PARKLAND RCMP SOLVE ARMED ROBBERY IN UNDER FOUR HOURS

Submitted by Parkland RCMP

On Sept. 28, 2022, at approximately 5:20 p.m. Parkland RCMP responded to a report of a robbery at

a hardware store in Wabamun. The suspect allegedly attempted to leave the store without paying for a machete and boxes of power tools. When store staff tried to stop him, he al-

legedly began swinging the machete (which was still in its packaging) and struck one of the staff members with it. Fortunately, there were no resulting injuries.

Continued on Page 2

PARKLAND RCMP RESPOND TO MULTIPLE COLLISIONS

Submitted by Parkland RCMP

On Oct. 25, 2022, at approximately 6 a.m., Parkland RCMP received a report of a single vehicle rollover. A pickup truck travelling eastbound on High-

way 16 struck an icy patch near the Highway 43 overpass. The truck lost control and rolled several times.

Other vehicles then stopped to assist the driver, but secondary collisions occurred when

three additional vehicles were unable to avoid the assisting citizens. Several people were seriously injured and transported to hospital.

PARKLAND RCMP WELCOMES NEW DETACHMENT COMMANDER

Submitted by Parkland RCMP

Parkland RCMP would like to welcome their new detachment commander In-

spector Kevin McGillivray. Insp. McGillivray has previously served in Vermilion, Elk Point, Boyle and Athabasca RCMP Detachments. He has previously served

as the "K" Division Sergeant Major. Insp. McGillivray has been with Parkland Detachment since 2017 performing several critical roles.

Parkland RCMP Solve Armed Robbery In Under Four Hours

Continued from Page 1

The suspect then fled in a vehicle. Staff were able to provide the licence plate and description of the vehicle to police. Through investigation, police learned that the licence plate had been stolen off of a similar vehicle in Stony Plain, Alta., but this was not the suspect vehicle.

A short time later, Parkland RCMP received reports of a vehicle matching the suspect description driving on sidewalks and trails in Spruce Grove, Alta. The Parkland RCMP Drug and Crime Reduction Units were deployed to assist, and they were able to track the vehicle to a rural property north of Spruce Grove.

A male exited the vehicle and fled into the treeline,

but was quickly arrested. The male was identified as 36-year-old Edward Allan Maurice Vredegoor, a resident of Stony Plain. His clothing at the time of arrest was a match to the security footage of the robbery suspect. The machete was located in the vehicle, which was determined to have been stolen from Spruce Grove earlier the same day. The arrest occurred shortly before 9 p.m.

Parkland RCMP held Edward Allen Maurice Vredegoor for a bail hearing. He was subsequently released and is set to appear at the Stony Plain Provincial Courthouse on Oct. 26, 2022. He is charged with the following:

- Robbery
- Assault with a weapon
- Possession of a

weapon for a dangerous purpose

- Uttering threats
- Theft under \$5000 x3
- Flight from peace officer
- Dangerous operation of a motor vehicle
- Possession of property obtained by crime for the purpose of trafficking x2
- Disguised with intent to commit an offence
- Theft of a motor vehicle

Parkland RCMP would like to thank and encourage the public to continue to report suspicious behaviour. It is with the public's assistance that police were able to identify and locate the suspect vehicle so quickly.

Parkland RCMP Respond To Multiple Collisions

Continued from Page 1

These collisions occurred in darkness on an icy highway at the start of morning rush hour. Parkland RCMP would like to remind motorists that the first priority when helping others

is to ensure that they and the area are safe from further injury.

JOKE of the week

Mike: "I ain't feeling like working today." **Sam:** "Yeah, me neither." **Mike:** "Think I'm gonna head on home." **Sam:** "Yeah and get fired."
Mike: "Naw man. Watch this."

Mike: "Proceeds to climb up the tire rack, up to rafters where he hangs upside down by his legs, with his arms spread out." Just then Bud, the shop foreman walks in. **Bud:** "Umm... Mike? What the hell are you doing up there?" **Mike:** "I'm a light bulb." **Bud:** "What???" **Sam:** "I believe he said he's a light bulb." **Bud:** "Mike, maybe I've been working you too hard. Why don't you take the day off?" **Mike:** "Climbs down from the rafters. Winking at Sam, he walks out of the shop."

Sam: "Starts walking out behind Mike." **Bud:** "Now just hold on a minute Sam. Where are you running off to now?" **Sam:** "Home. Ain't enough light to work in here. How do you expect me to work in the dark?"

Parkland RCMP Welcomes New Detachment Commander

Continued from Page 1

Kevin is a community minded officer that has enjoyed volunteering locally at all of his posts. Having coached hockey, baseball, lacrosse and soccer, he remains actively involved in his community as a mem-

ber of the Kinsmen Club of Stony Plain. Kevin is a strong supporter of employee wellness and spends his down time backcountry camping.

"I'm extremely happy to have been given the opportunity to lead such a great group of people at Park-

land Detachment. I have seen some amazing work done in this office over the years and look forward to continuing with the many initiatives that are already underway". say Insp. Kevin McGillivray.

CENTRAL ALBERTA RCMP FIRST DEGREE MURDER CHARGE LAID

Submitted by Central Alberta RCMP

Investigators have arrested Cashin Joseph on the outstanding warrant for first degree murder of Brian Dupe.

At approximately 4:15 pm Oct. 26, 2022 Cashin Lee Joseph was located and arrested in Millet, Alberta, by the Wetaskiwin

RCMP Crime Reduction Unit with the assistance of Wetaskiwin Detachment, Maskwacis Detachment, and Major Crimes. He was taken into custody without incident and will have a bail hearing in the morning of Oct. 27, 2022.

Cashin Joseph (27), and Stanley Howse (49), both residents of Wetaskiwin, have been charged

with one count of 1st degree murder in the death of Brian Dupe (63). They have both been remanded in custody with their next court appearances set for Nov. 1, 2022, at Wetaskiwin Provincial Court.

As this matter is now before the courts, RCMP are not able to comment further.

YELLOWHEAD COUNTY MEDIA RELEASE

Submitted by Yellowhead County

Deputy Mayor - Councillor Mitchell was declared by Mayor Williams as the Deputy Mayor for a one year term ending October 24, 2023. The Deputy Mayor fulfills the role of the Chief Elected Officer when the Mayor is unavailable.

Board Appointments of Yellowhead County Councillors: Council members were ap-

pointed by Mayor Williams to several Yellowhead County Boards, Joint Boards with other Authorities, and various external boards and committees. Some of these boards are Statutory Boards and are required by the provincial government to be created by a local municipal government. The full list of appointments is attached.

Appointments of Residents to Yellowhead County Boards - Council appointed several

residents to various Yellowhead County Boards including two statutory boards that are required by provincial legislation.

Heritage Advisory Board - Trudy Van Dyk

Library Board - Susan Otway; Sandra Cherniawsky

Subdivision and Development Appeal Board - Tanya Sawicki

Family & Community Services Advisory Board - The

appointments to the Family & Community Services Advisory Board have been deferred until the November 22, 2022 Council Meeting.

The next regular Council Meeting is November 22, 2022 at 9:30 AM.

The next Governance and Priorities meeting is November 15, 2022 at 9:30 AM.

MP SOROKA'S QUESTION ON THE ECONOMY

Submitted by MP Gerald Soroka

Gerald Soroka, Member of Parliament for Yellowhead stood in the House today and asked the following question

on the economy:

"Mr. Speaker, Gianne, a mother who lives in my riding, is worried about the carbon tax that now comprises over 64% of our energy consumption. With an ongoing cost of living

crisis, she is already struggling to make ends meet and soon will have to choose between food and warmth this winter.

Will the NDP-Liberal government cancel its planned carbon tax increase so that

hard-working Canadians like Gianne do not have to choose between eating or heating this winter?"

Response from The Hon. Steven Guilbeault (Minister of Environment and Climate Change, Lib.):

"Mr. Speaker, the cost of climate change for Canadians is in the tens of billions of dollars, and it seems like the Conservative Party of Canada does not understand that we are all paying for this. There is no escaping it.

We have to address the issue of climate change as we address issues of affordability, which is why two weeks ago, thanks to the climate action incentive payments, a family of four received \$186 in Ontario, \$208 in Manitoba, \$275 in Saskatchewan and \$269 in Alberta. They will be receiving this four times a year."

FCSS 2023 GRANTS
apply online today!

Application Deadline: November 15, 2022

Are you a not-for-profit organization looking for funding?
Check out our Family and Community Support Services grants!

We are currently accepting applications for 2023 FCSS programs or special projects. Our Family and Community Support Services (FCSS) programs provide funding to non-profit organizations that enhance the social well-being of individuals and families.

If you have child and youth programs, family life enrichment courses, senior's programs, information and referral programs, or other social support programs that enhance the social well-being of individuals and families in our community, this grant may be available to you.

SAFELY AVOID POTENTIAL WINTER HAZARDS

Winter can be a beautiful time of year, particularly when freshly fallen snow blankets the landscape. However, winter is also a time fraught with potential peril. The same winter weather that makes landscapes so pristine can make roads, walkways and even being outside dangerous.

The U.S. Department of Transportation says weather-related vehicle crashes killed 6,253 people last year and injure more than 480,000 per

year. These accidents most often occur when roadways are wet, snowy or icy. Yet, winter driving is not the only seasonal hazard. Here are some common winter activities and how to avoid getting hurt when engaging in them.

Driving
Exercise extra caution when driving on roadways during the winter, as they may contain ice or snow. All it takes is a small coating of precipitation on roadways to make driving treacher-

ous. Wet-looking roadways may be wet, or they may be covered by ice, and it's difficult to tell the difference with the naked eye. Always slow down and assume you are driving on ice. Make every effort to improve visibility. This includes checking windshield washer fluid levels and ensuring windshield blades are in good working order.

Snow removal
Shoveling or removing snow by various methods can be stren-

uous work, taking even those who feel they are in good shape by surprise. A 2011 study conducted by researchers at the Center for Injury Research and Policy of The Research Institute at Nationwide Children's Hospital found that an average of 11,500 snow-shoveling-related injuries and medical emergencies were treated in U.S. emergency departments each year from 1990 to 2006.

Auto TUNE-UP

Safely Avoid Potential Winter Hazards

Continued from Page 6

Lower back injuries, falls, injuries to the arms and hands and cardiac-related injuries account for many of the incidents sustained while removing snow. There's also the risk of injury from collisions with pedestrians and snow plows. Plows and bobcat-type devices can cause serious injury. Exercise caution when operating such machines.

Roof snow removal
Removing snow from a roof can be a dangerous

prospect. Always use the appropriate equipment, which includes telescoping poles, rather than climbing on slippery roofs. This may be a job best left for a professional, who will have fall-arrest systems and nonslip safety boots.

Dressing for conditions
Venturing outdoors for winter fun may be enticing, but never put your health at risk for the sake of fun. The Mayo Clinic says hypothermia is a medical emergency that occurs when the body

loses heat faster than it can produce heat, causing a dangerously low body temperature. Wear appropriate clothing to prevent hypothermia, which may not produce any initial symptoms. If shivering stops or confusion and slurred speech set in, severe hypothermia is in effect and a person should be moved indoors and gently warmed. Mild hypothermia is also possible indoors, typically when the elderly spend several hours in poorly heated

homes.

Winter may be beautiful, but it also can be hazardous. Taking precautions and using common sense help avoid dangerous situations.

For further information, please contact:
Kevin Myles
Interim Parks & Recreation Supervisor
at (780) 723-4800 or 1-800-665-6030

THE WALKING WOUNDED, AND THE PATH FORWARD

Submitted by MLA Shane Getson

I went public awhile back regarding my personal health issues that were a result of a single shot of the Pfizer COVID-19 vaccine. Since then, I have been contacted by numerous individuals who have experienced a multitude of negative side effects as well. I have also been contacted by several other people who had contracted covid, never took a shot, and still had lingering health issues. There is an ongoing concern that needs to be addressed regarding the reporting of the vaccines, and how folks were treated publicly for their health choices by organizations and their governments. These items must be addressed, along with how we treated our fellow human beings, but that is not the message of this week's article in its entirety. Instead, I want to talk about the "Walking Wounded" that are among us.

Because of all that happened, a stigma persists out there that is applied to anything that does not align with the narrative that the mainstream media did so well to endorse, and because viable alternative options were politicized, far too many people are still suffering with no treatment for their ailments. Doctors who offered or endorsed alternate treatments to the conventional tools in their proverbial tool kits were driven underground. Now, most of the doctors that didn't speak out or stand up are trying to work out why their metaphorical screwdrivers are not having the desired effect needed to drive in that 6" spike. It's

simply the wrong tool for the job.

I am being a little cheeky, it's an oversimplification, but if you had as many heart-wrenching stories hit your inbox, or have had the countless heart crushing conversations, on the phone or in person as I have, you may be a little cheeky too. The emperor has no clothes. This is exactly why I took my shot, to be able to act as a lab rat of sorts, so I could use myself as an example of "what if" and be able to find out how to fix it if needed, and to be a voice out there that didn't fit within the box that many have been placed into.

Today I received an email, and had a phone call from Gene, a previously healthy 74-year-old still farming, who now has barely 2 hours of energy left in him per day. Aches, pains, heart pains, all the symptoms I had as a healthy 48-year-old man. My wife, God bless her, did a ton of research to find out what may be going on with me, and with the help of those underground Doctors, and a few that were still trying to work within the system, pieced together some simple fixes that worked for me. Nothing magical, but Big Pharma will hate it, Baba and Gedo will be proud, and there is a health food store that surely will be able to take your money.

Vitamins, Probiotics, and healthy food.

I was short on Vitamin B3, B6, Probiotics, and Zinc. The challenge was how to get my body to absorb them, and that's where the research came in. I'm not promoting a single brand, or product, but only sharing what I used. These reme-

dies made the energy come back within 3 days, restored the mobility in my arm, and eliminated the numbness in my hand.

Please contact my office if you want more specific details or check out my Facebook page as I've listed it there.

Please also investigate the Canadian Covid Care Alliance, as many doctors have been working on piecing together the puzzle to help people. You are not alone, and there are ways of getting your health, and energy back in order. Keep an open mind and do not lose hope. The troubles you are having may not just be stopped but reversed so you can get back to your normal self.

I was also asked recently if I was going to put my name in the hat and seek the local nomination to represent the UCP for a second time. I was on the fence honestly. I wanted to make sure that we settled down, had a new leader, and got the team pulling the same direction. I also wanted to make sure that I had solid footing to be able to keep moving forward on the corridors initiative, as well as to be able to help the folks in our area in a very efficient manner. With the caucus retreat, the naming of the new ministries, changing the way we propose laws and craft them before taking them into the house, and being named as the Parliamentary Secretary for Economic Corridors I believe I can meet the objectives I've laid out. However, receiving that phone call this morning from Gene put me over the top.

Hearing the pain in someone's voice, having them admit how hopeless things

appeared for them, and having them thank me for being one of the only voices taking on the issues of vaccine injury and "Long Covid" issues; a voice that they could trust to do the right thing. That was the tipping point for me. I'll be running again, and I'll do all I can to make sure I'm in the ring for the upcoming election, but I will need your help to do that. I'll make the commitment to give another 4 years of my life to be your MLA, but ultimately, it's up to you as the voter to make that happen. I know the folks that oppose me will have their supporters out in droves, so please do not be complacent, and let's work together to keep our constituency, and ultimately our province on track.

NIGHTMARE ON 52 AVE

Submitted by PARS

PARS Annual Halloween Events started the morning of Friday October 21. Successful Kids and Families partnered with us to create a free kids Halloween party. Sensory activities, crafts, fun games, and sweet treats were enjoyed by an estimated 35 kids aged 0-12. Our programmer Jacqueline Smith, along with Kelly's group did a fabulous job of keeping everyone entertained. We even had a special guest appearance! The Evansburg Grouch: Melissa Ronayne came by and took part in all the fun!

Friday & Saturday night we hosted "Nightmare on 52 Ave" Thank You to all who came, and we hope you enjoyed your tour. Elisha Scherger, Connie Beaumont and Lois Barry lead the groups through our Western Ghost Town theme. A great many hours went into turning the vision into reality, most of the credit should go to Ryan Wildeboer, Ryan you were the mastermind behind the scenes to make it all possible!

PARS would also like to thank our local volunteers: Joan and Frank Leach who has been with us for many years. Greg Germschied,

who played the banjo outside the Saloon. The headless horseman who was played by Lorne Neinaber. What a great costume! Kathy & Jeff Bruner for lending us your fabulous stagecoach. Terrance Smith, Sandy Grantham, Lee & Gene Penman, Victoria Smith, Aurora Jeffery & Jayden O'Connor-Scherg-er. The Evansburg Grouch (Melissa Ronayne) who helped at the door. Karolyn Munn, Bonnie Carnegie, and Ryan Wildeboer for cooking delicious meals to keep the Halloween crew fed.

PARS Staff who were involved were Ryan Wildebo-

er, Jacqueline Smith, Elisha Scherger, Ed Munn, Kallin Hunter, April Osborne and Janice McKinnon.

Our PARS Board members who volunteered were Bonnie Hunter, Lynette Neinaber, Fred Young, Kelly Haukedal, Tracy Melynk and Annabelle Hoople.

Just under 300 people came to view Nightmare on 52nd Ave, many food bank donations were collected for the Evansburg Library as well.

Plans for our next event are already in the making and we can't wait to spook you all again next year!

COUNCIL HIGHLIGHTS

Submitted by Yellowhead County

Public Hearing - A Public Hearing was held for By-law 17.22 that would return a property in Niton Junction to districting matching more closely to what it was prior to the adoption of Land Use Bylaw 09.21. The proposed amending by-law would change the current Urban Neighbourhood District zoning to Urban Neighbourhood District, Commercial District and Rural District.

Treaty Flag - Council voted to take steps to display Treaty and Métis flags alongside the current

national, provincial, and municipal flags at the Yellowhead County office in Edson. Yellowhead County will contact representatives of these nations for consent and inclusion prior to putting up these flags at the County office.

Wild Boar Update - Council received an update on the wild boar situation in the county. Administration has received two reports of sightings of boars in the county under the provincial reporting system. The update also included new wild boar monitoring that uses water testing and eDNA sampling.

ASB Bursary Awarded - A

\$500 Agricultural Services Bursary was awarded to Taylor Eaton on the recommendation of the Yellowhead County Agricultural Services Board. Taylor met all the requirements for the bursary and showed a history of community and agricultural participation in Yellowhead County.

Letter of Support for Seniors Grant - Council approved letters of support to both the Robb Recreation Association and the Evansburg Seniors Citizens Society expressing support for their New Horizons for Seniors Program Grant. This is a federal government grant program that provides

grants to senior and senior-serving organizations.

Hamlet & Inter-municipal ASPs Updates - Council passed amendments to six hamlet Area Structure Plans (ASPs) and the Hinton-Yellowhead County Intermunicipal Development Plan. These changes included updating the references to the land use districts in the plans so they match the existing districts in Land Use Bylaw 09.21 (updated in 2021). Public Hearings were held on October 11, 2022, prior to Council voting to adopt these updates.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
