DESIGN AND TECH MEET CREATIVITY AT GTHS

Submitted by GYPSD

Grand Trunk High School ran their first ever high school Design Studies class this year! Students learned from teacher Mr. Watt about the Design Process, about modeling in three dimensions, and how to use Google SketchUp to 3D model anything they want on a computer.

The class was tasked with creating all of the game pieces for a copyright-free board game on the request of Mr. Liddell. Students had to learn how to use the 3D modeling software, how to connect real world dimen-

sions and sizes of pieces with their 3D designed counterparts, and the importance of refining your models.

Students added their own creative embellishments to make the pieces more realistic or unique. Their game piece designs were 3D printed, while Mr. Watt designed and 3D printed the game board. The pieces had to be keyed into studs on the game board, and everyone's game pieces had to successfully fit onto both the original manufactured board and the 3D printed version of the board. With some refining and reprint-

ing of a few parts, everyone's pieces worked on both boards!

Additionally, the class was tasked with developing floor plans for a house of their own creation, revising them, and then crafting foam-core scale models of their house floor plan designs. Students learned about principles of house layout and floor plan design (room size considerations, door and window dimensions and placement) and learned about how to create a livable space for a family.

56 DAYS OF TURMOIL IN OUR REGION

Submitted by Mayor Williams, Yellowhead County

With what I hope is the worst part of our disasters behind us, I wish to reflect on where we are at now and how proud I am of our region and its response to multiple disasters at the same time and for extended periods of time.

It seems somewhat surreal to know that we opened

up 11 reception centres in the past 56 days, and had help from across the world, across the country, across the Province, from our municipal partners, far and wide, and from residents of Alberta as a whole. For this, we thank you. We cannot begin to list off the hundreds of people who came to our help, but we do know that we would not be where we are at without you. For

all of you, Thank you from Yellowhead County.

56 Days Of Turmoil In Our Region

Continued from Page 1

To the residents of Yellowhead County. Your resilience, courage, passion and determination have inspired me during this crisis and I thank you for that. Even in the face of fires, floods and snowstorms, you have persevered, and I am so very proud to be part of this community. We will continue to work with our residents in the coming months as we rebuild, and I know that our community will be stronger than what it was 2 months ago.

With that said, I wish to focus my next comments on Yellowhead County Staff, Fire Crews and Volunteer Fire Fighters.

Yellowhead County staff have worked tirelessly for extended long shifts and

filled in positions wherever necessary. Many times this included working night-shifts on short notice or extended hours to ensure we had the best approach to the disasters. There is not one staff member that hasn't been affected by this disaster, and each and every one of them has made me proud to see how they have done whatever was needed of them.

Our fire services have 8 full-time fire fighters, 5 office/management staff and over 90 volunteer fire fighters. That is not a lot of people to cover 22,000 km² but they make us proud every day and have excelled in their service to our community over the past 8 weeks. The initial fires that hit us so fast and with such

ferocity that forestry crews nor our resources were able to stop them. Winds quickly fanned the fires to have 200kms of fire front which quickly inundated our region and our fire fighters efforts. We were then hit with new fires in the Shiningbank Area and a fire from Parkland County which jumped the river with 60km/ hour wind gusts. There is no possible way to have enough crews to be at all of these places at once, nor to stop mother nature with such strong winds.

Since this wasn't enough for mother nature, we then had Fire 31, which took a run from the Brazeau Dam area to points just close to our residents in an area stretching from

JOKE of the week

While standing in line at the bank, there was a commotion at the counter. A woman was distressed, exclaiming, "Where will I put my money?! I have all my money and my mortgage here!! What will happen to my mortgage?!"

It turned out that she had misunderstood a small sign on the counter. The sign read, WE WILL BE CLOSED FOR GOOD FRIDAY. I guess Easter was not uppermost in her thoughts, because she thought that the bank was going to close "for good" that coming Friday.

Nojack to Marlboro. These same fire fighters continued to be on scene for all of these fires, (along with hundreds of fire fighters from Alberta Forestry as well as partners) and continued to work long hours to keep our community safe on a daily basis.

What we don't see through all of this is:

- the fire North of Evansburg, which would have given us another out of control fire to deal with, but was put out by our fire crews, even while fighting strong winds and after it jumped RR 75
- the volunteer fire fighter who gave up his/her day job or closed their business so they could help our community.

• the fire fighter who has given up 2 months of their personal lives, only to be admonished by those who feel they should have done more

• the homes that were saved because municipally installed sprinkler systems were able to keep the fire at bay

• the fire fighter's spouse who was spit on by a disgruntled person without knowledge of what really transpired

• the fire fighter who's property was severely comprised by fire, but continued to fight the fires in the community

• Yellowhead County having hired its own helicopter to fight fire for 5 days in the Shiningbank Fire when Provincial resources

were busy in other parts of Alberta

• the resident who was mad at the fire fighting efforts one day when they lost their home but hugged a fire fighter the next day as they realized just how much effort these human beings have put into saving our community.

In the end, we are only human, and I applaud our staff and first responders for the extraordinary effort they have put in over the past 2 months to keep our community safe. I have received numerous comments from our region thanking our municipal resources and fire fighters and have committed to acknowledging them now in this public forum and on behalf of Yellowhead County residents.

You are such great people and our municipality and community commend you for your efforts.

The past 8 weeks have been a disaster for our Region, similar to other parts of Alberta, and our fire crews acted valiantly to keep our community safe. There is no possible way that these fires could have been stopped sooner, but I do know that things would have been a lot worse without the extraordinary efforts of our staff and fire crews.

After 2 months of crisis with more than 350,000 hectares burned, massive flooding, to heavy snowfalls, we are proud that not a single human life was lost. This is a testament

GOLFER'S GUIDE

72 HOLES IN ONE DAY

Hi Ron, we finished the 72nd hole just before 9pm and waited once all day on one hole for maybe 10 minutes.

I guess this all started when a couple of us had a good round and felt like we wanted to play another round right after. So a few of us played 36 holes a few times and then I said one time does anybody want to try 54 holes in a day? There was a lot of comments like, "I don't know about that" but I sold it by saying something like, "In the middle of January you're going to regret not doing it".

So in 2015 four of us played 54 holes at Eagle Rock. Since then we have played 54 holes at Coal Creek, Montgomery Glen, Goose Hummock, and Silver Creek around the summer solstice with as many as 8 of us a few times. I've always thought about playing 72 holes, but kind of kept it to myself but then after not playing 36 last year I got Gary Kavanagh, Rod Heinricks, and Randy Trobec to agree to try and do 72 holes in one day.

We did it in just under 16 hours on Saturday with a 5 minute break, a 30 minute break, and another 5 minute break averaging less than 3h50m for the four rounds. We are grateful it wasn't near as warm as it had been for most of the times we had played 54 holes in previous years.

We are already talking about doing 90 holes in one day at a par three course at some point in the future.

Bus Driver Recruitment

Supplement your income by driving only a few hours a day to get our students to school in a safe and welcoming manner!

School boards all across Alberta are facing chronic driver shortages. This has impacted student learning as routes may have to be canceled when a spare driver is unavailable, causing students to miss important time at school.

GYPSPD is offering an opportunity to learn new skills and supplement your income by driving a few hours a day as a regular driver or become a spare driver for us.

Transportation Services 780.723.4471
www.gypsd.ca/working-at-gypsd

TRAINING

GYPSPD provides FREE Class 2S Mandatory Entry Level Training (MELT), Monday-Friday 9:00 am to 2:30 pm, Classes are on-going and include 6 days in class, 24 hours of driving and 11 hours in the bus yard. And GYPSPD pays you to take the training!

YOUR EXPENSES

You will need to obtain a driver's medical and pay the costs of testing at registry (written and road test).

HOURS OF WORK EXPECTATIONS

Our spare drivers are usually booked in advance to cover routes or drive charter trips but may be called upon with short notice to cover illness or other emergencies. Typical hours of work are within 6:30-9 am and 3-5 pm depending on the length of the route.

PAY

Routes pay \$80-120/day depending on distances. You also get paid for any extra work or travel that you do.

HAVE PRESCHOOL CHILDREN AT HOME?

No problem! Parents can bring their preschool children with them on the bus when driving a route.

We try to schedule our spare drivers in the areas in which they reside. If you are willing, there could be opportunities to travel to other zones.

We currently transport students in Hinton, Edson, Fulham, Niton Junction, Wildwood, Evansburg, Jasper, and Grande Cache.

What are you waiting for?!

Give us a call today at 780.723.4471 to find out the next upcoming driver training session and be on the road to an exciting new career with GYPSPD.

CHAMPIONING INCLUSION AND DIVERSITY

Submitted by GYPSD

On June 26th, Parkland's Gay-Straight-Alliance (GSA) committee in Edson hosted the communities first ever PRIDE celebration with the support of the Town of Edson and various community partners. GSA students named the event after their motto, 'BE FREE to BE YOU' in hopes of inspiring others to advocate for themselves and promote a safe and caring community. Parkland stu-

dents and community members painted the Kin Shack building with the colors of the Pride Progress flag, marking a significant milestone in Edson history to promote equal rights for all people, regardless of sexuality, gender identity or cultural background. Board Policy 21 - SEXUAL ORIENTATION, GENDER IDENTITY AND GENDER EXPRESSION declares the Division's support of the diversity within our school communities.

The purpose of June Pride Month is to celebrate 2SLGBTQIA+ communities and the progress that has been made and to promote human rights and inclusion through research, education, and awareness. Students welcomed community members to participate in the painting of the building and were supported by many community partners to make the event a success.

A big thank you to their sponsors Independent, Yellowhead

Wood Products, Shoppers Drug Mart, Vibe Cycle, The Town of Edson and community partners including the Fyrefly Institute and BEST for coming out and supporting Parkland's GSA.

The GSA Committee looks forward to planning future community events to continue promoting and supporting this important cause.

ROCK TOUR 2023

Submitted by GYPSD

Rock Tour 2023 took students from Harry Collinge High School (HCHS) and Grand Trunk High School (GTHS) to perform for central Alberta school audiences. HCHS teacher Mr. Madsen took one band and GTHS teacher Mr. Watt took another, and they all performed with two bands

from Thorhild Central School, from Aspen View Schools.

This year's tour started off with a sneak mini-performance by GTHS Tour students for the GYPSD School Board at the Public Board Meeting on May 24, 2023, then bands from the three schools performed for Grasslands School and H.A. Kostash in Smoky Lake on Thursday. Friday was a perfor-

mance in Redwater, then a final performance for Thorhild Central School.

Students on the tour learn how to set up and tear down a variety of music performance gear, learn about life on the road, and form extremely strong and long-lasting friendships with the students on the tour. It's one of the few situations when students from

different high schools get to collaborate on something, as opposed to competing against one another.

Our schools are extremely proud of their student performers, and look forward to another tour next year! Rock on!

ALBERTA RCMP EXPANDS NEW VIDEO CAMERA REGISTRY ACROSS THE PROVINCE

Submitted by Alberta RCMP

The Alberta RCMP are excited to announce our voluntary surveillance camera registry program, called CAPTURE (Community Assisted Policing Through the Use of Recorded Evidence) is now province wide.

Residents and businesses who have video surveillance, and are willing to share video camera footage when requested, can sign up. This initiative won't replace officers from knocking on doors, but it will help officers track down video evidence in ongoing criminal investigations in RCMP jurisdictions.

The program aims to reduce the time an officer needs to search for and gather video evidence when conducting an investigation. The CAPTURE program allows a person or business to upload a portion of the video requested. This allows the officer to evaluate the video footage before deciding to ask for a copy.

To get started, visit www.ruralalbertacapture.ca and create an account. From there you can enter your contact information and video cameras on the secure site. Your information is not available to the public. If an officer needs to contact you, they will do so by the infor-

mation provided.

Things to know about the program:

- This is completely voluntary and consent can be withdrawn at any time;
- Registering a camera and contact information allows the RCMP to see a list of security cameras so they can contact the owners during an investigation;
- The video footage on your camera remains your property;
- The RCMP will not have live access to your camera feed. We will only ask for videos already recorded;
- You can share your video footage through the website for an officer to

view before they decide if the video will help in their investigation; and

- An officer can provide you with a USB thumb drive to copy your video. An officer can not download the video; they can only view it.

This strategy is another way the Alberta RCMP are working with our communities to help solve crime faster, together. By providing video footage to police during an investigation, communities increase the chance of a successful prosecution.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
