Once, there was a guy named Joe. One day, he died and found himself standing in front of the pearly gates. St. Peter: Joe, if you can answer one question, I'll let you into heaven.

Joe: Sounds easy enough.

St. Peter: Who is with you always?

Joe: Oh, that's easy, Andy!

St. Peter: Andy?

Joe: Yeah, haven't you heard that hymn, "Andy walks with me, Andy talks with me?"

ALBERTA MAJOR CRIME UNIT INVESTIGATES HOMICIDE IN MASKWACIS

Submitted by Alberta RCMP

On Sept. 1, 2022, at approximately 7:30 pm., Maskwacis RCMP received a report of a shooting that occurred at a local convenience store in

Maskwacis.

The victim, a 27 year-old male who was currently residing in Maskwacis, was transported to the hospital. Unfortunately, the victim later died at hospital from his injuries.

The Alberta RCMP Major

Crimes Unit has been deployed to take carriage of the investigation.

Shayden Trey Rain (21 years), a resident of Maskwacis, has been arrested and has been charged with second degree murder.

RCMP are wanting to

speak with anyone who was in the area of the Sampson Mall on September 1, 2022 that witnessed what occurred or has information related to this homicide.

ADMINISTRATION BUILDING STRUCTURE ISSUES

Investigation continues

Lac Ste. Anne County continues to work towards resolving
 the Administration Building structural issues.

The feasibility of solution options is proceeding, based on
 structural investigations to date. The long-term options will
 be considered with the goals of ensuring that the interests
 of the County residents and ratepayers are addressed,
 and they have a quality building to support the important
 services the County delivers.

We also remain focussed on ensuring that in the interim
 the building remains safe and appropriate mitigation
 measures are taken.

To protect the County's interests, the lawsuit against
 the parties involved in the management, design, and
 construction of the Administration Building is ongoing.
 Litigation steps are expected to continue throughout 2022
 and into 2023.

Based on the advice of the County's legal counsel handling
 the lawsuit, limited information can be shared during
 the litigation process. Unfortunately, elected officials and
 staff are not able to provide any comments or additional
 information at this time.

Lac Ste. Anne County Council and Administration continue
 to sincerely thank ratepayers for their understanding as we
 work to bring this matter to conclusion.

EXPANDING SURGERY ACCESS IN CENTRAL, SOUTHERN ALBERTA

Submitted by Government of Alberta

Expanding contracts with chartered surgical facilities in central and southern Alberta will reduce wait times and deliver about 2,600 more surgeries closer to home.

As part of the Alberta Surgical Initiative, Alberta Health Services (AHS) aims to schedule an additional 1,350 surgeries in the central zone and about 1,250 more procedures in the south zone, ranging from hip and knee to general surgeries, by inviting chartered surgical facilities to submit proposals.

These procedures are expected to boost publicly funded surgeries in central zone communities such as Red Deer and in communities in the south zone like Lethbridge and Medicine Hat by five per cent. Moving more orthopedic and other general surgeries into chartered surgical facilities also frees up operating room space in hospitals to provide more complex surgeries.

Alberta Health and AHS have been increasing surgical capacity in hospitals and the number of surgeries at chartered surgical facilities as part of the Alberta Surgical Initiative. Main operating room surgical suite hours have been increased at hospitals, which is steadily reducing the surgical waitlist. Budget 2022 provides \$133 million over three years to expand and build new operating rooms in hospitals across the province, including in Calgary,

Edmonton, Edson, Grande Prairie, Lethbridge, Medicine Hat and Rocky Mountain House.

Through requests for proposals issued last year for chartered surgical facilities in Calgary and Edmonton, AHS is targeting about 30,000 ophthalmology surgeries in these facilities this fiscal year.

In addition, AHS is targeting about 6,000 orthopedic surgeries in chartered surgical facilities per year, and contracts are being finalized.

Chartered surgical facilities have been offering publicly funded surgeries to Albertans since the 1990s. Prior to launching the Alberta Surgical Initia-

tive in 2019, about 39,000 procedures were performed at chartered surgical facilities – 13 per cent of surgeries in Alberta. In 2021-22, about 55,000 surgeries were performed in these facilities, or 20 per cent of surgeries.

DEMISE OF THE CROWN: SPEAKER PUBLIC STATEMENT

Submitted by Government of Alberta

Statement by the Speaker of the Legislative Assembly of Alberta on the Passing of Her Majesty Queen Elizabeth II

"Along with millions of people around the world today, I was saddened to learn about the passing of

Her Majesty Queen Elizabeth II. On behalf of all Members of the Legislative Assembly of Alberta, I offer my heartfelt condolences to the Royal family. My thoughts are also with all countries of the Commonwealth whom Her Majesty faithfully served throughout her remarkable reign. A beloved sovereign and a re-

spected figure among leaders the world over, Queen Elizabeth II was a symbol of our nation's historical and continuing connection to the British monarchy and also of the role of the constitutional monarchy in Canada."

Honourable Nathan Cooper, Speaker of the Legislative Assembly of Alberta

During her life Queen Elizabeth II visited Alberta six times. Her first visit to the province was in 1951, when she was Princess Elizabeth. Her most recent visit, was during Alberta's centennial year in 2005. On May 24, 2005, Her Majesty addressed the Legislative Assembly of Alberta in the Chamber, becoming the first reigning monarch to do so.

In 2012, the Legislative Assembly of Alberta hosted public events to celebrate Her Majesty's Diamond Jubilee; garden parties took place at the Legislature Grounds and at the McDougall Centre in Calgary. Over the past year we have been celebrating the Platinum Jubilee.

Queen Elizabeth II was the longest reigning British monarch and leaves behind a strong legacy of public service through the over 600 royal patronages across the Commonwealth, including 36 charitable organizations in Canada, attached to her name. Her work also highlighted the critical role of the Canadian Forces; she served as Colonel-in-Chief, Captain General and Air Commodore-in-Chief for numerous units, including the Calgary Highlanders and the King's Own Calgary Regiment.

Albertans will have the chance to honour the life and legacy of Her Majesty Queen Elizabeth in the coming days. There will be books of condolence for public signing in the Legislature. A Celebration of Life will follow. Further details about these public memorials are forthcoming.

GOLFER'S GUIDE

POPULAR GOLF COURSES AROUND THE WORLD

The Masters Tournament is the first of golf's four major championships in the calendar year. Competitors tee off at the Augusta National Golf Club in Augusta, GA, in April 2020. Americans Tiger Woods and Patrick Reed are the two most recent Masters champions, and fans are already eager to see who earns the fabled green jacket this year.

Televised golf competitions often inspire people to hit the links. People with a passion for golf may want to check out some of the top courses in the world, as ranked by leading golf resources and experts.

- **Ballybunion:** This Irish course was touted as "nothing less than the finest seaside course" by famed golf writer Herbert Warren Wind. The course hosted the 2000 Irish Open, but lack of other tournaments can be attributed to its remote, albeit beautiful, location

- **Cypress Point:** This club sits at the foothills of the Santa Lucia Mountains at the tip of the Monterey Peninsula in California. Located in coastal dunes and on rocky coastlines, Cypress Point is often noted for its dramatic holes along the Pa-

cific Ocean.

- **Pine Valley:** Located in Pine Valley, NJ, this course, which is more than 100 years old, boasts some formidable hazards with sophisticated green expanses.

- **St. Andrew's:** This historic course in Scotland has hosted the Open Championship (once known as The British Open) a record 29 times. Historians believe golf originated in Scotland, and people have been

playing on this course since the 15th century. Massive greens, cavernous bunkers and a brilliant layout contribute to its distinguished history.

- **Shinnecock Hills:** This course in Southampton, NY, is a very old club built in the tradition of Scottish courses. This was likely the inaugural American golf course design, and the Shinnecock Hills Golf Club was one of the five founding members of the United States Golf

Association.

- **Augusta National:** Home to the Masters, Augusta is considered a golf paradise by many. The sheer beauty of Augusta has made it a staple on many golfers' bucket lists, even if only a few may get to walk its fairways with club in hand.

Golf has a storied history, and that history is on display at various jaw-dropping courses across the globe.

PENNY CARNIVAL

Submitted by The Alberta Beach Museum

This is The Alberta Beach Museum reporting on our very recent and very Spectacular Penny Carnival.

Gates opened on schedule at 1 p.m. and the line up didn't quit until 2:30. Even then it didn't totally stop as we continued to welcome guests until 3:30 ish. The turnout was amazing.

Over 300 people were in attendance and all who entered were pleasant and giddy. The vibes seemed to be magical and filled with a special childlike excitement that only a carnival brings about.

Every game in the place was as popular as the next. For 10 cents you could do anything from rope a bull to try and wash a clown's face with a squirt gun. The thrill of winning had kids and adults alike taking turns. Everyone in all age groups calling on their skills in the hopes of taking home a prize.

Then after working up an appetite, Bbq hotdogs and cold lemonade were on the menu gratis. With the tempting aroma wafting through the crowd it was pretty hard to resist a mouthwatering wiener and a bag of chips. Ending the meal with a nice cold

freezie or popsicle was an added bonus on such a hot summer day. A great way to beat the heat.

Of course, none of this would have been possible without the generous grant from the Town of Onoway FCSS. Not to mention the many volunteers who were kept busy from start to finish! We thank everyone so much for their contributions and couldn't have asked for a more successful event to end the season with. Now, we can hardly wait for next year. Until then, take care and stay safe. We look forward to seeing you all in 2023.

Made You LOOK!

5 WAYS TO MAKE HOMES SAFER

Injuries that occur around the home contribute to millions of medical visits and tens of thousands of fatalities each year. Falls account for the largest percentage of home accidents, with the U.S. Centers for Disease Control and Prevention reporting that around 30,000 fall-related fatalities occur each year in the United States. Many home accidents are entirely preventable when proper caution is exercised.

As homeowners pre-

pare for home-improvement projects, improving safety inside and outside the home should be a priority.

1. Improve lighting

One of the easiest ways to reduce the risk of falls is to improve lighting around the home. The National Institutes of Health state that adequate lighting is important at entrances to the home, stairways, hallways, and other frequently traversed areas. Make sure lighting fixtures are using the high-

est wattage light bulb allowed. Artificial lighting sources become even more vital in fall and autumn, when natural light is less abundant in a home. In addition, install lighting outdoors by the front door, over the garage and where garbage pails are stored to facilitate safe passage.

2. Eliminate slick surfaces

Improving traction around the house also can minimize falls. Throw rugs and runners can be made more se-

cure with nonslip rubber backings. Bath rugs can reduce slipping on wet surfaces in the bathroom. Also, nonslip mats can be used inside of showers and bathtubs.

Use shoe trays to reduce puddling from melting snow or rain runoff in entryways. Mop up spills quickly, and consider the use of matte- or textured-finished flooring to improve stability underfoot.

Promptly remove snow and ice from

driveways and walkways. For those who live in cold climates, heated concrete can help melt precipitation before it accumulates.

3. Make needed repairs

Repair loose floorboards and pull carpet taut if it has started to stretch out. Address cracks outdoors and ensure that patio stones, bricks and pavers are secure and level to reduce tripping hazards. Fix areas of the landscape where water may pool

and freeze, creating potential hazards.

4. Declutter all spaces

Remove unnecessary items and furniture from rooms to free up more space to get around. Be sure there are no obstructions in walkways, entryways and near doors. Keep staircases clear at all times.

5. Invest in assistive devices

Handrails, grab bars, nonslip stair treads, and many other devices can make homes safer for people of all ages and

abilities. Outfit cabinets and closets with organizers that put frequently used items within easy reach. A sturdy step stool can reduce the risk of injury while reaching for items stored on high shelves.

Taking measures to reduce the risk of falling around the home is a worthwhile home improvement project.

Fall HOME RENO GUIDE

HOW TO ADDRESS CEILING STAINS

Many stains are instantly noticeable. But while a wine stain on a light-colored carpet or a gravy stain on a white shirt tend to jump out

right away, other stains sneak past our radars every day. Ceiling stains are one type of stain that tend to go unnoticed for long periods of time.

But ceiling stains can be unsightly, and some are even indicative of a larger problem, so it pays for homeowners to address stains on their ceilings as soon as possible.

· Start with the source. Low kitchen ceilings tend to fall victim to oil stains, which are an unfortunate side effect of cooking. But not all stains can be so easily traced to their origins. Some ceiling stains, such as those in bathrooms, may be a byproduct of mold, while others may be indicative of plumbing problems. Identify-

ing the source of a stain is often the first step toward eradicating it.

· Fix the problem. Once you have identified what's causing the stain, fix the problem as soon as possible. Ceiling stains are often indicative of much larger problems, and the longer those problems are allowed to fester, the bigger they become. Some water stains on ceilings result from cracks or joints that have not been adequately sealed or caulked. Reseal or re-caulk any

How To Address Ceiling Stains

Continued from Page 16

cracks you suspect are leading to ceiling stains. If you have determined a leaky roof is behind your stained ceilings, then have the roof inspected for damage, and prepare yourself to finance a new roof if the inspector determines that's the best solution.

- Cover nearby furniture. If you find ceiling stains above living areas, then be sure to cover the furniture below such ceilings with a tarp. Even if your stain solution will be made primarily of water, you don't want to risk compounding your ceiling stain problem by staining your furniture as well.

- Remove the stains. Different stains require different treatments. A solution made of water and bleach may be effective at removing ceiling stains, but only apply such solutions on days when you can open the windows and air out your home. Larger stains may require the application of a stain blocker, which may need to be applied with a roller and brush. No matter the stain, you need to leave time for the ceiling to dry before you can move on. Opening the windows can prevent your home from being overcome by the smell of bleach and also speed up the time it takes the ceiling to dry.

- Cover the ceiling with primer. Once the ceiling has completely dried, you can apply a stain-blocking primer to prevent future stains. Allow the primer ample time to dry.

- Apply a fresh coat of paint. After the primer has dried completely, you can then repaint the ceiling. Some paints may blend in even if you only paint the affected areas of the ceiling, but others

will require a complete repainting of the ceiling. The eye test will help you determine how much work you have to do in that regard.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
