PARKLAND RCMP REQUESTING PUBLIC ASSISTANCE IN IDENTIFYING VICTIMS IN VOYEURISM INVESTIGATION

Submitted by Parkland RCMP

On June 6, 2026, the Parkland RCMP began an investigation regarding indecent acts that occurred in Stony Plain,

Alta. Police received a report that a window cleaner, working for a local business, allegedly exposed his genitals while cleaning the windows of a residence.

As a result of the investigation, the accused was identified as 67-year-old Robert Bennett, a resident of Spruce Grove, Alta.

PARKLAND RCMP ARREST MALE AND RECOVER STOLEN FORD F150

Submitted by Parkland RCMP

On Sept. 22, 2026, at approximately 4:42 a.m., Parkland RCMP members were dispatched to a report of a

Ford F150 truck parked in the first southbound lane of Highway 60 near Township Road 512A in Parkland County, blocking the lane with no lights on.

Police located the vehicle,

finding a single male occupant in the drivers' seat, who appeared to be passed out. Police knocked on the window and arrested the male without incident.

Parkland RCMP Arrest Male And Recover Stolen Ford F150

Continued from Page 1

Police noted that the licence plate did not correctly match the vehicle. Upon query of the vehicles VIN, it was confirmed that the vehicle was stolen from Slave Lake, Alta; in August.

Devon Toews, (33), a resident of Edmonton, has been charged with the following offences:

- Possession of property obtained by crime over \$5,000;
- Operate a conveyance while impaired;
- Failure to comply with release order (x3).

Toews was remanded to attend court at the Alberta Court of Justice in St. Albert on October 5, 2026.

"We would like to thank

the members of the public who reported this vehicle to police, allowing our officers to promptly attend and investigate," says Superintendent Kevin McGillivray, Officer in Charge, Parkland RCMP. "The information we received from the public is invaluable and often plays a key role in helping us protect our communities and hold offenders accountable."

If you have information about this or any other crime, contact the Parkland RCMP non-emergency line at 825-220-7267.

JOKE of the week

A poodle and a collie were walking down the street. The poodle turned to the collie and complained, "My life is a mess. My owner is mean, my girlfriend is having an affair with a German shepherd, and I'm nervous as a cat." "Why don't you go see a psychiatrist?" asked the collie. "I can't," replied the poodle. "I'm not allowed on the couch."

Pharmacy Changes Take Effect In Alberta

Continued from Page 1

announced changes to pharmacy services and drug coverage are now taking effect in Alberta. These include longer prescription fills, updated daily dispensing rules, requiring available private drug benefits to be used before government drug plans, protections for employer-sponsored benefits for workers 65 and older, and updated requirements for pharmacy-distributed naloxone kits.

Updated dispensing for regular medications

Under the new pharmacy funding framework, Albertans who take medications for stable, ongoing health conditions

will receive up to a three-month supply at once, meaning fewer pharmacy visits and dispensing fees throughout the year. Patients who require daily or more frequent dispensing will continue to receive it, ensuring those who need greater pharmacist oversight do not experience any interruption in service.

New limits for some compounded topical medications will help manage costs, without changing Albertans' access to eligible medications.

EVANSBURG FIRE DEPARTMENT

Your hard work and dedication to keeping our community safe is very much appreciated!

SMOKE ALARMS CHECKLIST

1. Have you installed smoke alarms on every level of your home and near every sleeping area?
2. Are smoke alarms located well away from the path of steam from bathrooms and cooking vapors from the kitchen, which can result in false or nuisance alarms?
3. Are smoke alarms mounted high on walls or ceilings away from windows, doors and ducts where drafts won't interfere with their operation?
4. Have you considered installing hard-wired, interconnected smoke alarms with battery back-up so that if one alarm operates, they all signal together?
5. Do you replace your smoke alarms when they are 10 years or older?
6. Do you test your smoke alarms once a month to make sure they are working, and replace the batteries every year?
7. Have you pushed the "test button" on smoke alarms to ensure everyone will recognize the sound of the alarm?

If you've answered "NO" to any of these questions, it's time to rethink your fire-safety plan.

private or employer-sponsored drug insurance will use those benefits before government-sponsored drug plans apply. If the private coverage is not available or is exhausted, including when an annual drug

coverage limit is reached, government-sponsored coverage will continue to support eligible Albertans for eligible drug costs. This coordinated approach is used in other provinces and helps ensure public drug coverage remains available for those who need it most.

Albertans who continue working after age 65 will also be protected from having their employer-sponsored drug and supplemental health benefits ended, reduced or changed solely because of their age.

There are no changes for Albertans who only

have government-sponsored drug coverage.

New requirements for pharmacy-distributed naloxone kits

Free naloxone kits will continue to be available through pharmacies and community organizations.

Albertans receiving a kit from a pharmacy will generally be asked to provide a valid Alberta health care card and will receive one kit at a time. In an emergency, a pharmacist can provide a kit without requiring a health care number if there is an immediate need to administer naloxone. Albertans who are not experiencing an emergency that want more than one kit may be directed to a community organization, where naloxone kits will continue to be available without these changes.

Together, these updates help maintain access to medications, drug coverage and pharmacy services while managing growing costs and ensuring public funding is focused where it is needed most.

REFERENDUM INFORMATION UPDATES

Submitted by Government of Alberta

Elections Alberta issues important referendum information updates to Albertans in advance of the final month before the referendum, including updates on special ballots, referendum voting information, and election worker recruitment, in-

cluding a new program for hiring groups and teams.

Special ballots update
As of September 17, 2026:

- Elections Alberta has received almost 520,000 special ballot applications.

- Approximately 72% have been approved and sent for production

and mailing.

- Over 330,000 have been mailed out to electors.

- Over 24,000 completed special ballot packages have been returned and approved.

Following an investigation, Elections Alberta's service provider identified and resolved a production issue determined

to be the cause of some special ballot packages missing ballots.

- A total of 313 special ballot packages have been identified as affected, representing 0.09% of special ballot packages issued. Affected electors have been issued replacement packages.

Issues with addressing, typos, and other errors in electors' applications have delayed approval of approximately 7,200 applications. Elections Alberta is working to identify and correct these errors to ensure special ballots are delivered to the correct recipient at the correct address, and Elections Alberta may contact electors directly to resolve those issues.

Electors can track the status of their special ballot using the link in the confirmation sent to them when they applied. If applications have not been approved after three weeks, electors should contact Elections Alberta's special ballot line at 1-877-672-1365. Tracking will show if the application has been received, processed, or sent to the elector, and if the returned special ballot package has been received and voting register updated.

The deadline to request a special ballot from Elections Alberta's website or at local returning offices is Friday, September 25, 2026. Starting September 21, electors will

have the option when applying for a special ballot to request pick up from their local returning office. Please wait until you are contacted before going to pick up your ballot at the requested location.

Electors are reminded the same identification requirements and standards are applied to voting by special ballot as voting in person to ensure the integrity of the vote.

• If your special ballot package does not contain copies of your accepted ID or declaration, it cannot be accepted. Elections Alberta will attempt to contact you to

receive these documents. If we are unable to receive them, your special ballot will be rejected, and you will need to vote in person during advance voting or on Election Day.

• Do not send your original ID in your special ballot package. Please send a photocopy, scan, or photo only. Black and white copies are accepted. The information must be clear and legible. If you are using methods of ID like a utility bill, you may black out your utility account number and usage/billing information.

Canada Post strongly recommends electors mail their completed special ballot packages back to Elections Alberta by

October 9, 2026, to ensure they are received by the deadline, Friday, October 16, at 5:00pm.

Importantly, if a special ballot package is not received by Elections Alberta by the deadline, electors can still vote during advance voting or in person on October

19. The voting register is updated to reflect when a special ballot has been received to ensure that electors cannot vote more than once. Electors should check their tracking information to confirm their ballots have been

received and marked as voted.

While the number of special ballot applications is very high compared to past elections, it can be attributed to the removal of reasons required to ap-

ply for a special ballot, to "vote anywhere" no longer being a voting option, and to the number of questions, as electors want to take more time to read and consider their votes before marking their ballots.

TOWN OF STONY PLAIN WELCOMES A NEW MURAL TO OLD TOWN

Submitted by Town of Stony Plain

September 19, 2026, the Town of Stony Plain and the Parkland Potters' Guild unveiled its newest mural: Rooted in Clay. In celebration of Alberta Culture Days and the Parkland Potters' Guild's 50th anniversary, the mural was recognized as a new community landmark.

Located at 4912 51 Ave, the Parkland Potters' Guild was started in 1976 with a handful of people, nurturing and teaching those in the community the art of clay.

"Since the beginning, we became rooted in this place," says Guild Member, Nadine Lapointe. "This mural represents our longstanding contribution to the community and ongoing legacy of the Parkland Potters' Guild."

Twelve artists worked on the Rooted in Clay mural and many of the 65 members of the Guild were able to contribute their own leaf, some of which commemorate those who have passed and new members yet to join. "Welcoming a new mural is always a significant moment for the community," says Mayor William Choy. "Murals become part of the fabric of our town, bringing stories, history, and community pride to life. Rooted in Clay will hold

a special place in our community, honouring the lasting impact of the Parkland Potters' Guild and their contributions over the past 50 years."

"Public art is one of the many foundations of the community," says Culture and Tourism Development Officer, Chantel-

le Laberge. "New murals celebrate who we are today while preserving stories that have shaped our town. They create meaningful opportunities for residents and visitors to connect with our heritage and sense of place."

Readers can find addi-

tional information about the new mural and other public art on the Art in Public Places page.

**YOUR PARTNERS
IN FIRE SAFETY**

Fire Prevention Tips To Follow Every Day.

- Keep volatile chemicals, such as fertilizers and turpentine, in labeled containers within a locked storage area separate from your home.
- Store gasoline in an approved container outside of your home.
- Store matches and lighters in a locked cabinet.
- Keep things that can burn away from your fireplace and always keep a glass or metal screen in front of your fireplace.
- Never leave the kitchen unattended while cooking.

These businesses proudly support our local Fire department, and thank our Firefighters for all that they do.

Stony Plain Fire Department

When the alarm sounds, the men and women of our fire departments answer the call without hesitation, saving thousands of lives and homes from devastating fires.

During Fire Prevention Week, we salute these brave men and women, who risk their own lives protecting the lives of others. We recognize that each of us has a responsibility to exercise awareness and caution in preventing fires by putting safety first.

These businesses proudly support our local fire department, and thank our firefighters for all that they do.

PARKLAND RCMP ARREST TWO YOUTHS AFTER THREE HOMES DAMAGED IN SPRUCE GROVE

Submitted by Parkland RCMP

On Sept. 13, 2026, at approximately 10:45 p.m., Parkland RCMP responded to a report that two males that had approached a residence in Meadowpark Gate in Spruce Grove and kicked in the front door. The males caused substantial structural damage and before leaving the area on electric scooters.

While police were investigating the incident, a second complaint involving a similar offence was received from the Deer Park area. Officers located two males nearby and arrested them without incident. Further investigation revealed that a third residence had also been targeted by the same individuals.

Two male residents of Spruce Grove, a 15-year-old and a 16-year-old are each facing three counts of mischief over \$5,000.

The suspects, who cannot be identified under the provisions of the Youth Criminal Justice Act, were released to their parents and subsequently released from police custody on undertakings. They are scheduled to appear in the Alberta Court of Justice in St. Albert on Jan. 15, 2027.

If you have information about this or any other crime, contact the Parkland RCMP non-emergency line at 825-220-7267.

DANGER! GASOLINE

Gasoline can be more dangerous than dynamite since it emits invisible, explosive vapours that ignite easily, even at low temperatures.

- Never store gasoline in basements, pits or other confined areas. Gasoline must be stored in areas that are well ventilated, free from ignition sources and in areas permitted by the National Fire Code of Canada.
- Never smoke while you are handling gasoline or other flammable liquids
- Never use gasoline to start your BBQ or as a cleaner or solvent.

SUDOKU

of the week

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box.

**ANSWER:
Last Weeks**

You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
