A little boy returned from Sunday school with a new perspective on the Christmas story. He had learned all about the Wise Men from the East who brought gifts to the Baby Jesus. He was so excited he could hardly wait to tell his parents.

As soon as he arrived home, he immediately began, "I learned all about the very first Christmas in Sunday school today! There wasn't a Santa Claus way back then, so these three skinny guys on camels had to deliver all the toys! And Rudolph the Red-Nosed Reindeer with his nose so bright wasn't there yet, so they had to have this big spotlight in the sky to find their way around!"

# ALBERTA IS OPEN FOR BUSINESS!

Submitted by MLA Shane Getson

This past week, our province witnessed a week of economic success unlike anything we have seen in recent years, starting with a very positive second quarter fiscal update.

According to the update, Alberta continues to be on a path of strong economic growth, with a projected surplus of \$5.5 billion in 2023-24, an increase of \$3.2 billion from the original forecast in Budget 2023. Despite fiscal improvements, our government remains laser-focused on reducing the province's debt burden and will pay down a forecasted \$3.2 billion in debt this fiscal year.

"Alberta continues to stand out as a leader when it comes to fiscal stability and economic resilience amid so much global uncertainty. Our second-quarter fiscal update is another positive report, showing strength in Alberta's finances and economy and positioning us for future growth and prosperity," Finance Minister Nate Horner said, following the update.

While Alberta's balance sheet is strong and resilient, our government continues to prioritize responsible economic management in the wake of ongoing global uncertainty. As we begin preparations for Budget 2024, our government remains focused on responsible spending and Albertans' core priorities. We will also continue implementing business-friendly policies that help create jobs and attract investment.

Also, this past week, Albertans celebrated Dow's landmark Path2Zero project in Fort Saskatchewan. At nearly \$9 billion, the Dow Path2Zero project is Alberta's largest private sector investment in the past 15 years. This project will create approximately 6,000 high-paying jobs during peak construction, and approxi-

mately 400-500 permanent high-paying jobs, once it is finished. Path2Zero is the world's first net zero Scope 1 and 2 greenhouse gas emissions integrated ethylene cracker and derivatives site, meaning it is aiding both our province's path to more sustainable industrial practices while at the same time enabling further economic growth and development.

Last but certainly not least, Alberta is still calling. This past week, we learned that, in No-

vember alone, Alberta gained 8,900 more jobs. This means that over the past 12 months, our employment has grown by 4.1 per cent, well above the national average of 2.5 per cent. This is due, in part, to our government's investment-friendly policies that have inspired job creators to set-up shop and expand their operations in Alberta. We are committed to continuing to build relationships with Alberta businesses and industry to ensure our prov-

ince continues to create jobs, attract investment, and be the best place in the world to live, work, and raise a family.

With 2024 on the horizon, our government remains focused and dedicated to creating jobs, attracting investment, and growing and diversifying the economy to better the lives of everyday Albertans.

More good news and our best days are still ahead!

# CONFIRMED HEPATITIS A CASE PROMPTS PUBLIC ALERT IN EDMONTON ZONE

Submitted by Alberta Health Services

Alberta Health Services (AHS) has confirmed a case of hepatitis A in a food handler working at two Edmonton Zone restaurants inside the Edmonton International Airport: Belgian Beer Café (1000 Airport Rd) and Boston Pizza (1000 Airport Rd).

Individuals in Alberta who consumed food or drink purchased from the above locations between the below dates and times may have been exposed to hepatitis A and should:

- Call Health Link at 1-888-851-1919 immediately. Health Link staff will assess your exposure risk and help book you in for a preventive hepatitis

A vaccine if you are eligible. A vaccine, given after exposure, can prevent development of hepatitis A illness.

- Monitor for symptoms for 50 days after potential exposure.

If you live outside of Alberta and were potentially exposed, please contact your local public health office for assistance.

Dates of potential exposure:

- Belgian Beer Café (1000 Airport Rd, Edmonton International Airport)

- October 5 from 2-9 p.m.

- October 7, 8 or 11 from 4:30 p.m. to 12:30 a.m.

- October 12 from 1-8 p.m.

- Boston Pizza (1000 Airport Rd, Edmonton International Airport)

- October 1 from 10 a.m. to 6 p.m.

- October 7 from 10 a.m. to 4 p.m.

- October 8 from 11 a.m. to 4 p.m.

Preventive immunization:

Individuals who call Health Link at 1-888-851-1919 will be advised of eligibility for immunization. Immunization can only be provided within 14 days after an exposure and can prevent illness from occurring. Individuals who have already been infected with hepatitis A or received their hepatitis A vaccine series are not at risk from this exposure.

Monitor for Symptoms:

Anyone who believes they may have been exposed is also advised to monitor for symptoms of hepatitis A for up to 50 days after they last ate at either

restaurant, as illness can occur from 15 to 50 days after exposure. Hepatitis A is an infection of the liver caused by a virus.

Symptoms include tiredness, poor appetite, nausea and vomiting, abdominal pain, fever, dark-coloured urine, light-coloured stools, and yellowing of eyes and skin. Some people, especially young children, may get hepatitis A infection without noticing any symptoms; however, they are still infectious to others.

Exposed individuals who develop symptoms during the above timeframe are advised to immediately contact Health Link at 811 for assessment and to prevent further spread of disease.

# SUDOKU

*of the week*

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**Like puzzles?** Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

**ANSWER:**
