ALBERTA MAJOR CRIME UNIT INVESTIGATES HOMICIDE IN MASKWACIS

Submitted by Alberta RCMP

On Sept. 1, 2022, at approximately 7:30 pm., Maskwacis RCMP received a report

of a shooting that occurred at a local convenience store in Maskwacis.

The victim, a 27 year-old male who was currently residing in Maskwacis, was

transported to the hospital. Unfortunately, the victim later died at hospital from his injuries.

Alberta Major Crime Unit Investigates Homicide In Maskwacis

Continued from Page 1

The Alberta RCMP Major Crimes Unit has been deployed to take carriage of the investigation.

Shayden Trey Rain (21

years), a resident of Maskwacis, has been arrested and has been charged with second degree murder.

RCMP are wanting to speak with anyone who was

in the area of the Sampson Mall on September 1, 2022 that witnessed what occurred or has information related to this homicide.

Yellowhead County Council Breaks Ground On Fibre Project In Robb

called the Rapid Response Stream.

This fund was intended for shovel-ready projects in communities that were identified by Innovation, Science, and Economic Development Canada (ISED) as having inadequate or no coverage. After applying for the grant, a section of the western part of Yellowhead County was found to meet the ISED requirements and fund-

ing limits.

The project to provide Robb, Brule, Mountain View Estates, Aspen Heights, Seabolt, Grandview, Maskuta, Carldale, and Yellowhead County East River Road with better broadband services has been underway since. The project is 60% funded by the Rapid Response Stream funding under the UBF, and 40% by Yellowhead County. The work in these communities is expected to be com-

pleted by December 2022.

On August 22, 2022, Yellowhead County Council traveled to Robb to break ground on the project in that community, and to talk with and ask questions of those working on the project.

Council was very pleased to see the progress that has been made towards bringing better internet service to residents in Yellowhead County.

Drayton Valley RCMP Asking Anyone Who Was A Victim Of Slashed Tires

Continued from Page 1

The investigation is still ongoing and the RCMP are requesting that anyone who was a victim of this event to report the incident to the Drayton Valley RCMP.

Drayton Valley RCMP are also asking that the residents of Drayton Valley review their surveillance footage on Sept. 4, 2022, between the hours of 01:30 a.m. and 5 a.m. for video surveillance of 3 suspects.

The suspects are all described as youths approximately 18-years-old: One male was believed to be wearing jeans, a ball cap, a black hoody and a white shirt; a second male was believed to be wearing ripped

blue jeans, a black hoody and a grey and black ball cap; the third suspect is a female youth wearing a red top.

INCREASING FUNDING FOR PALLIATIVE AND END-OF-LIFE CARE

Submitted by Government of Alberta

More than \$11.3 million in funding will go to 25 projects to increase access to high-quality palliative care and ensure patients and families are treated with dignity and respect.

The government issued a call for project proposals in November 2021 in four priority

areas that include earlier access to care, community supports and services, education and training, and research and innovation.

"These grants will help provide more and better palliative care, ensuring Albertans diagnosed with a life-limiting illness are treated with compassion and respect. We're delivering on a promise we made

to Albertans in 2019 as part of our larger commitment to strengthen our publicly funded health system. We're thankful for the health-care providers, researchers, educators, community organizations and volunteers that make compassionate care a truly 'whole of society' effort."

Jason Copping, Minister of Health

"It's great to see the ongoing support for patients in palliative care across our province. This announcement means more and more families will get the support they need. It is an important step forward for palliative and end-of-life care."

Once, there was a guy named Joe. One day, he died and found himself standing in front of the pearly gates St. Peter; Joe, if you can answer one question, I'll let you into heaven.

Joe: Sounds easy enough.

St. Peter: Who is with you always?

Joe: Oh, that's easy, Andy!

St. Peter: Andy?

Joe: Yeah, haven't you heard that hymn, "Andy walks with me, Andy talks with me?"

ALBERTA RCMP STATEMENT ON TRANSPORTATION OF INDIVIDUAL INTO EDMONTON

Submitted by Alberta RCMP

On June 9, 2022, the Alberta RCMP released a statement to CBC outlining the actions our officers took prior to the tragic loss of two lives that

unfolded in the City of Edmonton three days later. The statement included details about the transportation of Justin Bone, and is included in this release. The statement addressed specific questions posed by CBC.

While the statement indicated a review was underway, we feel it is important to provide additional detail as to what that involves. It imperative that all involved agencies look at the actions that ultimately lead to an outcome

no one ever wants to have occur.

The review will examine the decisions officers made; the operational policies and procedures currently in place that guide decisions like these; any gaps in support systems; and how we coordinate our responses with partner agencies when there are a multitude of social and judicial factors involved.

The Alberta RCMP is keenly aware that not all matters police officers respond to require a police response alone. Dynamic and complex calls for service, often involving mental health, addictions and repeat incarceration, require coordinated, multi-agency responses that can better address these social issues.

Please see the statement issued yesterday below.

On Sunday, May 15, 2022, Parkland RCMP responded to a complaint of threats at a home in the Alberta Beach area involving Justin Bone.

Responding officers gathered information from both parties involved, consulted with the Detachment's domestic violence coordinator and determined that the situation did not meet threshold for charges.

**SUMMER VILLAGE OF
SEBA BEACH**

Employment Opportunity Public Works Maintenance Labourer

The Summer Village of Seba Beach is a vibrant municipality that is looking for a full-time Public Works Maintenance Labourer. If you enjoy working in an environment that encourages development and teamwork while looking at the big picture, this position will interest you. We are looking for a career-minded individual to provide various municipal services with the Public Works Department to residents. Competitive wage, benefits after six months and training will be provided for the right candidate.

The successful candidate will:

- Responsible for maintaining the roads in good condition for safe, hazard free driving including winter and summer road maintenance, construction projects, culverts, drainage systems and street signs.
- Responsible for the maintenance and repairs of equipment and tools.
- Perform waste management duties including recycling, compost and garbage pickup.
- Undertake construction, repair projects and general upkeep of Village owned facilities and recreational structures and parks.
- Perform maintenance of roadside and other Village owned property.
- Assist with budgeting, purchasing and providing recommendations to the CAO.
- Assist with maintaining the Health and Safety Program.
- Maintain the confidentiality of employees, ratepayers, and municipality business as defined by the Municipal Government Act and Freedom of Information and Protection of Privacy Act.
- Attend seminars and training programs as may be beneficial or necessary to remain qualified to perform the duties of the position as directs.

The successful applicant must possess:

- A minimum of grade 12 or equivalency diploma, a valid Alberta class (5) driver's license and clean drivers abstract.
- Good physical fitness in order to perform manual labour and assigned duties in all weather conditions.
- Ability to establish work priorities and schedules.
- Knowledge in road maintenance and experience in the operation of equipment used for grounds and road maintenance.
- Understanding of job safety procedures.
- Experience in a municipal setting is an asset.

Please submit your resume along with covering letter to:
 Summer Village of Seba Beach
 Box 190, Seba Beach, AB T0E 2B0
 Email: svseba@telusplanet.net

Resumes will be accepted until a suitable applicant is chosen. We thank all applicants for their interest in this position and advise that only those applicants selected for interviews will be contacted.

Alberta RCMP Statement On Transportation Of Individual Into Edmonton

Continued from Page 4

The homeowner indicated that Mr. Bone could no longer stay at the home. As Mr. Bone was under conditions not to travel into Edmonton without being under escort of the Alberta Beach homeowner, RCMP officers attempted to contact Mr. Bone's probation officer to discuss alternate arrangements, but they could not be reached. Officers, in consultation with their supervisor, determined the best course of action would be to take Mr. Bone to an area where supports and services were available to him, and he was dropped off near a

social services hub in the west end of Edmonton, so he could easily access those services. Officers notified Edmonton Police Service of their actions.

Contact with Mr. Bone's probation officer was made the following day, Monday, May 16, to ensure they were both aware, and in contact, with Mr. Bone. Officers were able to confirm that communication had occurred between Mr. Bone and his probation officer, and that Mr. Bone was working with his probation officer to get supports he needed.

The Alberta RCMP has undertaken a review of

the actions taken by officers with respect to Mr. Bone. Given this review is underway, it would be inappropriate to comment any further at this time. Once the review is completed, more details may be shared. It should be noted that the Director of Law Enforcement for Alberta was notified of these events, and determined the review of the matter should remain with the Alberta RCMP.

Our hearts are heavy for the family and friends of Hung Trang and Ban Phuc Hoang, and our thoughts are with them as they navigate this terrible tragedy.

Although the 'official' school year runs September to June, GYPSD offers many

learning opportunities over the summer months for students.

Summer school provides important opportunities for high school students to work ahead or expand their learning options beyond the two-semester school year.

At the August 24, 2022, Public Board Meeting (PBM), Summer School principal

Adam Fragomeni shared with the Board of Trustees the success of this past summer's hybrid pro-

gramming to provide both in-person or online learning access for students. A total of 32 students successfully completed their Career and Life Management (CALM), and 11 students took several Diploma Exams including English Language Arts, Part 1 and 2, Social Studies, Part 1 and 2, and Physics.

In addition, over 14 students took part in a

Work Experience Program during July and August. Keaton Morley, a recent Parkland Composite High School graduate, was present at the PBM to share

his summer experience with the trustees. Keaton joined the Division's Transportation Team as a work experience student in the Bus Shop during summer school. The opportunity provided Keaton with credits and an inspiring experience for his career goal of becoming a heavy-duty mechanic. Transportation Director Van Neck commended Keaton for his hard work and was pleased to be able to provide a stepping stone for Keaton in pursuing his career goals.

fall HOME **RENO** **GUIDE**

5 WAYS TO MAKE HOMES SAFER

Injuries that occur around the home contribute to millions of medical visits and tens of thousands of fatalities each year. Falls account for the largest percentage of home accidents, with the U.S. Centers for Disease Control and Prevention reporting that around 30,000 fall-related fatalities occur each year in the United States. Many home accidents are entirely preventable when proper caution is

exercised.

As homeowners prepare for home-improvement projects, improving safety inside and outside the home should be a priority.

1. Improve lighting

One of the easiest ways to reduce the risk of falls is to improve lighting around the home. The National Institutes of Health state that adequate lighting is important at entrances to the home, stairways,

hallways, and other frequently traversed areas. Make sure lighting fixtures are using the highest wattage light bulb allowed. Artificial lighting sources become even more vital in fall and autumn, when natural light is less abundant in a home. In addition, install lighting outdoors by the front door, over the garage and where garbage pails are stored to facilitate safe passage.

2. Eliminate slick sur-

faces

Improving traction around the house also can minimize falls. Throw rugs and runners can be made more secure with nonslip rubber backings. Bath rugs can reduce slipping on wet surfaces in the bathroom. Also, nonslip mats can be used inside of showers and bathtubs.

Use shoe trays to reduce puddling from melting

5 Ways To Make Homes Safer

snow or rain runoff in entryways. Mop up spills quickly, and consider the use of matte- or textured-finished flooring to improve stability underfoot.

Promptly remove snow and ice from driveways and walkways. For those who live in cold climates, heated concrete can help melt precipitation before it accumulates.

3. Make needed repairs

Repair loose floorboards and pull carpet taut if it has started to stretch out. Address cracks outdoors and ensure that patio stones, bricks and pavers are secure and level to reduce tripping hazards. Fix areas of the landscape where water may pool and freeze, creating potential hazards.

4. Declutter all spaces

Remove unnecessary items and furniture from rooms to free up more

space to get around. Be sure there are no obstructions in walkways, entryways and near doors. Keep staircases clear at all times.

5. Invest in assistive devices

Handrails, grab bars, nonslip stair treads, and many other devices can make homes safer for people of all ages and abilities. Outfit cabinets and closets with organizers that put frequently used items within

easy reach. A sturdy step stool can reduce the risk of injury while reaching for items stored on high shelves.

Taking measures to reduce the risk of falling around the home is a worthwhile home improvement project.

STEPS TO A MORE ORGANIZED, FUNCTIONAL GARAGE

Organization can help homeowners transform their homes into less cramped, more spacious oases without forcing them to finance potentially expensive expansion projects.

Homeowners who park in their driveways may find that their garages have become crowded, cluttered spaces in which searching for tools can feel like scouring a haystack in search of a needle. Organizing a garage can create extra room in a home while

affording homeowners the chance to protect their vehicles from the elements. Homeowners who want to turn their garages into something more than cluttered storage units can employ the following strategies to transform these largely overlooked areas into more valuable spaces.

Choose the right day. Garages tend to be separate from the rest of the homes they're a part of, meaning the only way to organize a

garage is to first remove all items from the garage and into the driveway. Because items removed from the garage will be exposed to the elements, homeowners should choose a day that's temperate and sunny to clean their garages. If possible, homeowners should opt to organize their garages in late spring, summer or early fall when there are additional hours of daylight. This protects homeowners from having to work in the dark

should the job take longer than they initially anticipated.

Discard or donate duplicate items. Duplicate items are some of the main culprits behind cluttered garages. As garages gradually become more cluttered, homeowners may buy tools they already have simply because they cannot find their original tools. When organizing the garage, create separate piles for duplicate tools, placing

Steps To A More Organized, Functional Garage

Continued from Page 13

still-useful items in a pile that can be donated to neighbors, local charities or organizations and another pile for old tools

that are no longer useful.

- Host a garage sale. Homeowners who want to organize their garages and make a buck at the same time

can host garage sales. Make only those items that are still functional available for purchase, and let neighbors and bargain hunters do the

bulk of your organization work for you.

- Designate areas of the garage for certain items. Once the items that won't be going back into the garage have been sold, donated or discarded, organize the garage by designating areas for certain items, making sure to separate items that can pose safety risks. For example, store kids' bicycles and outdoor toys in a corner of the garage that is opposite the corner where potentially dangerous items such as power tools and gas cans will be stored. Keep the center of the garage open for vehicles.

- Periodically park cars in the garage. Homeowners who are comfortable parking their vehicles in their driveways can improve their chances of maintaining organized garages over the long haul by periodically parking in the garage. Doing so not only prevents the gradual buildup of clutter that can slowly take over a garage, but also protects homeowners' automotive investments.

Maintaining an organized garage can help homeowners make more practical use of the space in their homes.

Demise of the Crown: Speaker Public Statement

Continued from Page 9

Alberta's centennial year in 2005. On May 24, 2005, Her Majesty addressed the Legislative Assembly of Alberta in the Chamber, becoming the first reigning monarch to do so.

In 2012, the Legislative Assembly of Alberta hosted public events to celebrate Her Majesty's Diamond Ju-

bilee; garden parties took place at the Legislature Grounds and at the McDougall Centre in Calgary. Over the past year we have been celebrating the Platinum Jubilee.

Queen Elizabeth II was the longest reigning British monarch and leaves behind a strong legacy of public service through the over 600 royal patronages

across the Commonwealth, including 36 charitable organizations in Canada, attached to her name. Her work also highlighted the critical role of the Canadian Forces; she served as Colonel-in-Chief, Captain General and Air Commodore-in-Chief for numerous units, including the Calgary Highlanders and the King's Own Calgary Regiment.

Albertans will have the chance to honour the life and legacy of Her Majesty Queen Elizabeth in the coming days. There will be books of condolence for public signing in the Legislature. A Celebration of Life will follow. Further details about these public memorials are forthcoming.

EXPANDING SURGERY ACCESS IN CENTRAL, SOUTHERN ALBERTA

Submitted by Government of Alberta

Expanding contracts with chartered surgical facilities in central and southern Alberta will reduce wait times and deliver about 2,600 more surgeries closer to home.

As part of the Alberta Surgical Initiative, Alberta Health Services (AHS) aims to schedule an additional 1,350 surgeries in the central zone and about 1,250 more procedures in the south zone, ranging from hip and knee to general surgeries, by inviting chartered surgical facilities to submit proposals.

These procedures are expected to boost publicly

funded surgeries in central zone communities such as Red Deer and in communities in the south zone like Lethbridge and Medicine Hat by five per cent. Moving more orthopedic and other general surgeries into chartered surgical facilities also frees up operating room space in hospitals to provide more complex surgeries.

Alberta Health and AHS have been increasing surgical capacity in hospitals and the number of surgeries at chartered surgical facilities as part of the Alberta Surgical Initiative. Main operating room surgical suite hours have been increased at hospitals, which is steadily re-

ducing the surgical waitlist. Budget 2022 provides \$133 million over three years to expand and build new operating rooms in hospitals across the province, including in Calgary, Edmonton, Edson, Grande Prairie, Lethbridge, Medicine Hat and Rocky Mountain House.

Through requests for proposals issued last year for chartered surgical facilities in Calgary and Edmonton, AHS is targeting about 30,000 ophthalmology surgeries in these facilities this fiscal year. In addition, AHS is targeting about 6,000 orthopedic surgeries in chartered surgical facilities per year, and contracts are being fi-

nalized.

Chartered surgical facilities have been offering publicly funded surgeries to Albertans since the 1990s. Prior to launching the Alberta Surgical Initiative in 2019, about 39,000 procedures were performed at chartered surgical facilities – 13 per cent of surgeries in Alberta. In 2021-22, about 55,000 surgeries were performed in these facilities, or 20 per cent of surgeries.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
