NEW STANDARDS FOR SCHOOL LIBRARIES

Submitted by Government of Alberta

Alberta's government has introduced new standards to ensure school library materials are age-appropriate.

School libraries should be safe and supportive places where students can learn and explore without being exposed to inap-

propriate sexual content. However, in the absence of a consistent standard for selecting age-appropriate library materials, school boards have taken different approaches, leading to concerns about safeguards in place.

In response to these concerns, and informed by feedback from education partners and the public,

Alberta's government has created standards to provide school boards with clear direction on the selection, availability and access to school library materials, such as books.

"Our actions to ensure that materials in school libraries don't expose children to sexual content were never about

ALBERTA RCMP SERIOUS CRIMES BRANCH CONDUCTS ARREST IN HUMAN TRAFFICKING INVESTIGATION

Submitted by Alberta RCMP

In the summer of 2024, Alberta RCMP and Alberta Employment Standards Office received a report of possible human trafficking at a motel in Fox Creek, Alta., and a gas station in Calmar, Alta. The complaint made its way to the Alberta RCMP Serious Crimes Branch who engaged partner agencies such as: Alberta Employment Standards Office, Occupational Health and Safety, Canada Border Services Agency (CBSA), Alberta Occupational Health and Safety, ALERT CFSEU Money Laundering Asset

Forfeiture Team (MLAFT), FINTRAC, and Service Canada. Furthermore, ACT (Action, Coalition on Human Trafficking) Alberta is assisting with the survivors of this investigation.

The investigation uncovered multiple illegal business practices involving several immigrant workers. These practices included, but were not limited to:

- Forcing employees to work 80 to 90 hour weeks without proper compensation;
- Submitting falsified work schedules;
- Exploitative payment practices;

- Overcharging rent and expenses;
- Improper Labour Market Impact Assessment practices; and
- Harassment.

On June 25, 2025, the Alberta RCMP, assisted by CBSA, executed search warrants at two Edmonton residences seizing cash, bank records, business records and immigration agreements, amongst other offence-related materials.

As a result of the investigation, two individuals were arrested:

banning books. These new standards are to ensure that school boards have clear guidance to ensure age-appropriate access to school library materials, while reflecting the values and priorities of Albertans."

Demetrios Nicolaides, Minister of Education and Childcare

The new standards set clear expectations for school library materials with regard to sexual content and require school boards to implement policies to support these standards.

Standards for school library materials

Under the new standards, school libraries are not permitted to include library materials containing explicit sexual content. Non-explicit sexual content may be accessible to students in Grade 10 and above, provided it is age-appropriate.

"Protecting kids from explicit content is common sense. LGBTQ youth, like all children, deserve to see themselves in stories that are age-appropriate, supportive and affirming – not in material that sexualizes or confuses them."

Blaine Badiuk, education and LGBTQ advocate

School boards must also regularly review

their school library collections, publish a full list of available materials and ensure that a staff member supervises students' access to school library materials. School boards will have to remove any materials with explicit sexual content from their school libraries by October 1.

School board policies and procedures

All school boards must have publicly available policies that align with the new standards for selecting and managing library materials by January 1, 2026. School boards can either create new policies or update existing ones to meet these requirements.

These policies must outline how school library materials are selected and reviewed, how staff supervise students' access throughout the school day, and how a student, parent, school board employee or other member of the school community can request a review or removal of materials in the school library. School boards are also required to clearly communicate these policies to employees, students and parents before January 2026.

"A robust, grade- and age-appropriate library catalogue is vital for student success. We welcome the ministry's initiative to establish consistent standards and appreciate the ongoing consultation to help craft a plan that will serve our families and communities well."

Holly Bilton, trustee, Chinook's Edge School Division

"Red Deer Public Schools welcomes the new provincial standards for school library materials. Our division is committed to maintaining welcoming, respectful learning spaces where students can grow and thrive. Under the new standards for school libraries, we remain dedicated to providing learning resources that reflect our values and support student success."

Nicole Buchanan, chair, Red Deer Public Schools

- o Material Benefits from trafficking (x4);
- o Criminal Harassment.

• Joo Hyup Lee, a 26-year-old Edmonton resident, was charged with:

- o Trafficking in Persons; and
- o Material Benefits from trafficking.

• Both individuals have since been released and are set to appear before the Alberta Court of Justice in Grande Prairie on Aug. 11, 2025.

The investigation is ongoing, with allegations of money laun-

dering still being investigated and authorities actively pursuing all related offences. Investigators are committed to thoroughly uncovering the full scope of the operation and ensuring that all individuals involved are held accountable and that supports are provided for the survivors.

"Human Trafficking is the act of recruiting, transporting, holding individuals by means of force, fraud or coercion for the purpose of sexual or labour exploitation," said Inspector Breanne Brown of the Alberta RCMP Serious Crimes Branch. "In this case, the RCMP determined that the suspects took action to harbour and recruit foreign workers by using threats, abuse of power, fraud and deception, all for the purpose of exploiting the labour of these workers. The Alberta RCMP takes these offences seriously and ask the public to keep an eye out for these individuals who, by the nature of their status and situation, are vulnerable to

their oppressors. Those who may have information about Human Trafficking (including sex or labour) are asked to please contact their local police of jurisdiction."

"The Employment Standards branch of Alberta Jobs, Economy, Trade and Immigration investigated multiple businesses owned and operated by Yeon Soo Lee and Joo Hyup Lee for allegations of human trafficking, exploitation of vulnerable workers and violations of the Employment Standards Code" said a message from Employment Standards branch, who often work alongside RCMP in these investigations. "As a result of the investigation, the matter was referred to the RCMP. Employment Standards recovered more than \$160,000 in unpaid earnings for employees and for unauthorized deductions from those earnings. The ministry's Occupational Health and Safety (OHS) branch also conducted inspections of these

businesses related to compliance with OHS laws. The inspections and follow-up inspections resulted in a \$60,000 administrative penalty issued to the involved businesses for repeated non-compliance with OHS requirements. A \$10,000 administrative penalty was issued to Yeon Soo Lee for hindering and interfering with an OHS officer.

The Alberta RCMP would also like to take the opportunity to acknowledge the creation of the K Division Human Trafficking Unit in 2023 with the establishment of the Provincial Coordinator role along with the two Special Projects Units in 2024.

Temporary foreign workers or persons on visitor visa's make vulnerable targets for labour trafficking as they are often desperate and looking for opportunities to leave their home country. These persons are often recruited through on-line portals, through immigration companies or word of mouth promising them the opportuni-

ty for permanent residency or citizenship in Canada. They are recruited, transported, and harboured by bad employers who hold their identification, control their finances and movements through means of force, fraud, or coercion for the purpose of forced labour or domestic servitude. When employees complain or try to express concerns, they are often met with threats of penalties or deportation, which keep them from coming forward to police.

These investigations are often done in coordination with the Alberta Employment Standards Office, who wanted to share this message:

The Employment Standards branch of Alberta Jobs, Economy, Trade and Immigration investigated multiple businesses owned and operated by Yeon Soo Lee and Joo Hyup Lee for allegations of human trafficking, exploitation of vulnerable workers and violations of the Employment Standards Code. As a result of the investigation, the

matter was referred to the RCMP.

Employment Standards recovered more than \$160,000 in unpaid earnings for employees and for unauthorized deductions from those earnings.

The ministry's Occupational Health and Safety (OHS) branch also conducted inspections of these businesses related to compliance with OHS laws. The inspections and follow-up inspections resulted in a \$60,000

administrative penalty issued to 682175 Alberta Ltd., operating as Grizzly Motor Hotel, for repeated non-compliance with OHS requirements. A \$10,000 administrative penalty was issued to Yeon Soo Lee for hindering and interfering with an OHS officer.

PARKLAND RCMP AND PARTNERS CONDUCT WARRANT ROUND-UP

Submitted by Parkland RCMP

On July 10, 2025, Parkland RCMP, in partnership with Central Alberta District's Crime Reduction Unit, conducted a warrant round-up targeting prolific offenders in the area. As a result of this project, the following were arrested:

Jayden Rose Stebbings (19), a resident of Parkland County, was arrested on warrants for possession of stolen property over \$5000.

Ryan Allan Wiggins (40), a resident of Parkland County, was arrested on warrants for possession of stolen property over \$5000.

Both have been remanded into custody to appear in Alberta Court of Justice in Edmonton on July 11 and July 14 respectively.

As RCMP officers attempted to arrest a third person on an outstanding warrant, a stolen vehicle drove past them. This vehicle was followed with the assistance of Edmon-

ton Police Service's Air 1. After a brief foot pursuit and with the assistance of Alberta RCMP Police Dog Services, two males were arrested.

Cody Marcel Young (33), a resident of Spruce Grove, who on July 2, 2025, was released on parole, was arrested and has been charged with the following:

- Possession of stolen property exceeding \$5000 (Motor Vehicle);
- Possession of stolen property not exceeding \$5000.

As he was violating his parole, he was sent back to a correctional facility.

The driver of this stolen vehicle was a young offender, and therefore cannot be named. They were charged with the following:

- Impaired operation of a motor vehicle;
- Possession of stolen property exceeding \$5000 (Motor Vehicle);
- Possession of stolen property not exceeding \$5000;
- Drive a motor vehicle without a license;
- Drive a motor vehicle while uninsured;
- Fail to comply with a sentence order (x5);
- Fraudulent concealment of a license plate;
- Possession of break and enter tools.

The Alberta RCMP would like to thank the public for their assistance during this police operation.

STEP UP AND SERVE

[LSAC.ca/election](https://lsac.ca/election)

The Municipal General Election is set for Monday, October 20, and with less than 100 days to go the countdown is on. If you've been thinking about running for County Council, there is no better time to make your intentions known.

File a Notice of Intent

What is this? A **Notice of Intent** to run for office is a simple, non-binding way to let the community know you're considering candidacy. It doesn't replace a nomination form, but it shows your community you're serious about stepping up.

Whether you're still deciding or ready to dive in, submitting a Notice of Intent is a great first step available to you.

Nomination Day: September 22

To officially appear on the ballot, you must submit your completed nomination papers by Nomination day, Monday, September 22, 2025, no later than 12:00 noon. After that, the nomination period closes, and candidates are confirmed.

But here's the thing—you don't have to wait. By filing your nomination papers early, you'll gain more time to plan your campaign, connect with voters, and demonstrate your leadership. It also helps the County keep the process smooth and organized on Nomination Day.

Why Run?
Serving on County Council means having a seat at the table where key decisions are made—about roads, recreation, growth, budgets, and the overall direction of our community. If you care about the future of this region, this is your opportunity to help lead it.

So why wait?
Submit your Notice of Intent or better yet, complete your Nomination paperwork today. Candidate guides including detailed information and Nomination papers are available at [LSAC.ca/election](https://lsac.ca/election). And remember, we're here to help every step of the way.

Be bold. Be ready. Be on the ballot this October.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box.

**ANSWER:
Last Weeks**

You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
