'EXTRA' CURRICULAR OPPORTUNITIES BUILD COMMUNITY, PRIDE, AND CONFIDENCE

Submitted by GYPSD

Along with excellence in academics, GYPSD schools offer a range of extra-curricular options for students to enjoy and excel in.

Grand Trunk High School in Evansburg has a proud history of sports excellence and this year's junior girls' volleyball team is keeping up with tradition. The team consists of 13 girls in Grades

8 and 9, and are led by three community coaches, Angela Miko, Marin Hindes and Brian William, and Grade 10 student Alissa Miko who is serving as the team's manager.

At the recent 2J zones tournament at Ecole St. Joseph School in Whitecourt, the team were a powerhouse throughout the majority of the tournament and forced a rematch for

the gold win in the third set against Holy Trinity Academy from Drayton Valley.

Congrats to all the coaches, parents, and players on the victory.

And congratulations to all our volleyball teams from across the Division from Jasper to Evansburg who participated in the GYAC tournament in Hinton on November 15th!

2024 CANADA SUMMER JOBS APPLICATION FOR EMPLOYERS

Submitted by MP Gerald Soroka

Gerald Soroka, Member of Parliament for Yellowhead wishes to advise that Canada Summer Jobs 2024: Application period for employers was launched to-

day. Employers from not-for-profit organizations, the public sector, and private sector organizations with 50 or fewer full-time employees in Canada can apply for funding until January 10, 2024, to hire young Canadians next summer.

Full-time job placements will become available starting in April 2024.

CSJ 2024 will aim to create 70,000 summer jobs for young Canadians, with an emphasis on creating jobs for youth facing

2024 Canada Summer Jobs Application For Employers

Continued from Page 1

barriers to employment. The priorities for CSJ 2024 are:

- Youth with disabilities or with organizations that provide services to persons with disabilities;
- Youth that are underrepresented in the labour market, including:
 - Black and other racialized youth
 - Indigenous youth
 - 2SLGBTQI+ youth
- Youth in rural areas, remote communities, or official language minority communities;

- Jobs that provide exposure or experience related to the skilled trades, which may include opportunities in the residential construction sector; and
- Sustainable jobs that support the protection of the environment or delivering positive environmental outcomes.

Employers interested in applying for CSJ 2024 funding are encouraged to submit their applications electronically on the Grants and Contributions Online Services (GCOS) portal. Creating a GCOS account is a one-time process that

allows organizations to apply for various Employment and Social Development Canada funding opportunities in a secure web environment.

ST. ALBERT RCMP INVESTIGATE ARMED ROBBERY TO CASINO

Submitted by St. Albert RCMP

On Nov. 12, 2023 at 3:52 p.m. St. Albert RCMP received a report of an armed robbery to the Century Casino in St. Albert. A lone male entered the casino, produced a firearm and demanded money.

The suspect left the casino and entered a Dark coloured Jeep Cherokee.

Police area not disclosing the amount of money taken. While RCMP investigate, we are asking for public as-

sistance in identifying the suspect.

The suspect is described as:

- Light complexion
- In his 40's
- Approx. 5 foot 5 inches tall
- Wearing a black mask, black ball cap, black gloves, dark jacket, black hoodie, blue jeans.

If you have any information about this crime or those responsible, please call the St. Albert RCMP at 780-458-7700.

JOKE of the week

Lauren was frustrated. She had complained dozens of times to her daughter about her newest gag of kissing the bathroom mirror immediately after applying lipstick, but it was all to no avail. Finally, one day after spending a half hour scrubbing the mirror, only to find another kiss mark an hour later, Lauren had enough. "Lizzy!" she hollered, "What?" came her daughter's reply through her bedroom door. I can't find the toilet brush that I've been using to clean the bathroom mirror. Do you have any idea where it is?" After hearing the gagging from behind the bedroom door, Lauren knew her days of cleaning kiss marks off of mirrors were over.

THWART-OFF CYBER CRIME THIS HOLIDAY SEASON

Submitted by Alberta RCMP

The holiday season is just around the corner, which means more and more people will be shopping for presents. Online shopping has become an increasingly popular and convenient way to find deals and cross things off our lists. With both Black Friday and Cyber Monday taking place this month, many Albertans will be handing out their credit card details in exchange for deals this month.

In the Alberta RCMP's jurisdiction in 2022 there were a total of:

- 34 reports of unauthorized use of credit card data (4 in November and 2 in December);
- 726 reports of Theft, Forgery, Misuse of Credit Card (53 in November and 47 in December);
- 1,796 reports of Fraud (money/property/security) greater than \$5,000 (183 in November and 150 in December); and
- 5,653 reports of Fraud (money/property/security) less than or equal to \$5,000 (445 in November and 401 in December).

The Alberta RCMP reminds all online shoppers to protect their personal and financial information making online purchases.

Here are some tips to protect yourself while shopping online:

- Don't reuse passwords; change them often, and be sure to use a combination of letters, numbers, and special characters to create a strong one!
- Many websites, especially social media platforms, offer the option of multi-factor authentication. Multi-factor authentication makes it more difficult for criminals to access your accounts by needing more than one piece of identifying information.
- Review privacy set-

tings regularly in order to control who can see what personal information is posted to your profile.

- Don't purchase anything using public Wi-Fi; shop using your own data connection or a trusted network.

- Buy from reputable sources and don't let unbeatable prices cloud your judge-

ment. Research retailers before purchasing.

- Install updates on your devices as soon as you're prompted. Updates fix security issues.

- Phishing is a commonly used tactic for cyber crime. Phishing messages ask you to validate information by clicking links and may threaten you with legal

action. Verify legitimacy by calling the company directly.

Follow our social media accounts on Twitter @RCMPAlberta and Facebook @RCMPinAlberta, and check out #CyberSafety online for more tips.

MINISTER'S YOUTH COUNCIL MEMBER FROM GTHS

Submitted by GYPSD

Jazlynn Mochniuk is looking forward to getting her post-secondary journey started. Currently in grade 11 at Grand Trunk High School (GTHS) in the Hamlet of Evansburg, Jazlynn is excited to pursue her dream job - working on a global platform to address the obstacles facing young women and girls who do not have access to oppor-

tunities - opportunities for education, safety, supports, and meaningful employment. As Jazlynn recently shared, she is "passionate about equity."

Jazlynn is also a member of the Superintendent's Youth Council (SYC) and worked with her school's team to complete a research project for her school.

After a year of learning how to create a survey, collect and analyze data, and

use that data to inform an action plan for school improvement, Jazlynn and her SYC peers proposed that GTHS create a welcoming space at the school for students. The proposal was accepted, and this year the SYC cohort is looking to deepen their action-research skills.

Principal Heidi Zadrety was very impressed by the action proposal and was not surprised to hear

that Jazlynn had been appointed to the new Minister of Education, Demetrios Nicolaides' Youth Advisory Council. "Jazlynn is an exceptional student; she is hard-working, compassionate, and cares deeply for her peers. She is going to represent our small rural school so well; we are so proud of her."

IS IT TIME FOR YOUR MAMMOGRAM?

Submitted by Alberta Health Service

Screen Test is coming to Evansburg December 11 & 12, 2023

Screen Test is a free service provided by Alberta

Health Services that offers screening mammograms. Our mobile screening units travel to 121 communities throughout Alberta to provide convenient access to breast cancer screening.

Having regular screening

mammograms is the best way to find breast cancer early, before symptoms appear and when treatment may work better.

Who should have a screening mammogram?

If you're 45 to 74, you

don't need a referral to have a mammogram. Make screening part of your regular health routine. Plan to have a mammogram every 2 years or as decided by you

Continued on Page 6

SCREEN TEST

Things to Consider When Choosing a Live Christmas Tree in Canada

adapted from information provided by Certified Arborist Toso Bozic

Types of Christmas Trees in Canada

Each type has unique characteristics that can influence the overall look, scent, and longevity of the tree.

- **Balsam Fir:** Known for its pleasant fragrance, this tree is a favourite among Canadians. Its dark green needles and symmetrical shape are great for ornamentation, and its needles are smooth and not prickly.
- **Spruces:** Prickly short needles have an incredible ability to keep ornaments hanging well, and pets may be deterred from interacting with the tree due to the prickliness. Spruces are resilient and adaptable.
- **Pines:** A great choice due to its aroma and long needles. The stiffness of its branches are excellent for ornaments.

TIP: Choose locally grown trees! If harvesting a tree from Crown land, ensure you get a permit from alberta.ca/tree-cutting-permits.

Choose the right size tree: measure your room height, and take into consideration your tree stand height. Consider the width of the tree, as well as the size and weight of your ornaments.

Test freshness: check for needle flexibility, colour, fragrance, moisture content, and needle retention.

Fire safety: keep the tree watered so that it doesn't dry out and become a fire hazard. Top up the water twice daily so the base of the tree never dries out. Your tree will drink several liters of water daily for the first 1-2 weeks. Avoid putting Christmas trees near direct heating sources such as fireplaces, furnace vents, or sunny windows.

Find the full **Christmas Trees in Canada** fact sheet (with key Christmas Tree tips!) at yhcounty.ca/yardwhispers

Is It Time For Your Mammogram?

Continued from Page 4

and your healthcare provider.

If you're 40 to 44 or over 75, discuss the risks and benefits of screening with your healthcare provider. You will need a referral if you're 40 to 44 and it's your first mammogram, or if you're over 75.

Call 1-800-667-0604

(toll-free) to book a mammogram with Screen Test.

Breast density scores are now included in your Screen Test result letter

Breast density is the amount of dense tissue compared to the amount of fat in a person's breasts. It can be harder to find cancer in dense breasts because this tissue appears white on a mammogram, the same

colour as many kinds of breast cancer. It's common to have dense breast tissue.

Dense breasts are only one of many risk factors for breast cancer. Other factors, such as age and genetics, have a bigger impact on your overall risk. You can't tell how dense your breasts are by size, look or feel. The only way to find out is by having a mammogram.

Talk to your healthcare provider about your breast density score and your personal risk of breast cancer. Learn more about breast density on screeningforlife.ca

For more information on Screen Test and breast cancer screening, visit screeningforlife.ca

BULLYING AWARENESS WEEK: MINISTERS TURTON, NICOLAIDES

Submitted by Government of Alberta

Minister of Children and Family Services Searle Turton and Minister of Education Demetrios Nicolaides issued the following statement on Bullying Awareness Week:

"Bullying can happen to anyone, of any age. The long-term health and social impacts can be challenging to overcome and make people feel power-

less and alone.

"That's why it's important for all of us to learn how to recognize and prevent bullying, as well as support victims and help them find resources if they're struggling. Alberta's Bullying Helpline is available 24-7, in more than 170 languages. Albertans can get help by calling or texting 310-1818 or by connecting with trained staff at any time online."

Searle Turton, Minister

of Children and Family Services

"Everyone deserves to feel safe no matter where they are, whether that's at home, in our schools, at work or online. We can ensure our communities are safer for everyone by standing up to bullying and letting those around us know there are people and resources to help.

"This year's theme, #WhereToTurn, encourages everyone to raise awareness that help is

always available. Get involved by using the hashtag on social media, starting a discussion with your friends, family or coworkers about how to intervene, and taking part in anti-bullying events at your school. Let's work together to promote safe, healthy and respectful relationships."

Demetrios Nicolaides, Minister of Education

ED TECH RESOURCES

Submitted by GYPSD

Did you know that the Tech Team - which includes a Tech Lead Teacher at every GYPSD school - has a lending library with over 20 resources and activity ideas teachers can access to enhance learning and engagement with curriculum?!

In October, Ed Tech Supervising Teacher Kandis Gilks hosted this year's Ed Tech cohort to ensure everyone new and returning was familiar with the in-

ventory and had an opportunity to consider how the various resources supported skill development alongside literacy and numeracy practice while enriching the outcomes in the new curriculum. In November, the Ed Tech team received an in person Class VR training session and explored GYPSD's new Class VR Virtual Reality Goggles.

The grade 5/6 students at Evansview Elementary got to explore that technology with the Makey Makey de-

vices loaned from GYPSD's extensive Ed Tech Digital Lending Library.

The Makey Makey technology turns everyday objects into a touchpad with circuits; an invention kit designed to connect everyday objects to computer keys. Using a circuit board, alligator clips, and a USB cable, the toy uses closed loop electrical signals to send the computer either a keyboard stroke or mouse click signal. The students had playdough to connect

their circuits to. In music class, students played the bongos - discussing tempos and practicing different tempos. They then made a more complicated circuit to play the piano.

Afterward, students had free time to explore different apps like soccer, Etch a Sketch, and pinball!

IMMUNIZATION AND THE HOLIDAYS

Submitted by Alberta Health Services

This holiday season, Alberta Health Services (AHS) reminds Albertans to stay safe and protect themselves during respiratory virus season. The circulation of respiratory viruses is normally highest in the fall and winter. One of the best ways to do that is getting the influenza and COVID-19 vaccines.

AHS continues to offer influenza and COVID-19 vaccines, free of charge, to all Albertans six months of age and older.

Why immunize?

When you get immunized or get a vaccine, it

starts your body's natural immune response to a disease. Your body begins to make antibodies that protect you against the disease before you have contact with it. This is the process of becoming immunized or building immunity.

Without a vaccine, your body likely does not have the antibodies to fight many of the diseases that vaccines can prevent. This means you and your family could get very sick.

Getting immunized lets you build immunity against disease before being exposed to it. Immunization helps your body fight the dis-

ease faster and can prevent you from getting the disease. It also helps prevent diseases from spreading to others.

Who can get immunized?

AHS offers immunization through public health clinics to:

- Children six months of age to under five years of age and their family and household members.

- Individuals who do not have a provincial healthcare number.

- Individuals who live in a community where there are no other immunizing healthcare providers.

- Individuals with booked appointments for other immunizations.

Albertans can also get immunized at:

- Local pharmacies. Available for Albertans five years of age and older. Check to confirm vaccine availability.

- Doctors' offices. Some doctors are offering influenza and COVID-19 immunizations. Check to confirm vaccine availability.

Spread joy, not germs

There are several ways you can prevent getting sick over the holidays including:

- Washing your hands with warm water and soap or use an alcohol-based hand sanitizer often.

- Covering your cough or sneeze into your arm or a tissue, not your hand.

- Staying home or away from holiday gatherings when you are sick.

When you and your family get immunized with a vaccine, you're protecting yourselves and helping to build your community's protection against diseases. To learn more and to book an appointment, visit ahs.ca/vaccine, call 811, or text 'flu' or 'COVID' to 88111.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

ANSWER:

No Job too small. We do them all!

Harvey cell. 780-445-9010 ph. 780-892-3532
 Box 145, Darwell, AB. T0E 0L0

We now carry Manuli! They are a European manufacturer and they engineer it all in Europe. All of their product is produced in their own factory, no outsource. Adding this in we have been able to gain access to many of the European fittings that have become much more common in North America.

BSPB, Metric Din, Metric cone, JIS.

These fittings are clear across all brands John Deere, Case, New Holland, JCB, Fendt, Massey Ferguson. Many of the implements that have been sold in the last few years have also used these predominantly European fittings.

We offer these services

- CVIP Inspections
- Hydraulic hose crimping and thousands of adapters in stock.
- A/C Repair
- Espar and Webasto Repair, Installation.
- Engine Repair and Rebuilding.
- Power train/Driveline repair and service.
- Suspension and frame repair.
- Two Fully equipped service trucks for mobile needs.

WE STOCK PARTS FOR ALL MAKES AND MODELS OF TRUCKS, DRIVELINE & ENGINES.

We repair

- Truck Transport
- Heavy Equipment
- Automotive
- Industrial
- School Bus
- Agriculture
