### JOKE of the week

A small plane pilot running out of gas found himself in the middle of the forest. Spotting a group of hikers, he quickly made a sign saying "Where am I?" The pilot put the sign to the window so they could see it. Conversing for a few minutes, the hikers soon made their own sign and flashed it at the helicopter pilot. Their sign said, "You're in a helicopter."

# Alberta Ends Provincial State Of Emergency

*Continued from Page 1*

the extraordinary powers of the Emergency Management Act are no longer required to ensure emergency responders and wildfire firefighters continue keeping Albertans and their properties safe. These efforts will especially continue in the Fort Chipewyan area and other communities where residents remain evacuated.

“Wildfires are still burning in many parts of northern Alberta, and hundreds of people are still away from their homes. Although the provincial state of emergency is expiring, we will continue to use all of our resources to fight these fires and protect communities. No community will be left behind, and all the

resources of the provincial government will continue to be available to those who need it.”

Mike Ellis, Minister of Public Safety and Emergency Services

Alberta is working closely with local authorities and other agencies to ensure the province has the fire-fighting resources needed for the rest of the wildfire season.

Albertans who have been evacuated or are returning home should continue to follow updates from their local authorities. Information is also available at Alberta.ca/emergency or by calling 310-4455 any time of the day or night. Evacuees should still register at a local reception centre or at emergencyregistration.

alberta.ca. Situation reports will continue to be distributed daily to the public and media.

To help prevent more wildfires from starting, Albertans should check AlbertaFireBans.ca and abide by any bans or restrictions in their area.

June 3 is also the final day that the Government of Alberta and Government of Canada will match donations to the Red Cross 2023 Alberta Fires Appeal. Every \$1 donated to the Red Cross appeal will become \$3 to support those affected by the wildfires.

# GTHS CHEERING ON THE HOME TEAMS!

Submitted by GYPSD

Grand Trunk High School brought back the PEP this spring! Brought back by student request, a pep rally was held to celebrate their junior high basketball teams' success and to share their excitement for senior high basketball teams who were headed to zones. Mrs. Montreuil hyped up the

crowd by introducing all of the rosters and the crowd cheered them all on. The school can't wait to continue this tradition with all of their other sports as the students and staff all had a great time showing their support.

Both senior high Grand Trunk teams headed to zones after the rally. The girls went to Edson and were on fire game one, advancing to the semi. They suffered a tough loss vs a provincially ranked team in the next game, and almost had an epic comeback in their last game, falling just short of a bronze medal. Great work ladies!

GTHS senior boys went on to Drayton Valley and gained momentum early on their first game with a victory. They were able to get a win versus the home school in the semi, and set up a rematch of last year's zone final against John Maland. The boys led by 20 at half time, but John Maland came back and were only down 6 points in the third. GT dug deep, eventually pulling away, winning 87-63.

The Grizzlies later departed for Peace River to represent the North Central Zone at provincials as the #9 seed. The Grizzlies wasted no time turning heads, as they had a huge 27 point win over the team ranked #8. This was the only upset of the first round, and set up a big game against the first ranked team. It was a back and fourth game the whole way, but the Grizzlies fell short. They ended up finishing as the #7 team in the province this year.

Great job everyone!

## NEW! Busing Distance Eligibility Update for September 2023

In April 2023, the Alberta Government approved changes to the distance eligibility for transportation service effective for September 2024.

- The eligible transportation distance criteria of 2.4 kms from the student's primary residence to the school will be reduced. **New** distance criteria for eligible service is:

**1.0 km** or more for children in kindergarten and students in Grades 1-6; and,  
**2.0 kms** or more for students in Grades 7-12 will qualify for transportation service.

As a phased approach to implementing the new service criteria, Grande Yellowhead Public School Division is moving to implement the changes for September 2023.

**Families who qualify for eligible service under the new distance criteria are invited to register for busing as soon as possible.** The Division will try to accommodate as many newly eligible riders as possible. Registrations received after June 30, 2023, are subject to seat availability.

### **FEE-BASED SERVICES: INELIGIBLE AND ALTERNATE (SECOND) SEAT REQUESTS FOR SEPTEMBER 2023**

Requests for ineligible bus service should also register by the June 30 deadline; however, please note that eligible students will have priority on all routes.

Based on increased eligible riders, ineligible riders may not receive confirmation of a seat until after September 30, 2023. Additionally, requests for alternate (second) seats on other bus routes may not be confirmed until after September 30, 2023.

The Division is currently looking to recruit and train new bus drivers in anticipation of increases to eligible student ridership once the mandatory service requirement comes into effect in 2024. Please visit the **Careers** page on the Division's website at [www.gypsd.ca/working-at-gypsd](http://www.gypsd.ca/working-at-gypsd).

Parents are asked to email Transportation Services at [transportation@gypsd.ca](mailto:transportation@gypsd.ca) for more information on bus registration and access to fee-based services for the 2023/24 school year.

Last wed we had a newcomer to men's night, first time out ever to our men's night, and he got a hole in one. Duane Uhlmer, he was presented with his hole in one certificate, a \$1000 cheque and his name will go on our hole in one plaque in the clubhouse. This was the first hole in one in the 8 years that we have been running our men's night. Duane did follow proper procedure and picked up the tab for the guys after the round was finished. The hole in one was witnessed and verified by Silver Sands Golf resorts Kjanna Olsen.

Only 1-2% of golfers score an ace in a year. The average years of playing golf for a player before making an ace is 24. The odds of making a hole in one are 12,500 to 1.

# PARKLAND RCMP INTRODUCES OPTION IV FOR DISTRACTED DRIVING VIOLATIONS

Submitted by Parkland RCMP

On May 8, 2023, Parkland RCMP hosted their first session of the Option IV Distracted Driving Program. In Alberta, Distracted Driving violations come with a hefty fine of \$300 and 3 demerit points, which can result in significant increases to your insurance premiums. Previously, driver's had three options: pay the fine, plead not guilty in writing by mail, or appear in person before a Justice on the court date provided.

The Option IV Distracted Driving Program gives drivers a fourth option. If eligible, they can be invited to participate in a 60 minute educational presentation on the dangers of distracted driving. Completion of the session results in the ticket being withdrawn, with no requirement to pay the fine

or loss of demerit points.

Parkland RCMP's inaugural Option IV session was hosted by Constable Shawn Lawrence, and Community Peace Officers Jennifer Penner and Adam Wenmen. It received 100% attendance from the nine people who were eligible to participate.

Drivers who receive Distracted Driving violations are only eligible for participating in the Option IV program once, and there must be a session date available in the near future. If Option IV is available, the driver will be notified at the time the violation ticket is issued. Parkland RCMP intends to continue offering Option IV at regular intervals, in the hopes that driver behaviours can be changed.

According to Alberta Health Services statistics, 80% of crashes are a result of driver

inattention. Talking on your cell phone makes you four times more likely to get into a collision, and texting increases that risk to 23 times more likely.

"We want to give people a second chance," says Constable Shawn Lawrence. "Texting and driving, in particular, is

such a common mistake. But it's a mistake that can be very expensive at best, or fatal at worst. We want to educate people on the dangers that they may not even be aware of."

# SUDOKU of the week

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
