Mea-  
sures Act, or the Emergency  
Measures Act for that mat-  
ter could have conceived  
that we would have such an  
underqualified Prime Min-  
ister that would be elected.  
Moreover, that there would  
be checks and balances in  
place, that would not allow  
only foolhardy actions but  
reckless abandon when it  
comes to rights and free-  
doms.

I'll ask all of you to help me  
to put this to an end, I fear

that we are going to have a  
stain on our country's histo-  
ry at this point, but there  
also have been so many  
good things that have come  
out of the last three weeks.  
We have seen many of the  
leaders for what they are.  
We have seen the best and  
the worst of ourselves along  
the way as well. What I am  
asking you is this.

Stop talking about vac-  
cines and masks. Let people  
have their privacy back, and  
respect their choices, even if  
they were not the same you  
would have made. We are  
at the end of this. Let's take  
the time to like each other  
again, there have been so  
many new names and labels  
invented that are hurtful, let  
them go, its not worth losing  
your soul over, and it sure as  
heck not worth losing our  
country over. We are way  
stronger together, then what  
we are being driven apart.

# ALBERTA'S ECONOMY IS COMING BACK STRONGER AND MORE DIVERSIFIED THAN EVER.

Submitted by Mark Smith, MLA for Drayton Valley

Good economic news is abounding as Alberta's Recovery Plan continues to

take shape, and this week was no exception. In every corner of the province, we learned of new investments that will create high-paying jobs for everyday Albertans.

In Alberta's Industrial Heartland, specifically in Lamont, we learned that Fortune Minerals has purchased a former steel fabrication plant to build a new cobalt refinery. This \$250 million project will create hundreds of high-paying jobs for skilled workers, in both its construction and operational phases, and it's another exciting investment happening in Alberta's Industrial Heartland, which has already seen major investments from companies like Dow Chemical and Air Products.

In Calgary, we learned that EY Canada is building its first Canadian-based Finance Centre of Excellence. The centre will offer cutting-edge internal finance services that meet the most pressing needs of the business and joins a growing list of EY Finance Centres of Excellence around the world with distinct areas of focus ranging from cybersecurity, innovation and analytics to robotic process automation and manufacturing services.

Calgary was chosen based on its well-educated and diverse workforce, quality of life, and Alberta's affordable cost of living and doing

business. This is great news as our economy continues to diversify and our province continues to build a reputation as a destination for major international business.

Calgary's international reputation in the film and television industry continues to grow as well, in addition to its reputation in the finance world. 2021 was a banner year for Alberta in film and television, with nearly \$1 billion in production costs, including HBO's *The Last of Us*, the largest production ever filmed in Canada. As a result, for the second consecutive year, Calgary has been named as a top ten city in North America to live and work as a moviemaker.

In the Capital Region, we learned that HCL Technologies, a leading global technology company, is building an Innovation Center focused on engineering and research and development services. This too will create high-paying jobs for Albertans, particularly in our growing technology sector.

Our province's technology industry has had three straight years of incredible growth. In fact, our technology sectors in Edmonton and Calgary are some of the fastest growing in North America. From Amazon Web Services' multibillion-dollar investment in a new cloud computing operation in Calgary to tech giant Infosys, Alberta is not only home to a rapidly maturing tech sector but a place brimming with remarkable talent and entrepreneurship. As we settle into a new year, this HCL centre is just another reason to be optimistic about the opportunities ahead.

No matter where you look, there are exciting things happening in Alberta. 2022 is going to be a strong year for our province's economy, as we lead the country in economic growth and into a new and exciting future!

## Pink Shirt Day

On February 23, choose kindness. Choose pink.

## Predator Control Workshop

Peers Multiplex  
February 26

**\$20 to register.**  
**9am to 5pm**  
**Lunch provided.**

**Find out about the Wildlife Predator Compensation Program.**

Compensation is available to ranchers whose livestock are killed or injured by wildlife predators.

### Livestock predation is an ongoing problem in Alberta.

**Participants will learn:**

- What compensation is paid from the province of Alberta and federal funds
- How to create an unfriendly environment for large predators and an understanding of biology of wolves and coyotes.
- Capture methods, both lethal and live capture.
- Safe handling of equipment and legal requirements.
- The use of "properly made neck snares". And how to set them where legally permitted. Also, why many people have very poor success. What works and what doesn't, so that you're not wasting your time.
- Traps that are safe for pets where legal.
- A hands-on field portion is included in this workshop.
- The Trappers Association Program that links livestock producers with Trappers that have been properly trained to deal with coyotes and wolves.

Contact Yellowhead County's Agricultural Services Department at 780-325-3782 to register.

## NO SPRAY PROGRAM YEARLY RENEWAL

Yellowhead County Agricultural Services requires landowners who do not want herbicide applied adjacent to their property to enter into an agreement with the county prior to April 1<sup>st</sup> of each year. The landowner becomes responsible for weed and brush control in the designated areas, as defined by the no spray agreement.

If you cannot meet this deadline, please call our Agricultural Services Department at 780-325-3782 or 1-800-814-3935.

- Once an agreement has been completed **no spray signs must be purchased** at a cost of \$5.00 for two signs, at the Yellowhead County Edson or Wildwood Offices. These signs must be placed by the landowner in a highly visible area as close as possible to the property line.
- Yellowhead County Agricultural Services requires each landowner who has signed the agreement to fulfill their obligations before the July 1<sup>st</sup> deadline. After the July 1<sup>st</sup> deadline, Yellowhead County re-assumes responsibility for weed and brush control and may apply herbicide adjacent to non-compliant roadsides if necessary.
- If you chose not to renew your agreement for 2022, we ask that you please remove your signs prior to the start of the spray season starting May 1<sup>st</sup>, 2022.

Residents who have any concerns or questions are asked to contact Yellowhead County Agricultural Services at 1-800-814-3935 or (780) 325-3782.

# WHAT MATTERS TO YOU – THE END OF RESTRICTIONS IS NEAR

Submitted by MLA Shane Getson

I have some great news to share. Many of my colleagues, and myself, have been advocating for an end to public health restrictions and it looks like we have an exit strategy. I was very pleased to hear the Premier talk about winding down these measures in his

press conference on Tuesday, starting with the Restriction Exemption Program. Aside from the segregation, which is an issue unto itself, the passports have been ineffective in this Omicron wave. We have close to 90 percent of the population vaccinated, yet cases exploded with this variant. It's time to get back to our "pre-pandemic normal" and

the light at the end of the tunnel is drawing closer.

I also want to say that I do not support blockades, or symbols of hate. What I do support is peaceful protest. My son and I jumped into my T-800 on Saturday and it took us hours to get from Acheson to Edmonton. The encouragement and support and honks, it brought tears to my eyes. It was such

an uplifting and emotional experience. I was surprised that a 40 second video clip my son shot drew the fury of the Nottley NDP. I lost count of how many times they demanded my removal from caucus but as I told the media this week, our caucus is a big boardroom with a lot of thoroughbreds. Occasionally one of us will kick the stable door but that's what happens when you have 60 passionate elected officials in one room. Unlike the "Nottley Crew" differing opinions are permitted in our caucus. Either way, we are nearing the end of this, and I think we are all excited to get back to the normal we remember. If you want to see any highlights and photos from taking out the T-800 gravel truck, head over to my Facebook page.

Speaking of my Facebook page, the video I was telling you about earlier in this column was posted on January 29. Since then, it has been viewed over half-a-million times, shared by 3,600 people, and it even has close to 1,000 comments. While my constituents have sent me messages of support, the admiration for our message is extending well past God's Country (also known as the Lac St. Anne – Parkland riding). I have received messages from all over the world. From places like the United States, Germany, Denmark, Poland and many, many more countries. The amount of support has warmed my heart and is very encouraging. It goes to show how far a movement can go, and how great things happen when like-minded individuals unite for the common good. No matter where your support came from, I want you to know it was very well received, and I am thankful for every encouraging message.

Like I said on Facebook, it's time to put these public health policies back in the bottle and seal it up for good. Until next time, remember to be kind to yourself, and each other.

# Bridal Guide

## FACTORS TO CONSIDER BEFORE CHOOSING A WEDDING VENUE

Once couples become engaged and share the good news with their friends and families, the next step is to begin planning their weddings. While couples must make a myriad of decisions during the wedding planning process, perhaps none is more significant than where to tie the knot.

According to The Knot 2016 Real Weddings Study, the average cost of a wedding for couples who married in 2016 was \$35,329. That's a sizable amount, and a big portion of that was spent on the wedding venue. The Real Weddings Study found that

couples spent an average of \$16,107 on their wedding venues in 2016. That figure easily dwarfs the next biggest expense (\$6,163 for the engagement ring) for couples tying the knot.

Because the wedding venue comes with such a potentially high sticker price, couples should give ample consideration to a host of factors before choosing where to get married.

### Size

Until they can agree on a guest list, couples might want to delay even looking for venues. However, some couples might want to first

look at some venues so they can determine just how many guests they can afford to invite. Whether they're hosting small affairs or large parties, couples should choose venues that can comfortably accommodate all of their guests. If possible, look for venues with multiple reception areas, which might allow for some wiggle room if the guest list grows or dwindles during the planning process.

### Availability

Some couples might have an ideal time of year they hope to get married. Some even know the exact date they hope to get married. While

that can help with the planning, it can also limit couples with regard to their venue options. Some venues may be booked for as much as a year or more in advance during peak wedding season. The Real Weddings Study found that the most popular months to get married in 2016 were October and September. Couples who hope to follow in the footsteps of many 2016 brides and grooms may need to book their wedding venues well in advance.

## Factors To Consider Before Choosing A Wedding Venue

Continued from Page 8

Those who can be more flexible regarding their wedding dates may find it easier to book their dream venues.

### Insurance

Ask about the venue's insurance policies, including the policies the venue has to protect itself. In addition, ask if the venue requires couples to have their own wedding liability insurance for protection in the event of injury, property damage or incidents related to alcohol. Couples may also want to make the investment in cancellation/postponement insurance, and some venues

may even require it.

### Financials

It's easy for couples to be focused on the bottom line when choosing wedding venues, but it's also important that they get a complete grasp of the financials before choosing a wedding venue. Ask about the amount of the initial deposit and if that deposit is refundable. In addition, ask when the deposit is due and when each subsequent payment is due until the balance is paid in full. This can make budgeting easier and planning less stressful.

Couples should have fun choosing their wedding ven-

ues while recognizing that certain factors must be given ample consideration before signing any contracts.

# MP SOROKA'S STATEMENT ON FREEDOM OF SPEECH

Submitted by Gerald Soroka MP for Yellowhead

Gerald Soroka, Member of Parliament for Yellowhead, gave the following statement in the House.

"Mr. Speaker, prior to my time in Parliament, I served in municipal government. I was encouraged to speak

up on behalf of the people who put their trust in me. I am concerned I do not have the same freedom to ask legitimate questions about the government or popular narratives of society. In the past two years, many of the people in my riding have expressed concerns about their rights and freedoms.

We say every Canadian has individual rights and freedoms, but our right to free speech is under attack. I am not talking about hate speech, but about having one's own opinion or questioning the government or society's popular narrative. For me, it seems that if someone asks questions

about or does not agree with this narrative, their voice is shut down by hateful rhetoric, labelling them racist, misogynistic or a conspiracy theorist.

What has happened to our freedom of speech? I hope we all can work to re-establishing this core principle in our domestic society."

# GOOD NEWS STORY INDIGENOUS PATHWAYS

February 17, 2022

## Indigenous Pathways - Cree and Michif Program with Ms. Davenport

Priority 1: Student Learning

Students in Northern (Cree) Michif class play Roll to 100 as they learn numbers in the target language.

Priority 2: Teaching & Leadership Excellence

Students enjoy lebay and l'ti as a 'welcome back' to Northern (Cree) Michif language/culture.

Priority 3: Community Engagement

Submitted by GYPSD

Grande Yellowhead Public School Division is proud to collaborate with a number of partners to ensure that Indigenous perspectives are appropriately included in all programs of study offered in our schools. This collaboration is to assist our teachers in learning more about the history and the legacy of residential schools, the Treaties and the history of Indigenous peoples in order to better meet the needs of Aboriginal students.

Many of our schools also offer a Cree and Michif program taught by certificated teacher, Ms. Sandra Davenport, who has been teaching Plains Cree 'Y' dialect for over 18 years in GYPSD. Wildwood School, Niton Central, Crescent Valley Elementary in Hinton, Pine Grove Middle School in Edson, and both Sheldon Coates School and Summitview School in Grande

Cache, have all welcomed Miss Davenport to work with their students from Grades 2 to 8.

Originally from the historic Métis community of Ile-a-la-Crosse, Saskatchewan, Sandra has called Edson home since 2002. She started sharing her knowledge of Northern Michif with students in GYPSD schools three years ago. This educational opportunity is key to keeping Michif alive and well.

Language and culture are inextricably related. And you can't learn one without first knowing the other. Language is related to all features of human life in society. And comprehension of the surrounding culture is key to learning a language. The language also allows for the development and evolution of cultural values.

# SUDOKU

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

**ANSWER:**

8	4	3	6	9	5	7	2	1
9	1	6	4	2	7	5	8	3
2	7	5	8	1	3	9	6	4
7	2	1	5	4	8	6	3	9
5	3	4	1	6	9	8	7	2
6	8	9	7	3	2	4	1	5
4	5	8	3	7	1	2	9	6
1	9	7	2	5	6	3	4	8
3	6	2	9	8	4	1	5	7

	4		6	9	5		2	
		6						3
			8		3	9		
	2			4	8	6		9
					9		7	
	8				2			5
4	5	8	3		1			
1			2					
	6				4	1		7

# PREVAIL

## CELLULAR HOMEOSTASIS FORMULA

# MAX

A NUTRITIONAL BREAKTHROUGH THAT SUPPORTS YOU  
...RIGHT DOWN TO THE LAST CELL!

How do you want your  
**BLOOD** to look?

**Before PrevailMAX:**

- poor circulation
- low energy
- brain fog
- dehydration
- decreased nutrients
- pH imbalance
- poor endurance

**After PrevailMAX:**

- better circulation
- more vitality
- mental clarity
- cellular movement
- nutrient assimilation
- balanced pH
- optimal endurance

**PrevailMAX™** is a nutritional breakthrough that delivers a rapid increase of internal blood cell pressure to speed absorption, enabling the body to take maximum advantage of the nutrients in foods and supplements. The electrolytes are small enough to penetrate your cell membranes, to bind with your cells, and to be carried wherever they are needed in the body.

At the microscopic level of human cells, **PrevailMAX™** supports healthy cell performance – a nutritional breakthrough for your cells.

When you use **PrevailMAX™**, you will feel more energy and an ability to focus like never before. Take a few sprays today and see just how good you can feel!
