ARMY CADET NEWS

Submitted by Captain R Heinz, CD

With the cadets, staff and parents enjoying the mandatory Christmas break, it was time to continue with the training for 3053 RCACC.

Although things didn't quite go according to plans. Haha! The training was cancelled on January 11th due to the extremely unseasonably foggy conditions since

half of our members have to drive some distance. Safety is always priority #1.

But the training was able to resume on the 18th with a visit from Major Perry, who is the Officer in charge of all cadet units in northern Alberta, Yukon and North-West Territories. He was impressed with the enthusiasm of our cadets.

On Saturday January 21st we had a fun filled day planned for the cadets. It

began at 0900hrs in the gym at the Onoway Heritage Centre. An indoor range was set up for our cadets to practice their marksmanship skills on the Daisy air rifle. It also gave the staff a chance to assess their progress and deliberate on who will be on our marksmanship team for the zone competition next month. It was going to be a difficult decision.

At noon, we stopped and

had a lunch of homemade chili and hot dogs for all to enjoy. Afterwards we enjoyed watching a movie entitled Top Gun Maverick. Half of the cadets had seen the movie before, but were more than happy to watch it again. Then the remaining of the afternoon was used

to conduct more marksmanship practice before being dismissed at 1630hrs. It was certainly a great day for all involved!

I would also like to take this opportunity to acknowledge several organizations who recently gave the unit monetary dona-

JOKE of the week

A taxi passenger tapped the driver on the shoulder to ask him a question.

The driver screamed, lost control of the car, nearly hit a bus, went up on the footpath, and stopped inches from a shop window.

For a second, everything was quiet in the cab. Then the driver said, "Look, mate, don't ever do that again. You scared the living daylights out of me!"

The passenger apologized and said, "I didn't realize that a little tap would scare you so much."

The driver replied, "Sorry, it's not really your fault. Today is my first day as a cab driver — I've been driving a funeral van for the last 25 years."

President's Message

On January 16, our new Executive Committee met to conduct an orientation for new and returning Executive members. We established a new, streamlined set of committees to manage the work of the Branch.

This was followed, by a strategic planning session on Saturday, January 21 where we identified our key strategic goals for the next three years. These are:

- To improve overall branch management;
- To increase our volunteer base;
- To effectively communicate the value of the Legion membership;
- To ensure that our Branch officers have the training, reference materials and other resources necessary to perform their duties; and
- To increase awareness of and access to Service Officer services.

Our thanks to Michelle Gallagher of Patriot Law (also a Legion member) for facilitating the strategic planning session, and for all those who took time out of their weekend to work towards bettering our Legion!

With these strategic goals now established, we will be moving forward with developing the 2023 Business Plan and budget. Stay tuned for more updates as we move forward.

Darts and Pool

Come out and throw some darts at the legion every Tuesday evening on a drop-in basis (no membership needed). Doors open at 6:30 and play begins at 7:30. There are seven games of 501 in teams of three or four (depending on numbers – teams are made up each week).

If shooting pool is more your style, the legion pool club runs

CHAC ICE FISHING CONTEST

Submitted by MP Gerald Soroka

Our Conservative Hunting and Angling Caucus is hosting our Annual Fishing Contest! This year, instead of a summer contest, we will be doing an ice fishing contest.

Starting February 1st, 2023, until March 15th, 2023, at 11:59 pm.

Email my Edson constit-

uency office Gerald.soroka.c1@parl.gc.ca to get a fishing lure.

Take a picture of your fish with the lure still attached showing my name, and e-mail the photo to:

cpchuntingandangling@outlook.com with your name, Province, age (for age category only), and a short story about catching your fish so we can share with others!

At the end of the contest, there will be a panel of fishing experts from across Canada who will judge the pictures, and select our 1st, 2nd, and 3rd place winners, as well as the top youth. Prizes will be handed out to the winners, which include a Shimano ice fishing rod and reel, as well as other outdoor items.

Fishing is a wonderful way to learn more about nature

and a great time to spend with family and friends. The Conservative Hunting and Angling Caucus is committed to promote the outdoors way of life in every way possible. We are looking forward to your participation!

Good luck! Have fun and be safe.

ALBERTA RCMP AND PARTNER LAW ENFORCEMENT AGENCIES LAUNCH ALBERTA ASSOCIATION OF CHIEFS OF POLICE (AACP)

Submitted by Alberta RCMP

With the cold winter temperatures, the Alberta

RCMP and our partners in law enforcement are reminding everyone to ensure their vehicle is never unattended or unlocked with

keys nearby or in the ignition. Approximately 50% of stolen vehicles in Alberta are stolen while idling and these thefts are far more

prevalent in the cold winter months. Vehicles can be stolen in seconds by thieves lying in wait.

Alberta RCMP And Partner Law Enforcement Agencies Launch Alberta Association Of Chiefs Of Police (AACP)

Continued from Page 4

Often times, thieves will look for people who start their vehicles and then leave them unattended as they return in their houses or into a store.

To help keep your property safe, Alberta police services are taking action through Operation Cold Start from January 30 to February 3. This is the second year this initiative has been implemented with partnering police agencies across Alberta.

The goal of Operation Cold Start is to educate Albertans and work with the public to reduce auto theft, ultimately by making it tougher on would be thieves. The initiative will see police officers across the province patrolling for unattended

idling vehicles to determine if they are locked and/or have the keys in the ignition. Officers will work to educate owners on the various ways they may keep their property safe. But, we can't do it alone and it is critical that the public help in preventing these crimes of opportunity.

"Alberta has the highest per capita auto theft rate in the country, and approximately 25% of those vehicles are stolen while idling with the keys left in the vehicle," said RCMP Superintendent Mike McCauley of the Community Safety and Wellbeing Branch. "This drives up insurance rates for Albertans and these files take a great deal of time to investigate. This project will prevent some of these

crimes during the project, and ideally thanks to the educational component of the project will change Albertan's habits. It is a small investment tackling one of the root causes of this crime."

We would like to offer Albertans some tips to help keep their vehicles safe:

- If possible, look into command start options as a means to warm your vehicle.

- Steering wheel locking devices are effective options that can help mitigate theft.

- When starting your car, or allowing the engine to warm up prior to driving, ensure that you are in the vehicle.

- Never leave valuable items like purses, wal-

lets, keys or change in an unoccupied vehicle.

- Always place keys to vehicles in a safe place, out of plain sight and in a secure location.

- Lock vehicle doors all the time, even if you are parked in your driveway or garage at home.

- Never leave your vehicle unattended if it is running or the keys are in it.

OK, so what all this fancy language means is that a landowner/developer has applied to the municipality to develop a campground and rezone SE 34-55-01 W5M from Agricultural '2' (AG2) District under Bylaw 22-2017 to Direct Control (DC) Land Use District and to adopt a formal plan known as the Hummocky RV Resort Area Structure Plan.

Before this can happen, a bylaw must be drafted, and a public hearing held first. The ad above is to let folks know about when and where the Public Hearing will take place.

STEALING FROM CHILDREN

Submitted by MLA Shane Getson

Stealing from children is not considered to be an admirable thing to do. Not a lot of people would say that a person that did this was a good person, let alone go around trying to tell others that they are the best thing since sliced bread. Nor would most people take part willingly spending the stolen money of children on themselves, or others to spoil them, and then pretend to be a hero. Most people don't go around trying to make other people weaker than them to exploit them, and make them dependents, to prey on their fears to exploit them for their own means. I had parents that did this to one degree or another to me personally growing up, as they went through their divorce.

In grade 9 I missed about a month and a half of school to be dragged from one "important meeting" into the next, being used as a tool to build up each parent's case against the next. The summer jobs that I worked where I was saving up money for college, and a vehicle were spent by my father. Although I had my own bank account and card, I relinquished that to him because he was "falling behind" on more than a number of things, so I needed to "Pitch in" to make sure we had some food in the house, my brothers had new clothes and we paid the book fees for school. I was told often I was useless and would never amount to anything.

It was a rough three years, and once I graduated high school I moved out, went to work, and never looked

back. When I wasn't there, my father wasn't much interested in my brothers any longer, and they went to live with our mother. I promised myself, my kids would never go through what my brothers and I did. I'd never take advantage of my kids, I'd do all that I could to make sure that they had a safe place, encourage them, and make sure that I did all I could to ensure a bright future for them.

In a recent conversation I realized that when the other person was trying to convince me of all the great things the socialist movement could do, how they could provide all the programs, how we just needed to spend more, that as a conservative I didn't care, it hit me again why I can't drink that Kool Aid. You see, stealing from children is cruel. Spending other people's money that you didn't make yourself, that had better be kept to a minimum. Playing the role, being the hero with the money someone else earned, it morally repugnant to me.

Presently the country has more debt accumulated under one Prime Minister than all others who came before him combined. That same PM, and those that keep him propped up, have come up with every divisive trick in the book to make people that oppose the direction, the stealing from our children's future, and in the process turning families upon one another. We have cost of living pressures that have not been around since the last time, a PM from the same party, and same last name was in control, but now even worse, we are being advised to "Just Transition" out of not only a fuel

source, but quite frankly a way of life that has supported a nation for as long as I can remember.

I am happy to know full well that most Albertans are not buying what is being sold out there any longer, that we are standing together and not letting the sparkle socks band leader, and those in that parade have the voice or influence they once had. We are getting tired of that tune, and tired of the sunny ways dance.

We managed to balance our budget, we had a windfall because of fiscal restraint, compounded by a higher commodity price. We allocated good portions towards paying down debt, putting away savings, and had enough to help in the crunch. We won't be stealing from our kids; we will be doing all we can to give them the chance they deserve by doing the heavy lifting now ourselves. Because of this, it is forecasted with potential recession that our country will experience, we won't see the effects. People are moving into Alberta at a rate across Canada not seen since 1957 for good reason.

There is work, there are jobs, there is a future, and we have freedom. Here is Alberta it's ok to be part of the industry that provides energy on those cold winter nights, its ok to grow food to keep people fed. Its ok to put in a hard day's work and be rewarded for it, its ok to help a neighbor when they need it, and its ok to have an argument when you don't agree on something. It's even better to come up with a plan together to fix a problem, and most often that's just what we do.

We all have had to go

through some rough patches in our life to get to where we are at today, and by sharing some of mine with you I hope that you can see where I am coming from, and why ultimately, I became a member of a conservative party. You may not agree with me on a number of things, and that's ok, in fact, that is better than ok. It's only through having disagreements on items that I think we can sometimes come up with the better solutions. We need to hear the other side. We can't do that however if we are turned on each other, running around being driven by all our differences, rather than looking at the similarities. One I would hope that we could agree on, is that stealing from children, is never a good idea, and if you support a party that has that kind fiscal policy, or are helping prop one up, then you are doing just that.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
