## CYANOBACTERIA (BLUE-GREEN ALGAE) ADVISORY ISSUED FOR ISLE LAKE

Submitted by Alberta Health Service

Cyanobacteria (blue-green algae) has been identified in the waters of Isle Lake. Residents living near the shores of this lake, as well as visitors to this lake, are advised to take the following precautions:

- Avoid all contact with cyanobacterial blooms. If contact occurs, wash with tap water as soon as possible.

- Do not swim or wade or allow your pets to swim or wade in any areas where cyanobacteria is visible.

- Do not feed whole fish or fish trimmings from this lake to your pets.

- Consider limiting human consumption of whole fish and fish trimmings from this lake, as it is known that fish may store toxins in their liver. (People can safely consume fish fillets from this

lake).

- Do not use water contaminated with cyanobacteria to water edible plants. This is particularly important for plants with edible parts exposed to the ground surface (such as cabbage, lettuce, tomatoes, and other salad vegetables).

As always, visitors and residents are reminded to never drink or cook with untreated water directly from any

### Continued from Page 1

recreational body of water, including Isle Lake, at any time. Boiling of this water will not remove the toxins produced by cyanobacteria. An alternate source of drinking water should also be provided for pets and livestock, while this advisory is active.

Cyanobacteria is naturally occurring, and often becomes visible when weather conditions are calm. Appearing like scum, grass clippings, fuzz, or globs on the surface of water, cyanobacteria can be blue-green, greenish-brown, brown, and/or pinkish-red, and often smell musty or grassy.

People who come in contact with visible cyanobacteria or who ingest water containing cyanobacteria may experience skin irritation, rash, sore

throat, sore red eyes, swollen lips, fever, nausea and vomiting and/or diarrhea. Symptoms usually appear within one to three hours and resolve in one to two days. Symptoms in children are often more pronounced; however, all humans are at risk of these symptoms. Exposure to the bacteria may be fatal to pets.

Weather and wind conditions can cause algae blooms to move from one location in the lake to another. As such, this advisory will remain in effect for Isle Lake, until further notice.

Please note that waters of Isle Lake in which the cyanobacterial bloom is NOT visible can still be used for recreational purposes, even while this Health Advisory is in place.

If you suspect a problem related to cyanobacteria or if you require further information on health concerns and cyanobacteria, please call Health Link at 811. Additional information is also available online, at [www.ahs.ca/bga](http://www.ahs.ca/bga).

### Thank You!!!

The Chateau Lac Ste Anne would like to thank the **SANG Community Enhancement Foundation** for their gift of \$1,500! Thanks to this generous donation, we were able to hold a Free Event celebrating the Chateau's 15th Birthday in conjunction with Onoway's Centennial Celebration on June 24th. This was enjoyed by many in our community as well as our senior's.

Thank you for continuing to help us keep our community strong, vibrant and connected!!!

With Gratitude,

## JOKE of the week

While standing in line at the bank, there was a commotion at the counter. A woman was distressed, exclaiming, "Where will I put my money?! I have all my money and my mortgage here!! What will happen to my mortgage?!"

It turned out that she had misunderstood a small sign on the counter. The sign read, WE WILL BE CLOSED FOR GOOD FRIDAY. I guess Easter was not uppermost in her thoughts, because she thought that the bank was going to close "for good" that coming Friday.

### Thank You!!!

To the Onoway & District Quilters Guild, a great big **THANK YOU** for your generous donation of \$750.00 towards future entertainment for our senior's at the Chateau Lac Ste Anne. Your gift will go a long way to bringing laughter and joy to our most valued and cherished residents...thank you again!!

# WHITECOURT TOWN COUNCIL UPDATE

Submitted by Town of Whitecourt

Whitecourt has terminated the State of Local Emergency (SOLE) that was issued on June 20, 2023. The SOLE allowed the Town of Whitecourt to evacuate areas of the community that were affected by high water levels on the Athabasca and McLeod Rivers.

Whitecourt will be providing support to a provincially-lead project that proposes to construct a fireguard to protect critical infrastructure in Whitecourt and Woodlands County. Fireguards create a break in forest fuels driving wildfire; construction of a fireguard

surrounding Whitecourt would reduce the threat of wildfire in our community.

The 2023 20-Year Capital and Major Maintenance Plan has been adopted. The Plan, which includes 138 projects, provides a vision for the long-term development of Whitecourt's infrastructure; land development; parks and trails; and, building and recreational/cultural facilities to meet the needs of our growing community. The Plan incorporates projects and timelines identified through engineering studies, planning sessions, workshops, budget deliberations, and public engagement activities. The Plan is available to view at [www.whitecourt.ca/your-](http://www.whitecourt.ca/your-)

town.

The annual review of Off-Site Levies is complete and, based on the study, rates will be changing as of January 1, 2024.

Off-Site Levies are a cost recovery tool that help pay for infrastructure projects that allow the community to grow, including roads, and water and sewage treatment.

Development Type 2023 Off-Site Levy Rate 2024 Off-Site Levy Rate Residential

- Single Family Dwelling Units \$4,586/dwelling unit \$4,710/dwelling unit
- Multi-Family Dwelling Units \$1,997/dwelling unit \$2,051/dwelling unit

Non-Residential \$53,446/hectare \$54,888/hectare

hectare

As part of Whitecourt's Assessment Management Plan implementation, Whitecourt has adopted an Asset Management Policy which outlines the responsibilities of Council and administration. Asset management helps municipalities manage municipal infrastructure assets and make better investment decisions.

## June 23 Winners

As usual, there were three lucky winners at our Friday dinner. The free dinner went to Robert Braucht. Winner of the meat draw

(chicken and burgers) was Ken Stachnik, while Louise Bambrick won \$230 in the 50/50 draw. Louise generously donated \$50 of her winnings to the Poppy Fund.

## President's Message

During the Onoway Centennial Weekend, your Legion was at the forefront of a variety of activities. We helped kick off the weekend with the Friday Night Supper featuring a ribs dinner.

As usual we had some honoured guests at our Veterans Table, sponsored by Mark Blacklaws.

On Saturday, we began by having a few of our members (Scott Sadler, veteran David Ritter and veteran Chuck Howie) participate in the parade, riding in a vintage 1946 Willys Jeep driven by Ron Johnson, Sr. Also participating in the parade was the Lord Strathcona's Horse (Royal Canadians) Ceremonial Mounted Troop, which our Legion sponsored.

As soon as the parade was completed, we host-

ed an Open House at the Legion Hall that was very well attended. But the highlight of the day for us was the Strathcona's Mounted Troop Musical Ride at Bretzlaff Park. It was very well attended (the 400 person bleachers were filled to capacity, with an overflow crowd seeking shade wherever it was available). The show was action-packed and a real crowd pleaser.

Less well known, but equally important, was the little extra that we tackled on: hosting the Strathcona riders (all of them serving soldiers in their Regiment) for lunch at the Legion Hall. It was our pleasure and honour to support these troops on a very warm day.

Together, these events required the support of many volunteers, and as usual they put in a sterling effort. Many thanks to all of you!

As always, if you have a question or concern about the Onoway Legion, you can contact me, Ed Gallagher, directly by phone at 780-297-2203 or by email

at [President@onowaylegion132.com](mailto:President@onowaylegion132.com).

Wednesday Night Party Continues all Summer!

Even with summer beginning, it's still a musical jam every Wednesday evening starting at 7 pm at the legion. Everyone, member or not, is welcome. Bring an instrument to play, sing along or as a soloist, dance, tap your feet, or even just sit and listen.

A popular Wednesday night activity is playing darts, pool, or cards. The bar is open so you and your friends can also have a favourite beverage. Enjoy wings along with your beverage. Munch on hot, salt & pepper (lemon & vinegar), dry rub, honey garlic, or BBQ wings for \$12/pound. Order at the bar and wings will be brought to your table.

Failing to pay your property tax bill may incur one of the most punitive bills you receive. The non-payment of property taxes will likely result in your property being sold to recover the taxes owing.

Assuming an assessed value of \$350,000 for a residential property, this table illustrates the outcome.

On January 1, 2024, total applicable penalties would be \$746.99.

# GOLFER'S GUIDE

## 72 HOLES IN ONE DAY

Hi Ron, we finished the 72nd hole just before 9pm and waited once all day on one hole for maybe 10 minutes.

I guess this all started when a couple of us had a good round and felt like we wanted to play another round right after. So a few of us played 36 holes a few times and then I said one time does anybody want to try 54 holes in a day? There

was a lot of comments like, "I don't know about that" but I sold it by saying something like, "In the middle of January you're going to regret not doing it".

So in 2015 four of us played 54 holes at Eagle Rock. Since then we have played 54 holes at Coal Creek, Montgomery Glen, Goose Hummock, and Silver Creek around the summer solstice with as many as 8 of us a few times. I've

always thought about playing 72 holes, but kind of kept it to myself but then after not playing 36 last year I got Gary Kavanagh, Rod Heinrichs, and Randy Trobec to agree to try and do 72 holes in one day.

We did it in just under 16 hours on Saturday with a 5 minute break, a 30 minute break, and another 5 minute break averaging less than 3h50m for the four rounds. We are grateful it

wasn't near as warm as it had been for most of the times we had played 54 holes in previous years.

We are already talking about doing 90 holes in one day at a par three course at some point in the future.

# SUDOKU

*of the week*

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
