ALBERTA RCMP TRAFFIC WHITECOURT UNIT ARRESTS PROLIFIC OFFENDER TWICE IN ONE WEEK

Submitted by Alberta RCMP

On Sept. 11, 2026, Whitecourt Traffic members were conducting rural highway

patrols near Whitecourt when they checked a known location where stolen copper wire had reportedly been stripped.

While investigating the

area, officers located a suspicious vehicle occupied by two individuals. A traffic stop was conducted and officers identified one

ALBERTA RCMP TRAFFIC SERVICES ARRESTS DANGEROUS DRIVER

Submitted by Alberta RCMP

On Sept. 8, 2026, Alberta RCMP Traffic Services members from Whitecourt were patrolling Highway

43 near Greencourt, Alta., when a dangerous driving complaint involving a blue Ford Explorer was dispatched to Mayerthorpe RCMP.

An Alberta RCMP Traffic

Services member located a vehicle matching the description and attempted a traffic stop. The vehicle failed to stop and fled at a high rate of speed.

PHARMACY CHANGES TAKE EFFECT IN ALBERTA

Submitted by Government of Alberta

Albertans can expect fewer pharmacy trips for regular medications, continued

drug coverage and new protections for workers 65 and older beginning Oct. 1.

Several previously announced changes to pharmacy services and drug

coverage are now taking effect in Alberta. These include longer prescription fills, updated daily dispensing rules, requiring

Alberta RCMP Traffic Whitecourt Unit Arrests Prolific Offender Twice In One Week

Continued from Page 1

of the occupants as a known prolific offender who had recently been released from custody on unrelated charges.

Further investigation revealed the individual was in breach of court-ordered release conditions and he was subsequently arrested. During the arrest, officers located a small quantity of suspected crystal methamphetamine and a can of bear spray. He was brought before a justice of the peace, who remanded him into custody. He was then released on conditions on Sept. 15, 2026.

Just three days later, on Sept. 18, 2026, Alberta RCMP Traffic Services

members were requested to assist a Whitecourt RCMP officer during a traffic stop. Upon arriving, officers determined the same offender was once again failing to comply with release conditions. He was arrested and police once again located drugs and bear spray in the offender's possession.

As a result of the investigation, Joshua Carter, a resident of Whitecourt, has been charged with:

- Weapons-related charges (x4);
- Fail to comply with release order (x4);
- Driving while unauthorized;
- Possession of a controlled substance; and
- One cannabis act related charge.

Carter was brought before a justice of the peace and remanded into custody. He is to appear before the Alberta Court of Justice in Whitecourt on October 13, 2026.

"This investigation highlights the ongoing efforts of our Alberta RCMP Traffic officers to proactively target crime on Alberta's roadways and hold repeat offenders accountable," said Sgt. Greg Anderson, NCO i/c of AB RCMP Traffic-Whitecourt Unit. "The quick actions of our members helped identify repeated breaches and remove an offender from the community."

JOKE of the week

A poodle and a collie were walking down the street. The poodle turned to the collie and complained, "My life is a mess. My owner is mean, my girlfriend is having an affair with a German shepherd, and I'm nervous as a cat." "Why don't you go see a psychiatrist?" asked the collie. "I can't," replied the poodle. "I'm not allowed on the couch."

Alberta RCMP Traffic Services Arrests Dangerous Driver

Continued from Page 1

During the incident, the driver operated the vehicle in a dangerous manner, including passing other vehicles on the highway shoulder.

For public safety reasons, RCMP Traffic Services did not pursue the vehicle but provided updates to Whitecourt RCMP members. Officers later learned that the same vehicle had allegedly fled from Edmonton Police Service officers several hours earlier.

The vehicle was subsequently located abandoned within the Town of Whitecourt. Through the coordinated efforts of Alberta RCMP Traffic Services, Whitecourt RCMP, Police Dog Services (PDS) and a RCMP drone operator, all three occupants of the vehicle were located and arrested without incident.

As a result of the investigation:

- Dylan Johnson (25), a resident of Peace River, Alta., was charged with flight from police and dangerous operation of a motor vehicle;

- Darius Chalifoux (22), a resident of St. Albert, Alta., has been charged with two counts of breach of probation order; and

- The third individual was released without charges.

Johnson was released on conditions while Chalifoux was brought before a justice of the peace to then be released on conditions. They are to appear before the Alberta Court of Justice in Whitecourt, with Johnson appearing Nov. 24, 2026, and Chalifoux appearing Oct. 13, 2026.

"This arrest highlights the

value of coordinated police efforts and specialized resources in locating suspects while prioritizing public safety," said Sgt. Gregory Anderson, of the Alberta RCMP Traffic-Whitecourt Unit.

TIME IS RUNNING OUT TO ENTER THE COUNTY PHOTO CONTEST

[LSAC.ca/news](https://lsac.ca/news)

As of press time, there are just two weeks remaining to enter the 14th Annual County Photo Contest. If you've been meaning to submit your photos, now is the time.

This year's theme, **Hobbies**, celebrates the activities that inspire us, challenge us, and bring enjoyment to our everyday lives. From woodworking projects and home baking to quilting, painting, gardening, photography, fishing, hiking, model building, vehicle restoration, and countless other pursuits, we're looking for photos that showcase the hobbies that make our communities unique.

A great hobby doesn't have to be complicated. It might capture the fine details of a handcrafted project, the satisfaction of a finished creation, a favourite collection, or the process of learning and practicing a skill.

Residents can submit up to five photos that reflect this year's theme. Entries can highlight the hobby itself, the people involved, the tools of the trade, or the places where these passions come to life.

With the deadline fast approaching, now is the perfect time to browse your photo collection or head out and capture a new image that reflects what you love to do.

2027 SEASONAL CAMPGROUND SITES

[LSAC.ca/campgrounds](https://lsac.ca/campgrounds)

Interested in booking a seasonal site at Lessard Lake Public Campground or Paddle River Dam Campgrounds, including Peter's Pond Area and the Boat Launch Area? A limited number of seasonal sites are available each camping season.

A \$500 security deposit is required at the time of booking. Seasonal site agreements must be completed and submitted within 30 days of booking. All bookings remain tentative until both the required security deposit and signed agreement have been received. If either requirement is not submitted by the specified deadline, the booking will be cancelled and the site released.

If all seasonal sites have been reserved when you contact us, your name can be added to a waitlist. As sites become available through cancellations or changes, wait-listed applicants will be contacted in the order requests are received.

Seasonal fees must be paid in full by the payment deadline of April 15, 2027.

For more information or to book a seasonal site, contact the County's Community Services department or visit the Campgrounds page on our website as noted above.

Pharmacy Changes Take Effect In Alberta

Continued from Page 1

available private drug benefits to be used before government drug plans, protections for employer-sponsored benefits for workers 65 and older, and updated requirements for pharmacy-distributed naloxone kits.

Updated dispensing for regular medications

Under the new pharmacy funding framework, Albertans who take medications for stable, ongoing health conditions will receive up to a three-month supply at once, meaning fewer pharmacy visits and dispensing fees throughout the year. Patients who require daily or more frequent dispensing will continue to receive it, ensuring those who need greater pharmacist oversight do not experience any interruption in service.

New limits for some compounded topical medications will help manage costs, without changing Albertans' access to eligible medications.

Coordinating private and government-sponsored drug coverage

Albertans with private or employer-sponsored drug insurance will use those benefits before government-sponsored drug plans apply. If the private coverage is not available or is exhausted, including when an annual drug coverage limit is reached, government-sponsored coverage will continue to support eligible Albertans for eligible drug costs. This coordinated approach is used in other provinces and helps ensure public drug coverage remains available for those who need it most.

Albertans who continue working after age 65 will also be protected from having their employer-spon-

sored drug and supplemental health benefits ended, reduced or changed solely because of their age.

There are no changes for Albertans who only have government-sponsored drug coverage.

New requirements for pharmacy-distributed naloxone kits

Free naloxone kits will continue to be available through pharmacies and community organizations.

Albertans receiving a kit from a pharmacy will generally be asked to provide a valid Alberta health care card and will receive one kit at a time. In an emergency, a pharmacist can provide a kit without requiring a health care number if there is an immediate need to administer naloxone. Albertans who are not experiencing an emergency that want more than one kit may be directed to a community

organization, where naloxone kits will continue to be available without these changes.

Together, these updates help maintain access to medications, drug coverage and pharmacy services while managing growing costs and ensuring public funding is focused where it is needed most.

RESPONSE TO INDEPENDENT REPORT ON COSTS OF SEPARATION: MINISTER NIXON

Submitted by Government of Alberta

President of Treasury Board and Minister of Finance Jason Nixon issued the following statement on the U of C's independent report on the potential impacts of separation.

"Albertans have called for clear, credible information to make an informed decision in the Oct. 19 referendum, and the Government of Alberta entrusted the University of Calgary's School of Public Policy to develop a report that provides this information. This independent

report outlines important considerations for Albertans as they prepare to vote on the question of separation. I want to thank the School of Public Policy for their work on this very complicated issue.

"I also want to thank the advisory panel that was appointed to review the report and prepare an independent assessment of the findings. I believe the panel's insights will help Albertans interpret this report.

"The panel's assessment emphasizes that both the scenarios outlined in the report highlight how costly it would be

for Alberta to separate from Canada in the short term and also highlight the substantial amount of uncertainty Alberta would face in the long term.

"Alberta's government has always been clear: we support a strong and sovereign Alberta within a united Canada, and that is what we will continue fighting for each day.

"I encourage all Albertans to review the report and make an informed decision ahead of the Oct. 19 referendum."

- Jason Nixon, President of Treasury Board and Minister of Finance

CHANGES TO RECYCLING COLLECTION ARE COMING TO WHITECOURT NEXT MONTH

Submitted by Town of Whitecourt

Starting October 9, 2026, Whitecourt will transition to an enhanced curbside recycling program under Alberta's Extended Producer Responsibility (EPR) framework.

Under new provincial rules, companies that make recyclable materials and packaging now pay for recycling programs across Alberta as part of the Extended Producer Responsibility (EPR) Program. This means that the new curbside recycling program will no longer be provided by the Town of Whitecourt and will instead be administered by Circular Materials. As well, monthly charges for the curbside recycling program will no longer be included on White-

court utility bills.

What's staying the same?

- Curbside collection will continue to on Fridays throughout Whitecourt.

- Residents will continue to use clear/blue bags for collection.

- There's no need for sorting, and there's no limit to how many bags can be collected!

What's changing?

The new system will be administered by Circular Materials, a national not-for-profit organization responsible for implementing Alberta's residential recycling program. Integrity Waste Solutions is the contracted collection company for our community.

Starting on Friday, October 9, residents will be able to recycle materials that were previously excluded from the

curbside recycling program. You will now be able to recycle:

- Glass containers (jars and bottles)

- Foam packaging (meat trays, takeout containers, cups, plates, bowls, Styrofoam)

- Flexible plastic packaging (films and wraps)

- Metal containers (pie plates, frozen food trays)

- Aerosol containers (hair-spray, whip cream containers)

- Laminated paper and plastic packaging (ex. chip bags, cereal liner bags, gift bags)

For a complete list of accepted materials, visit www.circularmaterials.ca/resident-communities/whitecourt/

For questions regarding curbside collection in White-

court starting October 9, including what can be recycled, contact:

Integrity Waste Solutions Inc.

587-442-9910

customerrequest@integrity-solutions.ca

What about the Whitecourt Transfer Station?

The Town of Whitecourt continues to operate the Whitecourt Transfer Station, and is working to finalize an agreement that would allow Circular Materials to manage recycling at the facility. Once finalized, residents will be able to recycle the same products at the facility as in the curbside program. Further information will be provided to the community once this change is in place.

REFERENDUM INFORMATION UPDATES

Submitted by Government of Alberta

Elections Alberta issues important referendum information updates to Albertans in advance of the final month before the referendum, including updates on special ballots, referendum voting information, and election work-

er recruitment, including a new program for hiring groups and teams.

Special ballots update

As of September 17, 2026:

- Elections Alberta has received almost 520,000 special ballot applications.

- Approximately 72% have been approved and sent for production

and mailing.

- Over 330,000 have been mailed out to electors.

- Over 24,000 completed special ballot packages have been returned and approved.

Following an investigation, Elections Alberta's service provider identified and resolved a production

issue determined to be the cause of some special ballot packages missing ballots.

- A total of 313 special ballot packages have been identified as affected, representing 0.09% of special ballot packages issued. Affected electors have been issued replacement packages.

Issues with addressing, typos, and other errors in electors' applications have delayed approval of approximately 7,200 applications. Elections Alberta is working to identify and correct these errors to ensure special ballots are delivered to the correct recipient at the correct address, and Elections Alberta may contact electors directly to resolve those issues.

Electors can track the status of their special ballot using the link in the confirmation sent to them when they applied. If applications have not been approved after three weeks, electors should contact Elections Alberta's special ballot line at 1-877-672-1365. Tracking will show if the application has been received, processed, or sent to the elector, and if the returned special ballot package has been received and voting register updated.

The deadline to request a special ballot from Elections Alberta's website or at local returning offices is Friday, September 25, 2026. Starting September 21, electors will have the option when applying

for a special ballot to request pick up from their local returning office. Please wait until you are contacted before going to pick up your ballot at the requested location.

Electors are reminded the same identification requirements and standards are applied to voting by special ballot as voting in person to ensure the integrity of the vote.

If your special ballot package does not contain copies of your accepted ID or declaration, it cannot be accepted. Elections Alberta will attempt to contact you to receive these documents. If we are

unable to receive them, your special ballot will be rejected, and you will need to vote in person during advance voting or on Election Day.

Do not send your original ID in your special ballot package. Please send a photocopy, scan, or photo only. Black and white copies are accepted. The information must be clear and legible. If you are using methods of ID like a utility bill, you may black out your utility account number and usage/billing information.

Canada Post strongly recommends electors mail their completed

special ballot packages back to Elections Alberta by October 9, 2026, to ensure they are received by the deadline, Friday, October 16, at 5:00pm.

Importantly, if a special ballot package is not received by Elections Alberta

by the deadline, electors can still vote during advance voting or in person on October 19. The voting register is updated to reflect when a special ballot has been received to ensure that electors cannot vote more than once. Electors should check their

tracking information to confirm their ballots have been received and marked as voted.

While the number of special ballot applications is very high compared to past elections, it can be attributed to the removal of reasons required to apply

for a special ballot, to "vote anywhere" no longer being a voting option, and to the number of questions, as electors want to take more time to read and consider their votes before marking their ballots.

Stony Plain Fire Department

When the alarm sounds, the men and women of our fire departments answer the call without hesitation, saving thousands of lives and homes from devastating fires.

During Fire Prevention Week, we salute these brave men and women, who risk their own lives protecting the lives of others. We recognize that each of us has a responsibility to exercise awareness and caution in preventing fires by putting safety first.

These businesses proudly support our local fire department, and thank our firefighters for all that they do.

PARKLAND RCMP REQUESTING PUBLIC ASSISTANCE IN

IDENTIFYING VICTIMS IN VOYEURISM INVESTIGATION

Submitted by Parkland RCMP

On June 6, 2026, the Parkland RCMP began an investigation regarding indecent acts that occurred in Stony Plain, Alta. Police received a report that a window cleaner, working for a local business, allegedly exposed his genitals while cleaning the windows of a residence.

As a result of the investigation, the accused was identified as 67-year-old Robert Bennett, a resident of Spruce Grove, Alta.

Bennett was arrested and charged with one count of an indecent act.

Bennett appeared before a justice of the peace and was released on a release order. He is scheduled to appear in the Alberta Court of Justice in St. Albert, on Oct. 6, 2026.

DANGER! GASOLINE

Gasoline can be more dangerous than dynamite since it emits invisible, explosive vapours that ignite easily, even at low temperatures.

- Never store gasoline in basements, pits or other confined areas. Gasoline must be stored in areas that are well ventilated, free from ignition sources and in areas permitted by the National Fire Code of Canada.
- Never smoke while you are handling gasoline or other flammable liquids
- Never use gasoline to start your BBQ or as a cleaner or solvent.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box.

**ANSWER:
Last Weeks**

You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
