ALBERTA SHERIFFS SHUT PARKLAND DRUG HOUSE

Submitted by Government of Alberta

The Alberta Sheriffs have shut down a property in Parkland County that attracted criminal and drug activity to the area.

The Safer Communities and Neighbourhoods (SCAN) unit of the Alberta Sheriffs obtained a court order against the owner of Lot 117 at 52318 Range Road 25 that gives investigators

the authority to close the property for 90 days, starting at noon on June 22.

The community safety order, obtained in Court of King's Bench, bars people from the property until the closure period ends on Sept. 20. Crews are installing a fence around the lot and boarding up the house to prevent unauthorized access during the 90 days.

"Our government was elected with a mandate to

make communities safer throughout Alberta. With support provided by the province's SCAN team, even rural areas are seeing positive changes that will have a lasting impact on the safety of their communities. We still have more work to do to improve public safety across the province, but this is a positive step forward. We value the dedication that our law

NOTHING JUST ABOUT 'JUST TRANSITION'

Submitted by MP Gerald Soroka

Before adjourning for the summer, the Liberals sneakily tabled Bill C-50, also known as the "Canadian Sustainable Jobs Act." This Act is just another backhanded blow to Canada's energy sector from this anti-energy Liberal government. Canada has

the cleanest, most ethically produced oil and gas with the highest environmental standards in the world. Bolstered by their NDP allies, the Liberals have rebranded their anti-energy agenda into a so-called "Sustainable Jobs Act," even though the bill itself intends to legislate a job-killing attack on Canadian energy and hard-working energy workers. If

climate change is as critical to the Liberals as they claim it is, then why haven't they reached a single emissions target by now? This assault on Canadian energy will only have far-reaching negative consequences

enforcement shows to protecting Albertans.”

Mike Ellis, Minister of Public Safety and Emergency Services

The Alberta Sheriffs work with other law enforcement agencies to shut down

properties being used for illegal activities. The Safer Communities and Neighbourhoods Act gives sheriffs the authority to target problem properties through civil enforcement.

Since its inception in 2008, Alberta’s SCAN unit has investigated more than

8,000 problem properties and issued approximately 100 community safety orders. Most complaints are resolved by working with property owners to keep criminal activity out of Alberta communities.

for hardworking Canadians coast to coast, especially those already bearing the burden of the problematic carbon tax grab – that will do nothing for limiting pollution. Instead of ramming problematic legislation through Parliament, is it not better if the Liberals heed the worries every day, hard-

working Canadians have? Conservatives believe in supporting and developing Canadian energy sectors instead of focusing on a “woke” agenda like our Liberal counterparts. We recognize how vital it is to fight climate change by supporting the advancement of industries such as hydrogen, biofuel, nuclear, solar, wind, geothermal, and other in-

novative energy sources to power our country. By recognizing the impact, the oil and gas sector have on our economy and energy industry, investment in clean and renewable energy as well as sustainable technology to help fight climate change is our objective. Training must be provided for workers to develop the necessary

JOKE of the week

While waiting for my first appointment in the reception room of a new dentist, I noticed his certificate, which bore his full name. Suddenly, I remembered that a tall, handsome boy with the same name had been in my high school class some 45 years ago. Upon seeing him, however, I quickly discarded any such thought. This balding, gray-haired man with the deeply lined face was too old to have been my classmate. After he had examined my teeth, I asked him if he had attended the local high school. "Yes," he replied. "When did you graduate?" I asked. "In 1952." "Why, you were in my class!" I exclaimed. He looked at me closely, and then asked, "What did you teach?"

skills to produce sustainable forms of energy. Don't you think a truly sustainable

future is one that leverages and empowers the diverse collection of proudly Canadian energy industries?

Our Conservative approach to climate change will support the energy sector while reducing emissions and

CARING FOR OUR KIDS

Submitted by GYPSD

Families in GYPSD schools in Fulham, Niton, Wildwood, and Evansburg were recently offered CALM kits from the Bringing Empowered Students Together (BEST)/Mental Health Capacity Building In School Initiative Team as a show of support for the many students most affected by the recent wildfires in those communities. Two of the three BEST team members were also displaced due to the fires and wanted to

put some of their thoughts, emotions, and efforts into helping our students. After seeing a similar response project for children in trauma situations, Erin Bezzola, BEST Manager, came up with the idea for Luvpacks. Members of the BEST and Family School Liaison Counselor (FSLC) team spent a number of hours at the Education Services Centre in Edson putting together the 300+ kits that included items such as blankets, toys, games, personal hygiene items, and

snacks. The Division's Facility Department assisted by delivering the Kits to the schools for distribution out to their families. Principal James Randall at Evansview School shared his appreciation of the team's efforts to help their families: "The kits are being sent home and contain a variety of items that may assist with calming and mindfulness activities for students and families as well as a few extra goodies. Thanks for thinking of

our families and our students. We appreciate your kindness and thoughtful approach." With the recent evacuations for the Town of Edson last week, the BEST team is hoping to put something similar together for these families before the end of the school year.

GRAND NORTH AMERICAN OLD TIME FIDDLE COMPETITION!

The Grand North American Old Time Fiddle Championships Festival (GNA fiddle festival) will be the culminating event of the year for WROTFA, which offers weekly musical jam sessions, music lessons and old time music performances at local Senior Citizens residences. This annual fiddle contest hosted by WROTFA is in its 39th year, and will again be held in the beautiful Shell Theatre of the Dow Centennial Centre in Fort Saskatchewan, AB from July 13-16, 2023. The GNA attracts fiddlers from across Canada! There are categories for all fiddlers, from Novice (any age) and Junior Junior (9 and Under) up through Junior, Intermediate, Senior and Golden. There are also some specialty categories including Twin Fiddling, Traditional (fiddlers clogging the rhythm with their feet), and Novelty...! The cream of the crop compete in the Championship class: a real treat for the ears!

Over the 4 days, in addition to the fiddle competition, this event includes a junior fiddling mini-camp, 3 jam sessions, a Barn Dance and Open mic, a Banquet and an Old Time Family Dance.

NEW! Busing Distance Eligibility Update for September 2023

In April 2023, the Alberta Government approved changes to the distance eligibility for transportation service effective for September 2024.

- The eligible transportation distance criteria of 2.4 kms from the student's primary residence to the school will be reduced. **New** distance criteria for eligible service is:

1.0 km or more for children in kindergarten and students in Grades 1-6; and,
2.0 kms or more for students in Grades 7-12 will qualify for transportation service.

As a phased approach to implementing the new service criteria, Grande Yellowhead Public School Division is moving to implement the changes for September 2023.

Families who qualify for eligible service under the new distance criteria are invited to register for busing as soon as possible. The Division will try to accommodate as many newly eligible riders as possible. Registrations received after June 30, 2023, are subject to seat availability.

FEE-BASED SERVICES: INELIGIBLE AND ALTERNATE (SECOND) SEAT REQUESTS FOR SEPTEMBER 2023

Requests for ineligible bus service should also register by the June 30 deadline; however, please note that eligible students will have priority on all routes.

Based on increased eligible riders, ineligible riders may not receive confirmation of a seat until after September 30, 2023. Additionally, requests for alternate (second) seats on other bus routes may not be confirmed until after September 30, 2023.

The Division is currently looking to recruit and train new bus drivers in anticipation of increases to eligible student ridership once the mandatory service requirement comes into effect in 2024. Please visit the **Careers** page on the Division's website at www.gypsd.ca/working-at-gypsd.

Parents are asked to email Transportation Services at transportation@gypsd.ca for more information on bus registration and access to fee-based services for the 2023/24 school year.

HAY YOU!

Would you like to be a producer of weed-free forage in Yellowhead County?

Yellowhead County is one of 20 municipalities who are part of the Alberta Certified Weed-Free Forage program and we want to help you get certified!

How It Works

- A crop must be inspected within 10 days of harvest
- Inspectors can certify all OR a portion of a field as 'weed-free'.
- Inspectors even have the authority to certify fields with weeds present, provided that no propagative plant parts (flowers, seed heads, root fragments) will enter the baled forage!

Interested in getting your field inspected?
Contact Yellowhead County Agricultural Services at **780-325-3782** or email the AISC at info@abinvasives.ca.

For a list of Certified Weed Free Forage Producers, or to be added to the list, visit abinvasives.ca

GOLFER'S GUIDE

DRIVE HOME A WINNING GOLF TOURNAMENT

The arrival of warmer weather has many Canadians dreaming of the hitting the local golf course. It is also the time that many companies, organizations, charities and other groups start planning their golf tournaments.

Hosting a golf tournament is a great way to entertain customers, thank employees or raise funds for your group. While

there are many details to arrange, organizing such an event doesn't have to be distressing.

Experts recommend that you cover the basics first. Picking the right date and a course that is suitable for your group is the first priority. The earlier you do this the better as you will get a wider selection of dates and courses.

Ensuring your guests

are well fed and hydrated out on the course should be another priority. In the heat of summer, a good supply food and non-alcoholic beverages will ensure your participants enjoy a healthy and safe round.

What about prizes? The excitement of winning something is always a big draw, so hit up local businesses, suppliers, business

partners and friends for prize donations.

To take your tournament to the next level, you could offer hole-in-one prizes such as a car, boat, trips or cash. "Adding big prizes to your golf tournament doesn't have to be an expensive or worrisome endeavour," says Andrea Martin, Senior Underwriting Manager, Wayfarer Insurance. "You can get insurance coverage that will pay for the prize in the event that a golfer hits an ace."

One of the biggest tips is speak to the professionals at the golf course where you book your tournament. Often courses will have staff to assist you, or at least literature that will help you plan a successful event.

Bus Driver Recruitment

Supplement your income by driving only a few hours a day to get our students to school in a safe and welcoming manner!

School boards all across Alberta are facing chronic driver shortages. This has impacted student learning as routes may have to be canceled when a spare driver is unavailable, causing students to miss important time at school.

GYPSPD is offering an opportunity to learn new skills and supplement your income by driving a few hours a day as a regular driver or become a spare driver for us.

Transportation Services 780.723.4471
www.gypsd.ca/working-at-gypsd

TRAINING

GYPSPD provides FREE Class 2S Mandatory Entry Level Training (MELT), Monday-Friday 9:00 am to 2:30 pm, Classes are on-going and include 6 days in class, 24 hours of driving and 11 hours in the bus yard. And GYPSPD pays you to take the training!

YOUR EXPENSES

You will need to obtain a driver's medical and pay the costs of testing at registry (written and road test).

HOURS OF WORK EXPECTATIONS

Our spare drivers are usually booked in advance to cover routes or drive charter trips but may be called upon with short notice to cover illness or other emergencies. Typical hours of work are within 6:30-9 am and 3-5 pm depending on the length of the route.

PAY

Routes pay \$80-120/day depending on distances. You also get paid for any extra work or travel that you do.

HAVE PRESCHOOL CHILDREN AT HOME?

No problem! Parents can bring their preschool children with them on the bus when driving a route.

We try to schedule our spare drivers in the areas in which they reside. If you are willing, there could be opportunities to travel to other zones.

We currently transport students in Hinton, Edson, Fulham, Niton Junction, Wildwood, Evansburg, Jasper, and Grande Cache.

What are you waiting for?!

SAVING DRIVERS TIME AND MONEY

Submitted by Government of Alberta

Eligible Alberta drivers aged 18 and over will now automatically exit from the Graduated Driver Licence (GDL) program.

Alberta's government is following through on a promise from April to save new drivers the \$154 cost to exit the GDL program. GDL drivers who have completed their 24-month driving period and have no suspensions or demerits within their last 12 months of probation, including zero tolerance for any alcohol and/or drug consumption,

will receive a letter informing them of the change in their driver's licence status to non-GDL.

"GDL was an expensive, duplicative licensing scheme that discriminated against good young drivers. There are 500,000 young Albertans with clean driving records who would need to pay \$154 and waste their time to take another driving test. Alberta's government will continue to make common-sense rules and make life more affordable for Albertans."

Devin Dreeshen, Minister of Transportation and Economic Corridors

Drivers are not legally required to obtain a new licence card when their GDL period ends. They may do so if they prefer, but they will be required to pay registry fees after June 25. Drivers who don't obtain a new licence card will have their physical licence upgraded the next time they renew their driver's licence.

Drivers who do not exhibit safe driving behaviours and incur demerits, suspensions or are ticketed for other unsafe driving offences during the last year of their probation will have their probationary period extended for an additional year.

If the driver is stopped by law enforcement in Alberta, the officer will know they have a full licence through information in the Canadian Police Information Centre.

If drivers are travelling outside of Alberta, they need to keep their letter with them in their vehicle or visit a registry and update their physical licence, as law enforcement agencies outside Alberta may not have access to Alberta's data.

FREE REPLACEMENT DOCUMENTS FOR CANADIANS AND SPECIAL MEASURES FOR PEOPLE AFFECTED BY SEVERE WILDFIRES

Submitted by Government of Alberta

With the country experiencing an unprecedented wildfire season, the Government of Canada is urgently mobilizing to help support communities and the people who live in them. This includes help for Canadians and for people who are crucial to the rebuilding effort.

Today, the Honourable Sean Fraser, Minister of Immigration, Refugees and Citizenship, announced special measures for people who have been impacted and need to replace vital documents or to extend or restore their status in Canada.

Immigration, Refugees and Citizenship Canada (IRCC) will issue free re-

placement documents for Canadians, permanent residents and temporary residents directly affected by the wildfires. These include permanent resident cards, Canadian citizenship certificates, Canadian passports and other travel documents that are lost, damaged, destroyed or inaccessible due to wildfires.

International students, temporary foreign workers and other visitors who have been directly affected by the wildfires and whose status will expire by September 30, 2023, will also be eligible to apply, restore or extend their status in Canada free of charge. This means that temporary workers who are unable to work because their workplace is closed due to the fires don't need to

worry – they'll be able to extend their status and stay until their workplace reopens. In addition, international students can extend their study permits if their classes are delayed or cancelled and finish their studies without penalty.

These special measures will be in effect until September 30, 2023. They give Canadians, permanent residents and temporary residents time to sort out documents or temporary status issues, so they can focus on what matters most right now: their families, their homes and their communities.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
