GROCERY REBATE

Submitted by MP Gerald Soroka

Did you know that most Canadians won't be eligible to qualify for this one-time Liberal grocery rebate? You must either have a household income of \$38,000 or less, or an individual income of less than \$32,000.

The maximum a person with no children qualify for \$234; a couple with four children \$628 and, many will receive smaller amounts. Really, does the rebate help as food costs keep rising?

The out-of-control spending by this Liberal government must stop!

Getting rid of taxes and defi-

cits will lower the cost of gas, heat, and groceries. Conservatives know that each \$1 of new spending would require \$1 of savings in government. You've been pinching your pennies long enough. It's time this Liberal government does the same.

COST OF LIVING

Submitted by MP Gerald Soroka

Have you noticed that grocery prices have gone up and the cost of housing has increased? Life is becoming more expensive. The out-of-control spend-

ing of this Liberal government continues to drive up the cost of living.

We Conservatives are committed to working for YOU. We will eliminate the bureaucratic red tape that has prevented homes being built in Canada. Our

population now at 40 million continues to grow. The housing shortage has caused prices to skyrocket, leaving those looking to buy a home losing hope in their ability to afford one. Conservatives will get

CONFIRMED HEPATITIS A CASE PROMPTS PUBLIC ALERT IN EDMONTON ZONE

Submitted by Alberta Health Services

Alberta Health Services (AHS) has confirmed a case of hepatitis A in a food handler working at a McDonald's in Nisku (301 20th St.).

Patrons who consumed food or drink from this location between June 20-23, 2023 from

7 a.m. to 11 a.m. and June 24, 2023 from 7 a.m. to 1:30 p.m. may have been exposed to hepatitis A.

"While we believe the risk to the public is low, hepatitis A is a serious infection," says Dr. Christopher Sikora, Medical Officer of Health, AHS - Edmonton Zone.

out of the way of municipalities so that they can build houses. We will tie Federal Infrastructure Funding to the number of homes being built. By doing so, Conservatives will bring down the cost of housing while also creating jobs.

The additional Energy Tax imposed on July 1st by the Liberals will continue to drive up the price of groceries. Farmers are taxed more to produce the food,

transportation companies are taxed more to transport the food to grocery stores, consumers are taxed more to get to the stores to buy the food that has seen a significant price increase already. We Conservatives will scrap the Energy Tax to bring home lower prices for consumers.

The Liberals have brought forward a "Just Transition" legislation which will cost over \$40 Billion and increase the cost of electricity. Every country that has

attempted to do 'Just Transition' has failed. This will weaken our GDP and make Canada less competitive on the global market. It will also kill over 170,000 direct jobs and over 2.7 million indirect jobs.

Conservatives will continue to stand up for Canadians and fight problematic legislation like this. We are committed to bringing down the cost of living for Canadians.

JOKE of the week

Bob was in trouble. He forgot his wedding anniversary. His wife was really pissed.

She told him, "Tomorrow morning, I want to see a gift in the driveway that goes from 0 to 200 in 6 seconds AND IT BETTER BE THERE!"

The next morning he got up early and left for work. When his wife woke up, she looked out the window and sure enough there was a box gift-wrapped in the middle of the driveway.

Confused, the wife put on her robe and ran out to the driveway, brought the box back in the house. She opened it and found a brand new bathroom scale.

Environmental Public Health inspectors.

Hepatitis A is an infection of the liver caused by a virus. Individuals primarily contract hepatitis A through direct contact with an infected person; however, individuals can also contract the illness indirectly by ingestion of contaminated food or water. If an infected individual does not properly wash his/her hands after using the washroom, the virus can be transmitted through food and beverages prepared by the infected individual.

Illness can occur within 15 to 50 days after exposure to the virus, but usually does so within 28 to 30 days. Individuals can be infectious one to two weeks before symptoms occur until at least one week after the onset of illness.

Symptoms of hepatitis A may include: tiredness; poor appetite; nausea and vomiting; abdominal pain and fever; followed by dark-coloured urine, light-coloured stools, and yellowing of eyes and skin several days later. Some people, especially young children, may get hepatitis A infection without noticing any symptoms; however, they are still infectious to others.

Individuals who develop such symptoms between July 1, 2023 and August 13, 2023 are advised to immediately contact Health Link at 1-866-301-2668.

Individuals who have had hepatitis A infection in the past or who have previously received an appropriate series of hepatitis A vaccine are not at risk of infection.

There is no specific treatment for hepatitis A, but it can be prevented through immunization. For more information visit Hepatitis A (HAV) Vaccine.

Only those who visited McDonald's on the dates and

times listed above are considered potentially exposed. Those who meet the criteria can call Health Link at 1-866-301-2668 to book an immunization appointment during the following days & times. In this instance, a prophylaxis vaccine will protect those at risk of infection against this exposure.

- July 2: 11 a.m. – 7 p.m.
- July 3: 11 a.m. – 7 p.m.
- July 4: 9 a.m. – 5 p.m.

CENTRAL ALBERTA DISTRICT RCMP CRIME REDUCTION UNIT ARREST AND CHARGE REPEAT OFFENDER

Submitted by Central Alberta District RCMP

On June 22, 2023, at approximately 8:30 a.m., officers of the Crime Reduction Unit were conducting proactive checks on prolific property offenders in the area of Buck Lake. Officers observed a pickup truck matching the description of a vehicle reported stolen and previously fleeing from police. After initiating a traffic stop, the driver fled, however, he was later arrested at a property near Winfield.

A search warrant was executed at a related property in Wetaskiwin County where several items, including those reported sto-

len from Winfield Fire Department, were recovered or seized, including:

- Hydraulic pump system and hydraulic hoses used in a "Jaws of Life" rescue system
 - Makita gas-powered cut off saw
 - Stolen Dodge truck
 - Stolen holiday trailer
 - 3.5 ounces of suspected methamphetamine
 - A machete
- Murlin Scott Becker (40), a resident of Buck Lake, has been charged with numerous offences, some of which include:
- Possession of a weapon for a dangerous purpose
 - Obstructing a

peace officer

- Possession of property obtained by crime over \$5,000 (x3)

After a judicial interim release hearing, Becker was remanded into custody and will be appearing in Alberta Court of Justice in Breton on July 26, 2023.

Winfield Fire Chief Barry Clarkson states, "Not only has this impacted our ability to provide life-saving rescue services since this equipment went missing, the re-certification process for the bit of gear that was recovered will take time. Most of us are volunteers, so the frustration with acts like this, especially when it complicates our ability to conduct rescue operations,

is significant."

CONNECTING WITH OUR COMMUNITY AT THE EDSON TRADE SHOW

Submitted by GYPSD

It was a busy weekend for some central office staff at this year's Edson Community Trade Show. Along with several community engagement events at local schools, the Division is always seeking opportunities to showcase the great happenings and learning options at GYPSD schools.

Nikki Gilks, Special Projects Manager, Christine Van Neck, Director of Transportation Services, and Delany Ueland, HR Specialist, handed out bus safety activity books and games, picture and story books to excited readers, and talked to numerous attendees about the Division's current recruitment of school bus drivers, casual administrative support

staff, educational assistants, and substitute teachers. Additionally, the team spoke of early learning opportunities such as junior kindergarten, kindergarten, FRIM, and the Montessori program at Ecole Westhaven.

The Division's booth was set up beside Parkland Composite High School which had a number of displays showcasing their numerous learning, extra-curricular, and athletic program options, as well as providing live entertainment from their Performing Arts students. Over 2,000 people attended this year's Trade Show.

Edson Trustees Fiona Fowler and Jocelyn Pettitt stopped by as did Principal Debra Boos from Ecole Westhaven, Princi-

pal Steven Ripkens from Niton Central, B.E.S.T. Manager Erin Bezzola and MP Gerald Soroka.

Community engagement is the GYPSD Board's third priority which focuses on:

- highlighting the diverse offering of unique programs and
- assisting GYPSD schools in raising their profile in their community and celebrating students' accomplishments; and
- fostering stronger relationships with all key stakeholders.

GOLFER'S GUIDE

GOLF COURSES MANAGE PESTS TO PROTECT THEIR TURF

Golf courses are valuable green spaces in many communities, and the sport is enjoyed by Canadians of all ages.

We want our favourite course to be healthy, but this requires a lot of attention. Despite best efforts, sometimes golf courses are affected by pests. These can include turf diseases like dollar spot and snow mould, which affect

normal growth of grass and can cause significant turf loss, according to experts. Turf insects feed on the grass and can inflict severe damage. Weeds are also a threat, because they compete with grass for moisture and affect the playability of a course.

To control pests, golf courses practice integrated pest management, using the right tool at the

right time to treat an infestation. This includes pesticides, which are regulated by Health Canada to ensure they are safe and effective in controlling the pests they are designed to target. They help maintain healthy vegetation and playing surfaces, and also offer many environmental benefits.

Golf courses are often located in urbanized areas

and can be valuable green spaces that help preserve habitats for wildlife and waterfowl. Data show that healthy turf and trees act as natural air conditioners by producing large amounts of oxygen, while removing carbon dioxide. Did you know that healthy turf grass can sequester almost 900 kilograms of carbon per hectare each year?

NEWS RELEASE FROM OPTPS

Submitted By MJ Suntjens

Ol' Pembina Tractor Pull Society held its 2023 Farmer Day Tractor Pull on June 10 & 11, at their new location west of the Pembina River.

It was a very successful weekend with 43 tractor entries from Sangudo, Rochfort Bridge, Whitecourt, Spruce Grove, Stony Plain, Westlock, Barrhead, Strathcona Co, Sherwood Park, Calmar and Ardrossan. The new track was in excellent shape and held out well during the two-day pull. For an added attraction, there was a 4x4 truck pull.

Feature Tractor, 1947 Cockshutt 30 Narrow Front Row Crop, owned by Terry Dietrich, Barrhead, AB.

Terry quotes: "This tractor is a Flat Back (without live PTO) with a Belt Pulley & High/Low Trans/Shifter. Tractor weighs 3990 lbs, was originally bought new in southern Alberta. I got it in 2009 from the original family that moved to the Clear Lake area, it was not running and in rough condition. In 2012, the tractor was completely restored and has been to many tractor pulls since."

With good community attendance, gracious sponsors, dedicated members

and volunteers the event was one to remember! OPTPS was honored to have our MP Gerald Soroka participate in the tractor pull, which Gerald thoroughly enjoyed!

Conrad Caves & family were on site with their concession booth serving up a wide variety of good food. The Ste. Anne West Rural Crime Watch 50/50 draw was won by Lyle Kause, \$170.00.

Many donated prizes were drawn; won by both participants and public in attendance.

Local wood burning artist Onna Klassen "The Rusty Woodburner" held two draws of her Artwork depicting history of our Tractor Pulls. Each day concluded with a delicious meal, prepared by West End Meals on Wheels Society for participants, sponsors and community volunteers.

Our next tractor pull will be our Mid-Summer Pull, August 12 & 13.

In between annual tractor pull events, OPTPS will host a 4x4 and 2wD Truck Pull Fundraiser on July 22 & 23. (Watch for posters with Truck Pull info.)

HELPING KIDS IMPROVE THEIR MENTAL HEALTH IN SCHOOLS

Submitted by Government of Alberta

Alberta's government is expanding mental health supports in schools to support positive mental health outcomes for children and youth.

Children and youth in Alberta deserve to be supported in improving their mental health, building resiliency and living healthy lives. As part of building Alberta's recovery-oriented systems of care, Budget 2023 provides \$4 million to expand the Integrated School Support Program (ISSP) so more young Albertans can build resilience and improve their mental well-being.

Led by the Calgary Police Youth Foundation, the ISSP offers critical supports that range from meal programs and structured physical education to after-school care and access to a mental health professional.

"When it comes to youth mental health, prevention and early intervention are critical. We're proud to partner with the Calgary Police Youth Foundation to expand mental health supports to schools across the province, where they can make a real difference in the lives of young Albertans."

Nicholas Milliken, Minister of Mental Health and Addiction

"Every student deserves to go to school and experience positive mental health, which is why our government is committed to continuing to work across ministries to develop critical programming and resources to ensure that all students are supported. Programs such as ISSP, among many other government-fund-

ed mental health projects across the province, are all valuable building blocks for a student's success in and out of the classroom."

Adriana LaGrange, Minister of Education

This funding is in addition to recently announced funding of \$10 million to expand CASA Mental Health Classrooms, a classroom-based program where students with complex mental health needs receive individual and group therapy. Through this program, students are supported by a team of mental health professionals, including a therapist, psychiatrist and behavioural specialist. In total, through Budget 2023, Alberta Mental Health and Addiction is providing \$14 million to expand mental health supports in schools across the province.

"The services offered through the Integrated School Support Program mean all students have daily access to nutrition, physical education, professional mental health services, after-school care, and access to police officers who are supportive and trusted adults – all without leaving their school. The goal is to improve the social, emotional and physical well-being of students and help them thrive in every area of their lives."

Bonita Croft, board chair, Calgary Police Youth Foundation

"The Calgary Board of Education has seen first-hand the benefits of the ISSP at Patrick Airlie School and most recently at Radisson Park School. Through the support and wraparound services, we can address a variety of needs for this

diverse community and ultimately improve academic performance, as well as the social, emotional and physical well-being of students."

Laura Hack, chair, Calgary Board of Education

The \$4-million expansion of ISSP will take place in two phases. The first phase will include expanding the program to 10 more schools in communities across the province. ISSP is expected to be available in the following schools later this spring:

- George Davison Elementary School in Medicine Hat
- G.H. Dawe School in Red Deer
- Lawrence Grassi Middle School in Canmore
- Mother Teresa School in Medicine Hat
- St. Bernadette Catholic Elementary School in Edmonton
- St. Elizabeth Seton Catholic Elementary/Junior High School in Edmonton
- St. Nicholas Catholic Junior High School in Edmonton
- St. Paul School in Lethbridge
- W.A. Day Elementary School in Fort Macleod
- Wheatland Elementary School in Strathmore

While ISSP focuses on prevention and early intervention, children who need additional help will be referred through 211 to other services in their community. Alberta's government recently doubled funding for 211, from \$7.5 million to more than \$15 million over three years, to meet growing demand and introduce specialized navigation supports that provide families with referrals to critical community-based supports, including mental health and addiction ser-

vices, primary care and social services.

An additional \$2.3 million over three years has been allocated to evaluate the impact of ISSP and other child and youth mental health supports provided through the Child and Youth Health Services Initiative. The evaluation will be led by the University of Calgary's Mathison Centre for Mental Health Research and Education, and findings will inform and improve the delivery of mental health services for children, youth and families across the province.

Budget 2023 secures Alberta's future by transforming the health care system to meet people's needs, supporting Albertans with the high cost of living, keeping our communities safe and driving the economy with more jobs, quality education and continued diversification.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

ANSWER:
