Wrap the gift and instead of a gift tag stick the angel on top and take it back to the bank or to Hendrickson Black.

Gifts and food donations need to be received by December 17th to allow us to sort and pack the hampers for distribution.

We'd like to take this opportunity to thank our community for your support in the past. Personally, I'd like to thank the Food Bank and Tammy Lee for their leadership in this area. Together we can make Christmas special for those less fortunate.

# VIGILANCE KEY AS WILDFIRE SEASON ENDS

Submitted by Government of Alberta

Albertans should continue to exercise caution, as the threat of wildfire lingers in some parts of the province.

Albertans' shared sense of responsibility for our forests has decreased the percentage of human caused wildfires in 2022, but there is still work to do.

While Oct.31 marked the end of the legislated wildfire season in Alberta, it is essential that people remain alert and responsive to conditions. The recent warm, dry weather was enjoyed by many across the province, but prompts a reminder to everyone

that wildfires can start and spread at any time of year.

In the 2022 wildfire season, 56 per cent of wildfires were caused by human activity, around 38 per cent were caused by lightning and roughly six per cent are still under investigation.

"Diligence this summer resulted in a more than 10 per cent decrease in human-caused wildfires and we recorded fewer wildfires than the previous year overall. Wildfire staff work tirelessly keeping our forests safe and it's great to see that their efforts have been supported by the public's responsible behaviour. We're not out of the woods yet, though – warm, dry fall conditions

in some parts of the province mean that it's still important for folks to stay alert to risks. Preventing wildfire is the duty of all Albertans." Todd Loewen, Minister of Forestry, Parks and Tourism

When enjoying the province's beautiful forests outside of wildfire season, Albertans should remain cautious. Fall may be in the air, but wildfires can still occur. Until there is sufficient moisture on the ground, the threat of wildfire remains. Alberta Wildfire has resources strategically placed across the province that are ready to respond.

# BLUE-GREEN ALGAE (CYANOBACTERIA) BLOOM ADVISORIES LIFTED

Submitted by Alberta Health Services

Recent weather has cooled lake and reservoir water temperatures to such an extent that blue-green algae is no longer a health concern, including in six bodies of water in the Edmonton Zone, which had previous-

ly been placed under blue-green algae (cyanobacteria) bloom advisories.

Effective immediately, Alberta Health Services has lifted the blue-green algae (cyanobacteria) bloom advisories for:

Half Moon Lake  
Hastings Lake  
Isle Lake

Pigeon Lake  
Wabamun Lake  
Wizard Lake

As always, visitors and residents are reminded to never drink or cook with untreated water directly from any recreational body of water, at any time.

Alberta Health Services is the provincial health au-

thority responsible for planning and delivering health supports and services for more than four million adults and children living in Alberta. Its mission is to provide a patient-focused, quality health system that is accessible and sustainable for all Albertans.

## SUDOKU

*of the week*

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

**ANSWER:**
