MAYERTHORPE ROYAL CANADIAN LEGION BRANCH #126

Submitted by Mayerthorpe Legion

At the May 8 Mayerthorpe Legion meeting, there was exciting news as one of our school students is a 3rd place winner in the Legion Poster Contest at National Level. Name of this winner and other winners will not be released until presentation of the awards at the two schools by Poppy Fund Chair Jon Arsenault and a Legion delegation on June 6. Presentations will be at

the Elmer Elson School at 12:30 and the Jr. Sr. High School at 2:30. Stay tuned for the winners' names! The Legion very much appreciates the teachers and staff for encouraging and guiding the students every year in the Legion Poster / Literary Contests.

Also at this meeting, Gift Certificates to attend Legion functions for the next year were presented to long-time Board members and position holders Connie Morton and Terry Nel-

son to thank them for their multiple years of service. Also, the names of four new Legion members were presented and accepted for approval by the Board: Barb Reid, Darla Morrison, Eileen Rodrigue, and Timothy Rodrigue. Welcome to these new members!

Summer's here, and because of everybody's "business", two weekly events at the Legion are taking a hiatus for June, July and August.

Pub Night at the Legion
Friday, June 2 is a Legion Pub Night from 5 to 7:30 pm. There is no dinner that night, but drop in and enjoy an evening out. A full bar service, along with snacks and freshly-cooked hot dogs will be available to enjoy with your cold beer. You can enjoy a friendly evening of cards, darts or pool with friends.

President's Message

As the Victoria Day long weekend marked the unofficial start to summer, I thought I would let you know what your Legion will be up to during the summer. The pace of events slows down a bit (but not much).

We will still have various activities designed to engage our Veterans and other members of the community, including several major events:

- our Medieval-themed Friday supper on June 10,
- a special Friday dinner on the Onoway Centennial weekend on 23 June,

• a musical ride performance at the Onoway Centennial by the Lord Strathcona's Horse (Royal Canadians) Ceremonial Mounted Troop on Saturday, June 24 (sponsored by the Legion)

Darts and Senior's Floor Curling will start up again in September.

The last two 50/50 monthly draws at Wing Night were won by one lucky man: Cecil Reese. He's not only lucky, but very generous, as he donated both wins – to-

talling over \$300 – back to the Legion.

The first Legion Friday Pub Night was held May 5, with drinks, snacks and meat draws. Winners of the meat draws were: William Smith, Yvonne Pinchbeck, Val Nelson, Mirda Hunter, Kurd Hewitt, Jeri Underwood, Jane Deering, Gail

Pfannmuller, and Cam Winter. Winner of the 50/50 for \$39.50 was William Smith. The Committee intends to put the profits from the meat draws and Pub Nights toward a Karaoke Machine.

Friday, May 12 was a Sweet Night Out with local Hypnotist Shane Lystang performing. Shane kept the audience guessing as to which volunteers would "go under" and what they would do.

Family and friends honored well-known Veteran Norman Anger on Monday, May 14 with a Memorial Ride circling the Town of Mayerthorpe. Norman was a Dispatch Rider in WWII, and an active member of the Legion. He died at age 101 on May 15, 2020.

On June 4, the Sweet Music of the Lac. Ste. Anne Choir will resonate in the Legion at 2 p.m. Donations welcome.

On June 2, for \$20, there will be pizza and great music to dance to from 8 – 11 p.m. The "Never Too Late Band" brings the beautiful voices of Amanda and Tennielle Geinger, along with Jessi Lesko to the Legion Stage.

On June 10, prepare to have your heart-strings plucked when the multi-award winning play "Jake's Gift" takes the Legion stage at 7:30 p.m. It's a highly emotional one woman show by Julia Mackey, about a crusty elderly Canadian WWII Veteran whose older brother died in the war on

the shores of Juno Beach. He reluctantly returns to Normandy, France on the 60th Anniversary of D-Day. There he meets Isabelle, a precocious 10 year old French girl who challenges him with a lot of questions. The exchange of wisdom, honesty and humor between the two is brilliantly brought out by Mackey. It's an exceptional portrayal of the pain and ghosts of war, but the love that can return. As the release says: "Jake's Gift" is about the legacy of remembrance and makes personal the story behind one soldier's grave." Yes, it's one woman portraying each character. And yes, bring extra tissues. It's well worth the \$35 early bird price and the \$45 cost after June 1. The Mayerthorpe

Cadet Corps will be the ushers for the evening.

Until next time, be kind, be strong, and be a volunteer!

Reeve Joe Blakeman has declared June 5 - 11 as Seniors' Week in honour of the past, present and future contributions of all seniors in our local communities.

CLARIFICATION OF A RECENT COUNCIL MOTION Regarding initiating planning for a new County Administration Office

Lac Ste. Anne County seeks to address rumors circulating on social media channels regarding Council's May 17, 2023 motion to initiate planning for a new County Administration Office.

First, the motion was based on our experts' conclusions that repairing the damage and maintaining the integrity of the building is not feasible. Further, a decision was required, based on advice from legal counsel, to be able to move forward with the lawsuit we initiated in 2019 against the parties responsible for the situation with the building.

Second, the motion was not to start building immediately, but to begin the planning for it.

The current County Administration Office has been fully paid for, and both Council and Administration are hopeful for a resolution of the lawsuit in 2024 that would allow for the construction of a new building with funding from the defendants.

As this matter unfolds, the County will continue to provide updates to the extent legally permissible.

Thank you for understanding.

FOX CREEK RCMP SEEK CHARGES FOR COMMON NUISANCE

Submitted by Fox Creek RCMP

On May 19, 2023 at 2:45 p.m., Fox Creek RCMP were notified that a male had become stranded northwest of Fox Creek after attempting to use a gravel road to go around a check point.

The large truck that the male was driving had become stuck

in the mud, and the current active fire in the area had surrounded him.

Due to the active fire in the area, it was deemed unsafe for first responders to enter the area. A forestry helicopter attended the location and was able to air lift the male out to safety.

As a result of the investigation, RCMP are currently seek-

ing to lay charges against the male.

"Alberta RCMP continue to be deployed with specialized units to assist with public safety and crime reduction efforts during these fires. Incidents like these only serve to put unnecessary strain on all first responders while threatening the safety of our communities." said S/Sgt District Advisory

NCO Neal Fraser.

Alberta RCMP would like to remind the public to avoid traveling in evacuation areas whenever possible and to ensure you have plotted a safe route when traveling near areas affected by wildfires.

Further details will be provided when available.

The proposed amendment and/or application may be reviewed during regular business hours at the County Administration Office located at 56521 Range Road 65 or on the County website at LSAC.ca/Hearings.

OK, so what all this fancy language means is that Lac Ste. Anne County is proposing to amend zoning of properties within Land Use Bylaw.

In order to rezone the properties and amend the land use bylaw, a bylaw must be drafted and a public hearing held first.

The ad above is to let folks know about when and where the Public Hearing will take place.

ANNUAL WEED AND CROP INSPECTION

Scheduled to begin soon

The County's annual crop and weed inspection program to prevent the spread of noxious and prohibited weeds will begin shortly. Weed inspectors will be starting in the NW corner of the County and working eastward throughout the summer. More information about what inspectors are looking for, the Alberta Weed Control Act, and other frequently asked questions can be found online.

During the inspection, the Agricultural Services team inspects all private and County properties for noxious and prohibited noxious weeds as per the Alberta Weed Control Act. As always, inspection crews will exercise extreme care when entering fields to minimize any potential spread of crop issues from field to field. Precautions include the use of disposable boots and/or disinfection with a bleach solution prior to entering any field.

Keep an eye out for additional updates and information regarding this year's inspection. If you have questions or comments about the annual inspection program, please contact Agriculture Services at 780.785.3411 (toll-free 1.866.880.5722) or Agriculture@LSAC.ca.

Lawn & Garden

STAY SAFE WHEN LANDSCAPING

Landscaping is typically viewed as a chore by homeowners, many of who enjoy doing some work on their lawns and gardens. But only few homeowners may recognize the potential dangers of lawn maintenance.

The Consumer Product Safety Commission reports that more than 230,000 people per year are treated for various injuries resulting from lawn and garden tools. Common injuries include loss of fingers, lacerations, broken and dislocated bones, eye injuries, and burns. Many of these injuries are entirely preventable if homeowners prioritize safety when tending to their lawns and gardens.

Understand the equipment

Homeowners should not assume they know how to use all of the tools necessary to maintain lush lawns and bountiful gardens. Familiarize yourself with

the proper operation of manual and motorized equipment by reading the owner's manual thoroughly, making special note of recommended safety guidelines.

Take some time to locate the power buttons and other parts by comparing them to illustrations in the guide. Once you feel comfortable handling the equipment, then you can begin to use it.

Wear appropriate protective gear

Failure to wear protective gear can lead to injury. Personal protective equipment includes gloves, eye protection, ear protection, boots, and a hard hat if necessary. When working during visibility conditions or at night, wear a reflective vest.

Other protective items include a hat to shade your eyes from the sun's rays. Sunscreen will protect the skin from UVA and UVB ra-

diation. Long pants and sleeves can guard against flying debris.

Watch your surroundings

Thousands of injuries occur to children and pets who get hurt around mowers. It's best if children and pets remain indoors when homeowners are mowing or using other power equipment that may kick up debris. Children under the age of 12 may not have the strength or ability to operate lawn tools. Also, never make a game of riding a child on a riding mower. Nobody under the age of 16 should operate riding lawn mowers.

Get approval before digging

It's difficult to know what is beneath the ground without having a property surveyed and marked. Digging without approval can result in damage to gas lines or water/sewer pipes. Always check with the utility company before digging trenches or holes.

Unplug or turn off all equipment

When not in use, keep lawn equipment off. Do not try to repair or fix a snag or obstruction in equipment while it is on. Don't modify the equipment in any way, such as removing protective guards.

Exercise caution with chemicals

Follow manufacturers' safety instructions when using pesticides or fertilizers. Avoid application on windy days or right before a rainstorm, as this can spread the product and damage the ecosystem. Keep people and pets away from treated areas.

Maintaining the yard is both a necessity and a hobby. Homeowners who prioritize safety can greatly reduce their risk of injury.

GOLFER'S GUIDE

HELP KIDS LEARN THE GAME OF GOLF

Adults who play golf know just how fun and frustrating the game can be. Whether you're a veteran golfer or someone just learning the links, golf can be challenging.

But as exacting as the game can be, it also can be just as rewarding, even for kids. Children who embrace the game of golf will learn a host of lessons they can apply in all facets of life. A humbling game even for professional golfers, golf can teach kids lessons in humility and the value of persistence even when things aren't going your way.

Golf is also a great way for parents to get kids off the couch and outdoors for some fun in the sun. Instead of spending summer afternoons in front of the television, kids who play golf are out patrolling pristine golf courses while getting some cardiovascular exercise along the way. Golf can also strengthen a child's hand-eye coordination, which can help them in other activities, including many different sports.

Though many people do not begin playing golf until they've reached adulthood, it's never too early for boys and girls to start learning the game of golf. Parents of preschoolers can start their kids off with a toddler play set. Though it's just a toy, a play set can help lay a solid foundation for future golfers. Kids who have watched Mom and Dad play golf or practice their swing can develop their own swings on their play set.

As kids approach school age,

don't overlook the nearby putt-putt or miniature golf range as a valuable teaching tool. Miniature golf clubs are small enough for many children to use comfortably, and kids can use miniature golf courses as a place to put any lessons or advice on putting to good use. What's more, a miniature golf course is more than just golf, with creative courses and other fun activities, so kids won't feel overwhelmed with golf.

When kids move on from preschool to elementary school, some might want to tag along with Mom or Dad to the driving range. You should try to avoid overwhelming kids with too much instruction or information. Instead, keep things as simple

as possible, teaching them the basic swing and encouraging them no matter how quickly they adapt.

As kids enter middle school and approach high school, those who are enjoying the game of golf can take advantage of the driving range if they haven't already begun to. A driving range typically has markers that indicate the distance of a regular hole, regardless of which tee you will play from on an actual golf course. Kids can aim for holes at shorter distances to learn how far their drives are going. You can then adjust the lessons you teach your children based on how far youngsters can drive the ball.

As a child gets closer to high school, you might want to buy the child his or her own set of clubs. Look for inexpensive clubs (oftentimes, thrift stores or other secondhand retailers have clubs for sale) because growing children will eventually grow out of their first set of clubs. When your child finds a set of clubs that suits him or her, teach the proper way to swing and consider signing up your son or daughter for lessons. Those first few lessons can prove invaluable, turning a pastime into a passion kids will carry with them throughout their lives.

ANOTHER CARBON TAX

Submitted by MP Gerald Soroka

The Liberal Government is adding yet another carbon tax on July 1st of this year. This is merely a tax grab. This second tax will cost Albertans \$1157 per year according to the Parliamentary Budget Officer. Can you afford this? The cost of living continues to rise. Canadians need help and the Liberals response is to add another expensive

and ineffective tax. They claim this tax will help the environment and yet they have failed to meet a single one of their environmental goals. They continue to overspend and under achieve. As Conservatives, we have been clear in our goal to axe the carbon taxes. This soon to be added carbon tax essentially means a tax on a tax, on a tax, which will cost an additional sixty-one cents per liter of fuel. Justin Trudeau

continues to spend your tax money to fuel his vacations while Canadians struggle to fuel their vehicles and heat their homes. The increase costs to farmers, and transport companies, will only increase food prices. Not only will this new carbon tax raise prices, but it is also unacceptable that the Liberal government projects it to shrink Canada's economy. Really, how does this additional tax help Canadians? We Conservatives

are dedicated to standing up for you and against this costly Liberal-NDP coalition that is shrinking our economy while raising the price of everything through their tax grabs. This new tax will only fuel inflation. Canadians can no longer afford a Liberal government. It is time to eliminate both carbon taxes, bring down the cost of living and bring home common-sense solutions.

SENIORS CORNER

Submitted by Onoway's Seniors Club

Allan – Born Nov. 3, 1939

Allan Potter told me this memory of Onoway.

"1943 – We went to Onoway with a team of horses with our wagon box – carrying 2 cream cans full of cream (50lbs) and one box of 30 dozen eggs.

Took the cream to the creamery and the eggs down the street – Behind the present-day Foundry – the was the egg grading station where Mom sold the eggs. Mr. Oliver was the store keep (Olivers General

Store – where the drugstore is now) Mom gave Mr. Oliver her list and he gilled her order – coffee, box of dried apples, 100lbs flour and 1 tin yeast to make bread – cost about 3 or 4 dollars.

When Mom got her shopping done, she and I took the groceries to the wagon box and then we went to the Catholic church (a log church). It was never locked so we went inside to pray. Then we went back downtown – Mom gave me 25¢ then we went to the picture show at the Community Hall (west of present day (2023) community hall).

The creamery was located where the Onoway Park is now – east of the tracks.

At the creamery we got \$11 for one can of cream which more than bought the groceries. Mom cream was always graded special.

Just over the tracks, heading south, you ran into Frank Roberts garage (Oliver dealership). Dad went there for parts for machinery, the binder and mower that was pulled by our horses. Across from Frankie Roberts was Mr. Wismer's harness shop where dad got his parts like the tug, lines etc. for the horse's harness.

The importance of horses.

Mr. John Branting came over in May riding bareback on his percheron stallion to breed the mares (cost \$3 per mare). We needed good pulling horses to go to town and do the field work, so it was important to breed the mares to a high-class stallion. The stallion got 2 eggs from mom to put in a gallon of oats to help give the stallion energy to do his job.

To go to Edmonton, we had to go on the train. The station was located where Bigway Foods is now."

WHITECOURT WILDFIRE UPDATE

Submitted by Town of
Whitecourt

Cooler temperatures and rain have helped in the fight against wildfires in the Whitecourt region.

While the fire hazard remains very high and firefighting crews continue to work, the communities of Fox Creek, Swan Hills, Little Smoky and Yellowhead County have all downgraded evacuation orders, and local residents have been allowed to go home. The special air quality statement for the region has ended.

Over the last three weeks, Whitecourt provided evacuation assistance to over 3,000 residents who were displaced due to wildfires. The reception centre at the Allan & Jean Millar Centre was opened on May 6, and officially closed May 25. The reception centre acted not only as the registration centre to account for those forced to leave their home, but also became the hub for a variety of social support services and information for evacuees.

“In many interviews I was asked about the outpouring

of support by Whitecourt residents and businesses to those displaced," stated Whitecourt Mayor Tom Pickard. "I responded that the community of Whitecourt has always stepped up and that is why we live here."

The Town of Whitecourt is grateful for all the sponsors, donors, partners and volunteers that provided their time and support to the evacuees.

The Town of Whitecourt will continue to monitor the wildfire situation throughout the region. Daily up-

dates from the Province can be viewed online at <https://srd.web.alberta.ca/white-court-area-update>.

Residents are reminded that the fire ban and OHV ban remains in effect for the Town of Whitecourt and surrounding Whitecourt Forest Protection Area. Details on the ban can be found at on the Whitecourt website at www.whitecourt.ca/live/public-safety/emergency-management.

WHITECOURT FIRE BAN LIFTED

Submitted by Town of
Whitecourt

Due to recent precipitation, the Town of Whitecourt lifted the Fire Ban as of 10:00am on Friday, May 26. A Fire Ban was in place within Town limits since May 1, 2023 due to the extreme fire hazard.

Although the Fire Ban has been lifted, residents should

remain diligent and aware of potential fire risks. Residents are reminded that the Town of Whitecourt requires permits for all residential fire pits and temporary burning. For more information on fire pit and burning permits visit www.whitecourt.ca.

The operation of Off Highway Vehicles (OHV) within the Town of Whitecourt is

governed under Off Highway Vehicle Bylaw 1138, and OHV use within Town boundaries is prohibited between April 1 and November 30 annually. Penalties for contravening Bylaw 1138 range from monetary fines to OHV seizure.

As of this morning at 10:00am the Whitercourt Forest Area is no longer under a Fire Ban and OHV re-

striction. The Government of Alberta is however maintaining a Fire Restriction due to the fire hazard and current wildfire situation. For details on the restriction that is in effect in areas immediately surrounding Whitecourt, and bans in place throughout Alberta, visit www.alberta.ca.

JAKE'S GIFT

Submitted by Mayerthorpe
Legion

“I am a veteran of the 2nd world war, and this play and its performance made a greater impact on me than all the memorial services I have ever attended.” – Antony Holland, WW2 veteran.

VICTORIA • EDMONTON

• CALGARY • SASKATOON •
WINNIPEG • HALIFAX "Jake's
Gift - which Mackey con-
ceived, wrote and performs - is
theatre in its purest form. It is
an

instant love affair between performer and audience. This is a jewel of a show you simply can't afford to miss!" – Louis B. Hobson, Calgary Sun Hello Mayerthorpe & Area Media Contacts, This June 6th will be the 79th anniversary of D-Day, and we are honoured to commemorate this important moment in Canadian history at the Mayerthorpe Legion on Saturday, June 10th with a one night only performance of our multi-award winning

play, Jake's Gift. June is always a meaningful time to share this story as the play is about a Canadian WW2 veteran's reluctant return to Normandy, France, for the 60th Anniversary of D-Day.

Alberta Legions have been a great support to us and the show over the years, and we would really appreciate your help in spreading the word about our June 10th performance at the Mayerthorpe Legion. I would love the opportunity to set up an interview with your newspaper and/or radio station in advance of the show. Here's a bit about the play:

Jake's Gift is a moving and heartfelt tribute to our Veter-

ans. It is a one act, one-woman, multicharacter play that tells the story of a Canadian WW2 veteran's reluctant return to Normandy, France, to find the grave of the brother who never came home. While roaming the shores of Juno Beach, Jake encounters Isabelle - a precocious ten year old from the local village. Her inquisitive nature and charm challenge the old soldier to confront some long ignored ghosts; most notably - the wartime death of his eldest brother, Chester, a once promising young musician. At its heart, Jake's Gift is about the legacy of remembrance and personalizes the story behind one soldier's grave.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
