YELLOWHEAD COUNTY LIBRARIES TO OFFER CAEC PREPARATION COURSE THIS SUMMER

Submitted by Yellowhead County Libraries

Recently introduced, the Canadian Adult Education Credential (CAEC) is a high-quality, made-in-Canada education credential that meets industry standards as a replacement for the GED®. The CAEC is for adults who do not have a high school diploma but need an education credential to open new doors to

educational or employment opportunities.

“More and more jobs in our area are requiring candidates to have a high school diploma or an equivalent. Looking at the data, there is an above average need for this in our community. We are well positioned as public libraries to organize and host a preparation course for those who want to write the CAEC tests and advance

their careers” says Robert McClure, Director of Yellowhead County Libraries.

The CAEC tests cover five subject areas: reading, writing, math, social studies, and science. The preparation courses will be informal, with attendees able to receive subject specific help from a qualified instructor. “We recognize that everyone preparing to write the CAEC

AXE THE TAXES FOR SUMMER

Submitted by MP Gerald Soroka

Gerald Soroka, Member of Parliament for Yellowhead, is joining Pierre Poilievre and the Common Sense Conservatives in calling on

Justin Trudeau to pause the carbon tax, the federal gas tax, and the GST for the summer to bring some desperately needed relief for Canadians.

After nine years of Justin Trudeau, Canadians are being forced to can-

cel their summer vacations as the Liberals’ tax-and-spend agenda has made even a simple road trip unaffordable. Parents can barely afford basic necessities, much less a summer vacation.

Yellowhead County Libraries To Offer CAEC Preparation Course This Summer

Continued from Page 1

tests will have different education levels, different strengths and different areas where they require more coaching" McClure continues.

The sessions are scheduled to take place in the

evenings to accommodate those who work during the day and will take place at all three Yellowhead County Libraries. The sessions will begin on July 2nd and run until August 8th.

The sessions will be at 7 PM on Tuesdays in Wild-

wood Public Library, 7 PM on Wednesdays in Evansburg Public Library and 7 PM on Thursdays in Niton Public Library. To register, residents can call 780-325-3882 or visit their closest Yellowhead County library.

Axe The Taxes For Summer

Continued from Page 1

Families will have to pay \$700 more for food this year than they did in 2023. Last year, food banks had to handle a record 2 million visits in a single month, with a million more visits expected in 2024. Homeless en-

campments are common in every city across Canada.

In the middle of this historic cost-of-living crisis, Trudeau and his NDP coalition partners decided to hike the carbon tax by 23 percent. This is just one step in his plan to quadruple the

carbon tax over the next six years, making everything more expensive at the worst possible time. In fact, since Trudeau became Prime Minister, gas prices have surged by more than 50%.

The independent Parliamentary

Continued from Page 2

Budget Officer has confirmed that most families pay more in the carbon tax that they receive in the rebate. This year, Trudeau's carbon tax will cost Albertans an extra

\$2943.

Common Sense Conservatives and I are calling on Trudeau to give Canadians a break this summer by axing the carbon tax, the gas tax, and the GST between

Victoria Day and Labour Day so families can afford to take a simple summer vacation.

This will save Albertans \$955 this summer.

Conservatives will axe the tax on everything for

everyone in a carbon tax election, but until that can happen, Trudeau must adopt this common sense measure to give Canadians a break this summer.

ALBERTA RCMP REMOVE 173 IMPAIRED DRIVERS FROM ROADS OVER VICTORIA DAY LONG WEEKEND

Submitted by Alberta RCMP

From May 17 - 20, your Alberta RCMP conducted enhanced traffic enforcement targeting impaired drivers. In part of National Impaired Driving Enforcement Day on Saturday, May 18, police efforts this past Victoria Day long weekend focused on removing drug and

alcohol impaired drivers from Alberta's provincial roads and highways.

This year, the Alberta RCMP removed a total of 173 impaired drivers from the roads, 42 of which occurred during National Impaired Driving Enforcement Day across 36 organized check stops.

"While we promote safe driv-

ing behaviours all year round, we want to enhance this messaging and our enforcement efforts during holidays or long weekends when more people are out on our roadways," says Sgt. Vinnie Hetu, Alberta RCMP Traffic. "Impaired driving is a danger to yourself and others. Always plan a safe, sober ride accordingly."

The consequences for impaired driving include a 90-day suspension, one year of mandatory ignition interlock, a 30-day vehicle seizure, a \$1,000 fine, and a criminal record.

EDSON RCMP ARRESTED LOCAL MALE FOR BREAK AND ENTER TWICE WITHIN THREE DAYS

Submitted by Edson RCMP

On May 10, 2024 the Edson RCMP received a call for a break and enter in progress at a residence in Edson. The police attended the location right away but the suspect had already fled the scene. Through a swift investigation, the male suspect was located and arrested. After his arrest, the investigator was able to link the suspect to three other incidents in Edson: a residential break and enter from May 7, 2024, a theft from a vehicle from May 8, 2024 and

a mischief from May 9, 2024. Edson RCMP then charged the male with 9 offences across all incidents. The male was brought before a justice of the peace, who released him conditions.

Then, on May 13, 2024, the Edson RCMP received a call for a break and enter in a residence in Edson. A witness identified the person who committed the break and enter; the same male responsible for the above incidents. Shortly after, the male was located and arrested by the Edson RCMP.

As a result of the inves-

tigations, Riley Joseph Belcourt (27), a Yellowhead County resident, was charged with multiple counts, including break and enter, theft and mischief. He was once again brought before a justice of the peace after the May 13 incident and remanded into custody. His next court date is set for June 4, 2024, at the Alberta Court of Justice in Edson.

ALBERTA EXPLORING IMPACTS OF CANNABIS ON YOUTH

Submitted by Government of Alberta

Alberta's government is taking steps to work with drug policy and brain development experts to examine the impact of cannabis use on youth aged 25 and under.

More than five years ago, cannabis was legalized in Canada under federal legislation, making it more accessible to the public for non-medical and recreational use, beginning at age 18. Cannabis edibles, including gummies and candies, which are known to be more appealing to youth and young adults, were also legalized in three provinces including British Columbia, Ontario and Alberta.

Given the available data following legalization,

Alberta's government is working with drug policy experts, doctors, and professors to examine the impacts of cannabis on youth, defined as those 25 and under.

"We owe it to young Albertans and their families to make sure we fully understand the effects of legal cannabis. We're proud to bring together this group of respected health experts to provide insight and advice as we continue to navigate this evolving area of health care."

Dan Williams, Minister of Alberta Mental Health and Addiction

"As cannabis products have become more widely available, we must continue to evaluate their health impacts – particularly

on young people whose brains are still developing. I look forward to working with leading experts from around the world to closely examine the evidence and help inform decisions in the best interest of Albertans."

Blair Gibbs, former advisor to the Prime Minister of the United Kingdom and policy consultant

Alberta's government is providing a one-time grant of about \$280,000 to conduct a review of the available evidence and data regarding the impacts of cannabis use on youth. With this review, Alberta is convening leading experts from the University of Alberta, University of Calgary, Dalhousie University, Harvard Medical School, and the University of Birmingham.

ham.

Following the review, evidence collected could inform future policy changes in Alberta and recommend policy changes to ensure children and youth are protected from the harms of cannabis.

GOLFER'S GUIDE

HELP KIDS LEARN THE GAME OF GOLF

Adults who play golf know just how fun and frustrating the game can be. Whether you're a veteran golfer or someone just learning the links, golf can be challenging.

But as exacting as the game can be, it also can be just as rewarding, even for kids. Children who embrace the game of golf will learn a host of lessons they can apply in all facets of life. A humbling game even for professional golfers, golf can teach kids lessons in humility and the value of persistence even when things aren't going your way.

Golf is also a great way for parents to get kids off the couch and outdoors for some fun in the sun. Instead of spending summer af-

ternoons in front of the television, kids who play golf are out patrolling pristine golf courses while getting some cardiovascular exercise along the way. Golf can also strengthen a child's hand-eye coordination, which can help them in other activities, including many different sports.

Though many people do not begin playing golf until they've reached adulthood, it's never too early for boys and girls to start learning the game of golf. Parents of preschoolers can start their kids off with a toddler play set. Though it's just a toy, a play set can help lay a solid foundation for future golfers. Kids who have watched

Mom and Dad play golf or practice their swing can develop their own swings on their play set.

As kids approach school age, don't overlook the nearby putt-putt or miniature golf range as a valuable teaching tool. Miniature golf clubs are small enough for many children to use comfortably, and kids can use miniature golf courses as a place to put any lessons or advice on putting to good use. What's more, a miniature golf course is more than just golf, with creative courses and other fun activities, so kids won't feel overwhelmed with golf.

When kids move on from preschool to elementary school, some

might want to tag along with Mom or Dad to the driving range. You should try to avoid overwhelming kids with too much instruction or information. Instead, keep things as simple as possible, teaching them the basic swing and encouraging them no matter how quickly they adapt.

As kids enter middle school and approach high school, those who are enjoying the game of golf can take advantage of the driving range if they haven't already begun to. A driving range typically has markers that indicate the distance of a regular hole, regardless of which tee you will play from on an actual golf course. Kids can aim for holes at shorter distances to learn how far their drives are going. You can then adjust the lessons you teach your children based on how far youngsters can drive the ball.

As a child gets closer to high school, you might want to buy the child his or her own set of clubs. Look for inexpensive clubs (oftentimes, thrift stores or other secondhand retailers have clubs for sale) because growing children will eventually grow out of their first set of clubs. When your child finds a set of clubs that suits him or her, teach the proper way to swing and consider signing up your son or daughter for lessons. Those first few lessons can prove invaluable, turning a pastime into a passion kids will carry with them throughout their lives.

DEVON DAYS

Celebrating the world from the prehistoric Dinosaurs to the Wild West to the Hippie/Disco Eras to the 21st Century and onward to Infinity & Beyond Ideas are endless for the parade
Let's all get creative and have some fun!

JUNE 6 - 9TH, 2024

Thursday, June 6th 5:00 pm – 7:00 pm

Devon Days Kick-off Hot Dog BBQ sponsored by the Town of Devon – Community Center

Bring your friends and family and join the Town of Devon as they host the official Devon Days kick-off party. Staff will be serving up free hot dogs and floats to all who attend. First hot dog is free, a second (or more!) is a cash donation to the Families in Need Crisis Fund.

Friday, June 7th

Devon's Got Taste – Main Street 5:00 pm – 10:00 pm

Join us for some great food with over 20 food vendors. Bring the whole family - Meal Tickets are \$1.00 each and sold at the booths located on the boulevard. Meals usually range from \$8-\$15/person.

Check out the many different vendors that will be set up – from Food to Clothing and Jewelry to Crafts and Décor.

Legion BBQ – Legion Gazebo 5:00 pm – 8:00 pm

Come on out and help support the Devon Legion. Come on down and enjoy a hamburger and/or a Smokie and listen to the Jazz Band.

Midway by Wildrose Shows – Downtown 3:00 pm – 11:00 pm

Rides for the Young and Old alike ---

Wristbands will be available – Friday/Saturday (\$40.00) Sunday (\$30.00)
Single tickets (\$1.00), Red Book (20 for \$20), Blue Book (40 for \$40), Green Book (60 for \$55)

Check out the Cotton Candy, Caramel Apples, Sno-cones, Mini Donuts and so much more.

Games include Balloon Pop, Water Racers, High Striker, Long Range Hoop Shot, Shooting Game, Ring Toss and Ball Toss

Beer Gardens – Pocket Park Downtown – 5:00 pm – 10:00 pm

Fireworks presented by Aerial Fireworks –
North of Discovery Place – 11:00 pm

Saturday, June 8th

Devon Annual Charity Breakfast – Devon Fire Department

7:30 am – 9:30 am

Come early to avoid line-ups. \$7.00/person. Ages 6 and under are free. Cash, Debit or Credit Card available. All proceeds from the breakfast and the boot drive go to Muscular Dystrophy. Don't Forget to bring your spare change and small bills to the parade to help fill those boots that the Volunteers will be carrying!

Parade – Athabasca Avenue 10:00 am

Line-up starts at 9:00 am at C&P Auto on Saskatchewan Avenue. The parade route begins at John Maland High School and goes straight to the Legion following Athabasca Avenue. For Registration forms or more info, contact devondays@devon.ca Registration forms can also be picked up at the Town Office.

Saturday Con't

Family Fun Fair – Devon Community Church

11:00 am – 2:00 pm

Midway by Wildrose Shows – Downtown

11:00 am – 11:00 pm

ALBERTA RCMP LINK FOUR HISTORICAL HOMICIDES TO DECEASED SERIAL KILLER

Submitted by Alberta RCMP

Alberta RCMP have linked four historical homicides of young women from the 1970's to a now deceased serial sexual offender. The Alberta RCMP Historical Homicide Unit (HHU) believe there may be more unsolved homicides in Western Canada related to this individual.

Eva Dvorak (14) and Patricia McQueen (14)

In 1976, Eva Dvorak and Patricia (Patsy) McQueen, both 14-years-old, were junior high school students residing in Calgary. The teenagers were friends who spent time together in and outside of school. On the evening of Feb. 14, 1976, Eva and Patsy were last seen walking to-

gether in downtown Calgary.

On Feb. 15, 1976, at approximately 10:40 a.m., the young women were found deceased under the Happy Valley Overpass on Highway 1, west of Calgary.

Melissa Rehorek (20)

In the spring of 1976, 20-year-old Melissa Rehorek relocated to Calgary from Ontario. At the time of her death,

Rehorek was employed as a housekeeper and living at the YWCA in downtown Calgary. Rehorek was last seen on the evening of Sept. 15, 1976, by a roommate. She had intended on hitchhiking out of the city during her days off.

On Sept. 16, 1976, at approximately 10:50 am, her body was located in the ditch on what is now known as Township Road 252, approximately 22 kilometres west of Calgary.

Barbara MacLean (19)

In 1977, Barbara MacLean was 19-years-old. Originating from Nova Scotia, Barbara had moved to Calgary six months prior and was employed at a local bank. On Feb. 25, 1977, Barbara attended the Highlander Hotel bar in Calgary with friends. She was last seen walking alone from the hotel in the early hours of Feb. 26, 1977.

Barbara's body was discovered by a dog walker in the area of 6th Street and 80th Avenue NE, Calgary, approximately six hours later.

Autopsies were conducted on all four victims. The Medical Examiner was unable to determine the cause of death for Eva Dvorak and Patsy McQueen. Consequently, their deaths were not ruled homicides, but rather investigated as sudden deaths. Melissa Rehorek and Barbara MacLean's cause of death was asphyxiation due to manual strangulation.

Exhibits seized from all four victims were submitted to the RCMP's National Forensic Lab Services for testing. Although seminal fluid was discovered at all three crime scenes, the technology did not exist to develop a DNA profile at the time.

From the onset, similarities between Melissa Rehorek and Barbara MacLean's deaths led investigators to believe the same suspect was responsible for both homicides.

Alberta RCMP Link Four Historical Homicides To Deceased Serial Killer

Continued from Page 14

Over the past 40 years, the Alberta RCMP exhausted investigational means in an attempt to identify the person(s) responsible for these tragic deaths. These files were never closed and were continually being reassessed under the microscope of new information, advancement in technology, and evolution of police techniques.

In 2003, with the advancement of enhanced DNA analysis, police were able to confirm the same suspect was linked to both Melissa Rehorek and Barbara MacLean's murders through DNA. At that time, the suspect's DNA was compared against the National DNA Databank without a match. The profile was uploaded into the Databank and went without a hit for over 20 years.

When the tool known as Investigative Genetic Genealogy (IGG) became available, the Alberta RCMP were hopeful they could identify the unknown DNA contributor linked to the Melissa Rehorek and Barbara MacLean homicides.

In 2021, the RCMP and CPS formed a true partnership to use IGG to successfully identify the suspect.

RCMP investigators re-examined the exhibits that they had seized over 45 years ago. They worked with the RCMP lab and Parabon NanoLabs to develop a single nucleotide polymorphisms profile that was in turn uploaded to GED-Match and FamilyTreeDNA.

Genealogists from Convergence IGG were able to start building a family tree based on the SNP profile while CPS consulted with them and completed target testing to help drive the genealogy portion forward. When target testing was complete, Convergence IGG was able to provide a suspect hypothesis.

Analytical queries confirmed the suspect's connection to Canada and that he had a criminal record of committing violent acts on women.

The resulting investigation, which took RCMP investigators throughout Alberta, British Columbia and several US states confirmed this hypothesis.

During this same time, crime scene evidence was resubmitted to the lab from the Dvorak and McQueen investigation.

The same unknown male DNA profile was identified on both victims that matched the unknown male DNA profile from the Rehorek and MacLean murders. In light of this new information, the RCMP believed that the same male offender was responsible for the deaths of all four victims.

The RCMP, utilizing the information provided through IGG, began a cross border investigation into United States

citizen, Gary Allen Srery (born 1942). Srery died of natural causes in an Idaho State prison in 2011 while serving a sentence for rape. With assistance from Interpol and Idaho State Police Forensic Services, Srery's DNA was confirmed as a match to the unknown male DNA profile present on all four Calgary victims.

The Alberta RCMP believe Gary Allen Srery is

Alberta RCMP Link Four Historical Homicides To Deceased Serial Killer

Continued from Page 15

responsible for the murders of Patsy McQueen, Eva Dvorak, Melissa Rehorek and Barbara MacLean.

Through the background investigation into Srery, members of the Alberta RCMP HHU were able to establish the following:

- Gary Allen Srery was a US citizen who was residing illegally in Canada at the time of the murders;

- Prior to coming to Calgary, Srery had an extensive criminal record in the United States for sex related offences including forcible rape, kidnapping, burglary and sexual perversion;

- Srery appeared to flee the US sometime during 1974 after posting bail for a rape charge in California;

- Srery lived under aliases in Calgary in 1976 and 1977 that included, but were

not limited to, Willy Blackman and Rex Long;

- Srery lived a transient lifestyle and worked occasionally under the table as a cook;

- Srery was adept at frequently changing his appearance, place of residence and vehicles; and

- Srery lived in Alberta and British Columbia from the mid to late 1970s up until 2003 when he was deported.

Srery's criminality spanned decades, over multiple jurisdictions, under numerous aliases, and the Alberta RCMP believe there may be more victims.

We are asking the public to assist in further establishing Srery's timeline in Canada. If you recognize Gary Srery or knew him by one of his many aliases the Alberta RCMP want to hear from you. For tips, please contact the Alberta RCMP Historical Crime

Unit via K-IDEOLOGY@rcmp-grc.gc.ca or by phone at 780-509-3306.

If you believe Srery may be associated to or responsible for a crime in your jurisdiction, we ask that you reach out to the policing agency within that jurisdiction to report.

"For over forty years, investigators did not give up in their pursuit to identify those responsible for these murders," said Superintendent David Hall, Officer in Charge of the Alberta RCMP's Serious Crimes Branch. "Identifying the perpetrator does not bring Eva, Patsy, Melissa or Barbara back. It is our hope however, that the families are finally able to have some answers as to what happened to their loved ones all of those years ago."

"Regardless of how much time has passed, we remain relentless in pursuing justice for all Calgarians," said Insp.

Kevin Forsen of the CPS Major Crimes Section. "In this case, our investigators dedicated countless hours lending their Investigative Genetic Genealogy expertise to the RCMP and are grateful to have played a part in finding answers for the family."

To the families and friends of other unsolved homicide victims - the Alberta RCMP would like to assure you that no case is ever closed and that investigators are tirelessly invested in pushing files forward through the use of new technology, partnerships, and new information.

The RCMP would like to thank the Calgary Police Service and Convergence Investigative Genetic Genealogy for their assistance and support throughout the course of this investigation.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
