### AG SOCIETY FAIR

Submitted by Wildwood Ag Society

The Wildwood Ag Society Annual Fair is fast approaching.. August 15th. The bench show will be held in a large tent on the fair grounds as the building floor is being replaced and will not be ready for us. Not a

problem... the tent will be huge and able to protect all your treasures from the elements. So continue to weed that garden, in your spare time you could make a handicraft LOL. Oh ... don't forget to encourage your children to create a garden patch and enter it in the fair. Get your animals

plumped up, cleaned up and trained to be a show animal / Gymkana.

Keep them ponies and horses ready to be game winners at the horse show.

My oh my... if you need more instructions or advice just call Carol LOL.

Enjoy your summer.

women of Parkland Detachment, and the Community Response Team do in addressing concerns of property crimes and drugs in the area.

The community Response Team is a provincial Unit that is able to quickly respond anywhere in the Province to support communities with enforcement, suppression in an covert or overt capacity. They

target priority offenders who are causing the most harm in a particular community. Additionally, utilizing an intelligence driven methodology they work with detachments like ours to tackle various crime types by conduct enforcement and suppression activities in hot spots.

Recent statistics show that crime reduction is working.

•The city of Spruce Grove is currently experiencing a 42% de-

crease in both theft of motor vehicle and break and enters when compared to the same time last year.

• Stoney Plain has a 38 % drop in Break and Enters and an 18% decrease in theft of motor vehicles compared to the same time last year.

• Parkland County has 26% percent decrease in break and enters and a 27% decrease in theft of motor vehicles compared

to the same time last year.

“Provincially, the Alberta RCMP has seen a 15.2% reduction in property crimes in rural areas compared to the same time last year.” Says Inspector Kevin McGillivray, “That equates to over 1000 less cases of people waking up in the morning to their vehicles missing, their garages broken into, worksites and copper wire stolen, ATMs ripped out of stores and various other crimes.”

## CANINE WATERCRAFT INSPECTION STATION WABAMUN LAKE JULY 26TH, 2025

Submitted by Neil Fleming, director, Wabamun Watershed Management Council

The Wabamun Watershed Management Council will be hosting a watercraft inspection event early Saturday morning July 26th at the Wabamun Lake provincial park 45 min west of Edmonton. The government of Alberta, Aquatic Invasive Species inspection team, complete

with a sniffer dog, will be in action from about 7am to noon inspecting boats before they launch into Wabamun lake. This will be an opportunity for your followers to learn about invasive species and how the AIS team works to prevent their contamination of Alberta lakes.

Recently the provincial government announced funding of some \$14,000,000 per year for increased watercraft inspection

stations to help prevent the introduction of invasive mussel species into the province's water ways. Once introduced, these mussels are nearly impossible to remove and cause extremely expensive damage to watercraft and any infrastructure found in our waterways including dams, irrigation pumps, docks and piers and would pretty much make our lakes unusable.

I will send a reminder a few

days before the event, but in the meantime, I can be reached at this address or by phone or text at 780 953 6345 should you want any additional information. In addition to the AIS team, we are hoping to have representation from all 3 levels of government to help explain how these organisms may impact our waterways.

The Alberta Government is launching a province-wide consultation to chart our path, defend our economy, and assert our sovereignty within a united Canada.

Ottawa's continued attacks against our economy and future cannot continue.
