MP SOROKA ADVOCATES FOR QUICK IMPLEMENTATION OF NOAH'S LAW

Submitted by MP Gerald Soroka

Gerald Soroka, Member of Parliament for Yellowhead stood in the House today and asked the following question regarding his Private Member's Bill C-336:

"Mr. Speaker, on Sep-

tember 16, 2021, Cody McConnell's life was forever changed because his fiancé Mchale Busch and 16-month-old son Noah McConnell were murdered by a registered sex offender who was deemed highly likely to reoffend. Noah's law would protect vulner-

able women and children who are most likely to be victims of sex offenders.

Will the Liberals do the right thing, pick up the bill and make Noah's law a reality today?"

Pub Night at the Legion

On Friday, June 16, there's no formal dinner but is our bi-weekly Pub Night from 5 to 7:30 pm. Everyone is welcome to drop in and enjoy an evening out. A full bar service, along with snacks and freshly-cooked hot dogs will be available to enjoy with your cold beer. We even offer some specialty cocktails now! Enjoy a friendly evening of cards, darts or pool with friends in a formal setting.

President's Message

Now that our Legion sports leagues have had their wind-ups for this sea-

son, the summer months (June to August) provide us with the opportunity to offer additional programming described elsewhere in this article.

Behind the scenes, we will also be using the summer month to plan for the forthcoming operational year, which starts on September 1. This involves reviewing our strategic plan, our building reserve fund study and our current budget as we develop a new operational plan, capital spending plan, and our budgets for both operations and capital.

We have some important decisions to make for the year ahead, and a solid Executive Committee to pro-

vide us with the experience and insight necessary to continue to move our organization forward, always with an eye on service to Veterans, and promoting Remembrance in our community. Stay tuned for more details in the months ahead!

As always, if you have a question or concern

JOKE of the week

A pregnant Irish woman from Dublin gets in a car accident and falls into a deep coma. Asleep for nearly 6 months, when she wakes up she sees that she is no longer pregnant and frantically asks the doctor about her baby.

The doctor replies, 'Ma'am you had twins! a boy and a girl. Your brother from Cork came in and named them.'

The woman thinks to herself, 'Oh No, not my brother... he's an idiot!' She asks the doctor, 'Well, what's the girl's name?' 'Denise.'

'Wow, that's not a bad name, I like it! What's the boy's name?' 'Deneohew.'

ST. ALBERT RCMP WARN ABOUT FRAUD SCAM

Submitted by St. Albert RCMP

St. Albert, RCMP are warning citizens about a new type of fraud scam, preying on individuals compassion for humans in need. On May 27, 2023, St. Albert RCMP received a complaint from a local business stating two female customers were approaching other

customers walking into the store asking them to purchase baby products for them, as they did not have money for baby food and/or diapers. The kind customers purchased said products and gave them to the females but in-turn the females took the receipts from the gifts purchased and returned the items for money. The females target

elderly customers, taking advantage of their generosity and made thousands of dollars from the scam.

St. Albert RCMP encourage citizens who want to help people in need to donate to local charities who support individuals and families who require such assistance.

Thurs, June 1st, 2023 on Hwy 33, 1 mile South of 651. There was a single vehicle accident - where Mazda 3, blue in colour hit a tree in the ditch.

THIS WAS MY MOM.

I just wanted to **THANK** the two gentlemen who had it in their hearts to stop and assist Mom.

Thank you

P.S. We are trying to make some sense of the "why" & "How" the accident occurred. If you would be so kind to call or text me, I would greatly appreciate it.

Lemonade Day

It's not only a coincidence that Lemonade Day coincides with Street Festival - it was meant to be. Support young Barrhead entrepreneurs as they explore their entrepreneurial spirit selling lemonade, treats and more at this annual event.

Lemonade sellers will have stands set up along Main Street and elsewhere throughout Barrhead as they attempt to raise money with their thirst quenching beverages.

Be sure to pack some cash as these young sellers will most likely not be able to accept electronic forms of payment (i.e. credit/debit).

SHARING THE ROADWAYS THIS SEASON

[Watch for workers and equipment in the region](#)

The County's Public Works Department would like to remind motorists that we're in the busiest road construction season! Please slow down through construction zones and remain vigilant for workers.

Our intent is not to delay your commute. Crews are simply completing a job. At the end of the day, much like you, they all want to make it home safely to their families.

More information is available online at [LSAC.ca/roads](https://lsac.ca/roads).

You'll also notice an increase in mowing and spraying equipment on our roadways these days. Keep your distance, drive the appropriate speed limit and stay in your lane - especially on curves and hills.

FESTIVAL PARK CONSTRUCTION UPDATE

Submitted by Town of Whitecourt

Road and utility work is again underway at the south end of Festival Park. In order to construct the new roads and parking lot, the current park access will be closed starting June 15, with detours in place to provide continued access.

Pedestrian access to the park is on a temporary gravel pathway, on the west side of 51 Street (blue dots on attached sketch), while vehicle access is on 52 Street, and through the Cadet building parking lot (shown in black). Parking for large vehicles (RVs and buses) has been added to the west side of the existing parking lot, to the east of the cadet building.

The detours will be in place until the end of Sep-

tember. Please use caution, pay attention to signs, and reduce your speed in this area.

The new Legion Street access to the park will connect the park with the downtown business core, provide additional parking areas to reduce congestion, and ensure park users can continue with safe and enjoyable recreational experiences.

There will be a park and ride shuttle service available on June 16 (4 – 11pm) and 17 (2 – 11pm) for Party In The Park goers, leaving either from Whitecourt Twin Arenas, or the gravel lot at the corner of 49 Avenue and Dahl Drive.

DO WE REALLY WANT BILL 1?

Submitted by Peter Willott

Premier Smith has promised that no tax rate – neither personal nor corporate – would be raised under the UCP. Bill 1 of a new UCP government would enshrine that promise in law by prohibiting any tax hike without public approval in a referendum.

At first thought that would seem to be a taxpayer's dream, but a second and a third thought show it would be disastrous. Such an act would cripple new measures and new directions. Most likely it would make reaction to an emergency almost impossible. It would even cripple what we have now.

The elected government has the responsibility to pay

its way. The government, not the electorate who chose them to do so, has to balance what goes out with what comes in. The tax effects of 'bracket creep' are too low to help much, and imposition of greater royalties or fees does not seem to be considered, either. How can the provincial government continue to balance the books?

Referenda are often used by governments to 'pass the buck' onto the populace when they do not wish to face uncomfortable obligations. After all, it is impossible to share all the multitude of possible effects of the referendum prior to the vote on it; the average person has no access to the necessary information available to the MLA's. A

public vote on such an issue could only be invalid.

One obvious question is: who would vote to raise taxes? Could Alberta ever again expect corporate or personal taxes to match other provinces? What is the intention here, and what would result after such a referendum?

A frozen tax base would leave a government unable to adjust programs even when needed. It would curtail improvements. It would prevent compensation for population growth or inflation or

downturn in oil revenues. It would hobble government services such as health, education, social services and infrastructure. It would prevent our government from offering in-

centives for sustainable energy programs and the like. It would be a tourniquet on the arteries of Alberta. In other words, it would stifle our economy.

On the other hand, it would ensure that Albertans would have to turn more and more to private services, since the government could not meet its obligations. Perhaps that is the intention.

And when the problems become dire, who is to blame? Not the government, surely! The government response: "We gave them the choice and the citizens chose for themselves"...

TOWN HALL MEETING

Submitted by Town of Onoway

June 20th 7-9pm at the Onoway Heritage Centre

Dear Mayor, Council, Town Administrator and Onoway residents.

On behalf of the Onoway Ratepayers Association we are hosting a Town Hall Meeting. Mayor Town, Council, Town Administrator and all residents of Onoway are invited to attend.

On Tuesday, June 20th 7-9pm an important forum will be held at the Onoway Heritage Centre in the open area in front of the Onoway Public Library.

Mayor, Council and Administrator are cordially asked to attend along with Onoway Town residents.

The purpose of this Town Hall meeting is to inform residents of emerging issues, gauge where The Town Of Onoway stands on sus-

tainability, budget, administration, governance and to identify community concerns with proposed solutions.

The community forum will be moderated and recorded. This meeting will be conducted with a respectful and the organized question and answer period. Questions will be directed through a moderator for those present and other joining through the Zoom

link.

Questions and answers (or lack thereof will be posted) following the meeting online also in The LSA Bulletin and Community Voice.

We look forward to your attendance. Thank You!

Sincerely,

Bob Winterford

On behalf of the Onoway Ratepayers Association

ALBERTA WILDFIRE SITUATION

Submitted by Government of Alberta

Albertans who have been evacuated should continue to follow updates from their local authorities.

Current situation

- Those evacuated due to wildfires should register at local reception centres or at emergencyregistration.alberta.ca.

- An evacuation order remains in effect for the area around the town of Edson, from approximately Obed Lake to Chip Lake.

- The remainder of Yellowhead County is on evacuation alert.

- A reception centre has been set up at the Edmonton Expo Centre.

- An evacuation order remains in effect for the Sweathouse area of the M.D. of Greenview. A reception centre has been set up at the Horizon Inn in Valleyview.

- An evacuation order remains in effect for the hamlet of Fort Chipewyan, Mikisew Cree First Nation (Allison Bay, Dog Head and Devils Gate), Fort Chipewyan Metis Nation and Athabasca Chipewyan First Nation. Parts of Sturgeon Lake Cree Nation remain under evacuation order.

- View the full list of evacuation orders.

- An evacuation alert remains in effect for Woodlands County as of 6:51 p.m. on June 9: north of Township Road 561, west of Range Road 120 south of Groat Creek Road, Township Road 584 west of the McLeod River to Range Road 144 east of the McLeod River to Range Road 123 at Whitecourt Mountain.

- An evacuation alert remains in effect for Grande Prairie County for everyone located north of Township Road 732, west of Range Road 131 and south of Township Road 742.

- An evacuation alert has been issued for Brazeau County west of Range Road 95 to the entire Brazeau County border from north to south.

- Support continues to be available to Albertans 24-7. Visit alberta.ca/emergency or call 310-4455.

- There are multiple road closures and advisories for north-central Alberta.

- Visit 511.alberta.ca for up-to-date information on road closures and travel advisories.

- Current wildfire information is available on the Alberta Wildfire Status Dash-

board.

- Current year wildfires by suspected cause:

- oHuman: 357 (Human-caused wildfires cover several different categories – everything from recreational fires to agricultural incidents to wildfires caused by people on residential land. Human-caused wildfires account for more than half of all wildfires annually.)

- oLightning: 122

- oUnder investigation: 150

- Albertans are asked to do their part this weekend to prevent new wildfires by respecting fire bans or restrictions in their areas. Visit albertafirebans.ca for details.

- Special air quality statements remain in effect across parts of the province. Visit airquality.alberta.ca to find out the level of health risk associated with your local air quality.

- Number of evacuation orders: 4

- Alberta Emergency Alerts: 3 orders and 4 alerts

- Number of evacuees: 13,965

- Alberta currently has approximately 2,700 personnel working on wildfires. This includes support from partner agencies across Canada, the United States, Australia, New Zealand and

South Africa, as well as the Canadian Armed Forces.

Support for evacuees

- Those evacuated due to wildfires should register at local reception centres or at emergencyregistration.alberta.ca.

- Since the announcement of one-time emergency financial assistance for evacuees, more than 17,700 applications have been processed.

- More than \$21.4 million in e-transfers has been sent to evacuees.

- More than \$9.2 million in debit cards has been distributed.

- Evacuees who are unable to receive an e-transfer or who cannot apply online can contact 310-4455 for assistance and to make alternate payment arrangements.

- The Alberta Supports Centre in Hinton has extended hours to support families and individuals evacuated from the town of Edson and Yellowhead County.

- Extended hours at the Alberta Supports Centre in Fort McMurray are scheduled to end tonight at 8 p.m.

LSAC COMMUNITY WELLNESS - HEALTH, INFRASTRUCTURE AND TAXES

Submitted by Bevan Janzen

In April 2019 a new industrial activity began in the County of Lac Ste. Anne that has an impact on the residents beyond the 2 km boundary from the activity that requires notice to residents. In fact this industrial activity may have contributed to some of the foundation issues of county and provincial infrastructure. Yet we don't really know for sure because no one knows the impact the industry has on our residents' health, infrastructure and taxes.

Thank you to those who did respond to questions posed August 17, 2022 to Lac Ste. Anne County leadership. After many referrals, a representative from the Department of Environment and Protected Areas (EPA) who is representing the Minister of Environment and Protected Areas responded. In the spirit of sharing knowledge with Lac Ste. Anne County residents so they may be aware of factors related to the wellness of their families, below are summaries of the answers to questions posed:

Question:

What are the continuous low frequency noise/vibration wellness effects on babies and children who live in the surrounding areas of the Wayfinder Quarry?

Response:

"If local residents have any concerns about noise impacts and their health, they are encouraged to speak with their physician to receive the appropriate assessment."

"...effects of continuous low frequency noise/vibration on babies and children, health agencies, such as Health Canada and the World Health Organization have recognized that noise levels may contribute to the level of annoyance, stress, and anxiety..."

"...Alberta Health is not aware that a noise impact assessment has been completed or submitted..."

Question:

What are the quantity and quality effects on the ground water supplies for families who live in the sand resource extraction areas of the Wayfinder Quarry?

Response:

Wayfinder was issued two water permits that have been amended twice. 6 nearby water wells are being monitored including the two production wells. For more details, submit a FOIP request with an initial fee of \$25.00.

Question:

What are the effects on the residential, commercial, and utility infrastructures/foundations from a continuous vibration of the underlying rock formations affected by the mining of the sand underneath?

Response:

Ask your municipality and/or the Safety Codes Council of Alberta

Question:

How are the threatened water birds and other wildlife responding to the noise and vibration carried through the lake waters?

Response:

Ask Glenn Mack, Provincial Wildlife Habitat Specialist at glenn.mack@gov.ab.ca

Question:

As taxpayers, where would we see information related to a cost benefit analysis that spans the life of the positive and negative impacts of the Wayfinder Mine?

Response:

Ask your municipality.

Question:

How did the county respond after their review of the outcome of the decision of Alexis v Alberta (Environment and Parks), 2020 ABCA 188 ("Alexis") where the Court ordered the Alberta Environment Director to notify Wayfinder that it was required to submit an EIA report?

Response:

"I recommend you contact the County of Lac Ste. Anne, 780-785-3411, directly in or-

der to receive the most accurate information, as the EPA does not have oversight on this item."

Question:

What are the sand extraction boundary areas underground that go beyond the open pit areas of the Wayfinder Mine?

Response:

"From the regulatory perspective Wayfinder has the authorizations they needed under the Water Act and the Environmental Protection and Enhancement Act to operate but we cannot confirm on ground situation."

Question:

Do County of Lac Ste. Anne residents have access to that Wayfinder EIA report?

Response:

"For the Big Molly Pit, a Registration 00412591-00-00 was issued to Wayfinder Corp. under the Environmental Protection and Enhancement Act as of September 07, 2018 and does not expire. As mentioned above, that as a result, of the amendment to the Environmental Protection and Enhancement Act, Big Molly project was no longer a mandatory activity for requiring Environmental Impact Assessment. Therefore, an EIA for the Big Molly project was not required."

Details on legal amendments to the Environmental Protection and Enhancement Act: Order of Events:

2016 - "Wayfinder began working on the development of the "Big Molly" regional frac sand facility in 2016."

2017 - "Wayfinder Corp. contacted the Director regarding the proposed Big Molly silica sand project (the Project). Wayfinder Corp. requested a ruling on whether the development, which included a sand pit producing 500,000 tonnes of silica sand per year and associated processing elements, would require an EIA under section 44 of the Environmental Protection and Enhancement Act

(EPEA). Without any further reasons provided, the Director concluded that the activity was not on the mandatory activities list and that an EIA would not be required."

January 2018 - Armin Alexis requests an Environmental Impact Assessment and brings the issue to the courts. Alexis v Alberta (Environment and Parks), 2020 ABCA 188 April 2019 - Sand Extraction begins without Environmental Impact Assessment

November 2019 - Appeal heard

May 2020 - Court order Wayfinder to complete Environmental Impact Assessment

July 2020 - Private members bill results in exempting Wayfinder Corp. from completing an Environmental Impact Assessment.

According to January 11, 2021 St. Albert Gazette: "In July, Jason Nixon, minister of environment and parks, along with Getson, got Bill 31 passed with "lightning speed."

"Essentially, it was his bill, but he gave it to me as a private member to carry through because the actions took place out in our area ... that was the first time in 25 years that a private member's carried through a government bill," Getson explained.

The bill was made in response to a decision by the Alberta Court of Appeal to classify silica sand, or gravel, as a mineral. This classification had the potential to halt the construction industry. Bill 31 amended the Public Lands Act by removing silica sand from the Act."

This Alberta Court of Appeal was related to the ruled "Alberta Court of Appeal decision of Alexis v Alberta (Environment and Parks).[1] In this case, Armin Alexis, a member of the Alexis Sioux First Nation, sought judicial review of the decision of the Director of Environmental

Assessments (Alberta Environment and Parks), who exercised discretion not to require an EIA of the Wayfinder Regional silica sand facility known as "Big Molly" located near Glenevis, Alberta. The primary issue in the judicial review proceedings and subsequent appeal was the interpretation of the statutory definitions of "mineral", "quarry", and "mandatory activity" in the EPEA. The EPEA provides that a "mandatory activity" is subject to an EIA. If silica sand is classified as a "mineral", the project would constitute a "quarry" and an EIA would be necessary. If, however, the silica sand is not classified as a "mineral", then instead the project would constitute a "pit" and the requirement for an EIA would be at the discretion of the Director. The judicial review application was dismissed by the Chambers Judge with a ruling that it was reasonable for the Director to conclude that silica sand is not a mineral. However, on appeal, the Court found the Director's decision was "irrational and illogical and must be set aside", with the majority concluding that silica sand is in fact a "mineral", meaning therefore that the project was a "quarry" requiring a mandatory EIA."

According to the St. Albert Gazette Getson is quoted saying, "We managed to put through a piece of legislation in the spring that essentially mitigated an iceberg that would have tanked all gravel and sand production in the province for two years," Getson said." In receiving the above responses two additional questions surfaced and posed to Alberta Department of Environment and Protected Areas (EPA):

New Questions:

Was a science backed study and/or an academic literature review required prior

to presenting this bill to the legislature to ensure this law protects the wellness of the people and the environments they depend upon for sustenance?

Would an Environmental Impact Assessment answer all these questions before allowing development of a private industry activity with no expiry date?

Weeks after asking these questions a response was re-

ceived promising answers by April 28th. Still waiting. Although no county representative has responded to my questions via email, there has been an agenda item setup for the July 18, 2023 council meeting to respond in person. If anyone has further information on any of the questions posed or additional questions please come to the July 18th County of Lac Ste. Anne Council Meeting

at 10:15 am where our county representatives will have either answers or require assistance in answering some of the many questions related to Community Wellness.

The hope is that by sharing this information and the unknown we can work together to ensure our political and administrative decisions have positive impacts on today's children and their grandchildren's grandchildren.

Obituaries

It is with great sadness that we announce the passing of Donald Comstock, 73, of Stony Plain (formally of Alberta Beach) who passed away May 15, 2023. Don's kind heart, great sense of humour and love of country music and animals will be missed dearly by all that knew him. Don will be laid to rest with his life long partner Mary Royer and no service as per his wishes. The family would like to thank the staff at both the Good Samaritan George Henning Place and Westview Continuing Care for all of your care and support over the years.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
