## ALBERTA REMIND THE PUBLIC ON THE STEPS TO REPORT A MISSING PERSON

Submitted by Alberta RCMP

Edmonton - The Alberta RCMP Missing Persons Unit, want to remind Al-

bertans of a few key things when it comes to reporting a Missing Person.

1. Do not wait to make a call! The sooner police are aware or notified of

a missing person, the sooner a search can begin.

2. You can report a missing person from anywhere.

## Alberta Remind The Public On The Steps To Report A Missing Person

*Continued from Page 1*

You do not have to wait to get back home – call the police from wherever you are, report what you know, and ask for help.

3. Provide as much detail as you can. It is helpful for the investigation to have as much detail as possible, including recent photos and description and activity of the person.

4. Photos are imperative. Provide investigators with recent photos that are ideally straight-on profile, without filters that could obscure or alter appearance. Alternatively, provide links to social media accounts where photos can be found.

To report a missing person, call 911, walk into your closest police station or call a complaint line.

If you have travel plans, ensure that you provide your written itinerary including destination, mode of transportation and contact information to a loved one, friend or neighbor. It is an important safety practice that someone is aware of your location and plans when you are away from your regular routines. The safety of citizens is a priority for the Alberta RCMP.

# Back to School

Let's Keep the Kids Safe this School Year  
with These Easy Tips

- Plan a walking route to school or the bus stop and walk with your child beforehand.
- Ask your children to walk home in pairs or with friends
  - Teach your child never to talk to strangers.
- Make sure your child knows their phone number and address as well as how to call 911.

# BACK-TO-SCHOOL

## DID YOU KNOW?

- Red means STOP. The penalty for passing a school bus with its alternating flashing red lights activated is \$402 and six demerit points.
- School buses in Alberta transport nearly 250,000 youngsters twice a day.
- Transport Canada reports that school bus travel in Alberta is 16 times safer than commuting in the family vehicle.
- The biggest bus danger to children is when they are getting on and off the bus.

• More than 6,300 school buses are driven by conscientious, dedicated drivers every school day in Alberta.

# WHITECOURT TOWN COUNCIL UPDATE

Submitted by Town of Whitecourt

Whitecourt has awarded the residential solid waste and recycling contract to Green For Life (GFL) Environmental for a five year term. GFL currently holds the contract with Whitecourt, and collection service for both waste and recycling will proceed per the usual schedule.

The Town of Whitecourt is preparing for the 2023 budget, and has scheduled the following:

- The 2023 Budget Public Input Session will be held September 26, 2022 at 4:00 p.m.

- A Special Meetings of Council is scheduled for October 12, 2022 at 4:00 p.m.

In an effort to enhance safety in the community, Whitecourt has initiated the approval process for the installation of a permanent red light camera at the intersection of Dahl Drive and Highway 43, and the installation of "your speed" signs near the east and west boundaries of Highway 43. Currently,

the Province is reviewing the automated enforcement program throughout Alberta, and there is a provincial freeze on installation or use of new locations and/or equipment for automated enforcement until December 2022. However, should new strategies and processes be approved, Whitecourt will move to

the next stage of the approval process.

Whitecourt is proud to announce that it is a Designated Community under the Rural

Renewal Stream of the Alberta Advantage Immigration Program (AAIP). The AAIP is an economic immigration program that nominates individuals for permanent residence in Alberta. Through this partnership, the Whitecourt Economic Development team will work with local businesses and industry to attract and recruit newcomers, and collaborate with organizations to support their move to Whitecourt. Further information is available at [www.whitecourt.ca/business/business-support-services](http://www.whitecourt.ca/business/business-support-services).

The Whitecourt Indigenous Friends Society is hosting an Orange Shirt/Truth and Reconciliation Day event on September 30, 2022 in Rotary Park and downtown Whitecourt. Council has approved street closures for the planned walk, and use of areas in Rotary Park. In addition, Council has approved the installation of a painted crosswalk at the intersection of 52 Avenue and 49 Street to honour those who were part of Canada's Indian Residential School Program and raise awareness about truth and reconciliation. Follow the Whitecourt Indigenous Friends Society on Facebook for more information.

Street closures along 35 Street from 35 Avenue to 34 Avenue (in the Hilltop Industrial Park) have been approved for August 27, 2022 to accommodate the Car & Motorcycle Show & Shine.

Council has recognized September 19-25, 2022 as Rail Safety Week.

Whitecourt Administration has started to collect data for the Province's Affordable Housing Needs Assessment. Alberta Seniors and Housing has committed to developing a standardized assessment template to support municipalities and address unique affordable housing needs of communities throughout the province. The template will be released soon, and once it is available the Town of Whitecourt will meet with local housing and support agencies to complete the assessment.

# LETTER TO THE EDITOR

Submitted by Bevan Janzen

Thank you to County Reeve Joe Blakemen and the councilors for the work they do on behalf of the people and representing us within the Lac Ste. Anne County area. I live in the county and have questions concerning the community wellness impacts of indus-

trial activity in the county. As our representatives my hope is you can speak with those who have governance responsibility for the children's wellness and community infrastructure structural integrity in answering the following questions.

- What are the continuous low frequency noise/vibration wellness effects on ba-

bies and children who live in the surrounding areas of the Wayfinder Quarry?

- What are the quantity and quality effects on the ground water supplies for families who live in the sand resource extraction areas of the Wayfinder Quarry?

- What are the sand extraction boundary areas underground that go beyond the open pit areas of

the Wayfinder Mine?

- What are the effects on the residential, commercial, and utility infrastructures/foundations from a continuous vibration of the underlying rock formations affected by the mining of the sand underneath?

- How are the threatened water birds and other wildlife responding to the noise and vibration carried through the lake waters?

- As taxpayers, where would we see information related to a cost benefit analysis that spans the life of the positive and negative impacts of the Wayfinder Mine?

- How did the county respond after their review of the outcome of the decision of Alexis v Alberta (Environment and Parks), 2020 ABCA 188 ("Alexis") where the Court ordered the Alberta Environment Director to notify Wayfinder that it was required to submit an EIA report?

- Do County of Lac Ste. Anne residents have access to that Wayfinder EIA report?

In the spirit of community collaboration, I have cc'd others in hopes that they may be able to assist in answering these questions for county residents. I am sure I am not the only resident that is experiencing continuous noise and vibration in their homes by the lake and along the bedrock formations affected underground.

Thank you to our county representatives in advance in representing the county residents in finding the answers to the questions above. I look forward to learning more.

Yours Sincerely,  
Bevan Janzen

## SCHOOL BUS

### SCHOOL BUS SAFETY

1. Take your seat right away and stay seated until you leave the bus. 2. Sit back in your seat, face forward and keep your feet to the front. 3. Talk quietly so not to distract the driver. Remember, it's the driver's responsibility to keep you safe! 4. Wait for the bus to come to a complete stop and the doors to open before you leave your seat. 5. After leaving the bus, take five giant steps away from the bus so you are out of the Danger Zone and in a safe spot.

# BACK TO SCHOOL!

## SCHOOL BUS SAFETY

1. Even though the bus might be warm, always dress for the weather outside in case the bus breaks down. Wear clothes that will keep you warm when it's cold or wet outside.
2. Let the little kids get on the bus first and then get on yourself, one at a time
3. Face forward, talk quietly and keep your head, hands and arms inside the bus at all times. Keep your feet out of the aisle.
4. Look all four ways before crossing the road – left, right, ahead and behind.

## REDUCE COLD-WEATHER FIRE RISK

Plenty of things heat up when the temperature drops, including the risk for fire hazards. Fireplaces, stoves, heating systems, candles, and even electric lights are used more often during the winter than any other time

of year, so it makes sense that the risk of home fires increases when the mercury drops

The U.S. Fire Administration says 905 people die in winter home fires each year. Cooking is the leading cause of all home

fires and contributes to around \$2 billion in property loss each year. Understanding potential risks and exercising caution can help homeowners protect themselves, their families and their homes from fire.

### Cooking

Home heating fires peak between the hours of 6 p.m. and 8 p.m., when many people are home preparing dinner. The following steps, courtesy of the American Red Cross, can improve safety in the kitchen and reduce the likelihood of a home fire.

- Never leave cooking food unattended, as it can take just seconds for fires to ignite.
- Keep anything that can catch fire away from the stove or other appliances that generate heat.
- Clean regularly to pre-

vent grease buildup.

- Make sure appliances are turned off before leaving the room or going to bed.

### Heating

The National Fire Protection Association warns that heating is the second leading cause of home fires, deaths and injuries in the United States. The NFPA offers these safety guidelines.

- Install heating appliances according to manufacturers' instructions or have a professional do the installation.
- Fuel-burning equipment needs to vent to the outside.
- Never use an oven to heat a home.
- Keep anything that can burn away from heating equipment, including portable space heaters.

## Reduce Cold-Weather Fire Risk

*Continued from Page 14*

- Clean and inspect heating appliances regularly.
- Turn off portable heaters when leaving the room or going to bed.

### Electric

The National Safety Council estimates that between 600 and 1,000 people die each year from electrocution. Electricity also can contribute to home fires. The Energy Education Council offers these safety suggestions.

- Never force plugs into outlets.
- Check that cords are not frayed or cracked. Do not run cords under carpets or place them in high-traffic areas.
- Use extension cords only on a temporary basis.
- Make sure light bulbs are the proper wattage for fix-

tures.

- Install ground fault circuit interrupters in kitchens, baths, laundry rooms, and elsewhere, making sure to test them regularly.

- Check periodically for

loose wall receptacles and loose wires. Listen for popping or sizzling sounds behind walls.

Home fires are no joke and can be prevented with simple safety checks.

# ST. ALBERT ARREST MALE IN GRANDPARENT SCAM

Submitted by St. Albert RCMP

St. Albert, Alta. – On July 29, 2022 St. Albert RCMP received a call from a concerned grandparent, that their grandchild was in custody and they had been asked to pay bail of \$9800. The grandparent was waiting at their residence with the money for someone to attend to collect the bail money. St. Albert

RCMP recognized the situation as the “grandparent scam” and attended the residence where an 18 year old male, Issa LOPEZ of North York, Ontario was arrested and charged with the following:

- Fraud over \$5000
- Fraud under \$5000

St. Albert RCMP were able to assist in preventing this victim from losing any money, and

also identified a second victim, recovering \$4000 that the additional victim had paid to Lopez, for their “grandchild’s bail”. St. Albert RCMP were able to return the \$4000 to the victim.

Lopez was released on bail with conditions and his next court appearance is September 12, 2022.

St. Albert RCMP would like

to advise the community that bail money can only be paid at a police station or at a court house, and would like community members to contact their grandparents and/or parents to notify them of this to assist in the prevention of further frauds.

## ST. ALBERT CHARGE MALE FOR SEXUAL INTERFERENCE

Submitted by St. Albert RCMP

On August 9, 2022 St. Albert RCMP charged a 73 year old male, Edward Winwood of St. Albert, with the following offences:

- Sexual Assault
- Sexual Interference

After a thorough investigation conducted by the St. Albert RCMP, it was identified that Winwood was alleged to commit the offences on a child under the age of 12. Winwood has been released from police custody with conditions and is set to appear in court on September 12, 2022. As these matters are now before the courts, no further details surrounding these charges can be provided.

St. Albert Victim Services Unit has been engaged to assist and have reached out to the victim’s family.

St. Albert RCMP believe there may be additional victims and encourage those individuals or their guardians to come forward. In order to assist in identifying any possible victims, a photo of Winwood is being released.

# Back-to-School

**THE KIDS ARE BACK!** Be cautious while driving in residential areas, school zones and playgrounds! And remember to slow down and stop when school buses are loading and unloading children. Use extreme caution when a school bus displays the flashing amber lights. Also, you must stop when a school bus flashes red lights!

**This safety reminder courtesy of the following businesses:**

# BACK-TO-SCHOOL

## PLEASE DRIVE CAREFULLY!

### SCHOOL BUS SAFETY

1. Always listen to the school bus driver 2. Always stand in a group while waiting for the bus. No pushing or shoving. 3. Always stay out of the DANGER ZONE until the bus driver says its ok to get on. You are too close if you can touch the bus. 4. Always remember to wait until the bus stops before standing up and leaving your seat. You move away from the bus and out of the DANGER ZONE right away when you get off the bus.

**THIS SAFETY REMINDER IS COURTESY OF THE FOLLOWING LOCAL BUSINESSES:**

## Dog Caretaker

**Alberta Beach & Surrounding Areas, thinking of a Seasonal Getaway? Worried about leaving your dog in a kennel?** Don't worry anymore, you can leave your pet with me! There is

# SUDOKU

*of the week*

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
