## INTEREST RELIEF FOR AGRICULTURE PRODUCERS

Submitted by Gerald Soroka MP for Yellowhead

Gerald Soroka, Member of Parliament for Yellowhead, wishes to advise his con-

stituents that the Government of Canada is ensuring farmers have sufficient resources to cover crop-related expenses by updating the Advance Payments

Program. The interest-free portion of the Program will increase from \$100,000 to \$250,000 for the 2022 and 2023 program years.

## PARKLAND RCMP SEEK PUBLIC'S ASSISTANCE FOR MISSING PERSON

Submitted by Parkland RCMP

The RCMP are continuing to search for 61-year-old James Kip Logan. The Parkland RCMP's efforts to

locate him have been unsuccessful and police are concerned for his wellbeing.

James Kip Logan was last seen on May 2, 2022, at approximately 6 p.m. He was dropped off at the Rotary

Park in Stony Plain by a friend, but his intended destination was unknown.

Although James Kip Logan resides locally, he also has ties to Whitehorse, YT.

# Charged Two Males Following Shooting In Enoch First Nation

*Continued from Page 1*

Parkland RCMP General Investigative Services (GIS) took over the investigation and were able to identify two male suspects. They

have both been arrested and charged with attempted murder.

30-year-old Shelby Ray Knox of Lethbridge, Alta, was arrested on May 11, 2022. 35-year-old Terren

Boyd Clark of Edmonton was arrested on June 14, 2022, with the assistance of Edmonton Police Service.

Both were remanded into custody and are set to appear in court in Stony Plain

today, June 22, 2022.

The victim has since recovered from his injuries and has been released from medical care.

## SUCCESS AT ALBERTA 55 SUMMER GAMES

Submitted by Spruce Golden Age Club

The many representatives from the Spruce Grove Golden Age Club represented Spruce Grove well on team Zone five at Peace River for the Alberta 55 plus game on June 18 & 19. We took 1 gold, 1 bronze and many 4th place showings. Congratulation to all the participants on their team spirit and their great representation of our clubs and Spruce Grove. The representatives and their showings are as follows:

Dianne Soltys & Dominique Paquin - 70+ Cribbage (4th)

Lyn Wigman - 55+ open Military Whist (4th)

Carole Foster - 65+ women's 8 Ball (gold)

Ernie Pederson - 65+ men's 8 Ball (bronze)

Gerald Topilka - 75+ men's 8-ball (5th)

Linda Schellevis placed 5th in women's golf with a score of 74

Dianne Soltys won Gold in Hand knitted large item, Bronze in Cross stitch and Bronze in scrapbooking.

Good luck to those people going to the Canada Games in Kamloops

**Seeking Feedback on Proposed Land Use Bylaw Amendment**

Stantec Consulting Ltd. is gathering feedback on proposed changes to the Parkland County Land Use Bylaw.

The changes would introduce the opportunity for indoor and outdoor farmers' markets in the County's Land Use Bylaw

There are two options to review the proposal and share your feedback:

1. Join us in-person at an open house: Drop-in anytime between 5-8 PM on July 7, 2022 at Carvel Hall (Carvel Ukrainian Cultural Society).
2. Visit the project website at [www.ParklandFarmersMarket.ca](http://www.ParklandFarmersMarket.ca) to view the open house material and complete a survey.

For more information: Contact the project planner, Kyle Wiliw at [kyle.wiliw@stantec.com](mailto:kyle.wiliw@stantec.com) or (780) 917-7464

NOTE: This is an applicant-driven proposal. The open house and website are opportunities to learn about the proposal and provide feedback before a formal application is made to the County. Public feedback will be used to inform the project outcomes.

# ELECTRICITY REBATES TO START ARRIVING ON JULY BILLS

Submitted by Government of Alberta

Beginning in July, almost two million Albertans will

receive rebates on their electricity bills to help them manage high electricity costs.

More than 1.9 million

homes, farms and small businesses will receive monthly credits of \$50 on their July, August and September electricity bills, for a total of \$150 in rebates.

The Alberta government's \$300-million rebate program will help alleviate some of the high utility costs that many families and businesses have faced during recent months.

"We are providing targeted support to help hard-working Albertans deal with the rising cost of living. These rebates, combined with the fuel tax exemption and upcoming natural gas rebate, will help the large majority

of Alberta households pay their bills while we make the long-term changes needed to make energy more affordable in the years ahead."

Dale Nally, Associate Minister of Natural Gas and Electricity

Electricity rebate

Alberta's government has worked closely with electricity distributors and retailers to develop and implement the electricity rebate.

Albertans currently connected to the system that have consumed electricity within the past calendar year, up to a maximum of 250 megawatt hours per year, are automatically eligible for the rebates. Support will reach more than 1.9 million Albertans, which means that most farms, residences and small businesses will receive the rebates.

Eligible Albertans can expect to see an automatic \$50 rebate on their bills. It is being applied directly to eligible utility bills, meaning no application or other action is needed to start receiving the rebate in July.

Unlike the previous government's electricity rate cap, the \$50 rebates will apply to the entire bill, not just the energy portion.

## Electricity Rebates To Start Arriving On July Bills

*Continued from Page 4*

In addition, the \$50 rebates will be on all eligible bills – protecting consumers on the variable regulated rate option as well as those on competitive contracts.

Consumers wishing to protect themselves from price volatility may enter into a competitive fixed-rate contract and still be eligible for the \$50 rebates. Albertans can visit the Utility Consumer Advocate to see what products are available in their area.

The rebate will be listed on each bill as a line item titled “GOA Utility Commodity Rebate,” and \$50 rebates will follow in August and

September, for a total of \$150. Exact timing will vary depending on the billing cycle of one’s utility provider.

Consumers who believe they meet the eligibility criteria but have not received the rebates by the end of July should contact the Utility Consumer Advocate.

Upcoming natural gas rebate

Alberta’s government is

implementing two programs to ensure utilities remain affordable while providing stability for millions of Albertans through the next nine months.

Along with the electricity rebate, a natural gas rebate will provide cost certainty and protect eligible Alberta customers from European-style price spikes starting in October. More details

on the natural gas rebate will be announced soon.

With the electricity rebate reaching bills in July, August and September, and the natural gas rebate starting in October, Alberta’s government will be providing support on utility bills for millions of Albertans until March 31, 2023 if prices remain high.

# EXTENDING FUEL TAX RELIEF FOR ALBERTANS

Submitted by Government of Alberta

Albertans will continue to save the 13-cent provincial fuel tax on every litre of gasoline or diesel they purchase for at least another three months.

"We're helping Albertans save money through the fuel tax relief program at a time of need. While fuel prices have continued to increase nationwide, Albertans still pay considerably less than their provincial neighbours. We're pleased to extend this important relief measure until the end of September."

Jason Kenney, Premier

With the fuel tax relief program in place, Albertans save money with every fill-up. With the corresponding reduction in GST, this amounts to total savings of about \$6.80 per tank for a compact car (50 litres), \$7.21 for a small SUV (53 litres), \$12.65 for a mid-size SUV (93 litres), \$18.50 for a large pickup truck (136 litres) and \$185.50 for a semi-trailer (1,364 litres).

The government committed to evaluating the program quarterly and reinstating it in stages only if the average price of West Texas Intermediate (WTI) crude oil fell below \$90

per barrel. For the four-week period ending June 15, WTI averaged \$115.88 per barrel.

The government will re-evaluate the program in September.

"Countless Albertans have told us how much the program has helped them during these challenging economic times. With the program's extension, Alberta's government is continuing to support Albertans and their ability to afford everyday goods."

Jason Nixon, President of Treasury Board and Minister of Finance

Alberta's government continues to call on Ot-

tawa to consider similar consumer relief measures. If the Government of Canada paused the collection of both the federal carbon tax and the federal fuel tax while the price of WTI oil remained above \$90 per barrel, drivers would save almost \$22 more on every 100 litres of gasoline.

# LIFE AS A COUNTRY SONG

Submitted by MLA Shane Geston

This past week has been a good one, and honestly on the drive up here to the Mayerthorpe office today the radio was on, and I thought to myself: our life out here in God's country really is a country song. Not the twangy, old "my dog ran away, I'm wallowing in self-pity, and I stubbed my toe" kind of song, but the other kind.

The kind of song where yes, things were good, then there was trouble, and that was tough. The kind of song where the friend, the neighbor, or even the good Lord above opened the clouds a little, to give us a sign, that if we hung in there, the struggle would be worth it. The kind of song where it talks about the love lost, but the lasting one that instead was found. The one where you don't envy the material things but appreciate the morals and the real things that matter at the end of the day. And yes, a few songs with those unanswered prayers.

The kind where you know the folks that work hard, but still make time to have fun. The kind where you have friends in low places, and, on occasion when it's called for, you end up fighting down in the mud, the blood, and the beer. The kind where afterwards, you could appreciate the person you did have the duster with, coming away with a dif-

ferent point of view, and appreciation for the one you fought with; at times becoming the best of friends.

The kind of song where you remember your past: the good, the bad, and yes, the ugly. You don't shy away from what went wrong, so you can make sure that next time you get it right. The song where good conquers over evil, even if it wasn't easy. When sometimes the most unlikely characters step forward from our midst and become the people that we rally behind. The song where we do the right things because it's the right thing to do.

Although I had to say goodbye to a great friend and mentor last weekend, I did get a chance to catch up with a great many more that came together for that celebration of life. I was asked by my friend's wife to say a few words, and it was not as an MLA, but just plain old me. I had the chance to talk about how this gent and I became friends on a job site above the tree line in the middle of nowhere on a project site constructing what would become Canada's first Diamond Mine. I shared stories about him that were unique to my interactions, but at the same time had a common theme with others who knew him as well. They too had stories that seemed to naturally flow into what could have been (well, in my mind at least) a very good,

upbeat country song.

I've met so many people in our area over the last 3 years as the MLA that lead, and have led, such interesting lives. The interactions with each other, the connections with this place, with the land, with the ongoing development, and with the stewardship of the region is nothing short of inspiring. I know that there are several history books that have been done over the years on the area, and far too many of us have not fully read or appreciate the work that went into them, as they record our history. The real challenge I feel over the last while has been to keep some of that history alive, and to learn from it.

The "Good Old Days" are a matter of perspective. Every period in our history has had challenging times, some worse than others, but there was something that kept the people going, that led to the better days, which paved the way to where we are at right now.

Even with all the things that have gone sideways, and the roadblocks that have been set up in front of us, I truly believe we are at a tipping point for the better. We can still make these next years ahead of us into the good old days when we reflect back on the time we had in this great part of the province together.

I also understand that there is no free lunch, that for every happy song

there are just as many sad songs. We don't win every fight, and we don't always come away from them being better people. That is where the YOU part of my standard question comes in. What matters to YOU? Does it matter if we dust ourselves off, that we help others when they need it, that we can learn from our mistakes, that we can forgive others for theirs? That we also are not naive enough to be fooled twice, that we stand up for each other, that we have a common cause that we can get behind? Does it matter to you what kind of place you will leave behind for our next generations? Does it matter how you will be remembered by others? Will it matter at the end of the day, if you took the time to enjoy the little things, the ones you loved, and whistled while you worked?

I choose to think that our lives out here are that kind of country song I've described, the real good one that has a catchy tune, has some meaning, and brings a smile to your face. I have all of you to thank for that. I hope you feel the same and make the time to thank the others that make your days a little brighter. You might be surprised how the tune may change into one of the best songs ever, and you reflect back on it as one of the "Good Old Days" not too far down the road.

# GOLFER'S GUIDE

## DON'T LET GOLFING PAIN BE PAR FOR THE COURSE

A little know-how can help golfers avoid unnecessary injury. Considering the number of times a swing is repeated during a game, it's not surprising that the season often ends early for those who are not physically prepared.

Below are a few simple stretching techniques that can help prevent or reduce the impact of injuries:

### Side bending stretch

1. Stand with feet shoulder-width apart.

2. Hold the golf club above your head with your arms straight.

3. Slowly bend to one side, without rotating, until you feel a stretch in the side of your back.

4. Hold for 15 seconds and repeat twice for each side.

### Shoulder stretch

1. Hold the shaft of a golf club vertically behind your back.

2. Gently pull the club up with your top hand until you feel a slight stretch in the shoulder of your lower arm. Hold for 15 seconds.

3. Gently pull the club down with your bottom

hand until you feel a stretch in the top shoulder and arm.

4. Hold for 15 seconds.

5. Reverse hand positions and repeat.

# MLA SMITH ARTICLE

Submitted by MLA Smith

Alberta's farmers and ranchers produce some of the highest quality food products in the world. So why is Ottawa now trying to put warning labels on the ground meat Canadians buy at the grocery store, including beef and pork from Alberta?

This is a question a lot of Canadians are asking right now. Ground beef and pork, especially from Alberta, is healthy

and affordable for families across Canada and the world. Labelling ground meat not only sends a negative message about the quality of our food, but it hurts our industry and our overall economy at a very precarious time.

This attack on ground meat is groundless. Ottawa did not consult with the provinces and it has provided no compelling evidence for its decision, which unfairly harms Alberta's world-class producers. As you

may know, Alberta livestock producer associations have requested an exemption from the proposed federal labelling requirements for ground meat, like exemptions being offered for other nutritious, single-ingredient foods such as milk, eggs, vegetables, and other meats. Our Alberta government supports this exemption.

"The federal government made this decision without consulting the provinces even though we have equivalent

expertise in food science and nutrition," said Alberta Health Minister Jason Copping.

The Alberta government is currently working closely with the Alberta Beef Producers, the Alberta Cattle Feeders Association, and Alberta Pork to support their industries. We have also expressed our concerns to our federal counterparts in Ottawa.

This decision is especially troubling because it comes at a time when food prices are soaring due to inflation and other factors. Ground beef and pork are whole foods, rich in nutrients and still relatively affordable. At a time when the Alberta government is working tirelessly to make life more affordable for families, the Trudeau-NDP alliance in Ottawa is working to making life more expensive and difficult.

"While we can all support the federal Healthy Eating Strategy in principle, Ottawa's scientifically baseless labelling proposal for ground meat will unfairly impact families struggling with the high cost of living and add an extra burden to producers struggling to get back on their feet," said Alberta Agriculture Minister Nate Horner.

This decision should be reversed, full stop, and the Alberta government will be fighting for that. Every Canadian should take pride in the fact that Alberta's livestock producers drive economic growth by feeding the world with high-quality meat. Imposing these warning labels sends a negative message to customers and makes our producers less competitive in the global economy.

The entire Alberta government is proud of and stands with Alberta's livestock producers. We will continue fighting this unfair attack on our producers and our world-class Canadian agriculture products. I look forward to providing you with an update on this soon.

# NEW AVIATION PROGRAM AT GTHS

[gypsd.ca](https://gypsd.ca)
[communications@gypsd.ca](mailto:communications@gypsd.ca)

Submitted by GYPSD

Grand Trunk High School (GTHS) is pleased to offer a new exciting program for their students, Aviation 15. Students are exploring the knowledge and skills associated with becoming a pilot in Canada, as well as demonstrating their learning in simulated flight experiences.

Students in Mr. McLennan's Aviation 15 class went on a field trip to Villeneuve Airport. They were given presentations from several industry leaders, including Synergy Aviation, Centennial Flight School, Pilots, Aircraft Maintenance Engineers, and an Air Traffic Controller.

Students were even lucky enough to be able to sit in several different types of aircraft at the hangar. It was very exciting to learn about different careers that are part of the Aviation industry. Students were happy to see the practical applications of many things that they have learned in the classroom, as well as get the opportunity to ask industry leaders and experts about their careers.

The Aviation 15 class was also very appreciative to have Lac Ste. Anne-Parkland MLA Shane Getson, who holds a private pilot's license, as their tour guide at the airport and for sharing his own knowledge of the field of Aviation.

## Obituaries

Stewart Amos Braun  
 May 13, 1941 – June 18, 2022  
 During the early hours of Saturday, June 18, 2022 Stewart Braun, formerly of Wildwood, Alberta passed away at Drayton Valley Hospital and Care Centre at the age of 81 years. For the past two years, Stewart was a resident of Shangri-La Lodge, where he was loved by the residents and staff alike. His time there was enjoyable and the camaraderie was shared. He will be missed. Stewart is lovingly remembered by his children, grandchildren and great-grandchildren, and is predeceased by his parents, Helen and Ralph Braun. A Graveside Service was held at Wildwood Memorial Gardens. As a gesture of appreciation for the wonderful care provided to Stewart, his family would encourage that memorial donations in his name be made directly to Shangri-La Lodge, 5208 47 Avenue, Drayton Valley, Alberta T7A 1N7. Condolences may be sent to [www.affinityfuneralservice.ca](http://www.affinityfuneralservice.ca) Arrangements in care of Joelle Valliere at: Affinity Funeral Service 5001 – 45 Avenue, Drayton Valley, Alberta T7A 1L1 780.542.3338

# SUDOKU

*of the week*

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

# PREVAIL

## CELLULAR HOMEOSTASIS FORMULA

# MAX

A NUTRITIONAL BREAKTHROUGH THAT SUPPORTS YOU  
...RIGHT DOWN TO THE LAST CELL!

How do you want your  
**BLOOD** to look?

### Before PrevailMAX:

poor circulation

low energy

brain fog

dehydration

decreased nutrients

pH imbalance

poor endurance

### After PrevailMAX:

better circulation

more vitality

mental clarity

cellular movement

nutrient assimilation

balanced pH

optimal endurance

**PrevailMAX™** is a nutritional breakthrough that delivers a rapid increase of internal blood cell pressure to speed absorption, enabling the body to take maximum advantage of the nutrients in foods and supplements. The electrolytes are small enough to penetrate your cell membranes, to bind with your cells, and to be carried wherever they are needed in the body.

At the microscopic level of human cells, **PrevailMAX™** supports healthy cell performance – a nutritional breakthrough for your cells.

When you use **PrevailMAX™**, you will feel more energy and an ability to focus like never before. Take a few sprays today and see just how good you can feel!
