### EVANSBURG INVESTIGATE FATAL COLLISION

Submitted by Evansburg RCMP

On July 24, 2022 at 1:45 p.m., Evansburg RCMP and Alberta RCMP Traffic Services responded to a complaint of a single vehicle motor vehicle

collision at Township Road 533a and Range Road 75a near Evansburg.

Upon arrival, Fire and Emergency Services were extricating the male driver from an automobile that had left the roadway.

The 31-year-old male driver and lone occupant of the vehicle unfortunately succumbed to his injuries on scene.

The collision remains under investigation.

### PARKLAND ON SCENE OF FATAL MOTOR VEHICLE COLLISION

Submitted by Parkland RCMP

Parkland RCMP are currently on-scene of a serious motor vehicle collision on Highway 16 and Range

Road 33. At least one person is deceased and at least one other has serious injuries. Westbound traffic on Highway 16 is being diverted. RCMP anticipate being on scene for at least 4 more

hours while they investigate this tragic incident.

Parkland RCMP advise that the collision scene is now clear.

# Parkland On Scene Of Fatal Motor Vehicle Collision

*Continued from Page 1*

Initial investigation has revealed that a Toyota Corolla which was travelling on Range Road 33 failed to stop at a stop sign and collided with a Honda Civ-

ic which was travelling westbound on Highway 16. The two occupants of the Toyota, an 89-year-old female from Wabamun and a 26-year-old male from Spruce Grove, were declared deceased at the

scene. Two female occupants in the Honda were transported to hospital with unknown injuries.

Our thoughts and prayers are with everyone involved.

# Parkland investigate Sexual Assault involving Massage Therapist

*Continued from Page 1*

...Parkland RCMP have charged Jordan Kevin Alex Mcnaughton (26), of Edmonton, with Sexual Assault.

Mcnaughton has been released from police custody with conditions and is set to appear on August 31, 2022, at Stoney Plain Provincial

Court. As this matter is now before the courts, no further details surrounding these charges can be provided.

Parkland RCMP believe that there may be additional victims and encourage those individuals to come forward.

# THE IMPORTANCE OF COMMUNITY

Submitted by MLA Shane Getson

It's easy to get lost in all the negativity and bad news that is floating around these days. Heck, in my role as the MLA it's difficult for me to not to absorb and carry the weight of my constituent's troubles as my own. In these days of instant communication, social media, and 24-hour access to it all, the bad news seems to compound on itself from one day to the next. On days when I'm feeling like the weight of the world is crippling us as a society, I need to remind myself that now more than ever we need to place a large amount of importance on community.

Community is what centers and connects us; it makes us realize that we belong to something important that exists outside of ourselves. I be-

lieve that it was Helen Keller who once said: "Alone, we can do so little; together, we can do so much." Such a simple sentiment, but very powerful in meaning. When a community comes together in celebration, to reach a common goal, or simply to just show support for one another, the result is nothing short of inspiring. We need that connection, that sense of belonging. We need each other.

After the uncertainty and isolation of the past 2.5 years, it makes me so glad to see folks out and about again: smiling, shaking hands, laughing, and even hugging! If there's one good thing that came out of the pandemic, it's that people are realizing just how important the role of community truly is, and they are making it a priority in their lives again. And that is a very powerful thing to wit-

ness.

This summer has been chock full of community events already that I've been lucky to have been a part of, and there are so many more coming up across our constituency in the next couple of months. I hope I get the chance to see you at one of them so that we can chat about how things are going, where we'd like them to go, and how we can work together to get there.

Upcoming events that I'm excited to check out:

- Busby Blue Suede Music Festival: August 5-7 - Westlock Ag Grounds
- Sangudo Kids Carnival, Car Show, Tractor Pulls: August 6 - Deep Creek Campground, Sangudo
- PV (Pembina Valley) Daze: August 6 - Evansburg

# BLUE-GREEN ALGAE (CYANOBACTERIA) BLOOM ADVISORY ISSUED FOR ISLE LAKE

Submitted by Alberta Health Service

Lac Ste. Anne County and Parkland County – A blue-green algae (cyanobacteria) bloom has been identified in areas of Isle Lake. Residents living near the shores of this lake, as well as visitors to this lake, are advised to take the following precautions:

- Avoid all contact with blue-green algae (cyanobacteria) blooms. If contact occurs, wash with tap water as soon as possible.
- Do not swim or wade (or allow your pets to swim or wade) in any areas where blue-green algae (cyanobacteria) is visible.
- Do not feed whole fish or fish trimmings from this lake to your pets.
- Consider limiting human consumption of whole fish and fish trimmings from this lake, as it is known that fish may store toxins in their liver. (People can safely consume fish fillets from this lake).

As always, visitors and residents are reminded to never drink or cook with untreated water

directly from any recreational body of water, including Isle Lake, at any time. Boiling of this water will not remove the toxins produced by blue-green algae. An alternate

source of drinking water should also be provided for pets and livestock, while this advisory is active.

Blue-green algae is naturally occurring, and

often becomes visible when weather conditions are calm. Appearing like scum, grass clippings, fuzz or globs on the surface of water, ...

# Blue-Green Algae (Cyanobacteria) Bloom Advisory Issued For Isle Lake

*Continued from Page 11*

...blue-green algae can be blue-green, greenish-brown, brown, and/or pinkish-red, and often smell musty or grassy.

People who come in contact with visible blue-green algae or who ingest water containing blue-green algae may experience skin irritation, rash, sore throat, sore red eyes, swollen lips, fever, nausea and vomiting

and/or diarrhea. Symptoms usually appear within one to three hours and resolve in one to two days. Symptoms in children are often more pronounced; however, all humans are at risk of these symptoms.

Weather and wind conditions can cause algae blooms to move from one location in the lake to another. As such, this advisory will remain in effect for Isle Lake, until further notice.

Please note that areas of Isle Lake in which the blue-green algae bloom is NOT visible can still be used for recreational purposes, even while this blue-green algae Health Advisory is in place.

If you suspect a problem related to blue-green algae or if you require further information on health concerns and blue-green algae, please call Health Link at 811. Additional information is also available online,

at [www.ahs.ca/bga](http://www.ahs.ca/bga).

Alberta Health Services is the provincial health authority responsible for planning and delivering health supports and services for more than four million adults and children living in Alberta. Its mission is to provide a patient-focused, quality health system that is accessible and sustainable for all Albertans.

## SUDOKU of the week

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

**ANSWER:**

8	6	1	4	9	5	7	2	3
5	3	9	6	7	2	8	4	1
2	4	7	3	1	8	6	9	5
4	2	5	9	3	8	1	7	8
9	8	3	7	5	1	4	6	2
1	7	6	2	8	4	5	3	9
7	5	4	1	2	9	3	8	6
