# Magnolia Harvest Festival

## Continued from Page 1

The Magnolia Community Club (1978), a non-profit society is hosting a one-day event – Harvest Festival.

This festival be the 100th Year celebration of the Magnolia Harvest Supper. We would like this Harvest Festival to inform and chronicle the 100+ year old

Magnolia Harvest Supper memories, traditions, and customs. Generations of local farmers and community members will share their harvest memories, traditions, and customs. We want this Harvest Festival to renew, recognize old traditions, memories and customs surrounding the Harvest Supper. We will

encourage new traditions, memories, other cultural customs and traditions from our community, families, and generations, which will continue to compliment the Annual Harvest Supper. This Harvest Festival will be open to the public, so they are able to partake in the family events and supper. Everyone will be wel-

come. The stories, photo's, local preserves gifts, old fashioned children's candy, a day of old-fashioned children crafting, and family games, hayride and fire side music will support the Harvest Supper cultural achievements – old and new.

## Local Elections, Councillor Accountability: Have Your Say

Submitted by Government of Alberta

A new online survey is asking Albertans about how to improve election processes and accountability for locally elected officials.

Input from the survey, open until July 22, will help inform potential changes to the Municipal Government Act (MGA) and the Local Authorities Election Act (LAEA).

Alberta Municipal Affairs is seeking feedback from Albertans related to candidate eligibility, codes of conduct for elected officials, privacy of voter information and third-party advertising rules. Any changes would apply to Alberta...

## NOTICE OF PUBLIC HEARING

In accordance with the requirements of Section 606 of the Municipal Government Act, as amended, the Council of Parkland County has scheduled a Public Hearing regarding the proposed adoption of the following Bylaw:

Bylaw: 2022-13 Date: September 13, 2022 Time: 9:30 am

Location: Parkland County  
Council Chambers  
53109A Hwy 779,  
Parkland County, Alberta

Proposed Bylaw 2022-13: Springbank Park Estates Redistricting (Amendment to Land Use Bylaw 2017-18)

Parkland County Administration has received an application to amend the Land Use Map of Land Use Bylaw (2017-18) to redistrict the two (2) parcels of land legally described as Lot 1, Plan 962 4168 and Lot 1, Block 2, Plan 982 0548 both within SW-16-53-26-W4 from the CR-Country Residential District to the CRE-Country Residential Estate District. The purpose of the redistricting is to allow for additional subdivision opportunities (0.5-3.0 acre lots) within the subject lands than is currently permitted under the CR-Country Residential District. The Bylaw received First Reading on July 12, 2022.

### Hearing Procedure

This is a formal Public Hearing and Council is prepared to hear and receive formal submissions and presentations (verbal or written) from those who wish to speak to the proposed Bylaw. Written submissions or presentations may either be submitted in advance to Planning & Development Services by 4:00 p.m. on August 19, 2022, or submitted at the commencement of the Public Hearing on September 13, 2022.

Anyone wishing to make a verbal presentation to Council must notify Planning & Development Services in advance of the Public Hearing by 4:00 p.m., on August 19, 2022. Verbal presentations at the Public Hearing will be limited to a maximum of 10 minutes.

Anyone wishing to make a verbal presentation who has not made prior arrangements may be allocated a time at the commencement of the Public Hearing. Council advises that this is your last opportunity to comment on the proposed Bylaw as Council is unable to receive further submissions after the Public Hearing is closed.

"As is always the case, we continually work to improve our local elections so that Albertans can feel confident when entering a polling station. I encourage all eligible Albertans to complete this short survey and have their say on how we can strengthen local democracy in Alberta."

Ric McIver, Minister of Municipal Affairs

In addition to gathering public input, Alberta's

government is talking to elected officials on local councils, municipal administrations and municipal associations.

Potential changes to the MGA and LAEA could be introduced as early as Alberta's next legislative session in fall 2022

## JOKE of the week

My Dad's favorite joke is indelible: Joe is a new man on a construction crew. The first day on the job, he opens his lunch box and mumbles, "Oh no, peanut butter!" The next day, "Peanut butter again!" This goes on for days, until another worker says, "Why don't you ask your wife to make a different lunch?" Joe replies, "I'm not married. I make my own lunch."

### SCHOOL BUS SAFETY

1. Always listen to the school bus driver 2. Always stand in a group while waiting for the bus. No pushing or shoving. 3. Always stay out of the DANGER ZONE until the bus driver says its ok to get on. You are too close if you can touch the bus. 4. Always remember to wait until the bus stops before standing up and leaving your seat. You move away from the bus and out of the DANGER ZONE right away when you get off the bus.

# Yellowhead County Explores Next Steps in Enhancing Rural Internet Access Throughout the County

*Continued from Page 6*

...on our municipality's Rural Communications Strategy. It was part of a multi-year plan to develop and build a Yellowhead County Tower Network System with a goal to enhance connectivity to underserved areas in the County.

Yellowhead County needed to build a more robust and reliable backbone system network for cell service, broadband internet service, Protective Services communications connectivity, and wildland fire detection.

There are four key parts of the Yellowhead County Tower Network System:

1. Internal staff and Protective Services connectivity

2. Enhanced cellular service by co-locating ISP providers on County Towers

3. Broadband Internet provisions for Yellowhead County residents

4. Early-Warning wildland fire detection system

Part of the ongoing Rural Communications plan is for Yellowhead County to find ways to provide broadband services in a cost-effective manner. In December of 2020, the Federal Government created a program under the Universal Broadband Fund (UBF) called the Rapid Response Stream. This fund was for shovel-ready projects identified by Innovation, Science and Economic Development Canada (ISED) as having inadequate or no coverage.

A section of the western part of Yellowhead County met the ISED requirements

and funding limits and the grant application was successful. The project to provide Robb, Brule, Mountain View Estates, Aspen Heights, Seabolt, Grandview, Maskuta, Carldale, and Yellowhead County East River Road with better broadband services is now nearing completion.

## 2. Next Steps

As residents continue

to rely more and more on these services for school, business, safety, and day-to-day living, and with business and industry needing this infrastructure backbone to operate in our more remote areas, Yellowhead County's Broadband Tower Network System continues to be a vital infrastructure service to our communities and re-

gion for continued growth and viability. The goal is to get fibre connections to as many households as possible and create new wireless options where fibre is not an option.

Yellowhead County is now moving forward with finding options for high-speed internet in the communities that are now..

### Proposed Bylaw 2022-12- Amendment to Atim Creek North Area Structure Plan

Proposed Bylaw 2022-12: Amendments to Sections 6.7, 7.3 and 7.5 concerning municipal servicing and Amendment to Map 5. (Amendment to Atim Creek North Area Structure Plan 26-2002) Parkland County Administration has received an application to amend the Atim Creek North Area Structure Plan (ASP). The amendment proposes to amend Map 5 of the ASP, redesignating the existing land use of "Fringe Area" to "Highway Commercial Cluster Area" in order to support future commercial development on the site. The Bylaw received First Reading on July 12, 2022.

### Hearing Procedure

This is a formal Public Hearing and Council is prepared to hear and receive formal submissions and presentations (verbal or written) from those who wish to speak to the proposed Bylaw. Written submissions or presentations may either be submitted in advance to Planning & Development Services by 4:00 p.m. on August 19, 2022 or submitted at the commencement of the Public Hearing on September 13, 2022.

Anyone wishing to make a verbal presentation to Council must notify Planning & Development Services in advance of the Public Hearing by 4:00 p.m., on August 19, 2022. Verbal presentations at the Public Hearing will be limited to a maximum of 10 minutes. Anyone wishing to make a verbal presentation who has not made prior arrangements may be allocated a time at the commencement of the Public Hearing. Council advises that this is your last opportunity to comment on the proposed Bylaw as Council is unable to receive further submissions after the Public Hearing is closed.

...set up with fibre access. In partnership with Tridon Communications, 3CIS, and ROCK Networks, Yellowhead County is working with service providers who provide high-speed internet access as an option to these communities that have been under-

served prior to this initiative.

Yellowhead County has several additional communities that could benefit from better coverage and continues to apply for Federal and Provincial grants that, if funded, will help support the ongoing development of an infrastructure backbone to

support the ever-increasing need for high-speed internet and cellular connectivity for Yellowhead County residents, staff, first responders, emergency services, and other protective services such as early wildfire protection, as well as industry and other stakeholders.

At this time, Yellowhead

County is planning on looking in new directions to identify additional opportunities for next steps in this initiative. The collection of additional data from other areas in the County has begun, which will provide further understanding of additional underserved areas in need of reliable internet service.

## 3. Survey Collection

Yellowhead County will be asking residents throughout the County to participate in an online data collection survey to allow for better understanding of areas that are in need of better high-speed internet before any planning for additional opportunities can be considered. At this time, residents of Evansburg and Marlboro are being asked to participate in the survey and help Yellowhead County and their partners further understand the need for high-speed fibre access in those areas.

The survey will help determine whether or not residents currently have internet service, and will collect information on current internet speeds and location details. This data collection will also provide a good snapshot of the potential interest from residents for high-speed internet upgrades.

# BACK 2 School

## WHAT'S YOUR ROLE?

- Motorists must watch for children crossing roads, and prepare to slow down and stop.
- No Matter what direction motorists are traveling, they must STOP when approaching a stationary school bus with alternating flashing red lights - unless the bus is on the opposite side of a divided highway.

- Always be aware of and respect "Point, Pause and Proceed", used by Alberta school children when crossing roads. Stop for pedestrians.
- Parents should plan to have a safe place for kids to go in case they miss the bus. Remind them to never take rides from strangers.

- Take the time to discuss school bus safety with your children. Teach them how to be street smart and ride safe.
- Alternating flashing amber lights means a bus is slowing down to stop. Slow down and prepare to stop too.

THIS SAFETY MESSAGE IS SPONSORED BY THESE CARING LOCAL BUSINESSES

# Back-to-School

**THE KIDS ARE BACK!** Be cautious while driving in residential areas, school zones and playgrounds! And remember to slow down and stop when school buses are loading and unloading children. Use extreme caution when a school bus displays the flashing amber lights. Also, you must stop when a school bus flashes red lights!

**This safety reminder courtesy of the following businesses:**

# BACK TO SCHOOL!

## SCHOOL BUS SAFETY

1. Even though the bus might be warm, always dress for the weather outside in case the bus breaks down. Wear clothes that will keep you warm when it's cold or wet outside.
2. Let the little kids get on the bus first and then get on yourself, one at a time
3. Face forward, talk quietly and keep your head, hands and arms inside the bus at all times. Keep your feet out of the aisle.
4. Look all four ways before crossing the road – left, right, ahead and behind.

# BACK-TO-SCHOOL

That means extra care is needed when driving in school zones and when busses are loading and unloading their students. Slow down for pedestrian crossings and watch for kids dashing across the street.

## REDUCE COLD-WEATHER FIRE RISK

Plenty of things heat up when the temperature drops, including the risk for fire hazards. Fireplaces, stoves, heating systems, candles, and even electric lights are used more often during the winter than any other time of year, so it makes sense that the risk of home fires increases when the mercury drops.

The U.S. Fire Administration says 905 people die in winter home fires each year. Cooking is the leading cause of all home fires and contributes to around \$2 billion in property loss

each year. Understanding potential risks and exercising caution can help homeowners protect themselves, their families and their homes from fire.

### Cooking

Home heating fires peak between the hours of 6 p.m. and 8 p.m., when many people are home preparing dinner. The following steps, courtesy of the American Red Cross, can improve safety in the kitchen and reduce the likelihood of a home fire.

- Never leave cooking food unattended, as it can take just seconds for

fires to ignite.

- Keep anything that can catch fire away from the stove or other

appliances that generate heat.

## Reduce Cold-Weather Fire Risk

### Continued from Page 17

- Clean regularly to prevent grease buildup.
- Make sure appliances are turned off before leaving the room or going to bed.

#### Heating

The National Fire Protection Association warns that heating is the second leading cause of home fires, deaths and injuries in the United States. The NFPA offers these safety guidelines.

- Install heating appliances according to manufacturers' instructions or have a profession-

al do the installation.

- Fuel-burning equipment needs to vent to the outside.

- Never use an oven to heat a home.

- Keep anything that can burn away from heating equipment, including portable space heaters.

- Clean and inspect heating appliances regularly.

- Turn off portable heaters when leaving the room or going to bed.

Electric  
The National Safety Council estimates that

between 600 and 1,000 people die each year from electrocution. Electricity also can contribute to home fires. The Energy Education Council offers these safety suggestions.

- Never force plugs into outlets.

- Check that cords are not frayed or cracked. Do not run cords under carpets or place them in high-traffic areas.

- Use extension cords only on a temporary basis.

- Make sure light bulbs are the proper wattage for fixtures.

- Install ground fault circuit interrupters in kitchens, baths, laundry rooms, and elsewhere, making sure to test them regularly.

- Check periodically for loose wall receptacles and loose wires. Listen for popping or sizzling sounds behind walls.

Home fires are no joke and can be prevented with simple safety checks.

## MAKE LIGHTS SPARKLE

As days get shorter and natural light is less abundant, interior lighting becomes ever more important. Chandeliers, pendant lamps, recessed lighting, and tableside lamps are most effective when they are clean. HGTV experts say dirty lights can give off up to 20 percent less light than clean ones. Dirty fixtures also waste energy.

Lighting fixtures that are within reach are easy to tackle, but what about those fixtures that hang or have multiple crystals, globes or bulbs? These tips can cut down on the time needed to give lights a thorough cleaning.

- Stock up on the right cleaning supplies. Microfiber dusting cloths are smart choices because they can help trap grime and tend to be machine-washable and reusable. Extendable static-charged dusters are another handy item to have around, particularly for fixtures that are hard to reach.

- Dust regularly. Dusting regularly can prevent the buildup of grime that's difficult to wash off. Try to dust light fixtures weekly or biweekly. The more frequent the fixtures are dusted, the less time each cleaning session will take. Soft cloths can remove the dust from most bulbs and exterior surfaces. Lamp shades may need more attention. Use a lamb's-wool duster to attract dirt so it doesn't leave a residue on the lampshade.

- Deep-clean at table level. Deep-cleaning at table level is more manageable. Remove any glass accents and set them out on a cushioned surface so they do not break. Soft cloths dampened with a vinegar solution should remove most of the dirt on chandelier crystals and the globes or outer glass coverings of other types of fixtures. Take a photo of the lighting fixture prior to

cleaning so you'll know how to replace removed parts correctly once everything is clean and dry.

If you cannot remove a fixture for cleaning, use a sturdy stool, a spray bottle with your clean-

ing mixture and a soft cloth to wipe away the dirt. Remember to place something absorbent beneath the light to catch any drips. Do not spray liquids directly onto light bulbs; otherwise, you can damage the bulb

and the electrical components.

It's best to exercise caution when cleaning lighting fixtures. Turn off the light itself and shut off the circuit breaker to avoid the risk of shock or burns from hot bulbs.

# SUDOKU

of the week

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

# GOLFER'S GUIDE

## POPULAR GOLF COURSES AROUND THE WORLD

The Masters Tournament is the first of golf's four major championships in the calendar year. Competitors tee off at the Augusta National Golf Club in Augusta, GA, in April 2020. Americans Tiger Woods and Patrick Reed are the two most recent Masters champions, and fans are already eager to see who earns the fabled green jacket this year.

Televised golf competitions often inspire people to hit the links. People with a passion for golf may want to check out some of the top courses in the world, as ranked by leading golf resources and experts.

- **Ballybunion:** This Irish course was touted as "nothing less than the finest seaside course" by famed golf writer Herbert Warren Wind. The course hosted the 2000 Irish Open, but lack of other tournaments can be attributed to its remote, albeit beautiful, location

- **Cypress Point:** This club sits at the foothills of the Santa Lucia Mountains at the tip of the Monterey Peninsula in California. Located in coastal dunes and on rocky coastlines, Cypress Point is

often noted for its dramatic holes along the Pacific Ocean.

- **Pine Valley:** Located in Pine Valley, NJ, this course, which is more than 100 years old, boasts some formidable hazards with sophisticated green expanses.

- **St. Andrew's:** This historic course in Scotland has hosted the Open Championship (once known as The British Open) a record 29 times. Historians believe golf originated in Scotland, and

people have been playing on this course since the 15th century. Massive greens, cavernous bunkers and a brilliant layout contribute to its distinguished history.

- **Shinnecock Hills:** This course in Southampton, NY, is a very old club built in the tradition of Scottish courses. This was likely the inaugural American golf course design, and the Shinnecock Hills Golf Club was one of the five founding

members of the United States Golf Association.

- **Augusta National:** Home to the Masters, Augusta is considered a golf paradise by many. The sheer beauty of Augusta has made it a staple on many golfers' bucket lists, even if only a few may get to walk its fairways with club in hand.

Golf has a storied history, and that history is on display at various jaw-dropping courses across the globe.
