# PARKLAND INVESTIGATES DROWNING ON WABAMUN LAKE

Submitted by Parkland RCMP

On July 16, 2022, Parkland RCMP received a report of a capsized boat in Wabamun Lake. Upon arrival, the Wabamun fire department had retrieved one individual from the water. Unfortunately, the victim who was identified as a 56-year-old male from Parkland County was deceased. It is believed that the victim was participating in a training exercise with a local volunteer group. Although the RCMP are still investigating, they do not believe that the death is suspicious.

# AQUATIC INVASIVE SPECIES INSPECTION DEMONSTRATION

Submitted by Wabamun Watershed Management Council

On Saturday, July 23, 2022, the Wabamun Watershed Management Council (WWMC), Alberta Environment and Parks and Parkland County will host an Aquatic Invasive Species (AIS) Demonstration Day at the Hamlet of Wabamun boat launch. The demonstration will feature a "Pop Up" watercraft inspection station, complete with the entire AEP inspection team and their sniffer dogs.

# Aquatic Invasive Species Inspection Demonstration

### Continued from Page 1

The inspection will run from 7:30 a.m. to about noon. A news media availability session is scheduled for 9:00 to 10:30 a.m. when local municipal mayors, councillors, AIS inspectors, and representatives of Parkland County, the Wabamun Watershed Management Council and the North Saskatchewan Watershed Alliance will be available for interviews.

We will be inspecting all watercraft entering the lake at that location. We see this

as an excellent educational opportunity for recreational boat users of Wabamun and the surrounding lakes to learn about the risks associated with AIS, in particular Quagga and Zebra Mussels. A similar demonstration will be held at Pigeon Lake on Sunday, July 24.

The Wabamun Watershed Management Council (www.wwmc.ca) is a notfor-profit society that represents a cross-section of Wabamun Lake stakeholders who are committed to maintaining and improving the health of the lake and its watershed. The council works with governments, organizations, businesses and individuals to inform and educate stakeholders about the biology of the lake and the issues affecting the watershed and lake. It sponsors and coordinates programs and activities that gather information about the biology and use of the watershed and that improve the health and viability of the lake.

# New Highway Sign at Wildwood

### Continued from Page 1

...on the highway on the west end of Wildwood. The Ag Society has received

many compliments on this beautiful sign. We have one for the east side of town as well. They are very eye-catching. Thank you to

the other society members who had a big part in this project. It is because of people like you that our society flourishes.

I always thought that was a little weird but he did live a long life and left a great legacy; a thriving career, loving wife, seven children, sixteen grandchildren, two great-grandchildren, and a massive hole in the crematorium wall.

# **ALBERTA'S TRAFFIC SERVICES IN ST. PAUL** AND VERMILLION ADVISE THAT TRAFFIC SAFETY FOCUS FOR THE MONTH OF JULY IS **IMPAIRED DRIVING**

Submitted by Alberta RCMP

Summer has arrived and many people are making the most of the warm weather to socialize with others. However, people should also think ahead to how they will get home safely. Collisions involving impaired drivers tend to happen more often during the summer months than the rest of the year. Impaired driving is preventable when drivers plan for a safe ride home.

Facts about impaired driving:

In 2019, about one in eight drivers involved in

a fatal collision was legally impaired at the time of the crash.

Impaired driving collisions most commonly occur at night. Between 2015 and 2019, about half (49.8%) of impaired driving casualty collisions occurred between 7:00 pm and 3:00 am.

On average over the last five years, over 4,500 people were convicted of impaired driving in Alberta each year.

Research shows cannabis use can reduce many cognitive and motor skills required to drive safely, such as tracking, reaction

time, visual function, concentration, short-term memory, and divided attention. Combining cannabis with alcohol further intensifies the effects on driving skills, even if the doses of either substance are low.

The effects of consuming cannabis edibles take longer to kick in and last much longer than inhaling the drug. It may take up to two hours to feel effects, which can last 12 hours or longer.

According to Health Canada's 2021 Canadian Cannabis Survey, 21% of people who had used cannabis in the past 12 months reported they had driven within two hours of using cannabis, and 35% of those respondents did so within the past 30 days.

RCMP Alberta Traffic is committed to enhancing public safety by reducing harm and hazardous behaviours on Alberta roadways through strategic partnerships, enforcement, education and crime reduction initiatives." says Cpl. Trevor Schmidt of the Alberta RCMP St. Paul/ Vermillion Traffic Services Unit.

# July 19, 2022 SUPPORTING THE PAPAL VISIT TO **ALBERTA**

Submitted by Government of Alberta

The Government of Alberta is providing support for Pope Francis' visit to Alberta July 24-27.

Pope Francis will arrive in Edmonton on July 24 and take part in events in Edmonton, Maskwacis and Lac Ste. Anne.

The Government of Alberta supports the papal visit and all efforts on the journey toward truth and reconciliation. The government is providing logistical support and is working with partners to ensure the visit is successful.

While the government is working to minimize disruptions for travellers on Alberta highways along the papal motorcade routes, motorists can expect delays due to rolling road closures and should use alternate routes where possible. Delays can also be expected on area highways due to increased traffic generated by the events.

Road closures

July 24 - Pope Francis arrives

The public should expect highway closures and limited access to the Queen Elizabeth II (QEII) Highway when the Pope travels from the Edmonton International Airport to his destination in Edmonton. July 25 - Maskwacis

Restricted access to the QEII Highway and Highways 611 and 2A should be expected in the vicinity of Ponoka, Maskwacis and Wetaskiwin.

July 26 - Lac Ste. Anne pilgrimage

Expect highway closures and limited access along Highways 16, 43 and 633 when the Pope travels between Edmonton and Lac Ste. Anne.

July 27 - Pope Francis departs

Expect highway closures and limited access to the QEII Highway when the Pope travels from Edmonton to the Edmonton International Airport. **Ouick** facts

More than 120,000 visitors are expected to attend the papal events:

15,000 at Mask-0 wacis

775 at Sacred 0 Heart Church in Edmonton

80,000 at Com-0 monwealth Stadium in Edmonton

25,000 at Lac Ste. 0 Anne

Reconciliation is a priority for Alberta's government. As partners in reconciliation, we are listening to and working with Indigenous Peoples in Alberta to determine the best ways forward to a better future.

# Page 10 Community**VOICE** July 19, 2022 **TOWN OF EDSON & YELLOWHEAD COUNTY RECREATION MULTI-USE FACILITY UPDATE**

Submitted by Yellowhead budget. The project team County

Work continues by the Town of Edson and Yellowhead County towards the construction of a Multi-Use Facility for the region. Unfortunately, due to inflationary pressures in the construction industry, the Request for Proposals for the Hillendale site came back substantially over

was tasked with looking at alternatives which can achieve similar results, but within the approved \$70 million budget.

In June, six high-quality proposals were received from consultants to evaluate the possibility of revamping the existing Edson and District Leisure Centre to see how it could be upgraded and worked

into the community needs program requireand ments. It would also need to fit into the scope previously approved for federal funding.

The successful consultant will conduct a condition assessment for major building components and complete a conceptual design and cost estimate. The updated plan is expected to be complete by December

2022 and will be submitted to the funding agency for approval at that time.

Both municipal Councils, as well as the Project Steering Committee, are continuing to meet and remain committed to ensuring a facility is developed for the community that meets the region's needs now and into the future.

# **TRANSFERS TO ALBERTA TO SUPPORT HEALTH CARE AND TRANSIT**

Submitted by MP Gerald Soroka

Gerald Soroka, Member of Parliament for Yellowhead wishes to advise that the federal government has transferred an additional \$324.811.000 to the province of Alberta for the Canada Health Transfer (CHT) Top-up, Transit Funding, and Safe Return to Class Fund as follows:

CHT Top-Up -\$232,332,000

Transit Funding -\$79.496.000

PrevailMAX<sup>™</sup> is a nutritional breakthrough that delivers a rapid increase of internal blood cell pressure to speed absorption, enabling the body to take maximum advantage of the nutrients in foods and supplements. The electrolytes are small enough to penetrate your cell membranes, to bind with your cells, and to be carried wherever they are needed in the body.

At the microscopic level of human cells, **PrevailMAX™** supports healthy cell performance – a nutritional breakthrough for your cells.

When you use **PrevailMAX<sup>TM</sup>**, you will feel more energy and an ability to focus like never before. Take a few sprays today and see just how good you can feel!
