### PARKLAND RCMP REQUEST FOR INFORMATION IN REGARD TO SUSPICIOUS OCCURRENCE INVOLVING A MINOR

Submitted by Parkland RCMP

Parkland RCMP are seeking the public's assistance

in identifying a male who approached a 12-year-old boy and offered him a ride. The incident took place at the Wabamun Provincial Park at about 3:30 PM on Aug. 27, 2025.

The unknown male was operating a white van with dark windows and had the words "Plumbing &" written on the side. The unknown male offered the 12-year-old boy a ride and asked if

he was cold and lost. A bystander was flagged down by the boy who stood by him until the unknown male left without further incident.

Police are looking to speak with the unknown male as part of the investigation. The male is described as:

- 40's age range
- Fair complexion
- Blue eyes

### LAKE ISLE COMMUNITY HALL NEWS

Submitted by Lake Isle Community Hall

Our board members have had a busy summer so far with our pub nights, the family picnic, and rentals.

The Community Family Picnic was held July 26 on our picnic grounds. Games, races, facepainting (Fox & Hare Facepainting), money pit, and food were enjoyed by all. Even the rain held off for the afternoon. Thank you to Roger & Robert Horne for supplying the sand for the money pit

it and thank you to SANG Community Enhancement Foundation for sponsoring this event.

Then, on August 8, we hosted a "Fiesta" evening complete with a pinata. Live music was provided by the Amigos. Food Truck "Fries with That" was on site to provide the food. All attendees, young and old had a great time.

Our next event will be held Friday, September 12. Music Trivia & Karaoke. Doors open at 5pm and trivia will begin 6:30 pm with kara-

oke to follow. This will be a fun night, so grab some friends and make a team for the music trivia. Menu is smoked pulled pork and choice of salads.

Our last pub night of the year is Friday, October 10. Jam night with Greg Gernscheid. Bring your talents and join Greg on stage.

For general inquiries regarding rentals, please send an email to [lakeislefarmer-sassociation@gmail.com](mailto:lakeislefarmer-sassociation@gmail.com) or by phone to 780-725-2533

## Parkland RCMP Request For Information In Regard To Suspicious Occurrence Involving A Minor

*Continued from Page 1*

- 6'3"
- 200lbs
- Brown hair, long brown beard
- Wearing a black t-shirt and blue jeans

A composite sketch was completed and is being released in the hopes of identifying and speaking with the male. Police would also like to speak with the by-

stander who helped the boy. Parkland RCMP are asking the public's assistance for any information in relation to this incident (or identifying those responsible).

## SUPPORTING ECONOMIC GROWTH IN RURAL COMMUNITIES

Submitted by Government of Alberta

Alberta's government is providing Indigenous and small communities with an additional \$3 million in grants to maximize opportunities in rural areas. Indigenous and small

communities play a vital role in the province's economy. Working together with non-profits, they tap into opportunities and address unique challenges to help rural Alberta grow its economic footprint.

To support local projects that promote innovation

and sustainable economic growth across the province, Alberta's government is providing the second round of grants through the Small Community Opportunity Program. The program has awarded grants between

**JOKE of the week**

A head teacher is making his rounds of the school when he hears a terrible commotion coming from one of the classrooms. He rushes in and spots one boy, taller than the others, who seems to be making the most noise. He seizes the lad, drags him to the hall, and tells him to wait there until he is excused. Returning to the classroom, the head teacher restores order and lectures the class for half an hour about the importance of good behaviour.

'Now,' he says, 'are there any questions?'

One girl stands up timidly. 'Please sir,' she asks, 'may we have our teacher back?'

# Supporting Economic Growth In Rural Communities

*Continued from Page 1*

\$20,000 and \$90,000 for 41 community-led projects that build capacity in agriculture, small-business supports and local economic development.

"Indigenous and small communities are vital to Alberta and its long-term economic prosperity. For the second year, the Small Community Opportunity Program is financially backing Indigenous and small communities. These grants help to build capacity in small businesses and the agriculture industry. When rural communities succeed, all of Alberta thrives."

RJ Sigurdson, Minister of Agriculture and Irrigation

"Indigenous communities are vital partners in building a prosperous province. These investments empower local leaders, foster innovation, strengthen local economies and help build vibrant, self-sustaining communities."

Rajan Sawhney, Minister of Indigenous Relations

Each of the successful projects aligns with the Economic Development in Rural Alberta Plan, which works to ensure rural Albertans and Indigenous communities have economic opportunities where they live. Grant recipients have two years to complete their projects and make a measur-

able impact supporting, improving or enhancing economic development in rural and Indigenous communities and/or the agriculture industry.

# COUNCIL HIGHLIGHTS

Submitted by Yellowhead County

Did you know... our website is a terrific way to get more County news and information? [www.yhcounty.ca](http://www.yhcounty.ca)

Raising of the Métis & Treaty 6 & 8 Flag

A flag raising ceremony for the Métis, Treaty 6, and Treaty 8 flags to be raised at the Administration Building will be held on September 20, 2025. Representatives from Treaty 6, Treaty 8 and the Otipemisiwak Métis Government have been invited to attend as dignitaries as part of the ceremony.

Procedure Bylaw 05.25

Council gave all three readings to Bylaw 05.25, a procedure bylaw for the regulation of meetings, boards, committees, and other bodies established by Council. The bylaw required amendments to reflect recent legislative changes, as well as provide clarity and

consistency.

Rise Together Project Update

An update on the Rise Together Project was presented to Council. While two components of the project have not progressed due to limited community engagement, the Community Murals, Artist Engagement, and Mural Celebration components have seen strong participation and will serve as lasting tributes to the County's resilience.

Pembina Agricultural & Recreation Society Letter of Support

Council approved sending a letter of support for the Pembina Agricultural & Recreation Society (PARS) in their application for a provincial Community Facility Enhancement Program grant of \$123,400 that will be equally matched by PARS. Funds would be used to replace their ice-resurfer, arena boards, and to upgrade their security camera system.

Transfer Station Operation Services

The Waste Transfer Stations Operation Services contract was awarded to GFL Environmental Inc. The three-year term totals \$6,586,764.00. There were no other proposals received for these services.

Amendment to Lease Request

Council directed the preparation of a 10-year lease agreement with the Mary Reimer Regional Park Society for the use of approximately 1.9 ha (4.7 ac) of land located in Plan 0325324 Block 1 Lot 3 at a rate of \$1.00 per year for the period of August 2025 to August 2035.

Whistle Cessation Policy

The Train Whistle Cessation (Policy 3200.25) was adopted by Council. The policy will allow for all crossings within Yellowhead County to be reviewed internally and then presented to Council for ranking to determine the best can-

didates for whistle cessation.

Utility Bylaw Fee Schedule Update

Council gave all three readings to Bylaw 06.25, the Utility Amendment Bylaw. Based on the bylaw, utility rates for water, sewer, and solid waste will see a 3% increase for 2026.

Vicious Dog Order Appeal

Council upheld a Vicious Dog designation, as set out in the Animal Control Bylaw 19.19. An appeal for the designation had been received and subsequently discussed at the August 19, 2025 Governance & Priorities Committee Meeting.

Human Resource Policy

Council rescinded previous Human Resource Policy 1200.08 and associated policies 1200.08.01-1200.08.29. In place of these, Council adopted Human Resource Policy 1300.00.

## Fall HOME RENO GUIDE

# 3 WAYS TO MAKE HOMES SAFER

Injuries that occur around the home contribute to millions of medical visits and tens of thousands of fatalities each year. Falls account for the largest percentage of home accidents, with the U.S. Centers for Disease Control and Prevention reporting that around 30,000 fall-related fatalities occur each year in the United States. Many home accidents are entirely preventable when proper caution is exercised.

As homeowners prepare for home-improvement projects, improving safety inside and outside the home should be a priority.

### 1. Improve lighting

One of the easiest ways to reduce the risk of falls is to improve lighting around the home. The National Institutes of Health state that adequate lighting is important at entrances to the home, stairways, hallways, and other frequently traversed areas. Make sure lighting fixtures are

using the highest wattage light bulb allowed. Artificial lighting sources become even more vital in fall and autumn, when natural light is less abundant in a home. In addition, install lighting outdoors by the front door, over the garage and where garbage pails are stored to facilitate safe passage.

### 2. Eliminate slick surfaces

Improving traction around the house also can minimize falls. Throw rugs and runners can be made more secure with nonslip rubber backings. Bath rugs can reduce slipping on wet surfaces in the bathroom. Also, nonslip mats can be used inside of showers and bathtubs.

Use shoe trays to reduce puddling from melting snow or rain runoff in entryways. Mop up spills quickly, and consider the use of matte- or textured-finished flooring to improve stability underfoot.

Promptly remove snow and

ice from driveways and walkways. For those who live in cold climates, heated concrete can help melt precipitation before it accumulates.

### 3. Make needed repairs

Repair loose floorboards and pull carpet taut if it has started to stretch out. Address cracks

outdoors and ensure that patio stones, bricks and pavers are secure and level to reduce tripping hazards. Fix areas of the landscape where water may pool and freeze, creating potential hazards.

# STRENGTHENING ALBERTA'S TOURISM TIES IN ASIA

Submitted by Government of Alberta

Minister of Tourism and Sport Andrew Boitchenko will promote Alberta's tourism industry in South Korea and Japan.

Alberta's government will

lead a strategic tourism mission to strengthen Alberta's presence in Tokyo and Seoul. Minister Boitchenko and representatives from Travel Alberta will meet with travel, trade and media partners in key Asian markets to promote Alber-

ta's new air gateways and world-class visitor experiences.

The mission builds on the success of WestJet's direct flights from Calgary to Incheon and Narita, made possible through Alberta's Air Access Program and a memorandum of understanding between Alberta's government and WestJet. These strategic initiatives aim to boost Alberta's tourism market position and generate increased interest in the province's unique tourism experiences. It reflects the province's goal of becoming a top travel choice for South Korean and Japanese travellers, a target market that is key to Alberta reaching \$25 billion in annual visitor spending.

"Alberta is ready to take centre stage in Asia's travel market. By building strong ties in Tokyo and Seoul, we're positioning the province as a top year-round destination. This mission turns global interest into real visits, inviting more visitors to discover the unique experiences Alberta has to offer."

Andrew Boitchenko, Minister of Tourism and Sport

Minister Boitchenko will be joined by one staff member. Mission expenses will be posted on the travel and expense disclosure page. Travel Alberta representatives' expenses will be covered by the provincial agency.

# INCREASING ACCESS TO LOW-COST LOANS FOR LIVESTOCK PRODUCERS

Submitted by Government of Alberta

Alberta's government is increasing the lending limit on the Feeder Associations Loan Guarantee Program to grow and strengthen the rural economy.

Alberta is world-renowned for its top-quality beef production, a reputation owed in part to the hard work and dedication of feeder associations, who help livestock producers get financing to buy animals and grow their herds. As demand for Alberta beef continues to grow internationally, leading to higher prices, locally owned feeder associations are turning to the Feeder Associations Loan Guarantee Program (FALGP) for low-interest

financing backed by a government guarantee.

The program has been so successful at helping livestock producers grow their businesses it has reached its previous limit of \$150 million. To ensure it's able to continue supporting producers, Alberta's government is increasing the program's overall limit to \$225 million.

"Alberta is a beef province, and livestock is a huge part of our agricultural industry. Our cattle and sheep producers put food on tables in our province and around the world. Increasing the limit on Alberta's loan guarantee program will ensure thousands of producers across the province have access to the capital they need to keep producing

Alberta's world-renowned beef."

RJ Sigurdson, Minister of Agriculture and Irrigation

Meeting producers' needs FALGP helps local, producer-run cooperatives get competitive financing to ensure they can continue being a player in the global market. As beef prices con-

tinue to increase, the program will ensure producers have access to the capital needed to grow and diversify their operations.

Since its establishment in 1936, the program has provided more than \$12 billion in loans.

## Increasing Access To Low-Cost Loans For Livestock Producers

*Continued from Page 9*

"This increase in funding will see our 45 feeder associations across the province have access to funding that is critically needed to support Alberta's livestock industry. Without this kind of support, our industry would

be facing a dire shortfall in available lending at the local feeder associations across the province. The rapid escalation in the cost of livestock simply makes it unfeasible to operate at previous levels and the last thing we need is to see any pressure on overall beef

numbers in the province."

George L'Heureux, chair, Feeder Associations of Alberta

"With cattle prices as high as they are right now, an increase to the program is critical. Getting this increase will be absolutely huge. Access to capital is

incredibly important and helps producers, like myself, to grow and thrive. The program was a huge part of me coming back to the farm that my family started and will be instrumental in keeping it going."

Dustin Lamb, producer

## NUCLEAR IN THE MIX FOR ALBERTA'S ENERGY FUTURE

Submitted by Government of Alberta

Alberta's government is inviting Albertans, Indigenous communities and industry to join the conversation on nuclear energy in the province.

Alberta is launching a public engagement to explore nuclear energy's potential to meet the future needs of families, businesses and communities. As part of the first phase, Alberta's government is appointing an expert panel to engage with people across the province, as well as launching a public survey to help inform a nuclear energy roadmap for Alberta.

With increasing demand for electricity, fuelled by population growth, many jurisdictions in Canada and around the world are advancing nuclear energy development. As a source of safe, reliable, emissions-free energy, nuclear power has emerged as a viable option for growing energy needs while supporting responsible decarbonization goals. It also has the potential to enhance grid reliability and affordability, create jobs and help power new, energy-intensive industries and

# Nuclear In The Mix For Alberta's Energy Future

*Continued from Page 10*

technologies.

"Alberta is at the centre of Canada's growth, and with that growth comes the responsibility to secure the next generation of energy. Nuclear power has the potential to expand our grid, support new industries and keep pace with rising demand. This engagement gives Albertans a real voice in shaping our future, while positioning our province to lead the way in innovative, responsible energy development."

Danielle Smith, Premier

"As demand for electricity grows, affordability and reliability must remain at the heart of our system. Exploring nuclear energy is about ensuring Albertans have access to dependable, emissions-free power that can support families, businesses and communities for generations."

Nathan Neudorf, Minister of

Affordability and Utilities

The Nuclear Energy Engagement and Advisory Panel will lead a range of engagement activities, gather input and deliver a report with recommendations on how Alberta could enable a nuclear energy industry. The panel will be chaired by Affordability and Utilities Parliamentary Secretary Chantelle de Jonge and includes five additional members with diverse experience and leadership in industry, academia and Indigenous government:

- Deron Bilous, senior vice-president of Western Canada, Counsel Public Affairs
- Tim Boston, principal, Boston Edge Strategies Inc.
- Stephen Buffalo, president and CEO, Indian Resource Council of Canada
- Rudiger Tscherning, fellow on Nuclear Law and

Policy, University of Calgary

• Harrie Vredenburg, professor of Strategy and Global Management, University of Calgary

"Nuclear power has the potential to play an important part in meeting Alberta's future energy needs. I'm proud to lead a panel that will provide people in Alberta with the opportunity to have their say and shape the future of energy in our province."

Chantelle de Jonge, parliamentary secretary, Affordability and Utilities

The Nuclear Energy Development survey is available online and will be open until Sept. 25. Feedback will inform future engagement activities. Alberta's government has also proactively reached out to Indigenous communities across the province to help determine the best approach for meaningful engagement and to

foster early relationship building. Industry, municipalities, Indigenous communities and others are also invited to share their input through an online request for information which will be open until Oct. 25.

"Nuclear energy is ready to meet Alberta's growing needs. We applaud the province's forward-thinking leadership in exploring nuclear's ability to provide a secure and prosperous energy future."

George Christidis, president and CEO, Canadian Nuclear Association

The next phase of engagement will feature in-person meetings and engagement sessions with Indigenous communities, municipalities and industry and begin later this year. Engagement activities will continue into 2026.

# LAND SALE FOR MANFRED & WALLY GUTZMANN OF WILDWOOD

## Online Timed Auction September 11th—14th

**Directions:** North of Cynthia on SH #753, 35.8 km to Twp Rd 534, West 1.7 km to RR 105, South 4.1 km or From Wildwood on Highway 16, West 13 km to SH #753, South 1.7 km to Twp Rd 534, West 1.7 km to RR 105, South 4.1 km. (Address 53116 Rge Rd 105)

**VIEWING DATE: Sept 13th from 10:00 am until 4:00 pm**

### SE 7-53-10W5M (158.97 acres)

This sprawling 158.97-acre property offers an abundance of spanning spruce trees and fertile hay land, situated southwest of Wildwood. The property features 65.25 +/- acres of prime cropland, complemented by 90.79 +/- acres of improvable treed land and large timber, offering significant potential both from cropping as well as timber sales. The property is set up with a drilled well, propane tank and septic tank and field. At the heart of the property is a 1215 sq ft modular home, thoughtfully designed for comfortable living. Its interior encompasses a functional kitchen, dining room, cozy living room, full 4-piece bathroom, laundry room, half bathroom, two additional spacious bedrooms, and a private primary bedroom complete with a 4-piece ensuite. Further enhancing the property is a 2628 sq ft detached garage, divided into three versatile bays. This structure also includes ample storage space and a dedicated room with rough-ins, ready for a future bathroom. Bay 1 (24'x40') boasts a durable concrete floor, fully finished walls and ceiling, and the added benefit of support beams for a crane, along with a convenient overhead door and a wood stove for warmth. Bay 2 (14'x28') features a concrete floor, practically painted OSB walls and ceiling, and a single overhead door. Bay 3 (24'x24') is equipped with a concrete floor, an overhead door, insulated walls for year-round comfort, and an open beam ceiling. Adding to the property's versatility is a secondary bungalow-style home, offering 1248 sq ft of living space. This residence includes a well-appointed kitchen, living room, dining room, and a full 4-piece bathroom. This home is fully serviced and benefits from an upgraded forced air furnace and a modern hot water tank. The property also includes a range of outbuildings: a quaint 16'x12' cabin, a generous 15'x38' open storage shed, and an expansive 24'x70' open storage shed with an additional 18'x70' enclosed rear storage area, providing ample space for all your needs.

## Obituaries

In Loving Gratitude Vincent Weisser

Born February 9, 1990 - passed away June 22, 2025 We, Paul and Laura of Evanburg, along with Vince's siblings and families, oer our deepest and most heartfelt thanks for the overwhelming support shown to us during this time of great sorrow. To everyone who attended the funeral, sent messages, cards, owers and walked beside us in spirit - your love has carried us. Your kindness has wrapped around our family during this time of loss. Vince was very good at living in the moment and was gentle, strong, and full of spirit. His siblings, family and friends that knew him will continue to carry his memory forward with love and honour. We extend our sincerest gratitude to Entwistle Community Church and Pastor Erich Reule for helping guide Vince home with compassion and respect. If we were unable to personally thank you, and we truly wish we could have, please know that your presence, prayers and support meant more than words can express. We hold each of you in our hearts. Forever anklful, Paul, Laura, Patricia, Douglas, Jake,

Vanessa, and Families.

## SUDOKU

*of the week*

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box.

**ANSWER:  
Last Weeks**

You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

3	9	8	7	1	6	2	4	5
1	4	2	9	5	8	6	3	7
