PARKLAND RCMP INVESTIGATE A SERIOUS MOTOR VEHICLE COLLISION

Submitted by Parkland RCMP
On March 23, 2024, at approximately 2:46 p.m., Parkland RCMP received a report of a major collision

on Highway 16a, at the intersection of Nelson Drive, in Spruce Grove. Though circumstances surrounding the collision are still under investigation, preliminary findings suggest that

a Stony Plain Community Peace Officer attempted a traffic stop with a red sedan who was driving at a high rate of speed. The vehicle, that was near a red light

BUCKET FILLING

Submitted by GYPSD
All year, Evansview students have been very keen to fill their school's bucket by acts of kindness that "fill someone else's bucket". So what is bucket filling?
Inspired by the story, How

Full is Your Bucket: For Kids, the staff and students at Evansview have explored the hundreds of wonderful ways people can fill buckets. The language of bucket filling has become synonymous with being kind and thoughtful. Every time staff

see a student filling someone's bucket, they get recognized with a star in the EVANSVIEW BUCKET.
When the Evansview bucket is VERY full, the students know that means it's time for a reward.

Parkland RCMP Investigate A Serious Motor Vehicle Collision

Continued from Page 1

on Calahoo Road, turned onto Highway 16a west-bound while failing to stop at the red light and accelerated to a high rate of speed. The vehicle approached a red light at Nelson Drive, failed to stop and collided with a minivan.

As a result of the collision,

the male driver and female passenger of the minivan, both residents of Spruce Grove, were brought to the hospital with serious, life-threatening injuries. The driver and passenger of the sedan were brought to the hospital with serious but non-life-threatening injuries.

Parkland RCMP would like

to inform the public that they will be investigating every element surrounding the collision and, should it be warranted, will lay the appropriate charges.

Alberta RCMP's thoughts are with the friends and loved ones of those fighting for their lives.

Bucket Filling

Continued from Page 1

Students were very excited to welcome the Grand Trunk High School's PE 10 class who built a six-station obstacle course and then led each of the Evansview students through the course. The Grand Trunk Grade 10's demonstrated

their leadership skills while helping Evansview students see the rewards of helping others.

Actions to fill a bucket:

- show that you care about someone.
- say or do something kind.
- give someone a heartfelt smile.

- use names with respect.
 - help without being asked.
 - give sincere compliments.
 - show respect to others.
- Building a stronger community together!

JOKE of the week

A dentist a nurse and a army general are flying. The dentist decides to drop a tooth brush out of the plane. The nurse drops down a medical kit and the army general drops a bomb. They land the airplane and see what happened...

First they found a guy looking for his false teeth.
Next they found a guy bandaging his wounds.
Lastly they found a young boy laughing his head off.
They asked him what happened and he said, "My grandfather farted and blew up his house."

FUEL TAX RELIEF: MINISTER HORNER

Submitted by Government of Alberta

President of Treasury Board and Minister of Finance Nate Horner issued the following statement on Alberta's fuel tax relief program:

"Two years ago, the Government of Alberta introduced the fuel tax relief program to help Albertans facing high prices at fuel pumps. Since then, the program has saved drivers more than \$2 billion and helped slow the rise of inflation in our province.

"The fuel tax relief program is designed to save Albertans money when oil prices are high and bring in needed government revenue when oil prices drop. Since oil prices averaged

below \$80 per barrel during the most recent quarterly review period, the provincial fuel tax for gas and diesel will be 13 cents per litre starting April 1.

"Revenue from the provincial fuel tax helps fund the programs, services and infrastructure Albertans rely on every day. In 2024-25, fuel tax revenue is forecast at \$1.4 billion, which will help fund everything from better roads to improved health care and more supports in the classroom to continue to meet the needs of our growing population.

"Albertans will continue to pay some of the lowest fuel prices in the country even after the fuel tax rate takes effect. As of mid-March, gas prices in Alberta remained 11 cents below the nation-

al average and were a full 22 cents lower than when we first announced the fuel tax relief program in March 2022.

"Alberta's government is committed to following through with the rate schedule we laid out for the fuel tax relief program last year. When oil prices go back up, the fuel tax rate will come back down. If oil prices rise above \$79.99 per barrel, the program will kick back in and the fuel tax rate will drop.

"We will continue to review the fuel tax on a quarterly basis and provide another update before the end of June."

Land Use Bylaw ReDesign

We want to hear from you! As part of a regular and ongoing process, Parkland County is updating the County's Land Use Bylaw (LUB) in an effort to streamline regulations and create clear and transparent decision-making processes for development in the county. Phase 2 engagement activities for the project are coming soon! Join us for the following activities

In-person Drop-in Open House

- April 3, 2024 from 5PM to 8PM (Parkland County Centre)
- April 10, 2024 from 5PM to 8PM (Entwistle Community Recreation Centre)

For project updates and future engagement opportunities visit yourparkland.ca/lub

THE RECOVERY COMMUNITY IN GUNN, ALBERTA

Submitted by MLA Shane Getson

MLA Getson, thank you for your email regarding an update of the recovery community in Gunn, Alberta, and upcoming employment opportunities at the facility.

Alberta's government is transforming the McCullough Centre in Gunn, about 80 kilometres northwest of Edmonton, into a recovery community. The McCullough Centre was historically a housing facility that offered mental health and addiction services for men living with homelessness and was supported by funding from the previous Ministry of Community and Social Services. Since February 2021, this facility has been vacant. Alberta's government is repurposing the facility to support long-term intensive addiction treatment as part of its urgent response to the deadly disease of addiction.

Once completed, the 100-bed recovery community in Gunn will employ approximately 100 therapeutic and support staff and will have the capacity to support up to 400 Albertans per year. Participants can stay up to one year at no cost and take part in programming that helps them improve their health, relationships and skills to support their recovery and thrive in all areas of their lives.

Construction at the recovery community is substantially complete; the project is in the final stages and is expected to open in summer 2024.

For employment opportunities, interested applicants can contact Sarah Clunes, who is leading the facility's human resources effort. Sarah can be reached by email at sarah.clunes@rosolutionsgroup.ca or by telephone at 780-863-4482.

Please contact my office, or me, if you have any questions.

HOW TO HANDLE CAR TROUBLE WHILE DRIVING

Sudden car trouble is something no driver wants to experience, but many a driver has been driving down the highway only to feel his or her vehicle start to sputter. Such sputtering might indicate a car is running low on fuel, or it could be a sign of something more serious that requires motorists to think as quickly and safely as possible.

When car trouble strikes while a vehicle is on the road, the first thing many drivers do is check their fuel gauges. A car that runs out of gas is certainly inconvenient, but if you can pull over to the shoulder or make it to the nearest filling station, then this unfortunate situation

can be remedied rather easily. But when a car's tank is full and it is still showing signs of trouble, drivers must take steps to protect themselves, their passengers and their vehicles. The following are a few simple tips motorists should keep in mind so they can safely handle any car trouble that may arise while they are out on the road.

- Keep a first-aid kit, spare tire and tire jack in the car at all times. Flat tires are no fun, but they are even more of a nuisance when drivers are not prepared to address them. Always keep a jack and spare tire in your car, even if the spare is a donut you can temporarily use

to replace a flat tire until you make it to a filling station or automotive supply store. As an added safety measure, keep a fully stocked first aid kit in your vehicle in case you cut yourself while changing the tire or need to address another medical situation. Visit www.redcross.org for a list of items to include in your automotive emergency kit. Keep a blanket in the trunk as well so your passengers can stay warm should you experience car trouble on a cold day or night.

- Make note of your surroundings. Some car troubles can only be fixed by the professionals, so pay careful attention to your sur-

roundings in case an issue arises and forces you to pull over and call for help. Always pay attention to mile markers and any landmarks that might help you describe where you are. Car troubles can strike at any time and anywhere, so be sure to pay special attention to your surroundings when driving in unfamiliar areas.

- Pull over. Don't panic if an issue arises suddenly. Remain calm and pull over onto the shoulder. The right shoulder is the area for pulling over on most roads, but you may also use the left shoulder on multilane highways with medians.

How To Handle Car Trouble While Driving

Continued from Page 6

Try to get as far away from traffic as possible without driving off of level ground, and always use your signals when pulling onto the shoulder. If the vehicle can't make it to the median, put your emergency flashers on and get out of the car, moving away from both the vehicle and traffic. Immediately call for emergency roadside assistance, alerting the authorities if need be.

Use flares or triangles to alert other drivers. So long as you are not risking your well-being, you can place flares and/or warning triangles behind your vehicle so oncoming traffic knows

to drive around it. The popular not-for-profit motor club AAA recommends placing the first flare or triangle 10 feet directly behind the side of the vehicle that is closest to the road. The second should be placed between 30 and 60 feet (increase the distances as the posted speed limit increases) behind the middle of the bumper, while the third flare or triangle should be placed between 120 and 360 feet behind the vehicle's right side.

Stay with the vehicle. Once you have called for help and set up flares or triangles, stay with the vehicle, though do so at a safe enough distance so you are

not in harm's way.

Sudden car troubles can be scary, but drivers who approach such issues calmly

and quickly can reduce their risk for accident or injury.

MAJOR HIGHWAY UPGRADES KEEP ALBERTA MOVING

Submitted by Government of Alberta

Budget 2024 includes \$1.9 billion for planning, design and construction of major highway and bridge projects.

Alberta Transportation and Economic Corridors is investing in the provincial highway network to keep Albertans safe and on the move, now and into the future.

This investment enhances Alberta's competitive advantage by building and improving our economic corridors to provide vital links to markets in and out of Alberta. These projects will increase the safety and efficiency of our provincial highway network, ensuring Albertans spend less time stuck in traffic and more time doing the things they love.

"Alberta's highways connect families and friends and get local products to market. We all count on well-built roads to get where we need to go, and that is why we are investing in major upgrades to our road and bridge network. With smoother and more efficient traffic flows, families can spend less time

on the road and more time together."

Devin Dreeshen, Minister of Transportation and Economic Corridors

Investing in upgrades to the provincial road and bridge network creates thousands of jobs, improves traffic flows and supports the development of the province's major economic corridors. These investments in key projects are vital to ensuring communities across the province have the infrastructure needed to get their goods to new markets and to support the higher traffic counts that come with a growing population.

"Alberta is the fastest-growing province in Canada, so it's imperative we get to work today planning, designing and building the highways and bridges we need for tomorrow. This investment from the Government of Alberta will strengthen the province's transportation network and expand our economic corridors so we can build our businesses, boost our exports, and create good-paying jobs."

Tim Bennett, senior vice-chair,

Alberta Motor Transport Association

As the province continues to grow, so does the need for new and improved highways to get more people and goods to their destination. Expanding Alberta's economic corridors keeps the province connected, strengthens supply chains, and is important for economic growth and diversification. These investments will enhance Alberta's competitive advantage, making it easier to transport goods in and out of the province.

By investing in highways and bridges, Alberta's government is not just improving transportation; but also laying the groundwork for a stronger, more connected Alberta, ensuring prosperity for generations to come.

"ACC is supportive of the capital investments the province is making in major corridors across Alberta, including Highway 3. Improving our economic corridors is critical in ensuring we have stronger supply chains and more efficient movement of goods and people."

Shauna Feth, president and CEO, Alberta Chambers of Commerce

"Strengthening and expanding economic corridors is a strategic priority for the EMRB. By working together, our 13 member municipalities are finding efficiencies so we can ensure people and goods can move seamlessly to, from and throughout the region. The EMRB would like to thank the Government of Alberta for its significant investment in this critical work. As the province's population approaches five million, transportation networks have never been more important."

Karen Wichuk, CEO, Edmonton Metropolitan Region Board

Projects across the province that

are receiving funding include:

- Highway 3 twinning, Taber to Burdett
- Highway 11 twinning, Sylvan Lake to Rocky Mountain House
- Safety and road improvements on Highway 881
- The Highway 22/1A interchange at Cochrane

Continued on Page 11

Continued from Page 10

- Highway 40 Twinning, south of Grande Prairie
- Highway 201 Bow River Bridge on southeast Stoney Trail
- Deerfoot Trail upgrades
- Terwillegar Expansion

Budget 2024 also looks to the future by investing \$151.2 million over three years for 56 engineering projects, with \$100 million in new funding over three years for 36 engineering projects to address future infrastructure needs as our province continues to grow. This will fund projects such as:

- Highway 60 capital improvements
- Highway 40 grade widening between Hinton and Grande Cache
- New intersection/alignment at Highway 16A and Range Road 20
- Highway 2 Balzac Interchange Replacement
- Highway 63 twinning, north of Fort McMurray
- Vinca Bridge replacement

Budget 2024 is a responsible plan to strengthen health care and education, build safe and supportive communities, manage the province's resources wisely and promote job creation to continue to build Alberta's competitive advantage.

Obituaries

Maria Lou, beloved wife of Paul Lou and cherished mother of Anja, Marco, Heidi, and Ingo Lou, passed away peacefully on March 7th, 2024. She was surrounded by her loving family and will be deeply missed by all who knew her. Maria had a profound love for nature, reflected in her passion for gardening. Her green thumb transformed every corner of her garden into a vibrant sanctuary, blooming with life and color. She found solace and joy amidst the petals and leaves, nurturing each plant with care and dedication. Maria's affection for animals was boundless, with a special fondness for horses and dogs. Her home was always open to

four-legged friends in need, providing them with love, comfort, and a forever home. Maria's compassion for animals knew no bounds, and her gentle spirit touched the lives of every creature she encountered.

In addition to her love for gardening and animals, Maria found immense joy in the mountains. She felt most at peace when wandering the hiking trails, surrounded by the breathtaking beauty of nature. In the mountains, Maria found a sanctuary where she could truly be herself, her spirit soaring with each step along the winding paths.

Maria was a devoted wife, mother, and grandmother, whose love and wisdom touched the lives of her family and friends. She leaves behind a legacy of love, kindness, and adventurous spirit that will forever be cherished. Maria's memory will be lovingly carried on by her husband, Paul Lou, her children, Anja, Marco, Heidi, and Ingo Lou, her grandchildren, Nicole, Connor, Cameron, Edda, and Dalton, as well as by her extended family and friends. Though Maria may no longer walk among us, her spirit will live on in the mountains she loved, the

gardens she tended, and in the hearts of all who were fortunate enough to know her. May Maria rest in peace, surrounded by the eternal beauty she so dearly loved.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

ANSWER:

4	2	8	3	9	7	5	1	6
9	6	1	8	5	4	3	2	7
3	5	7	2	6	1	9	4	8
8	3	6	7	1	9	4	5	2
5	7	9	6	4	2	1	8	3
2	1	4	5	3	8	7	6	9
6	9	5	1	2	3	8	7	4
7	4	2	9	8	5	6	3	1
1	8	3	4	7	6	2	9	5

4			9	5				
9								
	5			1				8
8			1					2
	7		6				8	3
2							6	
				3				
	4			5			3	
		3		7		2	9

The Easter Bunny is proud to announce the winners of the **Easter Colouring Contest!**

Our contest was a huge success! There were so many great entries that it was difficult to choose the winners, but after careful deliberation, we made our decision.

Each winner received a gift bag.
